If in the judgment of the Commissioners' Court of the county, from the report of the commissioners aforesaid, the road should be deemed of sufficient importance, they may order the survey or opening of the same; provided, that said Commissioners' Court shall first order the payment of the damages assessed by said commissioners out of the County Treasury, and the County Treasurer shall have paid the same, or secured its payment by a special deposit in his office, of the amount, subject to the order of the person to whom the same shall be due; provided, that notification of such deposit be given by mail or otherwise.

Sec. 13. If no objection be filed, upon the report of the jury of view, the Court shall proceed to establish and classify such road, appoint an overseer, apportion hands and order the opening out of such road, as provided in the first, second, third and fourth sections of this act, as the case may be; and the overseer so appointed shall report his action upon the same at the first regular term of the Commissioners' Court in the next succeeding year, and he shall be liable to the fines imposed upon overseers of roads, for the non-performance of duty by the provisions of this act.

Sec. 15. All male persons between eighteen and forty-five years of age shall be liable, and it is hereby made their duty to work on, repair and clean out the public roads of this State, under such provisions and regulations as are hereinafter made, except ministers of the Gospel actually engaged in the discharge of their ministerial duties, and invalids, who shall be exempt.

Sec. 16. The overseers of the road shall have power to call out all persons liable to work on public roads, at any time, when it may appear necessary to work or repair the roads, or any part of them, in their

precinct; provided, that no one person shall be compelled to work on more than one road, nor more than ten days in each year; and provided further, that every overseer shall work through his precinct at least twice in each and every year.

Sec. 17. Each person liable to work on the road, when summoned to work by the overseer of the road shall take with him an axe, hoe, pick, or spade, or such tool as may be desired and directed by the overseer; provided, also, that the overseer shall have power to appoint some one to warn the hands to work on the roads, and such person shall be exempt from working on the road as many days as he was actually engaged in warning the hands.

Sec. 18. If any person liable to work on public roads, so summoned, shall fail to attend, or to send an able-bodied substitute to work in his place; or fail to pay the overseer the sum of one dollar per day for each day said person may have been notified to work on the road; or, when attending, shall fail or refuse to perform his duties as required by this act, and by the overseer, such person shall be deemed guilty of a misdemeanor; and upon conviction of such failure, refusal, or neglect, before any court of competent jurisdiction, shall be fined the sum of one dollar for each and every day he may so fail to attend or refuse to work, together with all costs of suit in either case; provided, all reasonable excuses shall be heard and allowed; and provided further, that a list of the defaulting road-workers, furnished by the overseer, shall be a sufficient showing to authorize any court of competent jurisdiction to issue writs against the parties liable; upon the return or trial day of which, whether the defaulter was summoned verbally or by writing to work on the road, and if by writing, the testimony of the person leaving the notice shall be necessary, upon which judgment shall be had; provided, the written report of the overseer, sworn to by him, and filed with the court trying the same, shall be prima facie evidence in all cases of refusals, failures or neglects, to work on the road, whether notified by writing or otherwise; and in no event shall the overseer be liable for costs, nor shall he be required to give bond in case he desires to take an appeal to a superior court.

Sec. 19. If any overseer of a road shall fail, refuse or neglect to report any person who shall fail to attend, or neglect or refuse to perform his duty when lawfully summoned to work on roads, said overseer shall forfeit and pay for every such neglect, failure or refusal, the sum of five dollars, to be recovered before any Justice of the Peace having jurisdiction, in the same manner as in an action of debt, upon the complaint of any person liable to work on said road; and the funds accruing from fines and forfeitures imposed by the provisions of this act, shall be used and applied to the improvement of the road in the road precinct in which the said defaulter resides.

Sec. 20. When, to the overseer of the roads, it may appear expedient to make causeways and build bridges, the timber most convenient may be used by paying the owner a fair compensation for said timber,

to be paid out of the County Treasury. The earth necessary for said causeways shall be taken from both sides so as to make a drain on each side of the causeways; and he shall erect bridges across all such water courses, and other places as may appear to him necessary and expedient; and should there be a water course that requires a bridge dividing any two road districts, the overseer of each district shall meet at the same time and place with their hands, and the overseer chosen by the majority present, shall superintend the building of such bridges until finished.

Sec. 21. When it may be necessary to use a wagon to haul material for any bridge, causeway, or other purpose, or any plow or scraper in repairing the roads, the overseer of such road is authorized to exchange the labor of any hand or hands bound to work on such road, for the use of a wagon or wagons, teams, scrapers and plows to be employed as aforesaid; also to exchange labor for the making of index boards and mile posts.

Sec. 22. It shall be the duty of all overseers of public roads to measure such parts of roads as fall within their respective precincts or districts, in continuation, and set up posts of good lasting timber at the end of each mile leading from the court-house, or some other noted place or town, and to mark on said posts in legible figures the distance in miles to said court-house or other noted place; and when a post so erected shall be removed by any means whatever, the overseer of the road shall cause the same to be replaced by another, marked as the original one. It shall also be the duty of overseers of roads to affix at the forks of all public roads in their respective districts or precincts index boards with directions pointing towards the most noted places to which they lead; and on failure to put up mile posts marked as aforesaid, or index boards, within six months after their appointment, the overseer of such roads, for such failure and neglect, shall be liable to indictment; and on conviction thereof before any court of competent jurisdiction, shall be fined in the sum of five dollars and all costs of prosecution.

Sec. 23. If any person subject to road duty shall refuse to serve as overseer on any road in his road district, agreeably to the order of the court in the county in which he resides, he shall be deemed guilty of a misdemeanor, and on conviction thereof before any court of competent jurisdiction, shall be fined in a sum not less than ten nor more than forty dollars; provided, all reasonable excuses shall be heard and allowed by the court trying the same. And it shall be the duty of every person appointed by the Commissioners' Court as an overseer of roads, who is lawfully exempt from road duty, to notify the Clerk of the Commissioners' Court of his non-acceptance within ten days after his being notified of his appointment; and on failure to do so, it shall be an acceptance of his appointment; and it shall, moreover, be the duty of the Clerk to insert on the commission the duties required of overseers, in respect to their non-acceptance. And if any person so appointed shall notify the Clerk of his lawful exemption from road duty, the Clerk shall forthwith report the same to the County Judge, who is authorized and required to appoint a successor to serve for the residue of the time; and such new overseer, so appointed, shall be subject to the same penalties and forfeitures as the overseer appointed by the Commissioners' Court; and a copy of the order of the appointment made by the Commissioners' Court and certified to by the Clerk of said court,

shall be sufficient evidence of the appointment of overseers in all cases of prosecutions under this act; provided, that no person shall be compelled to serve as an overseer more than one year in every three successive years, and shall not be required to serve on juries during the time he serves as overseer.

Sec. 24. If any overseer of a road shall fail, neglect or refuse to perform the duties as prescribed by this act; or if he should not keep the road, bridges and causeways, within his precinct, clear and in good order; or if he suffer them to remain uncleared and out of repair for twenty days at any one time, unless hindered by high water or other sufficient cause, to be judged of by the court, such overseers shall be deemed guilty of a misdemeanor, and on conviction thereof by any court of the county, of competent jurisdiction, he shall be fined not less than ten nor more than twenty-five dollars; said fines shall be paid into the County Treasury, as other fines and forfeitures, for the use of the road precinct under the control of such defaulting overseer.

Sec. 25. All fines recovered under the provisions of this act shall be paid over to the overseer of the road in the precinct where the penalty accrued, for which amount the overseer shall give his receipt, the money to be applied by him to the improvement and keeping in good repair of his road.

Sec. 26. Every person liable to work on roads, by calling on the overseer at any time before the day appointed to work on the roads, and paying to said overseer the amount for which he or they might be liable for failing or refusing to work on said road, taking said overseer's receipt for the same, shall be exempt from working for every such day paid for, and also exempt from any penalties for the same.

Sec. 27. The overseers of roads shall apply all moneys coming into their hands to the improvement of their roads, in an impartial manner; by hiring hands, and applying the work equally throughout his precinct; and should said overseer misapply, fail or refuse to apply, the money coming into his hands in manner as provided for in this section of this act, he shall, for such failure or refusal, be liable for double the amount so misapplied, to be recovered on motion as provided for in the nineteenth section of this act, and shall be precluded from holding any office in any county in this State until such moneys are fully accounted for; provided, all reasonable excuses shall be heard and allowed; and provided, further, that such moneys may be laid out by the overseer for repairing or building bridges in his precinct, as he may think best.

Sec. 28. It shall be the duty of all overseers of roads in the State to report in writing to the Commissioners' Court of their county, at its first regular session in each year, giving the number of hands and the names of the same in his precinct liable to work on roads, the number of days he has worked on his road, the condition the road is in, the amount of fines by him collected, all the funds received by him for his road and how and to whom the same were paid. And any overseer failing or refusing to make such report shall forfeit and pay five dollars for such failure or refusal, to be recovered on motion as provided for in the nineteenth section of this act, to be paid into the County Treasury for the use of the road where such penalty accrued, and shall pay over to said Court any money remaining in his hands.

Sec. 29. The County Clerks of the several counties of this State shall post up in their respective court-houses on the first day of each District Court held in his county, a list of the names and the precincts of all over-

seers of the roads in the county, and on neglect or failure to perform such duty, he shall forfeit and pay for each failure, ten dollars, to be recovered on motion made by the County or District Attorney in the District Court, and paid into the County Treasury.

Sec. 30. It shall be the duty of Judges of the District Courts of the several Judicial Districts in this State to give this act in charge to the Grand Jury, at the opening of every court held by them.

Sec. 31. In addition to being exempted from serving on juries during the term of their service, the overseers of roads shall receive as compensation for their services ten per cent. of all fines or moneys collected or received by them.

Sec. 32. And for the further, and better providing for public roads in this State, any lines between different persons or owners of land, may, upon the condition herein provided for, be declared public highways, and left open and free from any and all obstructions for ten feet on either side of said lines; provided, that the trees marked and other objects used to designate the lines and corners shall not be removed.

Sec. 33. That whenever ten free-holders shall make application under oath, which said oath shall be filed in the County Clerk's office and taken before some person authorized to administer oaths, stating that it is necessary for the lines designated in said application to be declared public highways in order to give them a nearer, better and more practicable road to their church, mill, wood or timber, or county-seat, and give five days' notice in writing of such application to all parties along the line of such proposed highway, the Commissioners' Court may in their discretion, should they deem the same of sufficient public importance, issue an order declaring the lines between the parties designated as above required to be public highways; and when such order is made, shall issue a notice to the individual owners of the land designated in said application, to be served by the Sheriff or any constable of the county in the same way as other notices are served, stating that said designated lines are declared public highways, and within one year from the date of the service of such notice, each owner or owners of such land shall cause the same to be left opened as indicated; provided, that the Commissioners' Court shall not be required to keep said roads worked by the road hands, as in the case with other roads in the county.

Sec. 34. Each and every person notified as provided above, who shall refuse or neglect to leave open the line or lines, as above indicated, shall be guilty of a misdemeanor, and on conviction thereof, before any court of competent jurisdiction, be fined in any sum not more than twenty dollars, together with all costs for each and every month he, she or they, fail, refuse or neglect to leave open the lines designated and provided for in this act.

Sec. 35. The owners or owner of the land whose lines have been or may be declared public highways, and also any person through whose land a third class road may run, shall have the right to erect a gate or gates across such road or roads, said gate or gates to be ten feet wide, and hung so that no person on horseback can open and shut it without alighting from his horse, and any person who shall leave said gates open shall be guilty of a misdemeanor, and on conviction thereof, shall be fined ten dollars for each offense, and shall also be responsible to the owner for any damage that may be incurred thereby, to be recovered in any court of competent jurisdiction.

Sec. 36. The amount of damages to be allowed to the owners of said

lands for opening of the lines as provided for in Sections 33 and 34 of this act, shall be assessed as is provided for in first, second and third class roads, in section ten of this act, to be paid by the parties making application for said road.

Sec. 37. That all laws and parts of laws in conflict with the provisions of this act are hereby repealed.

Sec. 38. The immediate working of the public roads is an imperative public necessity, and creates an emergency; therefore, this act take effect and be in force from and after its passage.

CHAPTER LXV.—An Act to amend an act entitled, "An Act regulating contested elections," approved May 8, 1873.

Section 1. Be it enacted by the Legislature of the State of Texas, That the second section of the above recited act, approved May 8, 1873, and entitled, "An Act regulating contested elections," shall be amended so as to read as follows, to-wit:

"Section 2. If the contest be for the validity of an election for any district or county office, a copy of the notices and any other papers served on the parties shall be filed with the Clerk of the District Court of the county in which the residence of the party holding the certificate of election is; and when so filed, the entry of the trial of said contest shall be made upon the docket of said court, the same as in other causes, and said contest shall be tried at the next term of said court, and under the rules governing proceedings in other causes, except that the questions of fact which may be at issue between the contesting parties shall be passed upon by the court without the intervention of a jury; and if on trial any vote or votes be found to be illegal or fraudulent, the court shall subtract such vote or votes from the poll of the candidate for whom cast, and after a full and fair investigation of the evidence shall decide to whom the office belongs; or should it appear that the election was illegally or fraudulently conducted; or that by the action or want of action on the part of the officers to whom were entrusted the control of such elections, such a number of legal voters were denied the privilege of voting as, had they been allowed to vote, might have materially changed the result; or if it appear that such irregularities existed as to render the true result impossible to be arrived at, or very doubtful of ascertaining, to order a new election as the facts and necessities may require; and the costs of the suit shall be taxed according to the laws governing costs in other causes; and such causes shall have the precedence over all other causes, both in the District Court and upon appeal in the Supreme Court; provided, that if more than sixty days will have elapsed from the return day after such election, before the first day of any regular term of the District Court in which any contested election is pending, then, and in that event, it shall be the duty of the Judge of said District Court to hear the cause in the chambers at as early a day, to be fixed by him, as may be practicable, and he shall direct the District Clerk to give to the contesting parties at least ten days' notice of the time of hearing such cause. And it shall be the duty of the officer in whose charge the custody of the several boxes containing the polls, tally lists and poll lists may be, at any time, upon application by either of the contesting parties in such causes, and

the filing of an affidavit, that both of the duplicate poll lists or tally lists required by law, were sealed up in any of such boxes, to open the same, after having given at least five days' notice to the opposite party, of the application, and of the time and place when and where he will open said box or boxes; and to take therefrom one of the poll or tally lists, and to hold the same, subject to the examination of either of the said contesting parties; after which he shall immediately close up the said box or boxes, and securely seal the same. Or should either of the said contesting parties file his application with an affidavit of his inability to otherwise procure for examination any duplicate poll or tally list used at such election, to open the box containing the other duplicate, and to take the same therefrom and hold it subject to the examination of said contesting parties, and to immediately thereafter seal up the said box securely; provided, that the notice to the opposite party, above provided for, shall in all such cases be given.

Sec. 2. Whenever notice of contest and the answer thereto shall have been filed in the office of the District Clerk, it shall be the duty of the contestee to file with the said District Clerk a bond, with two or more good and sufficient securities, to be approved by the said Clerk, in an amount to be determined by said Clerk, but not less than double the probable amount of fees to be realized from the office during the term being contested for, said bond to be conditioned, in the event of the decision of the contest herein provided for, against him and in favor of the contestant, that he will pay over the said contestant whatever sum may be adjudged against him by a court having jurisdiction of the subject matter of said bond. And if any such contestee shall fail or refuse to file such bond before the time fixed by law for entering upon the discharge of the duties of the office in dispute, then, and in that event, it shall be the duty of the said District Clerk to notify the said contestant of the said failure or refusal, who shall thereafter have ten days in which to file a like bond, conditioned, in the event of the determination of the said contest against him, and in favor of the said contestee, to pay over to the said contestee whatever sum may be adjudged against him by a court having jurisdiction of the subject matter of said bond. Immediately upon the filing of said bond, it shall be the further duty of said District Clerk to certify the failure or refusal of the contestee to file the said bond, to the Governor, and the filing of said bond by the contestant; whereupon it shall be the duty of the Governor to issue a commission to the said contestant for the time pending said contest; provided, that it shall be the duty of the Governor to issue the commission to the said contestee at the time regularly provided for by the general election laws of the State, unless he has in the meantime been notified of his said failure to file the said bond hereinbefore provided for, in which event he shall withhold the issuance of such commission until after the time herein allowed the contestant to file his said bond has elapsed; but if the said contestant shall fail to file his bond within the time herein provided for, it shall be the duty of the said District Clerk to certify all the facts in the case to the Governor, who shall proceed to issue the said commission to the said contestee; provided further, that if any person, at the date of the passage of this act, shall have already have entered upon the discharge of the duties of any office, his right to which is being contested in any District Court in this State, he shall be required to file the bond hereinbefore provided for, within twenty days from the said passage of this act, and in the event of his failure or

refusal to do so, it shall be the duty of the clerk of said court to give notice of such failure or refusal to the contestant, who shall thereafter be allowed ten days in which to file his bond, as hereinbefore provided for; and if he shall file said bond within the time above specified, it shall then be the duty of the said Clerk to certify all the facts in the case to the Governor, who thereupon shall annul the commission heretofore issued to the said contestant (contestee), who shall enter upon and discharge the duties of the office in dispute, pending the said contest. But if the said contestant shall fail or refuse to file his said bond, as herein provided for, then, and in that event, the said contestee shall remain in possession of said office, and shall continue to discharge its duties, pending the said contest.

Sec. 3. That all the provisions of this act shall apply to election contests, now pending, as well as to those hereafter to be commenced.

Sec. 4. That all acts or parts of acts, now in force, in conflict with any of the provisions of this act, be, and the same are hereby repealed.

Sec. 5. That whereas, in a large number of the counties of this State, under the constitutional ordinance fixing the times for holding the District Courts of this State, no regular terms of said Courts can be held for many months; and whereas, in many of said District Courts there are election contests now pending in regard to various offices in the State; and whereas, the public interests are being made to suffer by reason of said contests, and the uncertainty thereby engendered as to who are properly entitled to said offices; and whereas, under the said constitutional ordinance the determination of these said election contests must otherwise be necessarily greatly delayed; therefore, an emergency exists which makes it very necessary for the public welfare that this act shall go into immediate operation; therefore, be it further enacted by the Legislature of Texas that this act shall go into effect and be in full force from and after its passage.

Approved July 29, 1876.

Takes effect from its passage.

CHAPTER LXVIII.—An Act to transfer certain suits pending in the courts of the counties of this State, out of which new counties have been created, to the new counties so created.

CHAPTER LXXVI.—An Act to regulate grand juries and juries in civil and criminal cases in the courts in the State.

Section 1. Be it enacted by the Legislature of the State of Texas, That no person shall be qualified to serve as juror on the trial of any cause, civil or criminal, unless he be a legal voter, a citizen of this State, a freeholder in this State, or householder in the county in which he may be called to serve; of sound mind and good moral character; provided, that an inability to read or write shall be a sufficient cause for challenge, without being charged to either party.

Sec. 2. All civil officers, undertakers, druggists, telegraph operators, attorneys and physicians in practice, millers engaged in grist, flouring and saw mills, persons over sixty years of age, ferry-men, railroad station agents, engineers, conductors and vice-presidents of railroad companies, when engaged in active discharge of duty, school-masters, publishers of newspapers and ministers of the Gospel in active discharge of their ministerial duties, and overseers of roads, are exempt from jury service, when claiming such exemption; provided, there shall also be exempted from jury service, in towns or cities having a population of fifteen hundred or more inhabitants, active members of organized fire companies, not exceeding twenty members for each one thousand inhabitants, of any incorporated town or city, as ascertained by the last United States census; provided further, that the members to be exempted shall be selected by their respective companies, and their names be handed to the clerks of the District and County Courts, before this exemption can be made available; and provided further, that if there be more than one organized fire company in any county, the whole number of exemptions under the provisions of this act, shall be divided equally between all the organized fire companies in such county.

Sec. 3. Every person is disqualified from serving as a juror in any cause, civil or criminal, pending in any court in this State, who may have been convicted of, or who may be under indictment for theft, or

any felony, or who does not possess the qualifications prescribed for jurors in this act.

Sec. 4. The District Judge shall at each term of the District Court, appoint three intelligent citizens as Jury Commissioners, possessing the qualifications prescribed in this act for jurors, resident in different portions of the county, and freeholders therein, and able to read and write, and who have no suit in the District Court of such county, which requires the intervention of a jury. The Judge shall cause the Sheriff to notify said Commissioners of their appointment as such, and the day upon which they are to appear before said Judge; and he shall administer to the Commissioners the following oath: "You do swear faithfully to discharge the duties required of you as Jury Commissioners; that you will not knowingly elect any man as jurymen whom you believe to be unfit and not qualified, that you will not make known to any one the name of any jurymen selected by you, and reported to the court; that you will not directly or indirectly converse with any one selected by you as a jurymen, concerning the merit of any case to be tried at the next term of this court, until after said cause may be tried or continued, or the jury be discharged.

Sec. 5. If any person appointed a Jury Commissioner shall fail or refuse to attend and perform the duties required, without a reasonable excuse, he shall forfeit and pay not less than twenty-five dollars nor more than one hundred dollars, nor shall the same person act as Jury Commissioner more than once in the same year, and any person acting as Jury Commissioner shall be exempt from jury service for one year thereafter.

Sec. 6. The Jury Commissioners, after they have been organized and sworn, shall retire to a jury room or some other apartment designated by the Judge; they shall be kept free from the intrusion of any person and shall not separate, without leave of the court, until they shall have completed the duties required of them. The Clerk shall furnish the Commissioners with the names of persons appearing from the records of the court to be exempt from serving on the petit jury at each term, and they shall also be furnished with the last assessment roll of the county.

Sec. 7. The Jury Commissioners shall select from the citizens of the different portions of the county, one hundred persons, or a less or greater number if so directed by the Judge, free from all legal exceptions, of good moral character, of sound judgment, well informed, and, so far as practicable, able to read and write, to serve as petit jurors at the next term of the District Court; they shall write the names of such persons on separate pieces of paper as near the same size and appearance as may be, and fold the same so that the name cannot be seen. The names of the persons so written and folded shall be deposited in a box, and after being well shaken and mixed, the Commissioners shall draw from said box the names one by one of thirty-six persons, more or less, as the Judge shall direct, for each week of the term of the court, and record the same as drawn upon as many sheets of paper as there are weeks of the term of the court, which shall be certified and signed by them, directed and delivered in open court to the Judge of the District Court in separate envelopes and endorsed, "the list of standing juries." The lists shall be sealed in separate envelopes and endorsed respectively, "jurors for the first, second and _____ weeks of the court," the blanks to be filled by the number corresponding

to the week of the court for which the jurors are chosen, and the Commissioners shall write their names upon the seals so that the contents cannot be seen without breaking the seals.

Sec. 8. The Judge shall deliver the lists to the Clerk or one of his deputies in open court, and administer to the Clerk and all his deputies the following oath: "You do swear that you will not open the jury lists now delivered to you, nor permit them to be opened, until the time prescribed by law; that you will not directly or indirectly converse with any one selected as a petit juror concerning any case pending and for trial in this court at the next term." Should the Clerk subsequently appoint a deputy, he shall administer to him the like oath.

Sec. 9. Within thirty days of the next term, and not before, the Clerk shall open the envelopes and make out a fair copy of the jury list for each week, and give the same to the Sheriff or his deputy, who shall, at least three days prior to the first day of the next term, summon the persons to attend on Monday of the week for which said persons were drawn as petit jurors, by giving personal notice to each juror, or by leaving written notice at the juror's place of residence, with a member of his family over sixteen years old; and in either event, the Sheriff shall name the day and week said juror is required to appear. The lists shall be returned by the Sheriff on the first day of the term, with a certificate thereon of the date and manner in which each juror was summoned, from each of which lists twenty-four persons shall be selected for the week named in the list, from those summoned, in the order in which their names appear thereon, who shall compose the regular panels of that week.

Sec. 10. A juror, legally summoned, failing to attend, without a reasonable excuse, may, by order of the court entered on the record, be fined in any sum not less than ten nor more than one hundred dollars.

Sec. 11. The court may discharge the regular panel of a jury after they shall have served one week; and any deficit in a panel shall be made up, when a selected jurymen is excused or fails from any cause to attend on the day specified in the summons, from the original list returned by the Jury Commissioners, in the order in which their names are recorded in said list.

Sec. 12. At the commencement of each term of the court at which jury causes may be tried, the Judge shall administer to the Sheriff and his deputies the following oath: "You do swear that, without favor or affection, or without purpose to favor or injure the rights of any litigant, or of the State, or of any defendant, you will summon jurors in and for this county; and that, to the best of your skill and judgment, you will select discreet, sensible, impartial men, when required to summon jurors not selected by the Jury Commissioners; and that you will not, directly or indirectly, communicate or converse with any jurymen touching the subject matter of any case pending for trial at the time; that you will not, by any means, attempt to influence, advise or control a jurymen in his opinion in any case under trial."

Sec. 13. If, for any cause, the Jury commissioners shall not be appointed, or shall fail to select jurors as herein provided, or the panel selected shall be set aside, or the jury lists returned into court shall be lost or destroyed, the court shall forthwith order proceedings in conformity with the provisions of this act to supply for the term a sufficient number of jurors; and, if necessary, appoint commissioners for that purpose.

Sec. 14. The Judge may, if he deem it expedient, make an order directing the Clerk to docket causes for the first day of the term, except appearance cases, in which there is a jury trial, and order the jury to be summoned to appear on that day; which order he may make and revoke at pleasure.

Sec. 15. Three Jury Commissioners, having the qualifications prescribed in this act for Jury Commissioners in the District Court, shall be appointed, summoned and sworn by each County Judge at the first term of the County Court held after the passage of this act, who shall, in accordance with the provisions prescribed for Jury Commissioners in the District Court, in this act, select jurors for all the terms of said court to be holden in the year 1876, and for the first term of said court to be holden in the year 1877, and the same proceedings shall be had in the County Court by the officers thereof and by said Commissioners, for procuring jurors and organizing petit juries for the trial of cases in the County Court, as are required by this act for similar proceedings in the District Courts; and the said County Judges shall, at the January and July terms of the County Courts, in the year 1877, and in every year thereafter, appoint, summon and swear three Jury Commissioners, who shall, in accordance with the provisions of this act, select jurors for all the terms of the County Courts to be holden within six months next after the adjournment of said January and July terms of said court; and the said County Judges may increase or reduce the whole number of jurors to be selected.

Sec. 16. The Clerk shall deliver to the Jury Commissioners, after their appointment, and before they enter on their duties, a list of those persons who have served for one week in any court of record of the county, within twelve months, if in the District Court, and within six months, if in the County Court, preceding, none of whom shall be selected by the Commissioners as jurors; provided, that the foregoing provisions of this section shall have no application to counties sparsely populated, if the Judge shall so direct; and the Commissioners shall also be furnished by the Clerk with a list of those under arrest, or on bail, against whom a criminal prosecution for theft or any felony is pending in the county; and also a list of all persons convicted of theft, or any felony known to the Clerk, none of whom shall be selected as jurymen.

Sec. 17. No jury shall be required in any civil case in the District or County Court, unless the party demanding a jury, if in the District Court, shall have deposited by nine o'clock a. m., of the day of the court set by the Judge for the trial of jury causes, a jury fee of five dollars if in the District Court, and three dollars if in the County Court; and all causes in which jury fees have been deposited shall be at once entered by the Clerk, in their regular order, on a "jury case trial docket;" said causes shall be tried or disposed of for the term in their regular order, except appearance cases, before those cases in which no jury has been demanded, and jury fee deposited; provided, that on the call for trial of a case in which a jury fee has been deposited, the party demanding a jury may waive it, in which event his jury fee deposit shall be refunded; but his case shall be tried in its order without a jury, as a jury trial docket case.

Sec. 18. Any party to a cause desiring a jury, who will, before nine o'clock a. m. of the day of the term set for the trial of jury cases, make oath before the Clerk that he has no money or property on which he

can procure the amount required for a jury fee, and that he has not and cannot procure the jury fee deposit, shall be entitled to have his case tried by a jury in the same manner as if the jury fee had been paid.

Sec. 19. No verdict shall be rendered in any cause in the District Court, whereby the rights of any citizen shall be affected, except upon the concurrence of all the jury (unless during the trial one or more jurors, not exceeding three, may die or be disabled from sitting; in which event the remainder of the jury shall have power to render the verdict); but when the verdict shall be rendered by less than the whole number, it shall be signed by every member of the jury concurring in it.

Sec. 20. On the day the jurors shall be summoned to attend court, the panel for that week shall be called, and the names of such as attend, and are not excused by the court, shall be entered of record as the jurors of that week, and the Judge shall order the Sheriff to summon a sufficient number of good and intelligent citizens, having the qualifications of jurors as prescribed in this act, to supply the deficiency, if any, in the panel.

Sec. 21. The Clerk shall write the names of all the jurors entered of record on separate slips of paper, as near the same size and appearance as may be, and when a jury is wanted for the trial of any case, the same shall be drawn from a box, after the slips of paper above mentioned shall have been deposited therein, and well mixed. The Clerk shall provide and keep for that purpose a suitable box with a sliding lid.

Sec. 22. In all cases of jury trial, the Clerk shall draw from the box the names of twenty-four jurors, if in the District Court, or so many as there may be, if there be a less number in the box; and the names of twelve jurors, if in the County Court, or so many as there may be, if there be a less number in the box, and write them as drawn on two slips of paper, and deliver one slip to each party, if in a civil case, or, if in a criminal case, one to the Prosecuting Attorney, and the other to the defendant or his attorney, from which the plaintiff and defendant, or the Prosecuting Attorney and defendant, if in a criminal case, may each strike a number of names equal to the number of peremptory challenges allowed them by law; and they shall return the list to the Clerk, who shall, if in the District Court, call the first twelve names not erased, and, if in the County Court, call the first six names not erased, and swear them as a jury to try the case. But before either party shall be required to strike, those on the list shall be challenged for cause, and others drawn and placed as drawn upon the list, in place of as many as may be set aside for cause. In all cases when the jury shall be completed, the names of all jurors constituting a panel, not on the jury, shall be returned to the box, from which another jury may be drawn; and when from any cause it may be necessary to make up a jury, if there be not enough of the standing jurors remaining, or in attendance, the court shall order for the occasion a sufficient number of other jurors, possessing all the qualifications prescribed for jurors in this act, to be summoned by the Sheriff, to make up the deficiency in said jury; provided, that in summoning said jurors to supply said deficiencies, it shall not be lawful for the Sheriff or any officer to summon as a juror any person found in the court-house, or court yard, if they can be had elsewhere.

Sec. 23. Whenever a special venire shall be ordered, the names of all the persons selected by the Jury Commissioners to do jury service for the term at which such venire is required, shall be placed upon tickets of

similar size and color of paper, and the tickets be placed in a box which shall be well shaken up; and from this box the Clerk, in the presence of the Judge in open court, shall draw the number of names required for said special venire, and the names of the persons so drawn shall be attached to the writ of special venire facias, and the persons named shall be summoned by the Sheriff, or other lawful officer, by virtue thereof; provided, that when the whole number of jurors selected by the Jury Commissioners for any term of the court shall be less than the number required upon said special venire, the Judge shall order the Sheriff to summon a sufficient number of good and intelligent citizens, having all the qualifications of jurors prescribed in this act to supply the deficiency; provided, that in supplying the deficiency, it shall not be lawful for the Sheriff or any other officer to summon as a juror any person found within the court-house or yard, if they can be had elsewhere.

Sec. 24. The court may adjourn the whole or any part of the jury to any day of the term, but jurors shall not be paid for the time they stand adjourned.

Sec. 25. If the challenge to the array shall be sustained, the court shall order the whole panel to be discharged, and a new one to be summoned from the qualified jurors of the county; or a special jury may be summoned to try the cause of the party challenging.

Sec. 26. The fact that a juror is a witness in the case; that he is directly or indirectly interested in the case; that he is related, within the third degree, by consanguinity or affinity, to either of the litigants or to the defendant in any criminal case; or that he does not possess the qualifications of a juror enumerated in this act; or that he has served as a juror for one week in the District Court within six months preceding, or in the County Court within three months preceding; or that he is biased or prejudiced in favor of or against either party, or in favor of or against the defendant in a criminal case; or that he is unable to read or write; or that he is related within the third degree by consanguinity or affinity to the person injured by the commission of the offence with which the defendant in a criminal case is charged, or to the private prosecutor, if there be one; or that he served on the grand jury which found the bill of indictment; or that from hearsay or otherwise there is established in the mind of the juror such a conclusion, as to guilt or innocence of the defendant, as will influence him in his action in finding the verdict; shall be a good cause for challenge; provided, that where the requisite number of jurors, able to read and write, cannot be found, then the inability of a juror to read and write shall not be a good cause for challenge; and provided further, that no juror shall be sworn as a witness, after being accepted by the parties, sworn and impaneled as a juror, unless, by consent of the parties, such juror shall be discharged and the case be tried by the remaining jurors.

Sec. 27. Six men shall compose a jury in the courts of Justices of the Peace, and in all inferior courts of this State; and all jurors in such courts shall possess all the qualifications, and may be challenged for the same causes prescribed in this act; and in jury trials in such courts each party shall be entitled to three peremptory challenges.

Sec. 28. That at each term of the District Court, the Jury Commissioners appointed at that term shall, at the same time and place at which they shall select petit jurors for the next term, also select from the citizens of the different portions of the county, sixteen persons, to be summoned as grand jurors for the next term of the District Court,

from whom the grand jury shall be formed, taking those who attend and are not excused by the court, as their names appear upon the list; and the deficiency, if any, shall be supplied under the direction of the court. The persons so selected as grand jurors shall possess all the qualifications required by law for grand jurors, and shall also possess all the qualifications prescribed in this act for petit jurors, and persons summoned to supply any deficiency, shall possess the same qualifications. The names of the persons selected as grand jurors by the Commissioners shall be written upon a piece of paper, and the fact that they were so selected shall be certified to and signed by the Jury Commissioners, who shall place said piece of paper so signed in an envelope, and seal the same and endorse thereon the words: "The list of grand jurors selected at — term of the District Court," (the blank to be filled by the proper designation of the court). The Commissioners shall write their names across the seal of said envelope and direct the same to the District Judge, and deliver it to him in open court, and the same proceedings shall be had by the Judge, Clerk and Sheriff, or other officer, as are prescribed in this act with reference to the list of petit jurors.

Sec. 29. That all laws and parts of laws in conflict with the provisions of this act be and the same are hereby repealed.

Sec. 30. Whereas, the jury laws now in force in this State are wholly inadequate to the public wants, thus creating an emergency; therefore, that this act take effect and be in force from and after its passage.

Approved August 1, 1876.

Takes effect from August 18, 1876.

If the supposed case is one exclusively within the jurisdiction of a Justice of the Peace, the subpoena shall be returnable to the Justice of the Peace in whose precinct the offense was committed; and if said person or persons shall fail or refuse to obey said subpoena, it shall be the duty of said County Attorney, if he has reason to believe that the testimony is material, on his own motion, or upon the affidavit of any credible per-

Sec. 18. If said witness, upon his appearance before said County Attorney, shall refuse to testify, it shall be the duty of the County Attorney to reduce his questions to writing, and the reasons, if any, given by said witness for his refusal to testify, and report the same by motion in writing to the District or County Judge, in term time or vacation as the case may be, whereupon said witness may be fined and imprisoned by said Judge in like manner as District Judges are authorized to do in cases where witnesses refuse to testify before grand juries.

Sec. 19. The County Attorney shall be entitled to the following fees, and no other, viz: In all cases of misdemeanor, where the defendant is prosecuted by the County Attorney, and is convicted, and no appeal is taken; or when, upon appeal, the judgment or sentence is confirmed, ten dollars, to be paid by defendants as other costs. Sec. 20. The County Attorney shall not dismiss a case unless he shall file a written statement with the papers in the case, setting out his reasons for such dismissal, which shall be incorporated in the judgment of dismissal; provided, that no case shall be dismissed without the

permission of the presiding Judge, who shall be satisfied that the reasons set out in the said statement are good and sufficient to authorize such dismissal.

Sec. 21. The County Attorney shall not take any fee, article of value, compensation, reward or gift, from any person whomsoever, to prosecute any case which he is required by law to prosecute; nor shall he take any fee, article of value, compensation, reward or gift, from any person whomsoever, in consideration of, or as a testimonial for his services in any case which he is required by law to prosecute, after such case has been tried or finally disposed of.

Both the contracts and accounts, when filed and recorded as above provided, shall be accompanied by a description of the lands, lots, houses, and improvements made, against which the lien is claimed. When such contract or account is filed and recorded, it shall be deemed sufficient diligence to secure the lien herein provided.

Sec. 7. Whenever any such account shall be placed in the hands of such owner or his authorized agent, it shall be the duty of such owner or his agent to furnish his contractor with a true copy of said attested account; and if said contractor shall not, within ten days after the receipt of said copy of attested account, give the owner written notice that he intends to dispute said claims, he shall be considered as assenting to the demand, which shall be paid by the owner when it becomes due. If said contractor shall dispute the claim of his journeyman or other person, for work and labor performed, or material furnished, as provided for in the preceding section, then such owner shall withhold the amount of said demand until the matter is adjusted between the parties by agreement, arbitration, suit or otherwise, when he shall pay over the amount to the party entitled to receive the same.

CHAPTER LXXXIV.—An Act to regulate proceedings in the County Court pertaining to the estates of deceased persons.

Section 1. Be it enacted by the Legislature of the State of Texas, That there shall be established in each organized county in this State a County Court, which shall be a court of record, and shall have the general jurisdiction of a Probate Court. Said court shall consist of a County Judge, who shall possess the qualifications, be elected, and hold office, as prescribed by the Constitution. The jurisdiction of said court shall be exercised as provided in this act, and wills shall be admitted to probate, and letters testamentary or of administration shall be granted: first, in the county where the deceased resided, if he had a domicil or fixed place of residence in the State; second, if the deceased had no domicil or fixed place of residence in the State, but died in the State, then either in the county where his principal property was at the

time of his death, or in the county where he died; third, if he had no domicile or fixed place of residence in the State, and died without the limits of the State, then in any county in this State where his nearest kin may reside; fourth, but if he had no kindred in the State, then in the county where his principal estate may be situated. And the probate of wills and grant of letters of administration in any other than the proper county shall be void.

Sec. 2. Before granting letters testamentary, it must appear to the court: first, that the person is dead; second, that four years have not elapsed since his decease prior to the application; third, that the court has jurisdiction of the estate; fourth, that the will has been proved as prescribed by law; fifth, that the person to whom the letters are to be granted is named as executor in the will; sixth, that the person named as executor is not disqualified by law. The first three subdivisions of this section have no application when letters of administration have been previously granted in said court. Before granting letters of administration, it must appear to the court: first, that the person is dead; second, that four years have not elapsed since his decease prior to the application; third, that the court has jurisdiction of the estate; fourth, that the person to whom the letters are about to be granted is entitled thereto by law, and is not disqualified. All applications for the probate of wills, and for letters testamentary or of administration, shall be in writing and filed with the Clerk of the County Court. Upon the filing of any such application it shall be the duty of the Clerk to give at least ten days' notice thereof, by advertisement posted at the courthouse, and at two other public places in the county not in the same city or town; and proof that such notice has been given shall be made to the satisfaction of the court before any action shall be had on such application.

Sec. 3. A written will may be proved by the affidavit in writing of one of the subscribing witnesses thereto, taken in open court and subscribed by the witnesses. If all the witnesses are non-residents of the county, or those resident in the county are unable to attend court, it may be proved by the testimony of any one or more of them taken by deposition. If none of the witnesses are living, such a will may be probated on proof by two witnesses of the handwriting of the subscribing witnesses, and also of the testator, if he was able to write; which proof may be either by affidavit taken in open court and subscribed by the witness, or by deposition. If the will was wholly written by the testator, it may be probated on proof by two witnesses of his handwriting, which proof may also be made either by affidavit taken in open court and subscribed by the witnesses, or by deposition; such affidavits or depositions shall be filed in the court, and together with the will shall be recorded by the clerk; and in any suit that may afterwards be instituted to contest the validity of any such will, such record shall be evidence, if the witness or witnesses be dead or resident without the county. Any person interested in any such will may, within four years after it is admitted to probate, institute suit in the County Court to contest its validity; provided, that infants, femes covert and persons non compos mentis, shall have the like period after the removal of their respective disabilities; and provided, also, that any such will may be attacked for forgery or any other fraud, at the suit of any heir at law of the testator, or any other person interested in his estate, at any time within four years after the discovery of such forgery or other fraud; and infants, femes

covert, and persons non compos mentis, shall have a like period after the removal of their disabilities.

Sec. 4. No noncupative will shall be proved within fourteen days after the death of the testator, nor until those who would have been entitled by inheritance, had there been no will, have been cited to contest the same if they please; nor shall any such will be probated after six months have elapsed from the time of speaking the pretended testamentary words, unless the same or the substance thereof shall have been committed to writing within six days after making such will; nor shall any such will be probated unless it be made in the time of the last sickness of the deceased, at his or her habitation, or where he or she hath resided for ten days next preceding, except when the deceased is taken sick away from home and dies before he or she returns to such habitation; nor shall any such will be probated unless it be proved by three credible witnesses that the testator or testatrix called on some person to take notice or bear testimony that such is his or her will, or words of like import; and whenever any such will may be probated, the evidence of the witnesses shall be committed to writing, sworn to and subscribed in open court by the witnesses, and shall be recorded by the clerk.

Sec. 5. When application is made for the probate of a will which has been probated according to the laws of any of the United States and territories, or of any country out of the limits of the United States, a copy of such will and of the probate thereof, attested by the clerk of the court in which such will was admitted to probate, and the seal of the court annexed, if there be a seal, together with a certificate from the Judge, County Judge or presiding magistrate, as the case may be, that the said attestation is in due form, may be filed and recorded in the court, and shall have the same force and effect as the original will, if probated in said court; provided, that the validity of such will may be contested in the same manner as the original might have been.

Sec. 6. Application for the probate of a will may be made by the testamentary executor, or by any person interested in the estate of the testator.

Sec. 7. When application is made for the probate of a will, any person interested in the estate of the testator may at any time before trial file his opposition thereto in writing, and on trial of the matter, all oral testimony shall be taken down in writing and subscribed by the witness or witnesses; copies of all testimony, and also of the testimony of witnesses taken by deposition, shall be admitted in evidence on the trial of the same matter in any other court when taken there by appeal or otherwise.

Sec. 8. When a will shall have been probated, it shall be the duty of the court to grant letters testamentary to the executor or executors appointed by such will, if any there be, or to such of them as are not disqualified, and are willing to accept the trust and qualify according to law, within twenty days after such probate.

Sec. 9. When any person shall die intestate, or when no executor is named in a will, or when the executor or executors named in a will are disqualified, or shall renounce the executorship, or shall neglect to accept and qualify within twenty days after the probate of the will, or shall neglect for a period of thirty days after the death of the testator to present the will for probate, then administration of the estate of such intestate or administration with the will annexed of the estate of such testator, shall be granted: first, to the surviving husband or surviving

wife; second, to the next of kin, or the principal devisee or legatee of such intestate or testator, or to some one or more of them; and if none of these apply, or if applying they neglect to qualify for a period of twenty days after the order for their appointment, then to such other proper person or persons as will accept and qualify; provided, that no administration shall be had under this act, of any estate, unless it shall be shown to the court granting the administration that the intestate was in debt at the time of his death, and at the time of the filing of the application for letters of administration.

Sec. 10. Letters testamentary or of administration shall not be granted to any person who is under twenty-one years of age, or of unsound mind, or who has been convicted of any infamous crime; provided, however, that such letters may be granted to a surviving husband or wife who may be under twenty-one years of age.

Sec. 11. When the executor or executors named in a will are under age, and letters of administration, with the will annexed, have been granted to any other person or persons, such letters shall, at any time thereafter, be revoked on the application of such executor or executors, or any one of them, and letters testamentary issued to such executor or executors, or any of them, upon proof being made that he or they have attained the age of twenty-one years; and when two or more persons are named executors in a will, any one or more of whom are minors when such will is admitted to probate, and letters testamentary have been issued to such only as are of full age, such minor or minors, upon attaining the age of twenty-one years, shall be permitted to qualify and receive letters.

Sec. 12. Whenever any person named as executor shall have been absent from the State when the testator died or when the will was proved, whereby he was prevented from presenting the will for probate within thirty days after the death of the testator, or from accepting and qualifying as executor within twenty days after the probate of the will, or whenever he shall have been prevented by sickness from so presenting the will or so accepting and qualifying, he shall be allowed to accept and qualify as executor at any time within sixty days after his return to the State, or his recovery from sickness, upon making proof to the court that he was so absent or prevented by sickness; and if in the meantime letters of administration with the will annexed have been granted, such letters shall be revoked; provided, he shall have first caused the person to whom letters have been granted to be cited to appear before said court and show cause why said letters should not be revoked.

Sec. 13. When administration has been granted to any other person or persons than the surviving husband or surviving wife of the testator or intestate, upon application being made by him or her, such other person or persons shall be removed from the administration and letters of administration be granted to such applicant.

Sec. 14. When administration has been granted to any other person than the surviving husband or the surviving wife, or the next of kin, or the principal devisee or legatee of the intestate or testator, upon application being made by the next of kin, or the principal devisee or legatee of such intestate or testator, or any of them, such other person or persons shall be removed from the administration, and letters shall be granted to such next of kin, or principal devisee or legatee, or to some one or more of them; provided, that said husband or wife, or next

of kin, or the principal devisee or legatee of such intestate or testator, have not waived their right.

Sec. 15. Whenever letters of administration shall have been granted upon an estate, and it shall afterwards be discovered that the deceased left a lawful will, such will may be proved in the manner provided in this act; and if an executor is named in such will he shall be allowed to accept and qualify in the manner herein provided; but if no such executor be named, or if the executor named be disqualified, or shall renounce the executorship, or shall neglect to accept and qualify within twenty days after the probate of the will, or shall neglect for a period of thirty days after the discovery of such will to present it for probate, then administration, with the will annexed, of the estate of such testator shall be granted according to the provisions of this act; and whenever such executor shall accept and qualify, or whenever any person shall be appointed and qualified as administrator with the will annexed, the letters of administration previously granted shall be revoked; but all acts done by the first administrator, previous to the qualification of the executor or administrator with the will annexed, shall be as valid as if no such will had been discovered.

Sec. 16. When a will has been admitted to probate in any of the United States or the territories thereof, or of any country out of the limits of the United States, and the executor or executors named in such will have qualified, and a copy of such will and of the probate thereof has been filed and recorded in any court of this State under the provisions of the fifth section of this act, and letters of administration with such will annexed have been granted to any person or persons other than the executor or executors therein named, upon the application of such executor or executors, or any one of them, such letters shall be revoked, and letters testamentary shall be issued to such applicant, and if said executor or executrix, when he or she be a resident or non-resident, if no objection be made by creditors of said testator, shall have authority to sell and convey any property belonging to the estate of his testator that he may deem necessary without any action of the County Court.

Sec. 17. When application is made for letters of administration, any person may, at any time before the said application is granted, file his opposition thereto in writing, and may apply for the grant of letters to himself or to any other person; and upon the trial the court shall grant letters to the person or persons that may seem best entitled to them, having regard to the provisions of this act, without further notice than that of the original application.

Sec. 18. Whenever an estate is unrepresented by reason of the death, removal or resignation of the executor or executors, or administrator or administrators, the court shall grant administration with the will annexed of the estate not administered, or administration of the estate not administered, as the case may be, in the same manner and under the regulations herein prescribed for the appointment of original administrators.

Sec. 19. Whenever an executor or administrator has been qualified in the manner required by this act, the certificate of the Clerk of the court, attested by the seal of said court, as to the qualification of said executor or administrator, shall be sufficient evidence of such appointment and qualification when it shall be necessary to make proof of such fact.

Sec. 20. Wills shall be probated, and letters testamentary or of ad-

ministration with full powers shall be granted, only in open court at a regular term thereof, after application in writing and notice as herein-before required; but whenever it may appear to the County Judge that the interest of an estate requires the immediate appointment of an administrator, he shall either in open court or in vacation, by writing under his hand and seal of the court, attested by the Clerk, appoint some proper person administrator pro tem., with such limited powers as the circumstances of the case may require. Such appointment may be made without notice, shall define the powers conferred, and before being delivered to the person appointed shall be recorded in the minutes of the court, and the Clerk shall endorse thereon a certificate that it has been so recorded; and until such record and certificate are made, the appointment shall not take effect; such appointment shall cease to be of force on the first day of the term of the court next after the date thereof, unless continued in force by an order entered upon the minutes in open court; and in no case shall such appointment continue in force beyond the first day of the second term of the court next after the date thereof.

Sec. 21. Pending any contest relative to the probate of a will, or the granting of letters of administration, whether such contests be in the County Court or in any other court on appeal, it shall be the duty of the County Judge to appoint an administrator pro tem., in the manner prescribed in the preceding section, and with such limited powers as the circumstances of the case may require; such appointment may continue in force until the termination of the contest and the appointment of an executor or administrator with full powers.

Sec. 22. Before the issuance of letters of administration pro tem. under the provisions of the two preceding sections, the person appointed shall take and subscribe an oath and enter into bond; which bond and oath shall be in substance the same as the bond and oath required of other administrators, varying the form to suit the particular case; and such bond and oath shall be filed and recorded in the like manner as other bonds of administrators.

Sec. 23. If there be more than one executor or administrator named in the letters, any one or more of them, on the neglect of the rest, may return an inventory as required by this act; and the executor or administrator so neglecting shall not thereafter interfere with the estate, or have any power over the same; but the executor and administrator so returning shall have thereafter the whole administration, unless within two months after the return, the delinquent or delinquents shall assign to the court some reasonable excuse which it shall deem satisfactory.

Sec. 24. When an administrator of the estate not administered has been, or shall be hereafter appointed, he shall succeed to all the rights, powers and duties of the former executor or administrator, except such rights and powers conferred on the former executor by the will of the testator as are different from those conferred by this act on executors generally; and such administrators shall have power to make themselves parties to all suits prosecuted by the former executor or administrator of the estate, and may be made parties to all suits prosecuted against the former executor or administrator of the estate. They shall have power to settle with the former executor or administrator of the estate, and to receive and receipt for all such portion of the estate as remains in their hands; they shall have power to bring suit on the bond or bonds of the former executor or administrator in their own name as administrators for all the estate that has not been accounted for by such

former executor or administrator; and they shall proceed to administer such estate in like manner as if their administration was a continuation of the administration of the former executor or administrator, with the exceptions hereinbefore named; but such administrators shall, within one month after being qualified, return an inventory and list of claims in like manner as is required in this act for original administrators; and they shall also, in like manner, return additional inventories and lists of claims. And whenever an executor shall accept and qualify, after letters of administration shall have been granted, such executor shall, in like manner, succeed to the previous administrator; and he shall proceed to administer the estate in like manner as if his administration was a continuation of the former one, subject, however, to any legal directions of the testator in relation to the management of the estate.

Sec. 25. Whenever, under the provisions of this act, an administrator pro tem. shall have been appointed, and an executor shall afterwards be qualified, or an administrator appointed, such executor or administrator shall succeed and be made a party to all suits and actions prosecuted by or against such administrator pro tem.; and such executor or administrator shall have the right to settle with such administrator pro tem., and receive and receipt for all the estate remaining in his hands, and shall have the right to sue, in like manner as is provided for in the previous section, on the bond of such administrator pro tem., for all the estate not accounted for by him.

Sec. 26. Executors and administrators shall be removed by the County Judge without notice, in term time, by an order entered on the minutes of the court in the following cases: First, when they neglect to qualify in the manner required by this act within twenty days after the will is probated, or the order is made for granting of their letters. Second, when they shall neglect to return to the court, within sixty days after receiving their letters, an inventory of the estate committed to their charge, so far as the same has come to their knowledge. Third, when they have been required to give a new bond, and neglect to do so within the time prescribed by the court. Fourth, when administrators absent themselves from the State for a period of three months, without the permission of the court.

Sec. 27. Executors and administrators may be removed by the County Judge, of his own motion or on the complaint of any person interested in the estate, after being cited to answer such complaint or motion, in the following cases: First, when they shall fail to make to the court any exhibit that they are required to make by the provisions of this act, or when they shall fail to comply with any order that the County Judge is authorized to make against them, under the provisions of the same. Second, when there shall appear sufficient grounds to believe that they have or are about to misapply, embezzle or remove from the State, the property committed to their charge. Third, when they are proved to have been guilty of gross neglect or mismanagement in the performance of any of their duties. Fourth, when they fail to obey any order of the court consistent with this act, in relation to the estate committed to their charge. In the cases enumerated in this section, on proof being made that the executor or administrator has removed from the State or otherwise endeavored to elude the service of process on any such complaint or motion, the same may be heard and determined, though the citation be not served; and in all cases where an executor

or administrator is removed, the causes of such removal shall be set forth in the order of removal.

Sec. 28. If any person named as executor shall have renounced the executorship, or shall have been removed therefrom, he shall not afterwards be appointed administrator of the estate; and whenever any person shall have been removed from the administration of an estate, he shall not afterwards be appointed administrator thereof.

Sec. 29. If at any time an executor or administrator shall wish to resign the administration of the estate that has been committed to his charge, he may present to the court from which his letters issued, a full and complete exhibit of the condition of the estate, together with his administration account—both of which shall be verified by affidavit—and also his application in writing for leave to resign; whereupon it shall be the duty of the clerk to make out a citation returnable to some regular term of the court, which citation shall state the presentation of such exhibit, account and application, the term of the court to which it is returnable, and shall require all those interested in the estate to appear and contest such account if they see proper. Such citation shall be published for at least twenty days in some newspaper printed in the county, if there be one; if not, then by posting copies thereof for a like period at three public places in the county. Proof of such publication may be made by the affidavit of the publisher or printer attached to a copy thereof. At the return term of such citation, or at some other term to which it may have been continued, upon the County Judge being satisfied that such citation has been published or posted, as the case may be, he shall proceed to examine such exhibit and account, and to hear all proof that may be offered in support of the same, and all objections and exceptions thereto; and shall, if necessary, re-state such accounts, and shall audit and settle the same. If it shall then appear that such executor or administrator has accounted for all said estate according to law the County Judge shall order him to deliver the estate, if there be any remaining in his possession, to some person who has given bond for the same, in like manner as herein prescribed for administrators. Upon complying with such order, said executor or administrator shall be permitted to resign his trust and be discharged.

Sec. 30. Before the issuance of letters testamentary or of administration with the will annexed, the person named executor or appointed administrator with the will annexed, shall, before the Clerk or County Judge, or any officer authorized to administer oaths, take and subscribe an oath in form as follows: "I do solemnly swear that the writing which has been offered for probate is the last will of ———, so far as I know or believe, and that I will well and truly perform all the duties of executor of said will, or of administrator with the will annexed, of the estate of said ———."

Sec. 31. Before the issuance of letters of administration, the person appointed administrator shall, before the Clerk or County Judge, or any officer authorized to administer oaths, take and subscribe an oath in form as follows: "I do solemnly swear that ———, deceased, died without leaving any lawful will, so far as I know or believe; and that I will well and truly perform all the duties of administrator of the estate of said ———."

Sec. 32. Before the issuance of letters testamentary or of administration, the person named as executor or appointed administrator, shall enter into bond with at least two good and sufficient sureties, to

be approved by and payable to the County Judge of the county, in such penalty as he may direct, not less than double the estimated value of the estate of the testator or intestate; provided, however, that when any testator shall direct in his will that no security shall be required of the person or persons named therein as executor or executors, letters testamentary shall be issued to such person or persons without any bond being required.

Sec. 33. The oath of an executor or administrator may be taken and subscribed, or his bond may be given, either in term time or vacation, at any time before the expiration of twenty days from the probate of the will or the order granting the letters, or before his letters shall have been revoked for failure to do so within the time allowed, and all such oaths and bonds shall be filed and recorded by the clerk.

Sec. 34. The following form may be used for the bonds of executors and administrators:

The State of Texas, county of _____. Know all men by these presents, that we, A. B., as principal, and C. D. and E. F., as sureties, are held and firmly bound unto the County Judge of the county of _____, or his successors in office, in the sum of _____ dollars, for the payment of which, well and truly to be made unto the said County Judge, we bind ourselves, our heirs, executors and administrators, jointly and severally, firmly by these presents, signed with our hands the _____ day of _____, A. D. 18—. The condition of this obligation is such, that whereas the above bound A. B. has been appointed executor of the last will and testament of J. C., deceased (or has been appointed by the County Judge of the county of _____, administrator, with the will annexed, of the estate of the said J. C., deceased; or has been appointed by the County Judge of the county of _____, administrator of the estate of J. C., deceased, as the case may be). Now if the said A. B. shall well and truly perform all the duties required of him under said appointment, then this obligation shall be null and void, otherwise to remain of full force and effect.

A. B.
C. D.
E. F.

Sec. 35. Whenever a married woman may be appointed as executrix, and shall wish to accept and qualify as such, she may jointly with her husband execute such bond as the law requires, and acknowledge the same before the County Judge or Clerk of the court, or any Notary Public of the county where the will was proved or letters were granted; and such bond shall bind her estate in the same manner as if she were a feme sole; and whenever an executrix may be a married woman she shall act as a feme sole in all matters pertaining to her said representative capacity; provided, that no married woman shall administer the estate of her former husband during the continuance of the second or subsequent marriage.

Sec. 36. Whenever a surviving husband or wife under twenty-one years of age shall wish to accept and qualify as executor or executrix, or administrator or administratrix, he or she may execute such bonds as the law requires, and acknowledge the same before the County Judge, Clerk of the Court, or any Notary Public of the county in which the will was proved or letters of administration were granted, and such bonds shall be as valid as if he or she were of lawful age.

Sec. 37. When the sureties upon an executor's or administrator's bond, or any one of them, shall die, or shall remove beyond the limits

of the State, or shall become insolvent; or when in the opinion of the County Judge the sureties upon any such bond are insufficient, it shall be his duty, either in term time or vacation, to cause a citation to be issued and served upon such executor or administrator, requiring him to appear and show cause why he should not be required to give a new bond, on a day named in such citation, which may be in term time or vacation. And on the return of said citation served, the County Judge shall inquire into the truth of the matter, and if satisfied of the truth thereof, he shall require such executor or administrator to give a new bond.

Sec. 38. Any person interested in an estate may present a petition to the County Judge, representing that the bond of the executor or administrator is insufficient, whereupon it shall be the duty of the County Judge, either in term time or vacation, to cause a citation to be issued and served on such executor or administrator, requiring him to appear upon a day named in the citation, which may be either in term time or vacation, and show cause why he should not be required to give a new bond; and on the return of such citation served, the County Judge shall inquire into the truth of the fact alleged, and if satisfied of the insufficiency of the bond he shall require such executor or administrator to give a new bond; provided, that the administrator or executor shall pay all the costs of this proceeding when the bond is sufficient, and said administrator or executor shall not pay out any money or do any other official act after said service upon him until his new bond is approved.

Sec. 39. The sureties upon the bond of an executor or administrator, or any one of them, may at any time present a petition to the County Judge, praying that such executor or administrator may be required to give a new bond, and that he or they may be discharged from all liability for the future acts of such executor or administrator; whereupon it shall be the duty of said County Judge, whether in term time or in vacation, to cause a citation to be issued and served on such executor or administrator, requiring him to appear, on a day named in the citation, which may be either in term time or in vacation, and give a new bond; and whenever such new bond shall have been given and approved by the County Judge, such sureties shall be discharged from all liability under their bond for the future acts of such executor or administrator.

Sec. 40. In all cases where a new bond shall be required from an executor or administrator, under the provisions of this act, an order to that effect shall be entered in the minutes of the court, naming the time within which new bond shall be given; and until such new bond shall have been given and approved, the order shall have the effect to suspend the powers of such executor or administrator.

Sec. 41. The bond of an executor or administrator of any kind shall not become void on the first recovery, but may be put in suit and prosecuted from time to time until the whole amount thereof shall have been recovered. Such suit may be brought and prosecuted by any administrator of the estate not administered, in his own name as administrator, whenever the estate he represents has been injured by the breach of the bond of the executor or any previous administrator of the estate; or any other person or persons injured by a breach of any such bond may bring suit thereon in their own name, and any number of such persons may join in such suit.

Sec. 42. All suits on the bond of any executor or administrator shall

be commenced and prosecuted within four years next after the death, resignation, removal or discharge of such administrator, and not thereafter; provided, however, that infants, femes covert, and persons non compos mentis shall have at least two years within which to institute such suits after the removal of their respective disabilities.

Sec. 43. Whenever letters testamentary or of administration shall be granted, the County Judge shall, by an order entered on the minutes of the court, appoint three or more disinterested persons and citizens of the county, any two of whom may act, to appraise the estate of the deceased. If from any cause such appointments be not made, or if the appraisers or any of them so appointed fail or refuse to act, or if from any other cause a new appointment is required, the County Judge shall by a like order either in term time or vacation, appoint another appraiser or appraisers, as the case may require; and in all cases any two appraisers may act. Such appraisers shall each receive two dollars per day for every day they may be necessarily engaged, and all reasonable expenses.

Sec. 44. Every executor or administrator shall immediately after his appointment, with the assistance of any two or more of the appraisers appointed by the County Judge, make or cause to be made a full inventory and appraisement of all the estate of the testator or intestate, both real and personal, specifying in such inventory what portion of such estate is the separate property of the deceased, and what portion, if any, is represented as common property. The appraisement of the property specified in the inventory shall be sworn to and subscribed by the appraisers making the same before some officer of the county authorized by law to administer oaths; such executor or administrator shall also make and attach to such inventory a full and complete list of all claims due or owing to the testator or intestate, specifying what portion of such claims is the separate property of the deceased, and what portion, if any, is common property; such executor or administrator shall also make and attach to such inventory and list his affidavit in writing, subscribed and sworn to before some officer of the county authorized by law to administer oaths, that the said inventory and list is a full and complete inventory and list of the property and claims of his testator or intestate that has come to his knowledge.

Sec. 45. The inventory and list required to be made by the preceding section shall be returned to the court by the executor or administrator within sixty days after the date of his appointment, and may be returned either in term time or vacation; but when returned and approved it shall be noticed on the minutes of the court, and shall be recorded by the Clerk.

Sec. 46. Whenever other property or claims of the testator or intestate than such as may be included in the inventory and list which has been returned shall come to the knowledge of the executor or administrator, he shall make and return an additional inventory or list of such newly discovered property or claims, without delay, which said additional inventory and list shall be made, returned and recorded, in like manner as original inventories and lists; and any executor or administrator, on complaint of any person interested in the estate, shall be cited by the County Judge, and on good and sufficient proof being made that any property and claims of the estate have not been included in the inventory and list returned, shall be required to make and return an additional inventory and list thereof in like manner as original inventories and lists.

Sec. 47. Inventories, appraisements and lists of claims, taken and returned in accordance with the foregoing provisions of this act, may be given in evidence in any suit by or against the executor or administrator; but shall not be conclusive for or against him if it be shown that there is other property not inventoried; or that there are other claims than those named in such lists; or that the property or any part thereof, was bona fide sold for more or less than the appraisement: or was not separate or common property, as specified in such inventories and lists.

Sec. 48. When any inventory and appraisement has been returned in the manner hereinbefore provided, any person interested in the estate who may deem such appraisement unjust or erroneous, may apply to the County Judge for a new appraisement, notice of which application, together with a citation, shall be served on the executor or administrator requiring him to appear at a regular term of the court and show cause why a new appraisement should not be made. On the return of such citation, served, the County Judge shall inquire into the truth of the facts alleged, and if satisfied that such appraisement was manifestly unjust or erroneous, shall appoint other appraisers and order a new appraisement to be made and returned in like manner as original appraisements. When such new appraisement is made and returned, and approved, it shall be recorded, and shall stand in the place of the original appraisement, which shall be as if never made; provided, that not more than one re-appraisement shall be made.

Sec. 49. It shall be the duty of the executor or administrator to take such care of the property of his testator or intestate, real and personal, as a prudent man would take care of his own property, and if there be any buildings or houses belonging to the estate, it shall be his duty to keep the same in tenantable repair, extraordinary casualties excepted; and all reasonable expenses incurred by the executor or administrator in taking such care of the property, or in making such repairs, on sufficient proof thereof, shall be allowed him by the County Judge.

Sec. 50. If there be a plantation or manufactory belonging to the estate, and the disposition thereof be not specially directed by will, and if the same be not required to be at once sold for the payment of debts, it shall be the duty of the executor or administrator to carry on the plantation or manufactory, or rent the same, as shall appear to him to be most for the interest of the estate. In coming to a determination, he shall take into consideration the condition of the estate, and the necessity that may exist for future sale of such property for the payment of claims or legacies, and shall not extend the time of renting or hiring any of the property beyond what may consist with the speedy settlement of the estate; and any one who is interested in the estate, may, upon good cause shown after citation to the executor or administrator, obtain an order controlling his action in this particular.

Sec. 51. Whenever any property is hired or rented by an executor or administrator, under the provisions of this act, such renting shall be made at public auction to the highest bidder, after having given at least ten days' notice thereof by posting a copy of such notice at the court-house and two other public places in the county where the same is to take place; provided, the executor or administrator may rent or hire privately, but shall be required to show, to the satisfaction of the Judge, that private renting was advantageous to the estate.

Sec. 52. Every executor or administrator shall use ordinary diligence

to collect every claim due to the estate he represents, and to recover possession of all property to which the estate has a right; provided, there is a reasonable prospect that such claim can be collected on such property recovered; and if any executor or administrator shall neglect to use such diligence, he and his sureties on his bond shall be liable, at the suit of any person interested in the estate, for the use of the estate for the amount of such claims and the value of such property as may have been lost by his neglect to use such diligence.

Sec. 53. The naming an executor in a will shall not operate to extinguish any just claim which the deceased had against him; and in all cases where an executor or administrator may be indebted to his testator or intestate, he shall account for the debt in the same manner as if it were so much money in his hands; provided, however, that if said debt was not due at the time of receiving letters, he shall only be required to account for it from the date when it shall become due.

Sec. 54. Whenever an executor or administrator shall think it will be for the interest of the estate he represents to purchase any property, or take any claims for the use and benefit of the estate in payment of any debt due the estate, he may present a petition to the County Judge at a regular term of the court, representing these facts, and if the County Judge shall be satisfied that it will be for the interest of the estate to purchase such property or take such claims, he may make a decree authorizing such executor or administrator to make such purchase, either at public or private sale, or to take such claims for the use and benefit of the estate.

Sec. 55. When the mortgagee of any property shall die, the executor or administrator of such mortgagee shall be and is hereby authorized, on receiving from the mortgagor, or any person for him, the amount due to the estate he represents, to release to the mortgagor the legal title to such mortgaged property, and such release shall be valid.

Sec. 56. At the first term of the court after the original grant of letters testamentary or of administration, it shall be the duty of the County Judge to fix the amount of an allowance to be made for the support of the widow and minor children, if there be either or any, of the deceased, which allowance shall be of an amount sufficient for their maintenance for the term of one year, and shall be paid by the executor or administrator to the widow, if there be one; provided, that in case the widow is not the mother of said minor children, the portion of said allowance necessary for the support of such minor children shall be paid to their guardian, in case they have any such guardian; otherwise, to be paid to such widow, either in money out of the first funds of the estate that may come to his hands, or in such personal effects of the deceased as such widow or guardian may choose to take at the appraisement, or a part thereof in each, as they may select. If there be no personal effects of the estate that such widow or guardian are willing to take for such allowance, or not a sufficiency of them, and if there be no funds, or not sufficient funds of the estate in the hands of such executor or administrator to pay such allowance, or any part thereof, then it shall be the duty of the County Judge, so soon as the inventory and list of claims are returned, to order a sale of so much of the estate for cash as will be sufficient to raise the amount of such allowance, or a part thereof, as the case may require; provided, however, that when any such widow and minor children shall have separate property adequate to their maintenance then no such allowance shall be made as is provided for in this section.

Sec. 57. At the first term of the court after an inventory and list of claims have been returned, it shall be the duty of the County Judge to set apart for the use and benefit of the widow and minor children, and unmarried daughters remaining with the family, if there be either or any, of the deceased, all such property as may be exempted from execution or forced sale by the Constitution or laws of the State, with the exception of any exemption of one year's supply of provisions; and in case there should not be among the effects of the deceased all or any of the specific articles so exempted, it shall be the duty of the County Judge to make an allowance in lieu thereof to the widow and children, or such of them as there be, which allowance shall be paid by the executor or administrator, either in money out of the funds of the estate that may come to his hands, or in any property of the deceased that such widow or children may choose to take at the appraisement, or a part thereof, or both, as they may select. If there be no property of the deceased that such widow or children are willing to take for such allowance, or not a sufficiency, and there be no funds, or not sufficient funds of the estate in the hands of such executor or administrator to pay such allowance, or any part thereof, it shall be the duty of the County Judge, on the application of such widow or children, to order a sale of so much of the estate for cash as will be sufficient to raise the amount of such allowance, or a part thereof, as the case may require. Such allowance shall be paid in the following manner: If there be a widow and no children, the whole to be paid to the widow; if there be a child or children and no widow, the whole to be paid to such child, or to be equally divided among such children; if there be a widow and a child or children, one-half to be paid to the widow, and the other half to such child, or to be equally divided among such children; provided, that if the estate of such decedent be not insolvent, nothing in this section contained shall be so construed as to prohibit the partition and distribution of said estate, except the homestead, among the heirs and distributees thereof, including the portion herein provided to be set aside for the use of the widow and children; provided, that an allowance for homestead shall not exceed five thousand dollars, and the allowance for other exempted property shall not exceed five hundred dollars, exclusive of one year's provisions. No property on which liens have been given by the husband and wife, acknowledged privately and apart from her husband, to secure creditors, shall be appropriated to make up the five thousand or five hundred dollars aforesaid, until the debts secured by such liens shall be discharged.

Sec. 58. It shall be the duty of executors and administrators, within one month after receiving their letters, to publish in some newspaper printed in the county where the letters were issued, if there be one, a notice requiring all persons having claims against the estate of the testator or intestate to present the same within the time prescribed by law, which notice shall state the time of the original grant of letters testamentary or of administration, and shall be published once a week for four successive weeks; when no newspaper is printed in the county, a copy of such notice shall also be posted at the court-house; a copy of such printed notice, together with the affidavit of the publisher of the paper that it was published once a week for four successive weeks, sworn to and subscribed before any County Judge, Clerk of a court or Notary Public, and attested by his official seal, may be filed and recorded in the court from which the letters were issued, and a copy

thereof may be given in evidence in any court in any action, whether by or against the executor or administrator; and a copy of the notice posted at the court-house, with a certificate of the Clerk that such notice was so posted, may be filed and recorded and a copy thereof be given in evidence in the like manner as provided for the printed notice.

Sec. 59. Every claim for money against a testator or intestate shall be presented to the executor or administrator within twelve months after the original grant of letters testamentary or of administration, or the payment thereof shall be postponed until the claims which have been presented within said twelve months and allowed by the executor or administrator, and approved by the County Judge or established by suit, shall have been first entirely paid; provided, that if the executor or administrator absent himself from the State or county, the time of such absence shall not be computed in estimating the twelve months in which claims against the estate shall be presented.

Sec. 60. If any executor or administrator fail to give the notice required by the fifty-eighth section of this act to be given, he shall be removed by the County Judge at any regular term of the court, on the complaint of any person interested in the estate, after being cited to answer such complaint.

Sec. 61. No executor or administrator shall allow any claim for money against his testator or intestate, nor shall any County Judge approve any such allowance, unless such claim is accompanied by an affidavit in writing that the claim is just, and that all legal offsets, payments and credits known to the affiant have been allowed; which affidavit, if made in the county where the letters were granted, may be made before any officer of the county authorized to administer [oaths]; if made in any other county of this State, it shall be made before some County Judge, Clerk of a court, or Notary Public, and shall be attested by his official seal; if made out of the State, it shall be made before some Notary Public, Clerk or Judge of a court of record having a seal, or Commissioner of Deeds for this State, and shall be attested by the seal of his office. If any such claim is allowed or approved without such affidavit, such allowance or approval shall be of no force or effect.

Sec. 62. No holder of a claim for money against the estate of a deceased person shall bring suit thereon against the executor or administrator unless such claim, properly authenticated, has been presented to such executor or administrator and he has refused to allow such claim for the whole amount, or a part thereof; or unless such claim has been presented to the County Judge and he has disapproved of the allowance made by the executor or administrator, or a part thereof. In any suit that may be brought by the holder of any such claim, if he fails to recover thereon a greater amount than has been allowed by the executor or administrator, or than has been approved by the County Judge, he shall be liable for all costs of such suit.

Sec. 63. When any claim for money against an estate shall be presented to the executor or administrator, if the same be properly authenticated in the manner required by this act, he shall endorse thereon or annex thereto a memorandum in writing, signed by him, stating the time of its presentment, and that he allows or rejects the claim, or what portion thereof he allows or rejects, as the case may be. If the claim, or a part thereof, be allowed by the executor or administrator, it shall then be presented to the County Judge within three months, if said County Judge be not absent from the State or county, either in term time or vacation,

who shall endorse thereon or annex thereto a memorandum in writing signed by him, stating that he approves or disapproves of such allowance, or of what portion of such allowance he approves or disapproves. If all or any portion of the claim be so allowed and approved, the holder thereof shall be entitled to receive payment of the amount so allowed and approved in due course of administration. If such claim be rejected by the executor or administrator, either for the whole amount or a part thereof, or if the allowance or any part thereof made by the executor or administrator be disapproved of by the County Judge, the holder of such claim may within three months after such rejection by the executor or administrator, but not thereafter, bring a suit against the executor or administrator for the establishment thereof in any court having jurisdiction of the same; and on the trial of such suit the memorandum in writing of the executor or administrator, or of the County Judge, endorsed on or annexed to such claim, may be given in evidence to prove the facts therein stated without proof of the handwriting of such executor or administrator or County Judge, unless the same be denied under oath. No execution shall issue on a judgment obtained by the plaintiff in any such suit, but such judgment shall have the same force and effect as if the amount thereof had been allowed by the executor or administrator and approved by the County Judge; provided, that when a claim has been allowed by the executor or administrator and approved by the County Judge, the owner or holder thereof shall within ten days thereafter cause a memorandum of the amount, date of claim and date of allowance and approval, [to be] recorded in the office of the County Clerk on the claim docket, a book for which purpose shall be kept by the Clerk.

Sec. 64. When a claim for money against the estate of a deceased person, authenticated in proper form, shall be presented to the executor or administrator within the time prescribed by law, if such executor or administrator fail or refuse to endorse thereon or annex thereto a memorandum in writing, as the previous section requires, such failure or refusal shall be deemed equivalent to a rejection of the claim by the executor or administrator, and shall authorize the holder to bring a suit for the establishment thereof in like manner as if such claim had been so rejected; and such executor or administrator shall be removed by the County Judge at any regular term of the court, on the complaint of any person interested in such claim, after being cited to answer such complaint, and proof being made of such failure or refusal.

Sec. 65. When any person shall sell property and enter into bond or other written agreement to make title thereto, and shall depart this life without having made such title, the holder of such bond or written agreement, or his legal representatives, may file a complaint in writing in the County Court of the county where letters testamentary or of administration of such deceased person were granted, praying that the executor or administrator may be required to make titles agreeably to the title bond or other written agreement of the deceased; whereupon it shall be the duty of the Clerk of said court to issue a citation with a copy of the complaint to be served on the executor or administrator, and on the return thereof, served at some regular term of the court, the County Judge shall, if he find that such sale was legally made, order the executor or administrator to make titles according to the tenor of the bond or other written agreement, to the property so sold by his testator or intestate; whereupon it shall be the duty of such executor or ad-

ministrator to make titles in compliance with such order; provided, however, that any person interested in such estate may at any time within two years after the making of any such order have the same annulled and set aside by a suit in the District Court, upon good cause shown why the same should not have been made; provided, also, that married women, minors, and persons of unsound mind so interested, shall have a like period of two years after the removal of their respective disabilities within which they may in like manner have such order annulled and set aside.

Sec. 66. At the first term of the court after the expiration of twelve months from the time of the original grant of letters testamentary or of administration, it shall be the duty of the executor or administrator to return to the court an exhibit in writing, sworn to and subscribed by him, setting forth a list of all claims against the estate that were presented to him within twelve months after the said grant of letters testamentary or of administration, specifying which have been allowed by him, which have been rejected, and the date when rejected; which have been sued upon, and the condition of the suit; also setting forth fully the condition of the estate; and if any executor or administrator shall neglect to return such exhibit at the term of the court named above, it shall be the duty of the County Judge to revoke his letters and fine him in a sum not to exceed one hundred dollars; said fine and order of revocation to be remitted and set aside only on good cause being shown for said failure either in term time or in vacation, on the complaint of any person interested in the estate, upon notice to such executor or administrator; provided, that before any judgment imposing a fine upon such executor or administrator shall be made final, such executor or administrator shall be served with notice.

Sec. 67. At the third regular term of the court, after the expiration of twelve months from the original grant of letters testamentary or of administration, it shall be the duty of the executor or administrator to return to the court a further exhibit in writing, sworn to and subscribed by him, setting forth a list of all suits that have been instituted against him since the return of the exhibit required by the sixty-sixth section of this act; the condition of such suits and all suits previously instituted, specifying which of said suits are upon claims presented to him within twelve months after such grant of letters, and which upon claims presented after the twelve months; also setting forth a list of all claims that have been presented to him since the expiration of the twelve months from said grant of letters, specifying which have been allowed by him and which have been rejected, with the date of the rejection; and he shall also, from time to time, after the said term, return to the court a further exhibit under oath, setting forth a list of all claims presented to and allowed or rejected by him since the return of his former exhibit, with the date of the rejection; and also of all suits instituted against him, and all judgments rendered upon suits against him since his former return. Any executor or administrator who shall fail to return to the court any exhibit as required by this section, may, for cause, be removed by the County Judge with due notice, either in term time or vacation, on the complaint of any person interested in the estate.

Sec. 68. All exhibits made by executors or administrators, showing a list of claims allowed and approved, or established against the estate they represent, or showing the condition of said estate, and an account of the moneys received and of the moneys paid out on account of said

estate, returned to the court before the filing of the final account provided for in a subsequent section of this act shall be filed with the Clerk, and notice of such filing shall be posted by the Clerk on the court-house door of the county for which said court is held; and no other action shall be had thereon until the expiration of at least twenty days from the posting of said notice, after the expiration of which time the County Judge shall, in term time, examine said exhibit, and if the same be found to be correct, render judgment of approval thereon, and order said exhibit to be recorded.

Sec. 69. No claim for money against his testator or intestate shall be allowed by an executor or administrator, nor shall any suit be instituted against him on any such claim after an order for partition and distribution has been made, as provided for in a previous section of this act; but the holder of any such claim not barred by the laws of limitation, shall have his action thereon against the heirs, devisees or legatees of the estate, but they shall not be bound beyond the value of the property they may receive in such partition and distribution.

Sec. 70. The provisions contained in this act respecting the presentation of claims shall not be so construed as to apply to the claim of any heir, devisee or legatee, when claiming in that capacity, nor to any claim that accrues against the estate after the granting of letters testamentary or of administration for which the executor or administrator has contracted, and any devisee or legatee may obtain from the County Judge of the court where the will was proved an order for the executor to deliver to him the property devised or bequeathed, whenever it shall appear to such County Judge that there will remain in the hands of the executor after such delivery a sufficient amount of the estate for the payment of all debts against said estate; provided, such devisee or legatee shall have first caused the executor and the other devisee or legatee, if any, and the heirs, if any of the estate is coming to them, to be cited to appear and show cause why such order should not be made.

Sec. 71. The provisions of this act respecting the presentation of claims shall not be construed to apply to any claim of an executor or administrator against his testator or intestate that has not been allowed by some previous executor or administrator of the same estate; but any executor or administrator holding any such claims shall file them in the court from which his letters were granted before the expiration of six months after the original grant of letters, or the same shall be barred. The County Judge shall thereupon, in term time, proceed to examine such claims and hear all legal evidence that may be offered in support of them, and if satisfied from the evidence that such claims, or any of them, are just, he shall enter on the minutes of the court his approval of such of them as he may think just, and the substance of the testimony on which the claim was established shall be taken down in writing, and be certified to by the Judge and filed with the Clerk among the papers of the estate at the time of such approval; and the amount so approved shall be paid in due course of administration, unless within three months after such approval some person interested in the estate shall take an appeal from such approval to the District Court, in which case such account, or so much thereof as may be approved by a jury, shall be paid in due course of administration. If such claims, or any of them, shall not be approved by the County Judge, the executor or administrator may appeal to the District Court in like manner, and such amount as may be approved by a jury shall be paid in due course of adminis-

tration. If in any appeal under the provisions of this section the executor or administrator shall fail to establish the whole of his claim, he shall be liable for costs, but if he establish the whole amount of his claim, the costs shall be paid out of the estate of the testator or intestate.

Sec. 72. It shall be the duty of every executor or administrator, so soon as he shall ascertain that it is necessary, to apply to the County Judge, at some regular term of the court, for an order to sell so much of the property of the estate he represents as he shall think sufficient to pay the expenses of administration and the debts of the estate. Such application shall be in writing, and shall be accompanied by a statement in writing of the estimated expenses of administration, and of all the claims against the estate that have been presented to him, specifying what claims have been allowed by him, what rejected, and those upon which suit has been instituted against him, with the condition of such suit or suits; which statement shall be verified by affidavit; upon the presentation of such application and statement, it shall be the duty of the County Judge, if satisfied that there is a necessity for such sale, to order the same to be made; but no order for the sale of real property for the payment of debts shall be made either on the application of the executor or administrator of any heir, devisee, or legatee, or creditor of the deceased, unless notice of the application therefor shall have been given for thirty days before the first day of the term at which said order is made. Such notice shall be given by a general citation, to be issued by the Clerk of the court to all persons interested in the estate, to show cause why such sale should not be made; which citation shall be posted for thirty days in at least three public places in the county, one of which shall be the court-house door, and no two of which shall be in the same city, town or village.

Sec. 73. When any executor or administrator shall neglect to apply for an order to sell sufficient property of the estate he represents to pay the expenses of administration and the claims against the estate that have been allowed and approved, or established by suit, such executor or administrator shall be required by the County Judge, on application in writing of any creditor of the estate whose claim has been allowed and approved or established by suits; or any heir, devisee or legatee of the deceased, to present to the court at some regular term thereof a statement in writing like that provided for in the preceding section; and upon proof to the court by any such creditor, heir, devisee or legatee that a necessity exists for a sale to pay the expenses of administration and the debts of the estate, it shall be the duty of the County Judge to order such sale to be made; provided, the executor or administrator shall have been first cited and due notice of such application shall have been given.

Sec. 74. Whenever there is property belonging to the estate of a deceased person that is perishable or liable to waste, upon the application in writing of the executor or administrator, or any heir, devisee or legatee of the deceased, or any creditor of the estate whose claim has been allowed and approved, or established by suit, the County Judge, by an order entered on the minutes of the court, either in term time or in vacation, may direct the sale of such property or any part thereof; provided, the executor or administrator may sell at public or private sale, and for cash or on a credit not exceeding six months, any personal property belonging to the estate that is perishable or liable to waste; and he

shall keep a true account of the sales made, making a list thereof specifying each article sold, the price for which it was sold, and the name of the purchaser; and he shall be responsible for the sales having been made at a fair price, and the circumstances authorizing such sale.

Sec. 75. The County Judge, either in term time or in vacation, may, by an order entered on the minutes of the court, direct the crops belonging to the estate of the deceased person, or any part thereof, to be sold at private sale, upon the application in writing of the executor or administrator, or any heir, devisee or legatee of the deceased, or any creditor of the estate whose claim has been allowed and approved or established by suit; provided, that no crops shall be sold under any such order at a less price than their fair or market value; and provided further, that the executor or administrator may sell the same without an order of the court.

Sec. 76. All sales for the payment of the debts owing by the estate shall be ordered to be made of such property as may be deemed most advantageous to such estate to be sold.

Sec. 77. Any creditor of the estate of a deceased person holding a claim secured by a mortgage or other lien, which claim has been allowed and approved, or established by suit, may obtain at a regular term of the court, from the County Judge of the county where the letters testamentary or of administration were granted, an order for the sale of the property upon which he has such mortgage or other lien, or so much of said property as may be required to satisfy such claim, by making his application in writing and having a copy thereof served upon the executor or administrator, with a citation requiring him to appear and answer such application, and in case the lien shall be upon real property, giving the notice of said application required to obtain an order for the sale of such property.

Sec. 78. When an application is made to the County Judge for an order to sell any property belonging to the estate of a deceased person, for the payment of debts, any person interested in such estate may, at any time before an order is made thereon, file his opposition in writing to such sale, or may make application in writing for sale of other property of the estate, and upon the hearing of the matter in controversy the County Judge shall make such order thereon as the circumstances of the case may require, having due regard to the provisions of this act.

Sec. 79. Whenever any property of an estate is ordered to be sold by the County Judge, such order shall be entered on the minutes of the court; shall describe the property to be sold, and shall specify the terms of such sale.

Sec. 80. Sales of personal property for the payment of debts may be ordered either for cash or on such credit as the County Judge may direct, and all sales of land for the payment of debts shall be made on a credit of twelve months, except when such sales are ordered to raise the amount of the allowance that may be made under the provisions of the fifty-sixth and fifty-seventh sections of this act, or for the satisfaction of a mortgage or other lien on said land, in which cases such sales shall be made on such terms as the County Judge may direct.

Sec. 81. All sales ordered by the County Judge shall be made to the highest bidder, and at public auction, unless otherwise directed by the will of the testator, or otherwise ordered by the County Judge under some provisions of this act; provided, that the County Judge may direct the sale of real property to be made at private sale for cash or on a

credit, if it shall appear to be for the interest of the estate, but in all such cases before the County Judge shall order a confirmation of the sale it must be shown, in addition to the other requirements of this act, that the sale was made for a fair price.

Sec. 82. Whenever in a will power is given to an executor to sell any property of the testator, no order of the County Judge shall be necessary to authorize the executor to make such sale, and when any particular directions are given by a testator in his will respecting the sale of any property belonging to his estate, the same shall be followed, unless creditors or heirs may thereby be prejudiced in their rights; provided, that should the executor or executrix be a non-resident of this State, he or she shall have the same power under said will as though he or she resided in this State:

Sec. 83. Whenever a public sale of property is ordered under the provisions of this act, if the same be personal property, it shall be advertised at least ten days before the day of sale; if the same be land, it shall be advertised at least twenty days before the day of sale. The manner of advertising shall be by posting a notice of such sale at the court-house and at two other public places in the county where the sale is to be made, but not in the same city or town. All such public sales shall be made within the hours of 10 a. m. and 4 p. m.; in case the day set apart for such sale shall be insufficient to complete the same, such sale may be continued from day to day by giving public notice of the continuance at the conclusion of the sale of each day, and the continued sale shall commence and close within the same hours. All such public sales of personal property shall be made at such time and place as may be directed by the County Judge in the order of sales; all such public sales of land shall be made on the first Tuesday of the month at the court-house door of the county where the letters testamentary or of administration were granted, unless the County Judge shall deem it for the advantage of the estate to order the sale in the county in which the property is situated; and in all cases where such public sale is ordered to be made in any other county than that in which the letters testamentary or of administration were granted, such sale may be advertised in both counties.

Sec. 84. When any person shall bid off property offered for sale, rent or hire, at public auction by an executor or administrator and shall fail to comply with the terms of sale, renting or hiring, such property shall be re-advertised and sold, rented or hired, and the person so failing to comply shall be liable to pay such executor or administrator for the use of the estate, ten per cent. on the amount of his bid; and, also, the deficiency in price on the second sale, renting or hiring, if any such deficiency there be; to be recovered by such executor or administrator by action brought before a Justice of the Peace or in the District Court or County Court, according to the amount of such penalty or deficiency.

Sec. 85. When a sale of property is ordered under the provisions of this act, it shall be the duty of the executor or administrator to make such sale, or cause it to be made in obedience to the order at the earliest period; and when such sale has been made it shall be the duty of the executor or administrator to return to the court that ordered the sale an account thereof, either in term time or in vacation, within thirty days after the day of sale. Such account shall be in writing, shall specify the property sold, the name of the purchaser, the price for

which it was sold, and the terms of sale, and shall be sworn to and subscribed by such executor or administrator before some officer authorized to administer oaths; whenever such account of sale is returned, such return shall be noted in the minutes of the court; and at any time after the expiration of five days from the noting of such return in the minutes of the court, it shall be the duty of the County Judge to inquire into the manner in which such sale was made, and if satisfied that it was fairly made, and in conformity with law, he shall cause to be entered on the minutes of the court a decree confirming it and ordering the account of sales to be recorded by the Clerk, and a conveyance to be made to the purchaser of land by the executor or administrator; if not satisfied that such sale was so made, he shall cause to be entered in like manner a decree setting it aside and ordering a new sale to be made; provided, that no sale of real estate shall be confirmed except at some regular term of the court. After any such decree or confirmation shall have been made, upon the purchaser complying with the terms of the sale, the executor or administrator shall execute and deliver to him a conveyance of the property so sold; if lands, reciting therein the decree confirming the sale and ordering the conveyance to be made, which conveyance of land so made shall vest the right and title that the testator or intestate had in the purchaser, and shall be prima facie evidence that all the requisites of the law have been complied with in making the sale, and such decree of confirmation of the sale of personal property shall in like manner vest the right and title thereof in the purchaser, and shall be like evidence that all the requisites of the law have been complied with in making the sale of such personal property.

Sec. 86. It shall not be lawful for any executor or administrator to take the estate of his testator or intestate, or any part thereof, at its appraised value, or to sell the same, or any part thereof, unless under the direction of the will or the order of the County Judge under the provisions of this act or to become the purchaser, either directly or indirectly, of any property of the estate sold by him; and if any executor or administrator should either directly or indirectly become the purchaser of any of the property of his testator or intestate, at a sale made by him, upon the complaint of any person interested in the estate, and service thereof, and of citation on such executor or administrator, such sale shall be declared void by the County Judge, and such executor or administrator decreed to hold the property so purchased in trust as assets of the estate. Nor shall it be lawful for any executor or administrator, either directly or indirectly, to purchase for his own use any claim against the estate he represents; and if any executor or administrator should purchase any claim, upon the complaint in writing of any one interested in the estate, and service thereof with a citation on such executor or administrator, he shall be decreed by the County Judge to hold such claim in trust for the use of the estate, and he shall only be entitled to receive from the estate the amount he shall prove to have been paid by him therefor, such amount to be paid pro rata with other creditors of an equal degree.

Sec. 87. Whenever an executor or administrator sells property of the estate he represents on a credit, either under the direction of the will of the testator or under an order of the County Judge, he shall take the note of the purchaser for the amount of his purchase, with good personal security; and if land has been sold he shall also take a mortgage

upon the property sold to secure the payment of the purchase money; provided, however, that said mortgage shall not be taken until the sale of said land shall have been approved by the court. And if the executor or administrator shall neglect to take such note, security and mortgage, and file the same for record before delivery of the deed, he and the sureties on his bond shall be liable, at the suit of any person interested in the estate, for the use of the estate for the amount of such sales; and whenever any executor or administrator shall rent or hire any property of his testator or intestate on a credit under the provisions of this act, and all notes taken for lands sold by an administrator or executor shall hold the vendor's lien on the land sold against all persons having notice, expressed or implied, in favor of the estate, whether the mortgage be recorded or not; he shall take the note of the person hiring or renting such property for the amount of the hire or rent, with good personal security, and if he shall fail to take such notice (note) and security, he and his sureties shall in like manner be liable for the amount thereof.

Sec. 88. The debts due from an estate shall be paid by the executor or administrator in the following order: First, funeral expenses and expenses of last sickness; second, all expenses of administration, including the allowance that may be made under the provisions of the fifty-sixth and fifty-seventh sections of this act, and the expenses incurred in the preservation, safe keeping and management of the estate; third, debts secured by mortgage, or having a lien, whether judgment or execution or otherwise, so far as the same can be paid out of the proceeds of the property subject to such mortgage or lien, and when more than one of such mortgages and liens, or any one of them, exists upon the same property, the oldest shall be first paid; fourth, all other debts; and no preference shall be given to debts secured by mortgage, or having a lien by judgment, execution or otherwise, further than regards the property subject to such mortgage or lien. When there is a deficiency of assets, debts of the fourth class shall be paid only pro rata, and no executor or administrator shall be allowed to pay any claims of the fourth class, whether the estate is solvent or insolvent, except with their pro rata amount of the funds of the estate that have come to hand; provided, that nothing in this section shall be construed to in any way impair or defeat the vendor's lien on the homestead or any other land, or any lien held by mechanics for work and material furnished in improvements on real estate, or any landlord's liens for rents and advances, and the lien for taxes due thereon; but if the estate is solvent the cost of enforcing the lien only may be paid out of the proceeds of the property on which the lien existed.

Sec. 89. Executors and administrators, whenever they have funds in their hands belonging to the estate they represent, shall pay: First, the funeral expenses and expenses of last sickness; second, expenses of administration, including the allowances that may be made under the provisions of the fifty-sixth and fifty-seventh sections of this act, and the expenses incurred in the preservation, safe-keeping and management of the estate, when such claims have been allowed and approved or established; and if they shall fail or refuse so to do when required by the holder of such claims, the person holding any such claim may obtain an order from the County Judge at a regular term of the court, directing such payment to be made, upon making proof that such executor or administrator has funds of the estate in his hands sufficient to make such payment, and fails or refuses to make it; provided, such executor

or administrator shall have first been cited on the complaint of the holder of such claim, to appear and show cause why such order should not be made.

Sec. 90. Whenever any executor or administrator shall have in his hands the proceeds of a sale that has been made for the satisfaction of a mortgage or other lien, and such proceeds or any part thereof are not required for the payment of the expense of enforcing said lien in case the estate is insolvent, any debts against the estate that have a preference over such mortgage or other lien, it shall be the duty of such executor or administrator immediately to pay over such proceeds, or so much thereof as may not be required for the payment of the expense of enforcing said lien in case the estate is insolvent; any debts against the estate that have a preference over such mortgage or other lien to the creditor or creditors having a right thereto; and if any executor or administrator shall fail or refuse so to do, such creditor or creditors, upon proof thereof, may obtain an order from the County Judge, in like manner as is provided in the preceding section, directing such payment to be made; and in case of the sale of mortgaged property to satisfy the mortgage there be not money enough to pay the mortgage debt in full, then the balance unpaid shall stand as any other claim against the estate, to be paid in due course of administration.

Sec. 91. Upon the return of the exhibit mentioned in the preceding sections of this act, if it shall appear therefrom or by any other evidence that the estate is solvent, taking into consideration as well the claims presented before the expiration of twelve months from said granting of letters testamentary or of administration on which suit has been or can yet be instituted, as those so presented, allowed and approved, or established by judgment, and that the executor or administrator has in his hands sufficient funds for the payment of all the aforesaid claims, it shall be the duty of the County Judge to order immediate payment to be made of all the claims allowed and approved, or established by judgment. If he has funds in his hands, but if not sufficient for the payment of all the said claims, or if the estate be insolvent and he has any funds in his hands, it shall be the duty of the County Judge to order such funds to be applied to the payment of all claims having a preference, in the order of their priority, if they or any of them be still unpaid, and then to the payment pro rata of the other claims allowed and approved or established; taking into consideration also the claims that were presented within the twelve months, and in suit, or on which suit may yet be instituted.

Sec. 92. Claims for money against the estate of a deceased person, which may be presented to the executor or administrator after the expiration of twelve months from the original grant of letters testamentary or of administration, and allowed by him and approved by the County Judge, or established by suits, shall be paid by the executor or administrator at any time before the estate is finally closed, when he has funds of the estate in his hands over and above what may be sufficient to pay all debts of every kind against the estate that were presented within the twelve months and allowed or approved or established by suit, or that may be so established, and an order for the payment of any such claim, upon proof that the executor or administrator has such funds, may be obtained from the County Judge, in like manner as is provided in this act for creditors to obtain orders for payment.

Sec. 93. At the third regular term of court after the expiration of

twelve months from the original grant of letters testamentary or of administration, or at any term of the court after that, any person interested in the estate may, by a complaint in writing, filed in the County Court, cause the executor or administrator to be cited to appear at a regular term of the court and make an exhibit in writing, under oath to the court, setting forth fully in connection with the previous exhibits, the condition of the estate he represents; and if it shall appear to the court by said exhibit or by other evidence that such executor or administrator has any funds of the estate in his hands subject to distribution among the creditors of the estate, it shall be the duty of the County Judge to order the same to be paid out to them according to the provisions of this act, or any executor or administrator may voluntarily present such exhibit to the court, and if he has any of the funds of the estate in his hands subject to distribution among the creditors of the estate, a like order shall be made.

Sec. 94. At any time after the first term of the court, after the expiration of twelve months from the original grant of letters testamentary or of administration, the heirs, devisees or legatees of the estate, or any of them, may, by their complaint in writing, filed in the County Court, cause the executor or administrator, and the heirs, devisees or legatees of the estate to be cited to appear at a regular term of the court, and show cause why a partition and distribution should not be made among the heirs, devisees or legatees of the residue of the estate, if any there be after retaining in the hands of the executor or administrator a sufficient portion thereof to pay all debts of every kind against the estate that have been allowed and approved or established by suit, or that have been rejected by the executor or administrator, or not approved by the County Judge and may yet be established. And if it shall appear to the County Judge after the service of such citation that there is any such residue of the estate, he shall order it to be so partitioned and distributed.

Sec. 95. When all the debts known to exist of every kind against the estate of a deceased person have been paid, or when they have been paid so far as the assets of the estate in the hands of the executor or administrator will permit, the executor or administrator of such estate may present his account to the court, verified by affidavit, for settlement; or the County Judge shall cause him to be cited to present such account, either of his own motion or on the complaint of any person interested in the estate. Upon the presentation of such account it shall be the duty of the County Judge, either in term time or in vacation, to order at least twenty days' notice to be given by publication in a newspaper, if there be one printed in the county, if not, then by posting such notice at the court-house and at two other public places in the county for at least twenty days. Such notice shall state the presentation of said account, the term of the court when it will be acted on, and shall require all persons interested to appear and contest said account if they see proper. The County Judge may order such other notice to be given as he shall deem expedient. At the term of the court named in such notice, or at some subsequent term to which the same may be continued, upon proof being made that notice has been given in the manner required by this act, and the order of the County Judge, it shall be his duty, after examining said account with all the exceptions thereto, and hearing the evidence that may be offered in support of or against said account and exceptions, to re-state said account, if necessary, and to

audit and settle the same; and, upon the settlement of said account, if there is none of the estate remaining in the hands of the executor or administrator, he shall be discharged from his trust by an order of the County Judge; but if there is any of the estate remaining in the hands of the executor or administrator, and the heirs, devisees or legatees of the estate, or their assignees, or either or any of them, are present or represented in court, it shall be the duty of the County Judge to order a partition and distribution of the estate to be made among them, upon satisfactory proof being made that they are entitled to receive it.

Sec. 96. Upon the settlement of the account of any executor or administrator, as provided for in the preceding section, if the heirs, devisees or legatees of the estate, or their assignees, or either or any of them, do not appear or are not represented in the court, and there are any funds of such estate remaining in the hands of the executor or administrator, it shall be the duty of the County Judge to order the same to be paid over to the Treasurer of the State; and if there shall be any property of the estate that has not been sold, or any debts due the estate that may be collected, it shall be the duty of the County Judge to order such property to be sold on a credit of twelve months, and such debts to be collected; and at the first term of the court after the expiration of twelve months after such sale, and every six months thereafter, while the estate remains under the control of such executor or administrator, it shall be his duty to render to the court a full exhibit of the condition of such estate, verified by affidavit. And whenever there shall be any funds of the estate in the hands of the executor or administrator, it shall be the duty of the County Judge to order the same to be paid to the Treasurer of the State; provided, however, that while such estate, or any portion thereof, remains under the control of the executor or administrator, the heirs, devisees or legatees, or their assignees, or either or any of them, may obtain from the County Judge, at a regular term of the court, an order to have the same partitioned and distributed among them according to their respective interests in the same, upon causing the executor or administrator to be cited, and making satisfactory proof to the court of their right to the same; and whenever such estate shall have been so partitioned and distributed and delivered over to the persons entitled thereto, or when the debts due such estate have been collected, so far as there is a reasonable prospect of collecting them, and the proceeds paid over to the Treasurer of the State, as herein required, such executor or administrator shall be finally discharged from his trust by an order of the County Judge, entered at some regular term.

Sec. 97. Whenever an order shall be made by the County Judge for an executor or administrator to pay over any funds to the Treasurer of the State, under the provisions of this act, it shall be the duty of the Clerk of the Court in which such order may be made to transmit to said Treasurer, by mail, a certified copy of such order within one month after said order shall have been made. Whenever the Clerk mails such copy he shall take from the postmaster with whom it is mailed a certificate stating that such certified copy was mailed in his office, directed to the Treasurer of the State, at the seat of Government of this State, and the date when it was mailed; which certificate shall be recorded in the minutes of the court. And any clerk who shall neglect to transmit a certified copy of such order within the time prescribed, and to take such certificate and have it so recorded, shall be liable to a penalty of one hundred dollars, to be recovered by an action in the name of the State,

before any Justice of the Peace of the county, on the information of any citizen of the county, one-half of which penalty shall be paid to the informer and the other half to the State.

Sec. 98. Whenever any executor or administrator shall pay over to the Treasurer of the State any funds of the estate he represents, under the provisions of this act, he may take from such treasurer a receipt for such payment, with his official seal attached, and file the same, and have it recorded on the minutes of the court by which such funds were ordered to be paid, and a certified copy of such record shall be evidence of such payment.

Sec. 99. Whenever any funds of an estate shall have been paid to the Treasurer of the State, under the provisions of this act, any heir, devisee or legatee of such estate, or their assignees, or either or any of them, may recover the portion of such funds to which he or she would have been entitled, if the same had not been so paid to the Treasurer. Such recovery may be had in a suit against said Treasurer, before any court of competent jurisdiction in the county where the letters testamentary or of administration were granted; but in any such suit the plaintiff shall be liable for all costs of court; and in all cases where any funds belonging to the estate of a deceased person have heretofore been paid into the Treasury of the State, or when any title papers belonging to any such estate have been deposited with the Comptroller, such funds or title papers may be recovered in like manner by the person or persons who would have been entitled thereto, if the same had not been so paid over or deposited.

Sec. 100. Whenever any executor or administrator shall fail to pay to the Treasurer of the State any funds of the estate he represents that he has been ordered by the County Judge so to pay, within three months after such order has been made, such executor or administrator shall be liable to pay, out of his own estate, to the State Treasurer, damages thereon at the rate of five per cent. per month for each month he may neglect to make such payment after the three months from such order. The Treasurer of the State shall have the right, in the name of the State, to apply to the County Judge of the court in which such order was made to enforce the payment of such funds and damages, if any have accrued; and it shall be the duty of the County Judge to enforce the payment in like manner as other orders of payment are enforced by him; or the said Treasurer shall have the right to institute suit, in the name of the State, against such executor or administrator and the sureties on his bond for the recovery of the funds so ordered to be paid, and damages, if any have accrued; which suit may be instituted in any court of competent jurisdiction in the county where the letters testamentary or of administration were granted.

Sec. 101. In all cases where an order shall have been made by any County Judge under the provisions of this act for an executor or administrator to pay over money to any person other than the Treasurer of the State, and such executor or administrator shall neglect to make such payment when it is demanded by the person entitled thereto, his agent or attorney, such executor or administrator shall be liable on his official bond to the person in whose favor such order of payment was made for damages upon the amount he shall so neglect to pay, at the rate of ten per cent. per month for each and every month he shall so neglect to make such payment after the same was so demanded; such damages to be recovered by suit before any court having competent jurisdiction

against said executor or administrator and the sureties on his official bond.

Sec. 102. All applications for the partition and distribution of an estate under the provisions of this act shall be in writing, and shall be filed with the Clerk of the court to which the application is made. Upon the filing of any such application, it shall be the duty of the Clerk to issue a citation, returnable to some regular term of the court, which citation shall state the name of the person whose estate is sought to be partitioned and distributed, the term of the court to which such citation is returnable, and shall require all persons interested in the estate to appear and show cause why such partition and distribution should not be made; such citation shall be personally served by leaving a copy thereof with each person entitled to a share of the estate who is known and is a resident of this State, and if there be any persons so entitled who are not known, or who are not residents of this State, such citation shall be published for at least four successive weeks in some newspaper printed in the county, if there be one; if not, then it shall be published in like manner in one of the nearest newspapers published in the State. A copy of such publication and the affidavit of the publisher or printer attached thereto stating that it was so published shall be evidence of the publication.

Sec. 103. At the return term of any such citation as is provided for in the preceding section, or at some succeeding term to which the application may be continued by the court, if it shall appear that such citation has been served and published as required by law, the court shall proceed to ascertain who are the persons by law entitled to partition and distribution, and their respective shares; and if there are any persons so entitled who are known and are minors, and have no guardian in this State, or whose guardians are also entitled to a portion of such estate, the court shall appoint a guardian ad litem to represent them in the partition of the estate; and if there are any persons so entitled who are not known, or not residents of this State, and no person appears who is authorized to represent them, the court shall appoint an attorney to represent them in the partition of the estate, after which the court shall proceed to ascertain whether advancements have been made to any of the persons so entitled, their nature and value, and require the same to be placed in hotchpotch as required by the law governing descents and distributions, and also to ascertain what estate is liable to partition and distribution; the court shall then enter a decree which shall state the name and residence, if known, of each person entitled to a share of the estate, specifying those who are known to be minors, the names of their guardian or guardians ad litem, the name of the attorney appointed to represent those who are unknown, or are not residents of this State; the decree shall also state the proportional part of the estate to which each is entitled, and shall contain a full description of all the estate to be distributed: if the estate to be distributed shall consist only of money or debts due the estate, or both, the court shall fix the amount to which each is entitled, and order the payment and delivery thereof by the executor or administrator; but if the estate do not consist entirely of money or debts due the estate, or both, the court shall appoint three or more discreet persons as commissioners to make a partition and distribution of the estate, and shall order a writ of partition to issue commanding them to proceed forthwith to make such partition and distribution in accordance with the decree of the court, a copy of which

shall accompany such writ; and also commanding them to make due return of said writ, with their proceedings under it, at some term of the court to be named in the writ.

Sec. 104. It shall be the duty of the commissioners of partition under this act to make a fair, just and impartial partition and distribution of the estate, in the following order: First, the land or other property by allotment to each distributee of a part in each parcel, or of parts in one or more parcels, or of one or more parcels, either with or without the addition of a part or parts of other parcels, as shall be most for the interest of the distributees; provided, the said real estate is capable of being so divided without manifest injury to all or any of the distributees; and the said commissioners shall have power, if they think it necessary, to call to their aid one or more well qualified surveyors to run the lines of any lands, and also divisional lines thereof. If the real estate is not capable of a fair, just and equal division in kind, but may be made so by allotting to one or more of the distributees a proportion of money or other personal property to supply the deficiency or deficiencies, the commissioners shall have power to make as near as may be an equal division of the real estate, and supply the deficiency of any share or shares from the money or other property. The commissioners shall proceed to make a like division in kind, as near as may be, of the money and other personal property, and shall determine by lot, among equal shares, to whom each particular share shall belong.

Sec. 105. When, in the opinion of the Commissioners, the whole or any portion of any estate is not capable of a fair and equal division among the distributees, the said Commissioners shall make a special return of such property to the court, with the value thereof duly appraised by them. Upon such return being made to the court, any one or more of the distributees, at a regular term of the court, by the payment to the executor or administrator of the appraised value of the property so returned as incapable of division, or on the execution of his or their obligations with one or more good and sufficient sureties in favor of each of the other distributees for their share of the appraised value of such property, payable at such time, not exceeding twelve months from the date thereof, as the court may designate; provided, the court may think it for the interest of the distributees to allow a credit, shall have the right to take the said property. Should any one or more of the distributees take the said property as aforesaid, it shall be the duty of the court to enter a decree stating the facts, and on the entry of such decree the property shall vest as fully and absolutely in the person or persons taking the same as the deceased was vested therewith; provided, nevertheless, that when obligations are executed as aforesaid, a lien shall exist upon such property by operation of law, to secure the payment of such obligations; provided, also, that if any of the distributees shall file in the court his exception to the appraisement of the Commissioners before any of the distributees shall have so taken such property, a new appraisement of said property may be made by order of the court. If no distributee take the said property as aforesaid, the court shall order the sale of said property, either for cash or on a credit, as may be most for the interest of the distributees; and at such sale, if any distributee shall bid off any of said property he shall be required to pay or secure, as the case may be, only such amount of his bid as may exceed the amount of his share of such property; and the proceeds of sale, when collected, shall be distributed by the court among those entitled thereto.

Sec. 106. Said Commissioners having divided the whole or any part of the estate, shall make to the court a report in writing, subscribed and sworn to by them, containing a statement of the property divided by them, and also a particular description of the property allotted to each distributee and its value. And if it be real estate that has been divided, said report shall contain a general plat of such land, with the divisional lines plainly set down and the number of acres in each share. Upon the return of such report it shall be the duty of the court, at some regular term, to examine said report carefully, and if it be merely informal to cause said informality to be corrected; and if such division shall appear to have been fairly made according to law, and no valid exceptions are taken to it, the court shall approve it and order it to be recorded, but if said division shall not appear to have been so made, or any valid exceptions are taken to it, the court shall set aside said report and division and order a new partition to be made.

Sec. 107. When any portion of the estate to be partitioned lies in a distant county and can not be fairly partitioned without a view thereof, and it is inconvenient for the Commissioners to go and examine such property, they may report such facts to the County Judge in writing, whereupon he may at some regular term of the court, if satisfied that the said property can not be conveniently divided, or that its sale would be more advantageous to the distributees, order a sale thereof for cash or on a credit of not more than twelve months, at his discretion; and when the proceeds of such sale shall have been collected they shall be distributed by him among those entitled thereto; but if no such proof be made, three or more Commissioners may be appointed in each county where any portion of the estate so reported is situated, and the same proceedings shall be had thereon as is provided in this act for Commissioners to make portion; and provided, that whenever any testator has by will instructed that no action be had in the courts in the settlement of his estate, and said testator does not in said will distribute his estate or provide a means of partitioning the same, the executor may, if he desires, file his final account and vouchers as provided in this act for administrators, in the court of the county in which the will was probated, and ask partition and distribution of the estate, and the same shall be partitioned and distributed in the manner herein provided for in case of ordinary administration.

Sec. 108. When any husband or wife shall die, leaving any common property, the survivor may at any time after letters testamentary or of administration have been granted, and an inventory of the estate of the deceased has been returned, make application to the court from which such letters were granted for a partition of such common property; and if he or she shall execute and deliver to said County Judge an obligation with good and sufficient sureties, payable to and approved by said County Judge, for an amount equal to the value of his or her interest in such common property, conditioned for the payment of one-half of all debts existing against such common property, then the County Judge shall proceed to make a partition of said common property into two equal moieties, one to be delivered to the survivor and the other to the executor or administrator of the deceased; and all the provisions of this act respecting the partition and distribution of estates shall apply to any partition made under the provisions of this section, so far as the same may be applicable; and whenever such partition may be made a lien shall exist upon the portion of such survivor to secure the payment

of the obligation he may have given as aforesaid; and until a partition shall be applied for as herein provided, the executor or administrator of the deceased shall have the right and it shall be his duty to recover possession of all such common property, and hold the same in trust to be administered for the benefit of the creditors and others entitled thereto, under the provisions of this act. After such partition any creditor of said common property may sue in his own name on such obligation, and shall have judgment thereon for the one-half of such debt as he may establish, and for the other half he shall be entitled to be paid by the executor or administrator of the deceased.

Sec. 109. In all cases where Commissioners to make partition are appointed under this act, the report of any three of them shall be sufficient. All such commissioners shall receive two dollars each for every day they may be engaged, and all their reasonable expenses shall be paid them.

Sec. 110. In any case where the County Judge shall appoint a guardian ad litem for minors, or any attorney to represent the person absent from the State or unknown, under the provisions of this act, if such guardian ad litem or attorney shall neglect to attend to the duties of such appointment, the County Judge shall appoint others in their places by an order entered on the minutes of [the] court, and such guardian ad litem and attorneys shall be allowed by the County Judge a reasonable compensation for their services, which shall be paid out of the estate of the person they represent, and the County Judge may order execution to issue for the same.

Sec. 111. That all expenses incurred in the partition of estates shall be paid by the parties interested in the partition, each party paying in proportion to the share he may receive. The proportion of the estate allotted to each distributee shall be liable for his or her portion of the expenses, and if not paid the court shall have power to order execution therefor in the names of the persons entitled thereto.

Sec. 112. Any person or persons having a joint interest with the estate of a decedent in any property, real or personal, may make application to the County Court from which letters testamentary or of administration have been granted on said estate, to have a partition thereof; whereupon the court shall proceed to make a partition of said property between the applicant or applicants and the estate of the deceased; and all the rules and regulations contained herein in relation to the partition and distribution of estates shall govern partitions under this section, so far as the same may be applicable.

Sec. 113. When the report of any commissioners to make partition shall have been approved and ordered to be recorded, the court shall order the executor or administrator to deliver to the distributees their respective shares of the estate on demand, including all the title deeds and papers belonging to the same. If any distributee be a minor, his share shall be delivered to his guardian. If any minor distributee resident of the State of Texas shall have no guardian, the executor or administrator shall retain his share until a guardian shall be appointed; and he shall be allowed by the court reasonable compensation for taking care of the same. If any executor or administrator shall neglect to deliver to the person entitled thereto, his agent or attorney, when demanded, any portion of an estate so ordered to be delivered, such executor or administrator shall be liable to pay out of his own estate to the person so entitled damages on the amount of his share at the rate

ten per cent. per month for each and every month he shall so neglect to deliver such share after such demand, which damages may be recovered by suit before any court of competent jurisdiction.

Sec. 114. If any portion entitled to a portion of an estate shall not demand the same from the executor or administrator within six months after the report of the commissioners of partition has been approved and ordered to be recorded, the County Judge shall order so much of said portion as may be in money to be paid to the Treasurer of the State, and such portion as may be in other property the County Judge shall order the executor or administrator to sell on such terms as he may think best, and when the proceeds of such sale are collected he shall order the same to be paid to the Treasurer of the State; in all such cases allowing to the executor or administrator reasonable compensation for his services.

Sec. 115. The community property of the husband and wife shall be liable for all the debts contracted during marriage, except in such cases as are specially exempted by law. And in the settlement of community estates, it shall be the duty of the survivor, executor or administrator to keep a separate and distinct account of all the community debts allowed or paid in the settlement of such estates.

Sec. 116. Where the wife dies, her husband surviving, administration is unnecessary, except as to any separate estate which may have belonged to her. The husband continues to have the same power of disposition over the community property which he possessed during the continuance of marriage; but he shall be required to return an inventory and appraisement of all such property, and file a bond, signed by two good and sufficient sureties to be approved by and payable to the County Judge, in an amount equal to the value of the whole community property, to the effect that he will faithfully administer the same, and pay over one-half of the surplus, after the payment of the debts with which the whole is properly chargeable, to such person or persons as shall be entitled to receive it. And he shall be liable in such case to be called to account at any time after one year from the date of the bond, which bond shall be suable, recoverable, and in every other respect the same as the bond of the administrator. The surviving wife may retain the exclusive management and control of the community property of herself and her deceased husband in the same manner, and subject to the same rights, rules and regulations as provided above, until she may marry again; but upon a second marriage she shall cease to have such control and management of said estate, or the right to dispose of the same, as above provided; and said estate shall be subject to administration as in other cases of deceased persons' estate.

Sec. 117. Any person capable of making a will may so provide, by his or her will, that no other action shall be had in the County Court, in relation to the settlement of his or her estate, than the probating and registration of his or her will, and the return of an inventory of the estate; and in all such cases any person having a debt or claim against said estate may enforce the payment of the same by suit against the executor of such will, and when judgment is recovered against the executor, the execution shall run against the estate of the testator in the hands of such executor; provided, that no such executor shall be required to plead to any suit brought against him for money until the expiration of twelve months from the date of the probate of such will. But in cases where no bond and security has been required of such ex-

ecutor at the time of the probate of such will, any person having a debt, claim or demand against said estate, to the justice of which oath has been made by himself, his agent or attorney, or any person having an interest therein, whether in person or as representative of another, may, by complaint filed in the court where such will was probated, cause such executor to be cited to appear before such court, at some regular term, and on making it appear to the satisfaction of said court that such executor is wasting or misapplying said estate, and that thereby said creditor may probably lose his debt, or such person his or her interest in the estate, it shall be the duty of said court to order such executor to give bond, with two or more good and sufficient sureties, for an amount equal to double the full value of said estate, to be approved by and payable to the County Judge of the county, conditioned that said executor will well and truly administer such estate, and that he will not waste, mismanage or misapply the same; which bond may be recovered upon as other bonds given by executors and administrators; and should such executor fail to give such bond within ten days after the order requiring him to do so, then it shall be the duty of the County Judge to remove him from the executorship of such estate, and to appoint some competent person in his stead, whose duty it shall be to administer said estate according to the provisions of such will, and who, before he enters upon the administration of said estate, shall be required to give such bond as herein above provided for. And if such will does not distribute the entire estate of the testator, or provide a means for partition of said estate, the executor shall have the right to file his final account in the court in which the will was probated, and ask partition and distribution of the estate, and the same shall be partitioned and distributed in the manner provided herein for the partition and distribution of estates administered according to the provisions of this act.

Sec. 118. It shall be the duty of the County Judge of any county from which any county or part thereof has been or may hereafter be taken, to transmit all original papers relating to the settlement of estates of deceased persons, who were, at the time of their decease, residents of that part of the territory of the county which has been or may hereafter be taken to form any new county, to the Probate Court of such new county, upon the petition of any executor or administrator, or guardian, or a majority of the heirs of any such estate; and he shall also transmit, with such original papers, a transcript, certified under the seal of the court, of the records of all proceedings had in relation to such estates in his court; provided, that at the time of filing such petition the party filing it shall pay all fees due on account of such estate.

Sec. 119. Previous to the transmission of any such original papers, in the manner provided for in the preceding section, the Judge to whom such petition is presented shall cause a registry of all such original papers, as have not been recorded, to be made in his office, for which the same fee shall be allowed as is allowed for other recording.

Sec. 120. In all cases where the papers and proceeding relating to the settlement of an estate shall be transmitted to any court in the manner provided for in this act, such estate shall be proceeded in and settled in the probate court of such county in like manner as if the settlement of such estates had been originally commenced in such county, and the transcript of the record transmitted in the manner provided

for in this act shall have the same force and effect in evidence as the record itself might or could have.

Sec. 121. Executors and administrators shall be entitled to receive, and may retain in their hands, five per cent. upon all sums they may actually receive in cash, and the same upon all sums they may pay away in cash, in the course of their administration; provided, that no commissions shall be allowed for money received which was on hand at the time of the death of the testator or intestate, nor for paying out money to the heirs and legatees as such. All reasonable expenses incurred by an executor or administrator in the preservation, safe-keeping and management of the estate, and all reasonable attorney's fees that may be incurred in the course of the administration, shall be allowed by the County Judge, on proof that there was a necessity therefor.

Sec. 122. Whenever any executor or administrator shall file in the court receipts showing that he has disposed of any portion of the estate, under the provisions of this act, the court shall order the same to be recorded; and whenever he shall have so filed receipts showing that all of the estate has been disposed of by him, under the provisions of this act, he shall, provided the court approve said receipts and the account filed, be finally discharged from his trust by the County Judge; and provided further, when any person holding an allowed and approved claim against the estate does not come forward to receive payment for the same, the administrator or executor may deposit the money for the payment of said claim with the Clerk of the County Court, and take his receipt therefor.

Sec. 123. Any person capable of making a will may so provide by his will that no other action shall be had in the County Court in relation to the settlement of his estate than the probate and registration of his will and the return of an inventory of the estate; but in all such cases any person having a debt against said estate may, by complaint in writing, filed in the court where such will was proved, cause all the persons entitled to any portion of such estate under the will, or as heirs at law, to be cited to appear before such court, at some regular term, and execute an obligation, with two or more good and sufficient sureties, for an amount equal to the full value of such estate, to be ascertained by the inventory, such obligation to be payable to the County Judge, and conditioned that the persons who execute the obligation shall pay all debts that may be established against such estate, in the manner herein provided; and on the return of such citations served, unless such persons so entitled to any portion of the estate, or some of them, or some other persons for them, shall execute such obligation to the satisfaction of the County Judge, such estate shall be settled under the direction of the court as other estates are required to be settled; but if such obligation shall be executed it shall be filed and recorded in said court, and no other action shall be had in said court in relation to such estate. All costs of such proceedings shall be paid by the persons so entitled to such estate, according to their respective interests in it. Every creditor of such estate shall have the right to sue on such obligation, and shall be entitled to judgment thereon for such debt as he may establish against the testator by a verdict of the jury in such suits, or such creditors may have their action against those in possession of the estate.

Sec. 124. At any time after the return of the inventory of the estate

of a deceased person, any one entitled to a portion of said estate, as heirs, devisee or legatee, or his or her guardian if he or she be a minor, may by a complaint in writing filed in the court where such inventory has been returned, cause the executor or administrator of the estate to be cited to appear at some regular term of the court and render an exhibit, under oath, of the condition of such estate; and on the return of such citation served, the person so entitled to such estate, or any of them, or any persons for them, may execute and deliver to the County Judge an obligation payable to him, with two or more good and sufficient sureties, to be approved by the County Judge, for an amount at least equal to double the appraised value of the estate as ascertained by the inventory, conditioned that the persons who execute such obligation shall pay all the debts against the estate not paid that have been allowed by the executor or administrator and approved by the County Judge, or that have been established by suit against the executor or administrator, or that may be established against the estate by suit in the manner herein provided; and may pay to the executor or administrator any balance that may be decreed to be due to him on his exhibit, in obedience to said citation; whereupon such obligation shall be filed and recorded in said court, and the court shall on the application of any of the persons so entitled to any portion of the estate, cause a partition and distribution of such estate to be made among the persons entitled thereto, in accordance with the provisions of this act respecting the partition and distribution of estates; and a lien shall exist on all of said estate in the hands of the distributees to secure the ultimate payment of the aforesaid obligation. Any creditor of such estate whose claim is yet unpaid and has been allowed by the executor or administrator previous to the filing of such obligation, and approved by the County Judge, or established by suit against the executor or administrator, previous to the filing of such obligation, shall have the right to sue on such obligation in his own name, and shall be entitled to judgment thereon for the amount of his claim; or any other creditor of such estate whose claim is not barred by the laws of limitation shall have the right to sue on such obligation, and shall be entitled to judgment thereon for such debt as he may establish against the estate by a verdict of the jury in such suit; or any of said creditors may sue the distributee, but no one of them shall be liable beyond his just proportion, according to the estate he may have received in the distribution.

Sec. 125. When a person dies, leaving a lawful will, all of his estate devised or bequeathed by such will shall vest immediately in the devisees or legatees; and all the estate of such person not devised or bequeathed shall vest immediately in his heirs at law; but all of such estate, whether devised or bequeathed or not, except such as may be exempted by law from the payment of debts, shall still be liable and subject in their hands to the payment of the debts of such testator; and whenever a person dies intestate all of his estate shall vest immediately in his heirs at law, but with the exceptions aforesaid shall still be liable and subject, in their hands, to the payment of the debts of the intestate. But upon the issuance of letters testamentary or of administration on any such estate, the executor or administrator shall have a right to the possession of the estate as it existed at the death of the testator or intestate, with the exception aforesaid; and it shall be his duty to recover possession of and hold such estate in trust, to be disposed of under the provisions of this act.

Sec. 126. When complaint shall be made in writing to any County Judge that any person has the last will of any testator or testatrix, or any papers belonging to the estate of a testator or intestate, said County Judge shall cause said person to be cited to appear before him, either in term time or vacation, and show cause why he should not deliver such will to the court for probate, or why he should not deliver such papers to the executor or administrator, and upon the return of such citation served, unless such will or papers are so delivered, or good cause be shown to the court for not delivering the same, the County Judge, if satisfied that such person had such will or papers at the time of the complaint being filed, may cause him to be arrested and imprisoned until he shall so deliver them.

Sec. 127. Sec. 131. Upon such appeal bond being filed in the Clerk's office, it shall be his duty immediately to make out a certified transcript of the proceedings in the case and transmit the same to the District Court.

Sec. 132. In case the Clerk of the County Court shall be unable, for want of time, to make out such transcript before the first day of the next term of the District Court of the county after such appeal is taken, then such transcript shall be transmitted to the next succeeding term of said court.

Sec. 137. In all cases, under the provisions of this act, where it is necessary to cite any person who is out of the limits of this State, and the manner of citing such person is not herein otherwise provided for, such person may be cited by publication in like manner as in suits in the District Court.

Sec. 138. Sec. 139. Whenever complaint in writing and under oath shall be made to the County Judge by any person interested in the estate of a decedent, that the executor or administrator of such estate is about to remove the same, or any part thereof, out of the limits of this State, such County Judge shall have power to order a writ to issue, directed to any lawful officer of this State, commanding him to seize such estate, or any part thereof, and hold the same subject to such further order as the County Judge may make on such complaint; provided, that no such

writ shall issue unless the complainant shall give bond, with good and sufficient security, for such sum as the County Judge may require, payable to the executor or administrator, conditioned for the payment of all damages that may be recovered for the wrongful suing out of such writ.

Sec. 140. The County Judge of the several County Courts shall have like power to enforce all orders, decrees and judgments heretofore made and rendered in the Probate Court of their county, as they would have if such orders, decrees and judgments had been made or rendered by them under the provisions of this act.

Sec. 141. The rights, powers and duties of executors or administrators shall be governed by the principles of the common law, where the same do not conflict with the provisions of this act.

Sec. 142. In all cases where a County Judge may have been executor or administrator of an estate in the county where and at the time he was elected, or when a County Judge may wish to probate a will, and accept as the executor of the estate of a testator in the county where he officiates, or when he may be entitled to a distributive share of an estate that is to be settled in his court, any two of the County Commissioners shall have power to do all acts pertaining to the settlement, partition and distribution of such estates that might be done by the County Judge.

Sec. 143. There shall be begun and holden at the court-houses of the respective counties throughout the State a term of the County Courts on the third Monday in January, March, May, July, September and November of each year, for the transaction of all probate business provided for in this act.

Sec. 145. The executor or administrator, as soon as practicable after the appointment, shall sell, at public or private sale, all personal property belonging to the estate, except such bonds, securities and other personal property as may, in the opinion of the County Judge, be of a character not likely to waste or loss, and except property exempt from forced sale, specified legacies and personal property necessary to carry on a plantation or manufactory, giving such credit as he may deem most advantageous to the estate, not exceeding six months, and taking notes with one or more sufficient sureties, for the purchase money.

Sec. 146. If any testator direct his personal estate, or any part thereof, not to be sold, the same shall be reserved from sale, unless such sale be necessary for the payment of debts.

Sec. 147. The executor or administrator shall keep, or cause to be kept, a true account of the sales made, making a list thereof, specifying each article sold, the price for which it was sold, and the name of the purchaser, and shall annex to such list an affidavit, stating that it is a true account of the sales made by him at the time specified, and shall file it within thirty days after the sale. Such account shall be recorded after allowing one term for objections to be made.

Sec. 148. The law regulating sales under execution, so far as it relates to the advertisement and sale of personal property, and is not inconsistent with the provisions of this act, shall apply to the advertisement and

Sec. 151. Such sales shall be advertised, made, returned and confirmed in the same manner as the sales of real property.

Sec. 152. Where personal service is required under any of the provisions of this act, it means that the party shall be cited in the same manner which is provided in like cases for the service of citation in the District Court in civil cases.

Sec. 154. That all laws and parts of laws in conflict with the provisions of this act are hereby repealed.

"Sec. 17. The custody and maintenance of all lunatics who shall be found to be indigent, as well those now in the asylum, as those to be hereafter admitted, shall be at the expense of the State, under the rules and restrictions as are prescribed herein. In cases where any patient is now in the custody and care of said asylum, if said patient is held and treated at the expense of the county from which he or she was sent, it shall be the duty of the Superintendent of said asylum, as soon as practicable after the passage of this law, to communicate by mail with the County Judge of said county, giving him the names of such persons so confined from said county; whereupon it shall be the duty of the County Judge to cause a jury of twelve men to be summoned before him and shall proceed to take the necessary evidence, to hear and determine whether such lunatic is a person without any means to support him or her, and whether any person in said county is legally liable to support said lunatic. Said jury shall be sworn to try the matter and a true verdict render; and said County Judge shall cause the testimony to be written down and filed, and the verdict of said jury to be recorded. And if said verdict shall be that said lunatic is in indigent circumstances, and without any property to support him or her, the County Judge shall certify the facts, together with a copy of testimony and the verdict of said jury to the said Superintendent of the asylum, and thereupon said lunatic shall be kept and maintained at the expense of the State."

Sec. 5. That in all cases, as provided for in Section 1 of this act, it shall be the duty of [the] County Judge to cause said jury to enquire, in addition to the matters to be enquired about, as set forth in said Section 1, whether such person, so found by the jury to be of unsound mind, is also a person without means to support him or her, and whether any person in said county is legally liable to support said lunatic; and it shall be the duty of said County Judge to certify all of said proceedings to the Superintendent of the asylum, and if it shall be found by the verdict of said jury that said lunatic is an indigent person, then, in that case, the expense and maintenance of such person shall be paid by the State. If it shall appear, upon such inquisition, that any person is legally liable for the support of such insane person, the facts shall all be certified to the Clerk of the District Court, who shall have authority to order the payment thereof by the person liable, and if the same be adjudged against the property of the patient or his or her guardian or legal representative, the payment thereof may be, as in other cases, en

forced by execution; provided, that an appeal may be taken to the District Court from the order of the Clerk.

Sec. 6. For all persons who are not indigent, the Superintendent may make a special contract at any rate not less than five dollars (\$5) per week. In all cases of indigent lunatics, the expenses of removing the patient from the asylum home and for the necessary clothing with which he shall be furnished by the asylum, shall be paid by the State. The expenses of conveying indigent lunatics to the asylum shall be paid by the county; and the Sheriff or other person conveying said lunatic shall, in each case, make out and cause to be delivered to the County Judge for allowance, a statement, verified by affidavit, of the actual expenses incurred in the transportation of such lunatics to the asylum for payment; and the same shall be paid by the county.

Sec. 7. In receiving patients into the asylum, preference shall be given, in all cases, to indigent patients.

Sec. 8. Inasmuch as a number of indigent lunatics are being supported at the expense of many of the counties of this State, and as the Constitution requires that all such lunatics shall be supported at the expense of the State, an emergency and an imperative public necessity exists, requiring the immediate passage of this act; therefore, this act shall take effect and be in force from and after its passage.

Approved August 15, 1876.

Takes effect from its passage.

CHAPTER XCVI.—An Act to provide for the holding of District Courts when the Judge thereof is absent, or is, from any cause, disabled or disqualified from presiding.

Section 1. Be it enacted by the Legislature of the State of Texas, That whenever on the day appointed for the beginning of a term of any District Court, or at any time before the expiration of the term or the completion of all the business of said court, the Judge of any District Court shall be absent from said court, or shall fail or be unable to hold said court, there shall be thereby no failure of the term of the court, and no failure to proceed with the business thereof, but it shall thereupon be the duty of the practicing lawyers in the court present thereat to choose from among their number a Special Judge of said court, who, upon taking the oath before the Clerk of said court to support the Constitution of the United States, and the further oath provided in Section 1 of Article 16, of the Constitution, shall have all the power and authority of a District Judge of said court during the continued absence or inability of the Judge thereof, and shall proceed to hold said court and conduct the business thereof as its lawful Judge.

Sec. 2. That all the practicing lawyers in attendance at said court shall be entitled to participate in the election of said Special Judge, each lawyer having one vote, and a majority of all the lawyers present and participating in the election shall be necessary to the election of any Special Judge, and the said election shall be by ballot. The said practicing lawyers shall compose an electoral body entitled to make and conduct said election, and the following mode thereof shall be legal and sufficient: Public proclamation shall be made by the Sheriff at the court-house door that the election of a Special Judge is to be made by the practicing lawyers of said court present thereat, after which the Clerk of the court shall make a roll or list of all such practicing law-

yers present; and said lawyers shall proceed to organize and make the election of said Judge by ballot as aforesaid; and said lawyers shall have the right to organize and make such election, although the Sheriff and Clerk, or either of them, should fail or refuse to act, or their office be vacant. A record shall be made and entered on the minutes of the court of the election of said Judge, and said record must show: First—The names of all practicing lawyers present and participating in such election. Second—The fact that public proclamation was made at the court-house door that said election was about to take place. Third—The ballot or ballots polled at such election, with the result of each ballot, showing the number of ballots for each person. Fourth—That the oath prescribed in Section 2(1) of this act has been administered. And such proceedings, and the record thereof showing substantial compliance with the above, shall be evidence of the valid election of a Special Judge of said court. Such election may be made from time to time during the term of court to supply the absence, or failure, or inability of the Judge to act, and of any Special Judge of said court.

Sec. 3. That whenever any case is called in which the District Judge or the Special Judge chosen as hereinbefore provided, shall be a party or have interest, or have been attorney, or counsel, or otherwise disqualified from sitting in and trying the same, no change of venue shall be made necessary thereby; but the parties or their counsel shall have the right to select and agree upon an attorney of the court for the trial thereof.

Sec. 4. Said Special Judge shall be paid at the same rate of District Judges per day for his services, out of the State Treasury; such payment to be made on the certificate of the Clerk of the court to the Comptroller, of the record of such election and services, and an affidavit by the Special Judge to the correctness of the claim.

Sec. 5. To provide for the contingencies currently and frequently occurring in the conduct of the courts, an imperative public necessity and emergency exists for the immediate passage and taking effect of this act, and it is enacted that this act take effect from and after its passage.

Approved August 15, 1876.

Takes effect ninety days after adjournment.

CHAPTER XCVII.—An Act to provide for the incorporation of associations that may be organized for the purpose of constructing railways, maintaining and operating the same, for prescribing and defining the duties and limiting the powers of such corporations when so organized.

Section 1. Be it enacted by the Legislature of the State of Texas, That any number of persons, not less than ten, being subscribers to the stock of any contemplated railroad, may be formed into a corporation for the purpose of constructing, owning and maintaining such railroad, by complying with the following requirements, when stock to the amount of one thousand dollars for every mile of said road so intended to be built, shall be in good faith subscribed and five per cent. paid thereon.

Sec. 2. Such persons shall organize by adopting and signing articles of incorporations, which shall be submitted to the Attorney-General of this State, and if it shall be found by the Attorney-General of this State to be in accordance with the provisions of this act, and not in conflict with the laws of the United States and of this State, he shall

attach thereto a certificate to that effect, whereupon said articles shall be recorded in the office of the recorder of deeds, in each county through or into which said railway is proposed to run, and in the office of the Secretary of State.

Sec. 3. Such articles shall contain: First—The name of the proposed corporation. Second—The places from and to which it is intended to construct the proposed railway, and the intermediate counties through which it is proposed to construct the same. Third—The place at which shall be established and maintained the principal business office of such proposed corporation. Fourth—The time of the commencement and period of the continuation of such proposed corporation. Fifth—The amount of the capital stock of such corporation. Sixth—The names and places of residence of the several persons forming the association for incorporation. Seventh—The names of the members of the first Board of Directors, and in what officers or persons the government of the proposed corporation, and the management of its affairs shall be vested. Eighth—The number and amount of shares in the capital stock of such proposed corporation; provided, that such articles of association shall not be filed in the office of the Secretary of State, as aforesaid, until five per cent. of the amount of stock subscribed thereto shall have been actually paid in cash to the Directors named in such articles, nor until there is annexed thereto an affidavit made by at least three of the Directors named in said articles, that the amount of stock required by this section, to-wit: one thousand dollars per mile, has been subscribed, and that five per cent. on the amount has actually been paid in.

Sec. 4. When the articles shall have been filed and recorded as aforesaid, the persons named as corporators therein shall thereupon become and be deemed a body corporate, and shall thereupon be authorized to proceed to carry into effect the objects set forth in such articles in accordance with the provisions of this act. As such body corporate, they shall have succession, and in their corporate name may sue and be sued, plead and be impleaded. The said corporation may have and use a common seal, which it may alter at pleasure, may declare the interests of its stockholders transferable, establish by-laws, and make all rules and regulations deemed necessary for the management of its affairs in accordance with law. A copy of any articles of incorporation filed and recorded in pursuance with this act, or of the record thereof, and certified to be a copy by the Secretary of State, or acting Secretary of State, or recorder of deeds of any county in which the same has been recorded, shall be presumptive evidence of the incorporation of such company, and of the facts therein stated; provided, that, in any suit in any court in this State, by or against any railway corporation, it shall not be necessary for either party to prove the act of incorporation, and the allegation that the corporation is an incorporated company shall be deemed *prima facie* true.

Sec. 5. The existence of the corporation shall date from the filing of the charter in the office of the Secretary of State, and the certificate of the Secretary of State shall be evidence of such filing. Any corporation organized under the provisions of this act, or any railroad corporation heretofore incorporated by special act of the Legislature and still in being, may amend or change its articles or act of incorporation in the same manner that this act requires for the original organization and incorporation of such corporation, to-wit: By filing, authenticated, as by

this act required, the amendments or changes to the original charter with the Secretary of State; and in case of a corporation created by a special act of the Legislature, said corporation shall cause the changes or amendments to its charter, together with its original charter and such amendments as have been made by special act, recorded and authenticated as by this act required, to be filed with the Secretary of State, to be by him recorded as in the case of acts of incorporation under this act. And such changes or amendments shall be in force from the date of filing with the Secretary of State; provided, that where, by the special act or acts incorporating any railroad, any privileges, rights or benefits are conferred upon said railroad corporation, such as it could not claim, exercise or receive under this act, or the general laws of this State, if so organized under this act, such railroad corporation shall not be permitted so to change its charter or articles or act of incorporation as to relieve it from any of the requirements of said special act or acts conferring said rights, privileges or benefits; and provided further, that nothing in this act shall be construed so as to allow any railway company chartered under this act or under a special act of the Legislature, to alter or change any part of its charter requiring it to build its road through and to maintain passenger and freight depots in or near any town or city in this State, and within the time named in its charter; provided further, that any railroad company hereafter chartered under this act, shall make an actual survey of its route or line for a distance of twenty-five miles on its projected route, and shall designate the depot grounds along said first twenty-five miles before the road bed is begun, and no railway company shall change its route after being designated as aforesaid. And all railroad companies chartered as aforesaid shall, on the completion of the first twenty-five miles of its road bed, make a survey of the next twenty-five miles, and of each subsequent twenty-five miles as the preceding twenty-five miles shall be completed, and every subsequent twenty-five miles shall be controlled by the provisions applicable to the first twenty-five miles of the road; provided further, that whenever any such railway passes through any enclosure the necessary stock gaps for the protection of such enclosure from stock, shall be constructed by said railway.

Sec. 6. That all such companies, and all companies heretofore chartered by act of the Legislature, shall have the right to purchase lands and receive donations of the same, to aid in the construction of their road; the land so purchased or donated, except that used for depot purposes, reservations for the establishment of machine shops, turnouts and switches, to be alienated and disposed of in the same manner and time as is required where lands have been received from the State; and this provision shall apply to such roads as are prohibited by their acts of incorporation from purchasing or receiving donations of land.

Sec. 7. Any such railroad mentioned in the fifth section may, by amendment to its charter or act, or articles of incorporation, in the manner in said section indicated and required, project and provide for the locating, constructing, owning and maintaining a branch line to its original main or trunk line of railroad, from any point on its said original main or trunk line, to any other point in this State, by a branch line to the main line, making an angle with said main line of at least twenty-five degrees in the general course of said branch line, and also so projected that said branch line shall, in no case, be so located as to be or become such a line of railroad as that if the same were owned by another corporation the corporation owning the main line, or any one of the other

branches thereof, would be forbidden by the Constitution and laws of this State from consolidating therewith, on account of the lines being parallel or competing lines; provided, that any such corporation making such an amendment to its charter or act or articles of incorporation, as is authorized by this section, shall complete and put in good running order at least ten miles of its said branch line, in said amendment proposed, within one year from the making of said amendment, and an additional extent of at least twenty miles each and every succeeding year until the entire extent of the projected branch line is completed; and in case of failure of any such corporation to comply with the requirements of this proviso, its corporate existence as to all the unfinished portion of said projected branch line shall immediately cease, and be incapable of resumption by any subsequent action of such corporation.

Sec. 8. No such corporation shall be formed to continue more than fifty years in the first instance, but such corporation may be renewed from time to time in such manner as may be provided by law, for periods not longer than fifty years; provided, that three-fourths of the vote cast by the stockholders of such corporation at any regular election for that purpose shall be in favor of such renewal, and those desiring a renewal shall purchase the stock of those opposed thereto, at its current value.

Sec. 9. A copy of the by-laws of the corporation, duly certified, shall be recorded, as provided for the recording of the articles of associations in section two of this act; and all amendments and additions thereto, duly certified, shall also be recorded as herein provided, within ninety days after the adoption thereof.

Sec. 10. Every such corporation organized under the provisions of this act shall have and maintain a public office or place at one of the termini or on the line of its road, in this State, for the transaction of its business, where transfer of all its stock shall be made, and in which shall be kept for public inspection, books, wherein shall be recorded the amount of capital stock subscribed, and by whom, the names of the owners of its stock, the number of shares held by each person, and the number by which each of said shares is respectively designated, and the amounts owned by them respectively, the amount of stock paid in, and by whom, the transfers of said stock, the amount of its assets and liabilities, and the names and places of residence of all its officers. No transfer shall be valid until the transfer shall have been made on the stock and transfer books of the company.

Sec. 11. All the corporate powers of every such corporation shall be vested in and be exercised by a Board of Directors, who shall be stockholders of the corporation, and shall be elected at the annual meeting of stockholders at the public office of such corporation within this State. The number of such Directors, not less than seven nor more than nine; the manner of their election and the mode of filling vacancies shall be specified in the by-laws, and shall not be changed except at the annual meetings of the stockholders.

Sec. 12. A meeting may be called at any time during the interval between such annual meetings by the Directors or by the stockholders owning not less than one-fourth of the stock, by giving thirty days' public notice of the time and place of such meeting in some newspaper published in each county through or into which the said railway shall run or be intended to run; provided, there be a newspaper published in each of

the counties aforesaid; and if at any such special meeting so called, a majority, in value, of the stockholders, equal to two-thirds of the stock of such corporation shall not be represented in person or by proxy, such meeting shall be adjourned from day to day, not exceeding three days, without transacting any business, and if within said three days two-thirds in value of such stock shall not be represented at such meeting, then the meeting shall be adjourned and a new call may be given and notified as hereinbefore provided.

Sec. 13. At the regular annual meeting of the stockholders of any corporation organized under the provisions of this act, it shall be the duty of the President and Directors to exhibit a full, distinct and accurate statement of the affairs of the said corporation, and at any meeting of the stockholders, or a majority of those present, in person or by proxy, may require similar statements from the President and Directors, whose duty it shall be to furnish such statements when required in the manner aforesaid; and at all general meetings of the stockholders a majority in value of the stockholders of any such corporation may fix the rates of interest which shall be paid by the corporation for loans for the construction of such railway and its appendages, and the amount of such loans at any special meeting, by a two-thirds vote in value of all the stock, such stockholders may remove any President, Director or other officer of such corporation, and elect others instead of those so removed. All stockholders shall, at all reasonable hours, have access to and may examine all books, records and papers of such corporation.

Sec. 14. In case it shall happen at any time that an election of Directors shall not be made on the day designated by the by-laws of such corporation for that purpose, the corporation for such cause shall not be dissolved if within ninety days thereafter the stockholders shall meet and hold an election for Directors in such manner as shall be provided by the by-laws of such corporation; provided, that it shall require a majority in value of the stock of such corporation to elect any member of such Board of Directors, and a majority of such Board of Directors shall be citizens and residents of this State.

Sec. 15. There shall be a President of such corporation, who shall be chosen by and from the Board of Directors, and such other subordinate officers as such corporation, by its by-laws, may designate, who may be elected or appointed, and shall perform such duties and be required to give such security for the faithful performance thereof, as such corporation by its by-laws shall require; provided, that it shall require a majority of the Directors to elect or appoint any officer.

Sec. 16. The Directors of such corporation may require the subscribers to the capital stock of such corporation to pay the amount by them respectively subscribed in such manner and in such installments as they may deem proper. If any stockholder shall neglect to pay any installment as required by a resolution or order of such Board of Directors, the said Board shall be authorized to advertise said stock for sale, by publication once a week for thirty days, and then sell the same to the highest bidder, the proceeds to be credited to the delinquent stockholder.

Sec. 17. The stock of such corporation shall be deemed personal estate, and shall be transferable in the manner prescribed by the by-laws of such corporation. But no shares shall be transferable until all previous calls thereon shall have been paid, and it shall not be lawful for such corporation to use any of the funds thereof in the purchase

own stock, or that of any other corporation, or to loan any of its funds to any Director or other officer thereof, or permit them, or any of them, to use the same for other than the legitimate purposes of such corporation; provided, that nothing herein contained shall be so construed as to prevent lateral or branch roads, intended as feeders to the main line or trunk road, from consolidating with and forming a part of the main or trunk line upon such terms and conditions as may be agreed upon by the companies owning the trunk and branch lines.

Sec. 18. In case the capital stock of any such corporation shall be found insufficient for constructing and operating its road, such corporation may, with the concurrence of two-thirds in value of all its stock, increase its capital stock from time to time to any amount required for the purpose aforesaid. Such increase shall be sanctioned by a vote, in person or by proxy, of two-thirds in amount of all the stock of such corporation, at a meeting of such stockholders, called by the Directors of the corporation for such purpose, by giving notice in writing to each stockholder, to be served personally, or by depositing the same in a post office, directed to the post office address of each of said stockholders severally, with necessary postage for the transmittal of the same prepaid, at least sixty days prior to the day appointed for such meeting, and by advertising the same in some newspaper published in each county through or into which the said road shall run or be intended to run (if any newspaper shall be published therein), at least sixty days prior to the day appointed for such meeting. Such notice shall state the time and place of the meeting, the object thereof, and the amount to which it is proposed to increase such capital stock; and at such meeting the corporate stock of such corporation may be so increased by a vote of two-thirds in amount of the corporate stock of such corporation, to an amount not exceeding the amount mentioned in the notice so given. Should the Directors of any such corporation desire at any time to call a special meeting of the stockholders for any other necessary purpose, the same may be done in the manner in this section provided, and if such meeting be attended by the owners of two-thirds in amount of the stock, in person or by proxy, any other necessary business of such corporation may be then transacted, except the altering, amending or adding to the by-laws of such corporation; provided, such business shall have been specified in the notices given, and the proceedings of any such meetings shall be entered on the journal of the proceedings of such corporation. Every order or resolution increasing the capital stock of any such corporation, shall be duly recorded as required in section two of this act.

Sec. 19. No person holding stock in any such corporation as executor, administrator, guardian or trustee, and no person holding such stock as collateral security shall be personally subject to any liability as stockholders of such corporation; but the person pledging the stock shall be considered as holding the same, and shall be liable as a stockholder accordingly.

Sec. 20. Each stockholder of any corporation formed under the provisions of this act shall be held individually liable to the creditors of such corporation to an amount not exceeding the amount unpaid on the stock held by him, for any and all debts and liabilities of such corporation, until the whole amount of the capital stock of such corporation so held by him shall have been paid.

Sec. 21. If any such corporation shall be unable to agree with the

owner for the purchase of any real estate required for the purpose of its incorporation, or the transaction of its business, or for its depots, station buildings, machine and repair shops, or for right of way, or any other lawful purpose connected with or necessary to the building, operating or running of said road, such corporation may acquire such title in the manner that may be now or hereafter provided for by any law of eminent domain.

Sec. 22. Any such corporation may, by their agents and employes, enter upon and take from any land adjacent to its road, earth, gravel, stone or other materials, except fuel and wood, necessary for the construction of such railway, paying, if the owner of such land and the railway can agree thereto, the value of such material taken and the amount of damage occasioned to any such land or its appurtenances; and if such owner and corporation cannot agree, then the value of such material and the damage occasioned to such real estate may be ascertained, determined and paid in the manner that may now or hereafter be provided by any law of eminent domain; but the value of such materials and the damages to such real estate shall be ascertained, determined and paid for before such corporation can enter upon or take the same.

Sec. 23. Every corporation formed under this act shall, in addition to the powers hereinbefore conferred, have power: First—To cause such examination and survey for its proposed railway to be made as may be necessary to the selection of the most advantageous route; and for such purpose, by its officers, agents or servants, may enter upon the lands or waters of any person or corporation, but subject to responsibility for all damages which shall be occasioned thereby. Second—To take and hold such voluntary grants of real estate and other property as shall be made to it in aid of the construction and use of its railway, and to convey the same when no longer required for the uses of such railway, not incompatible with the terms of the original grant. Third—To purchase, hold and use all such real estate and other property as may be necessary for the construction and use of its railway and the stations, and other accommodations necessary to accomplish the object of its incorporation, and to convey the same when no longer required for the use of such railway. Fourth—To lay out its road not exceeding two hundred feet in width, and to construct the same; and for the purpose of cutting and embankments, to take as much more land as may be necessary for the proper construction and security of the railway, and to cut down any standing trees that may be in danger of falling upon or obstructing the railway, making compensation in manner provided by law. Fifth—To construct its railway across, along or upon any stream of water, water course, street, highway, plank road, turnpike or canal, which the route of such railway shall intersect or touch; but such corporation shall restore the stream, water course, street, highway, plank road and turnpike thus intersected or touched, to its former state, or to such state as not unnecessarily to have impaired its usefulness, and keep such crossing in repair; provided, that in no case shall any railroad company construct a road bed without first constructing the necessary culverts or sluices as the natural lay of the land requires for the necessary drainage thereof. Nothing in this act contained shall be construed to authorize the erection of any bridge or any other obstruction across or over any stream navigated by steamboats or sail vessels at the place where any bridge or other obstruction may be proposed to be placed, so as to prevent the

navigation of such stream; nor to authorize the construction of any railroad upon or across any street in any city or incorporated town or village, without the assent of the corporation of such city, town or village; provided, that in case of the constructing of said railway along highways, plank roads, turnpikes or canals, such railway shall either first obtain the consent of the lawful authorities having control or jurisdiction of the same, or condemn the same under the provisions of any eminent domain law now or hereafter in force in this State. Sixth—To cross, intersect, join and unite its railways with any other railway before constructed at any point on its route, and upon the grounds of such other railway company, with the necessary turnouts, sidings and switches, and other conveniences in furtherance of the objects of its connections, and every corporation whose railway is or shall be hereafter intersected by any new railway, shall unite with the corporation owning such new railway in forming such intersections and connections, and grant the facilities aforesaid; and if the two corporations cannot agree upon the amount of compensation to be made therefor, or the points and manner of such crossings and connections, the same shall be ascertained and determined in manner prescribed by law. Seventh—To receive and convey persons and property on its railway, by the power and force of steam or animals, or by any mechanical power. Eighth—To erect and maintain all necessary and convenient buildings and stations, fixtures and machinery for the accommodation and use of passengers, freights and business interests, or which may be necessary for the construction or operation of said railway. Ninth—To regulate the time and manner in which passengers and property shall be transported, and the compensation to be paid therefor, subject, nevertheless, to the provisions of any law that may now or hereafter be enacted. Tenth—From time to time to borrow such sums of money as may be necessary for completing, finishing, improving or operating any such railway, and to issue and dispose of its bonds for any amount so borrowed, and to mortgage its corporate property and franchise to secure the payment of any debt contracted by such corporation for the purposes aforesaid; but the concurrence of the holders of two-thirds in amount of the stock of such corporation, to be expressed in the manner and under all the conditions provided in the eighteenth section of this act, shall be necessary to the validity of any such mortgage; and the order or resolution for such mortgage shall be recorded as provided in the second section of this act; and the Directors shall be empowered, in pursuance to any such order or resolution, to confer on any holder of any bond, for money so borrowed as aforesaid, the right to convert the principal due or owing thereon into the stock of such corporation at any time not exceeding ten years after the date of such bond, under such regulations as may be provided in the by-laws of such corporation. And the provisions and privileges of the ten sub-divisions of this section shall extend to and apply as well to railway companies heretofore chartered by special acts of the Legislature as to those chartered under this act.

Sec. 24. The rolling stock and all other movable property belonging to any such corporation shall be considered personal property, and shall be liable to execution and sale in the same manner as the personal property of individuals.

Sec. 25. No such corporation shall issue any stock or bonds except for money, labor, or property actually received and applied to the purpose for which such corporation was organized. All stock dividends

and other fictitious increase of the capital stock or indebtedness of any such corporation shall be void.

Sec. 26. No such corporation shall consolidate its capital stock with any other railway owning a parallel or competing line nor shall any corporation organized under this act consolidate by private or judicial sale or otherwise with any railroad company organized under the laws of any other State, or of the United States, and in no case shall any consolidation take place except upon sixty days' notice thereof given, which notice shall be given in manner and form as prescribed in the eighteenth section of this act.

Sec. 27. The President or Superintendent of any such corporation shall annually make a report, under oath, to the Comptroller of Public Accounts, or to the Governor, and to such other officers as may be designated by law, of all its actings and doings, which report shall include all matters relating to such corporation as may be now or hereafter prescribed by law.

Sec. 28. The Legislature shall have power to enact, from time to time, laws to prevent and correct abuses, and to prevent unjust discriminations and extortions in the rates of freight and passenger tariff, and to establish reasonable maximum rates of charges for the transportation of persons or property on any railway that may be constructed under the provisions of this act, and to enforce such laws by adequate penalties, to the extent, if necessary for that purpose, of forfeiture of the property and franchise of any such corporation.

Sec. 29. In all elections for Directors or Managers of such railway corporations, every stockholder shall have the right to vote in person or by proxy for the number of shares of stock owned by him for as many persons as there are Directors or Managers to be elected, or to cumulate said shares and give one candidate as many votes as the number of Directors multiplied by the number of his shares of stock shall equal, or to distribute them on the same principle among as many candidates as he may see fit; and such Directors or Managers shall not be elected in any other manner.

Sec. 30. In all cases when any corporation organized under this act, to induce aid in its construction, either by donation or subscription to its capital stock, shall desire to fix the rates for any period of time for the transportation of passengers or freights, such a corporation may adopt a resolution fixing such rates and the time for which the same is to be fixed, and have the same recorded in the office of the Recorder of Deeds, in the several counties through which said road is proposed to be run, and during the time for which they are fixed, said rates shall in no case be amended by said corporation or its successors; provided, that said rates shall not exceed the rates allowed by law.

Sec. 31. If any railway corporation organized under this act shall not within two years after its articles of association shall be filed and recorded as provided in the second section of this act, begin the construction of its road, and construct, equip and put in good running order at least ten miles of its proposed road, and if any such railroad corporation, after the first two years, shall fail to construct, equip and put in good running order at least twenty additional miles of its road each and every succeeding year, until the entire completion of its line, such corporation shall in either of such cases forfeit its corporate existence, and its powers shall cease as far as relates to that portion of said road then

unfinished, and shall be incapable of resumption by any subsequent act of incorporation.

Sec. 32. Every corporation organized, or which may hereafter be organized by virtue of any law of this State, shall establish its domicil at some place within the State of Texas, and not elsewhere.

Sec. 33. There being no general law now in force in this State providing for the organization of railroad corporations, an imperative public necessity and emergency exists which requires the immediate passage and taking effect of this act, and it is therefore enacted that this act take effect and be in force from and after its passage.

Approved August 15, 1876.

Takes effect ninety days after adjournment.

CHAPTER XCVIII.—An Act to carry into effect Sections twenty-two and twenty-three, Article sixteen, of the Constitution of the State of Texas, authorizing the passage of stock and fence laws.

Section 1. Sec. 3. The County Judge shall order an election to take place in the several voting precincts of his county, when the petition is for a whole county, and at such place or places within the sub-division to be affected by said election, as he may designate, if the petition is for a sub-division thereof, and he shall order said election to take place at a time named in said order, not less than thirty days after the date thereof, which election shall be carried on as in case of the election of county officers, and the voters desiring to put this act in operation in their county or sub-division thereof, shall place upon their ballots the words, "For the stock law," and those opposed shall place upon their ballots the words, "Against the stock law."

Sec. 6. Should any stock not permitted to run at large enter within the enclosure of any owner or lessee of land entitled to the benefit of this act, without his or their consent, it shall be lawful for the owner or lessee of said enclosure to impound said stock, and it shall be the duty of the owner or lessee of said land to give notice immediately to the owner of said stock of their impounding and detention, and the owner of said stock shall be entitled to the possession of his or her stock on the payment of the expenses incurred in impounding and keeping said stock; provided, that in such county or sub-division said owners or lessees shall not be required to fence against stock not permitted to run at large; and any fence in said county or sub-division which is sufficient to keep out ordinary stock permitted to run at large under this act shall be deemed a lawful fence.

for cash; and after paying said fees and expenses of sale, shall pay the balance to the owner or agent of said stock.

Sec. 8. When such stock as are contemplated in this act shall have made their way into any such inclosures as are contemplated by the provisions of this act, and shall have committed any damage within such inclosures, after a proper assessment of such damage by two disinterested freeholders of the county, the owner or lessee of such premises may bring suit for damages, as otherwise provided by law against the owner or owners of such stock, in any court of competent jurisdiction.

Sec. 9. If any person whose fence is insufficient under this act, shall, with guns, dogs or otherwise, maim, wound or kill any cattle, or any horse, mule, jack or jennet, or procure the same to be done, such person or persons so offending shall give full satisfaction to the party injured for all damages by such person or persons sustained, to be recovered as in other suits for damages; provided, this section shall not be so construed as to authorize any person in any event to maim, kill or wound, any horse, mule, jack, jennet or cattle belonging to another.

They shall also have the power to impose fines upon defaulting witnesses and jurors, not to exceed twenty-five dollars; provided, that no final judgment shall be entered against the parties to any bail bond, or against defaulting witnesses or jurors until such parties have been served with writ of scire facias requiring them to appear and show cause (at the next term after such forfeiture shall have been taken, or such fines imposed), why such judgment nisi should not be made final against them. They shall also have and exercise jurisdiction over all other matters not herein enumerated, that may be cognizable before a Justice of the Peace under the laws of this State.

Sec. 4. If any person shall make an entry into any lands, tenements or other real property, except in cases where entry is given by law, or shall make any such entry by force, or if any person shall wilfully and without force, hold over any lands, tenements or other real property, after the termination of the time for which such lands, tenements or other real property were let to him, or to the person under whom he claims, after demand made in writing for possession thereof, by the person or persons entitled to such possession, such person shall (be) adjudged guilty of forcible entry and detainer, or of forcible detainer (as the case may be), within the intent and meaning of this act. Any Justice of the Peace of any county in this State, shall have jurisdiction of any case arising under this section, and on complaint upon oath, of the party aggrieved, or his authorized agent, shall immediately issue his summons to the Sheriff or any legally authorized officer of his county, commanding him to summon the person against whom such complaint is made, to appear before such Justice, at a time and place named in such summons, not more than ten nor less than six days from the time of issuing such summons, which said summons shall be served at least five days before the return day thereof, by reading the same to the defendant, or by leaving a copy of the same with some person over the age of sixteen at his usual place of abode; and the said Justice shall also at the same time issue a precept to the Sheriff or other officer as aforesaid, commanding him to summon a jury of six men, freeholders and otherwise qualified jurors of the county to appear before him on the day set for trying said complaint, to hear and try the same, and if any of the jurors so summoned shall fail or refuse to attend or be challenged, then the said Justices may order the Sheriff or other legal officer to complete the number by summoning and return-

ing others immediately. The Sheriff or other officer shall return to the said Justice the summons and precepts as aforesaid, on the day assigned for trial, and shall state on the back of said summons how the same was served, and on the back of said precept the names of the jurors if a jury has been demanded, and if the defendant does not appear and answer, the Justice shall proceed to try the said cause *ex parte*, or may in his discretion postpone the trial to a time not exceeding six days, and the said Justice shall issue subpoenas for witnesses, and shall proceed to try said cause as in other cases of trial before Justices of the Peace. The complaint shall describe the lands, tenements or other possessions in question so as to identify the same, and the Justice of the Peace shall keep a record of the proceedings had before him, and if the defendant shall be found guilty he shall give judgment thereon for the plaintiff to have restitution of the premises and damages at the rate of five dollars per day for every day after the notice in writing has been served on the defendant, and his costs; provided, this shall not deprive the plaintiff of a suit to recover rents and other damages, and shall award his writ of restitution; and if a verdict is given in favor of the defendant, judgment shall be given against the plaintiff for costs, and executions may issue therefor; and no writ of restitution shall issue until the expiration of two days from rendition of judgment.

Sec. 5. Every Justice of the Peace shall keep a docket in which he shall enter all examinations and trials for criminal offenses before him; the nature of the offense; the time when the examination was had; stating whether such trial was by jury or by himself; the verdict of the jury, if any; the judgment rendered by the Justice, and the time when it was rendered, and how the same was executed. He shall also keep a docket in which he shall enter: First—The titles of all suits commenced before him. Second—The time when the first process was issued against the defendant, when it was returnable, and the particular nature thereof. Third—The time when the parties, or either of them, appeared before him, either without citation or upon return thereof. Fourth—A brief statement of the nature of the plaintiff's demand or claim, and the amount claimed, and a brief statement of the nature of the defense made by the defendants (if any). Fifth—Every adjournment, stating at whose request and at what time. Sixth—The time when the trial was had, stating whether the same was by a jury or by the Justice. Seventh—The verdict of the jury (if any). Eighth—The judgment rendered by the Justice, and the time of rendering the same. Ninth—All applications for setting aside judgment or granting new trials, and the order of the Justice thereon, with the date thereof. Tenth—The time of issuing execution, the name of the officer or person to whom it was directed and delivered, and the amount of debt, damages and costs; and when any execution is returned he shall note such return on said docket, with the manner in which it was executed. Eleventh—All stays and appeals that may be taken, and the time when taken.

Sec. 6. If from any cause whatever, a Justice of the Peace shall vacate his office, all books and papers appertaining thereto shall be delivered to the person appointed and qualified to fill such vacancy, whenever demanded by him, who shall, upon receiving such books and papers, proceed with all judgments, executions and unfinished business connected with said office, in like manner as if the same had been commenced by himself. Any person or persons having the possession of any books or papers belonging or appertaining to the office of a Justice

that has become vacant, who shall wilfully neglect or refuse to deliver them to the person appointed and qualified to fill such vacancy, when demanded by him, may, upon the motion of any person interested in such books or papers, be attached and imprisoned by order of the County Judge or any Judge of the District Court of the State, until he shall so deliver such books and papers; provided, that such motions shall be supported by affidavit, and three days previous notice thereof shall be given to the person or persons against whom such motion is made.

Sec. 7. Every Justice of the Peace qualified under the provisions of this act, shall demand of his predecessor all books and papers that may be in his possession belonging or appertaining to his office, and upon receipt of such books and papers said Justice shall proceed with all executions, judgments and unfinished business therein contained, in like manner as if the same had been commenced before himself; and any person or persons having possession of any such books or papers, who shall neglect or refuse to deliver them when so demanded, may be proceeded against in like manner as provided for in Section six of this act.

Sec. 8. Every suit in the court of a Justice of the Peace shall be commenced in the precinct in which the defendant, or one or more of several defendants, resides, except that suits for the possession of real property must be commenced in the precinct where the property, or a part thereof, is situated; suits for the recovery of rents must be commenced in the precinct where the rented premises, or a part thereof, are situated, or where the defendant resides, or where the cause of action, or a part thereof, accrued; or if the suit is for a tort, in the precinct in which the defendant resides, or in which the injury was inflicted. A defendant may be sued before a Justice of the Peace in the county or precinct in which the contract, by its terms, is to be performed, or in which the defendant resides. A suit against an executor, administrator or guardian to establish a demand for money against the estate which he represents may be commenced before the Justice of the Peace at the county seat of the county where the estate is administered, or in the precinct where the executor (or) administrator resides; provided, that all such suits shall be brought in the county where the administration or guardianship is pending. A suit against a private corporation created by or under the laws of this State may be commenced in any precinct where it has a place of business, or in which its chief officer resides, or in which the liability was incurred or the cause of action arose. A suit against a private corporation created by or under the laws of any other State or county must be commenced in a precinct in which there is property of such corporation, or in which there is an agency thereof, or in which the cause of action, or a part thereof, arose. A suit against the owners of a steamboat or other vessel may be commenced in any precinct where the boat or vessel may be found, or where the cause of action arose or the liability was contracted or accrued. If there be no Justice of the Peace qualified to try the suit in the precinct where the defendant resides, or in which he might be sued under the provisions of this act, the suit may be commenced before a Justice of the Peace of any other precinct in the County. A suit against a railroad or canal company, or an owner of a line of mail stages or coaches, for any injury to person or property upon the road, canal or line of stages or coaches of the defendant, or upon a liability as a carrier, may be brought in any precinct through which the road, canal, or line of stages or

coaches may pass, or in any precinct where the route of such railroad, canal, stages or coaches may begin or terminate. A person who has no fixed residence may be sued in any precinct in the county where he may be found. The residence of a single person is where he or she boards; provided that residents of incorporated cities and towns may be sued before any Justice of the Peace within the limits of the corporation.

Sec. 9. Any party or parties to a suit before a Justice of the Peace shall be entitled to a change of venue to a Justice of the Peace at the county seat, unless he is similarly disqualified, in which event it shall be to the nearest Justice of the Peace in the county not subject to the same objection, or otherwise disqualified, on his or her or their affidavit, supported by two other credible persons, to the effect that they do not believe that the persons applying for such change of venue can have a fair and impartial trial before the Justice or in the Justice's precinct where the suit is pending.

Sec. 10. All process from a Justice of the Peace, except in criminal cases, shall be under the hand of such Justice, directed to some lawful officer, whose duty it shall be to execute and return the same. All such process shall be returnable, except in cases where it is otherwise provided for by law, to some regular term of such Justice's Court, and shall be served by leaving a copy thereof with the defendant at least five days before the return day, exclusive of the day of service, and when suit is brought against a private corporation, county, city or town, the copy of the citation shall be delivered to the chief officer or director or managing agent of such private corporation, the Clerk of the County Court of such county, or Mayor of such city or town. The voluntary appearance of a defendant is equivalent to personal service of the citation and a waiver of all defects therein. Whenever in any civil suit before a Justice of the Peace, the plaintiff, his agent or attorney, shall make oath in writing before such Justice of the Peace, that the defendant is absent from this State, or that he is a transient person, so that the ordinary process of law cannot be served upon him, such Justice shall issue a citation, directed to some lawful officer, commanding him to cite the defendant to appear at a regular term of his Court, named in citation, to answer the plaintiff's complaint, stating the nature and amount thereof; such citation shall be returnable to the regular term of such Justice's Court therein named and shall be published in some newspaper printed in the county, if there be one, for at least three successive weeks before the return day; if there be no newspaper printed in the county, then it shall be published in like manner, in some newspaper printed in the nearest county where a newspaper is published. In cases of emergency any Justice of the Peace may depute any person of good character to execute any process, civil or criminal: provided, that in every such case, the Justice shall certify on the back of such process, that the person is so deputed by him, and the person so deputed shall take and subscribe an oath that he will execute such process according to law, which oath, with the certificate of the Justice that it was administered, shall be endorsed on or annexed to such process. In all suits brought in a Justice's Court against two or more defendants jointly liable, and where one or more of the defendants reside out of the county where suit is instituted, the Justice of the Peace before whom suit is brought shall issue process to the Sheriff or any Constable of the county or counties where such defendant or defendants are alleged to reside; and the officer to whom

such process is directed shall serve the same as in other cases, and make his return to the court from which the process issued. Where there are two or more defendants in a suit, and one or more are served with process in due time, and others not so served, the plaintiff may either discontinue as to those not so served, and proceed against those that are, or he may continue the suit until the next term of the court, and take new process against those not served; and no defendant, against whom any suit may be discontinued, according to the provisions of this section, shall be thereby exonerated from any liability under which he was, but may, at any time, be proceeded against as if no such suit had been brought, and no such discontinuance entered as to such defendants; provided, that this section shall not be so construed as to allow a plaintiff to discontinue as to the principal and take judgment against the endorser or surety, who is jointly sued.

Sec. 11. Any Justice of the Peace before whom any suit or proceeding is pending may, for good cause shown by either party and supported by affidavit, continue the same to the next term of his court, and if such cause or proceeding is such as can be tried by such Justice at any other time than at a regular term, he shall have the like power to continue the same for a reasonable time. When both parties in any suit before a Justice of the Peace appear in person, or by agent or attorney, at the time appointed for the trial thereof, or at the time to which it may have been continued, if the amount in controversy shall not exceed ten dollars, or if the amount in controversy shall exceed ten dollars, and neither party shall make application to have the cause tried by a jury, the Justice shall proceed to hear the allegations and proofs of the parties, and the defendant, upon giving notice thereof to the plaintiff before the trial commences, shall be allowed to present and prove any claim or demand not exceeding two hundred dollars, exclusive of interest, against the plaintiff that is similar in its character to the claim or demand of the plaintiff, and the suit shall be determined by the Justice, as from the testimony shall seem to be right. If it shall appear from the testimony that the plaintiff is entitled to recover, judgment shall be entered in his favor for such amount as shall appear to be due him with costs; but if it shall appear from the testimony that the defendant is entitled to recover, then judgment shall be entered in his favor for such amount as shall appear to be due him (if any), with costs. If the amount in controversy shall exceed ten dollars, and either party shall make application to have the case tried by jury, then the same shall be so tried in like manner as hereinbefore provided, and upon the return of the verdict of the jury, the Justice shall enter judgment thereon with costs; provided, however, that whenever it shall appear on any such trial that the defendant's claim or demand was acquired after the commencement of the plaintiff's suit, the defendant shall be liable for all the costs.

Sec. 12. The pleading in a Justice's Court shall be oral, except where either party desires to plead any of the following matters, which must be contained in a written statement under oath, before the plaintiff announced ready for trial. First—That the suit is not commenced in the proper precinct. Second—That the plaintiff hath not legal capacity to sue. Third—That the party is not entitled to recover in the capacity in which he sues. Fourth—That there is another suit pending in this State between the same parties for the same cause of action, or counter claim. Fifth—That there is a defect of parties, plaintiff or

defendant. Sixth—That a written instrument, purporting to be signed by him or by his authority, was not executed by him or by his authority. Seventh—That an endorsement or assignment of a written instrument was not made by the party by whom it purports to have been made, nor by his authority. Eighth—A denial of partnership, whether the same be on the part of the plaintiff or defendant. In all proceedings before a Justice of the Peace, in which either party may be entitled to a jury, and shall make application for one, such jury shall be composed of six men, and the Justice shall forthwith issue a writ, directed to some lawful officer of the county, commanding him to summon forthwith six legally qualified jurors to serve as a jury, and if any person so summoned shall fail or refuse to attend, he may be fined by the justice three dollars, for the use of the county, for such failure or neglect, after being cited to do so, and not being able to show good cause for such failure or neglect. In all trials, whether civil or criminal, each party shall be entitled to three peremptory challenges, and also any number of challenges for cause, which cause shall be judged of by the Justice. If from challenges or any other cause, a sufficient number of persons are not in attendance, the Justice shall order some lawful officer to summon a sufficient number of qualified jurors to make up the jury.

Sec. 13. When a jury is empaneled, the Justice shall administer to them an oath or affirmation in form as follows: "You and each of you do solemnly swear (or affirm as the case may be) that you will well and truly try the cause about to be submitted to you, and a true verdict render therein, according to the law and the evidence, so help you God." Whenever a jury has been summoned in a Justice's court, the same jury may be called on to try all causes before such Justice in which a jury is required on the same day, without the necessity of a new writ in each case; provided, however, that jurors shall be sworn for each cause. In all cases before Justices of the Peace, other than prosecutions for offenses against the laws of this State, the party applying for a jury shall, before the trial commences, pay a jury fee of three dollars, which shall be equally divided between the jury trying the cause, and if the party paying such fee shall recover judgment, the jury fee shall be taxed in the bill of costs, and when collected, shall be refunded to him; and in all cases, civil and criminal, before a Justice of the Peace, which shall be tried by jury, when the jury fee is not required to be paid before the trial commences, a like jury fee shall be taxed in the bill of costs, and when collected, shall be equally divided between the jurors who tried the same.

Sec. 14. In all suits before a Justice of the Peace, it shall be his duty, on the application of either party, to issue subpoenas for witnesses residing in the county, and all such subpoenas shall be executed by the officer to whom they may be directed, by reading the same to the witness, and shall be returned on or before the time when the witness is required to attend, showing how the same has been executed. Justices of the Peace shall have power to enforce the attendance of witnesses, and compel them to give evidence in their courts, by attachment and imprisonment; provided, that in civil cases no witness shall be attached, fined or imprisoned unless he shall have refused to obey a subpoena after having been tendered his fees for one day's attendance before the day of the trial of any civil suit before a Justice of the Peace. Upon all trials before a Justice of the Peace, if any exceptions are taken to any deposition or evidence, the same shall be decided by the Justice. All witnesses who are subpoenaed to attend a Justice's court shall be en-

titled to receive one dollar per day for each day's attendance, which, if claimed by the witness at the time of trial, shall be taxed in the bill of costs against the party cast in the suit.

Sec. 15. Whenever in any civil suit, before any Justice of the Peace, the evidence of a female is required, or the evidence of any witness residing in the county, who is unable by reason of age, infirmities or sickness to attend the court, or the evidence of a witness residing out of the county, the party interested may take the deposition of any such witness, by filing with the Justice before whom such suit is pending, interrogatories to such witness, and serving a copy of the same on the opposite party, his agent or attorney, with a notice that he intends to apply for a commission to take the answers of the witness to such interrogatories. Such notice and copy may be served by any lawful officer of the county, or by any other person, but when served by any other person than an officer, an affidavit shall be endorsed on or annexed to such notice by the person serving the same, stating the fact of the service of such notice, and a copy of interrogatories, which affidavit, unless disapproved, shall be evidence of such service; and the opposite party may file cross-interrogatories with the Justice at any time before the commission issued.

Sec. 16. At the expiration of five days from the service of any such notice and interrogatories, on the application of the party who filed the same, his agent or attorney, it shall be the duty of the Justice to issue a commission, with a copy of the interrogatories and cross-interrogatories, if any have been filed, directed to some Notary Public, Clerk of the District or County Court of the county where such witness resides, requiring such Notary Public or Clerk to take the answers of such witness to the interrogatories and cross-interrogatories that accompany such commission, to cause the witness to be sworn to his answers, and to subscribe them; and every Notary Public or Clerk of the District Court to whom any such commission may be directed, shall execute the same according to the directions therein contained, and for that purpose he shall have like powers as Notaries Public and Clerks of the District Court have to execute commissions to take depositions when issued from the District Court. He shall certify under his hand and official seal, the manner in which he has executed such commission, and seal up such certificate and answer with the commission and interrogatories, write his name across the seal of the envelope, direct the same to the Justice from whom the commission issued, and forward it either by mail or private conveyance. If sent by mail, he shall cause the Postmaster or his deputy, mailing the same, to endorse thereon that he received it from the hands of the officer who took such answers; if sent by private hands, the person delivering the same to the Justice shall make affidavit in writing before such Justice that he received the package from the hands of the officer who took such answers, and that it has undergone no change since. All evidence so taken and returned to any Justice's Court may be read in evidence on the trial of the suit on which it was taken, and shall have the same force and effect as if the witness were examined in open court; provided, the answers are responsive to the interrogatories; and provided, also, that the interrogatories and answers shall be subject to all legal exceptions; but when such depositions are filed with the Justice before the trial commences, no exceptions shall be heard as to the manner of taking and returning such depositions, unless they are taken before the

trial commences. All the rules of evidence prescribed for the government of District Courts, where the same do not conflict with the provisions of this act, shall govern the proceedings in Justice's Courts, so far as the same are applicable.

Sec. 17. Any Justice may, for a good cause shown, supported by an affidavit in writing, grant a new trial in any civil suit tried before him, whenever he shall consider that justice has not been done in the trial of such case; provided, however, that all applications for a new trial shall be made within ten days after the rendition of judgment; and one day's notice of the application shall be given to the opposite party, his agent or attorney; provided, also, that not more than one new trial shall be granted to either party. And in all cases where a new trial shall be granted, the cause shall be continued to the next term of the court. All judgments and final orders given by any Justice of the Peace, in any suit or prosecution, civil or criminal, shall be given in open court. Any person may appear before any Justice of the Peace and confess a judgment for any amount within the jurisdiction of a Justice of the Peace without the issuance of any citation; and all such confessions of judgment shall be recorded in like manner as other judgments.

Sec. 18. When a defendant who has been served with a citation from a Justice of the Peace, according to law, shall neglect to appear at or before ten o'clock a. m. of the return day of the citation, at or before the same hour of any day to which the cause may have been continued, the Justice shall proceed in the following manner: First—If the plaintiff's cause of action is liquidated, and proved by any instrument in writing, purporting to have been executed by the defendant, the Justice shall, whether the plaintiff appear or not, after allowing the proper credits for all payments endorsed on such instrument in writing, render judgment by default against the defendant for the amount which shall appear by such instrument in writing to be due to the plaintiff, together with the costs of suit. Second—If the plaintiff's cause of action is not liquidated, and the plaintiff appear in person, or by agent or attorney, the Justice shall proceed to hear his allegations and proofs, and shall determine the cause as shall appear from the testimony to be right; and if it shall appear, from such testimony, that the plaintiff is entitled to recover, judgment shall be rendered by default against the defendant, for such amount as the testimony shows the plaintiff to be entitled to, with costs; but if it do not appear that the plaintiff ought to recover, judgment shall be given for the defendant, against the plaintiff, for costs. Third—If the plaintiff fail to appear at or before 10 o'clock a. m. of the return day of the citation, or at or before the same hour of any day to which the cause may have been continued, except in the case hereinbefore provided, the Justice may, upon motion of the defendant, his agent or attorney, render judgment of non-suit against the plaintiff, with costs.

Sec. 19. Every Justice of the Peace shall have power, upon good cause being shown, supported by affidavit, to set aside a judgment by default or by non-suit, at any time within ten days after the same was rendered; provided, that one day's notice of such application shall be given to the opposite party, his agent or attorney, by the party applying, and in such case the suit shall be continued to the next term of such Justice's Court; and provided further, that all motions, where notice is required to the opposite party, shall be filed with the Justice of the Peace in writing. In all cases where a suit shall be brought before a Justice of the Peace

for the recovery of specific articles, on the trial thereof, the jury or Justice, as the case may be, shall, if they find for the plaintiff, assess the value of such articles separately; and if the plaintiff recover, judgment shall be rendered for the specific article or articles, if to be had, but if not, then for their value, and the Justice shall issue thereon his writ, directed to some lawful officer, commanding him to put the plaintiff in the possession of the article or articles so recovered, if to be found, but if not, then to proceed to make the value of such article or articles with the legal interest from date of judgment, and costs as under execution, and every Justice shall from time to time, when required by a party having a judgment in his court, issue such executions or other writs as may be necessary to enforce such judgment, until the same shall have been satisfied. No Justice shall render a judgment upon any attachment or sequestration unless the defendant shall have been cited either personally or by publication.

Sec. 20. All judgments hereafter rendered by any Justice of the Peace shall operate as a lien upon all the real estate of the defendant situated in the county where such judgment shall have been rendered, whenever a certified copy of such judgment shall be filed for registration in the office of the Clerk of the County Court of such county; and it shall be the duty of such Clerk to record certified copies of such judgments as may be filed with him for registration at the earliest practicable period, in the book used in said office for the record of mortgages, and to cause a regular and alphabetical index to be made of the names of the plaintiffs and defendants in said judgments, and also a reference to the page on which such judgment is recorded.

Sec. 21. That any party, his agent or attorney, may appeal from any final judgment in any civil cause rendered by a Justice of the Peace to the County Court of the county in which such final judgment shall have been rendered, upon notice thereof being given in open court; provided, that the amount of the judgment appealed from or the amount in controversy shall exceed twenty dollars, exclusive of costs; provided further, that the party appealing shall, within ten days after the rendition of said judgment, file with such Justice a bond, with one or more good and sufficient sureties, in a sum at least double the amount of such judgment (if any) and interest and costs, payable to the appellee, conditioned that the party appealing shall prosecute his appeal to effect, or shall pay and satisfy the judgment or decree that may be rendered against the obligors in such bond; and in all cases where an appeal shall be taken from a Justice's Court to the County Court, it shall be the duty of the Justice from whom such appeal shall be taken immediately to make out a transcript of all the entries made on his docket in such case and file the same, together with all the original papers of the cause, with the Clerk of the County Court on or before the first day of the term of such court next after such appeal was taken; but if there is not time for such transcript and papers to be filed at such first term, then they shall be so filed at the next succeeding term of said court; provided, however, there shall be no appeal from the Justices' Courts in actions of forcible entry and detainer and forcible detainer; but either party in such cases being dissatisfied with the judgment of the court, may take the same to the County Court for trial *de novo* by writ of certiorari, by making affidavit in writing, setting forth sufficient cause to entitle him to said writ, and entering into bond with sufficient sureties within ten days after the rendition of such judgment, to be ap

proved by the Clerk of said court, payable to the adverse party, conditioned that said party procuring said writ will prosecute the same with effect, and in case of failure, to pay all costs and damages occasioned by the proceedings under such writ of certiorari.

Sec. 22. A Justice of the Peace may grant a stay of execution on any judgment for money rendered by himself on a civil suit for three months; provided, the person against whom such judgment was rendered, shall with one or more good and sufficient sureties, to be approved by such Justice, appear before him and acknowledge themselves and each of them bound to the successful party in such sum as shall secure the amount of the judgment, interests and costs, which acknowledgment shall be entered by the Justice on his docket, and shall have the force and effect of a judgment against the person making the acknowledgment; upon which execution shall issue for the amount of the original judgment, interest and costs, in case the same shall not be paid on or before the expiration of such stay; provided, however, that no such stay shall be granted unless the same is applied for within ten days after the entry of the original judgment. All executions issued by a Justice of the Peace shall be directed to some lawful officer of the State, and shall be returnable to his court in sixty days. It shall be the duty of the officer to whom any such execution is directed, to execute and return the same, on or before the return day thereof; and all the provisions of the laws regulating executions from the District Courts, where the same are not inconsistent with the provisions of this act, shall apply to and govern executions from Justices of the Peace, so far as the same are practicable.

Sec. 23. No Justice of the Peace shall issue an execution in any case where the judgment may be for money, except in prosecutions for criminal offenses and for costs, before the eleventh day after the day on which judgment was rendered, unless the party in whose favor judgment was given, shall have filed an affidavit with the Justice, setting forth that he believes the party against whom the judgment was rendered, will within ten days sell or otherwise dispose of or remove his, her or their property out of the county; whereupon, it shall be the duty of said Justice to issue an execution forthwith. Upon service of any certiorari being made on a Justice of the Peace, he shall make out a certified copy of the entries in the cause on his docket, and transmit the same with the original papers to the County Court, on or before the first day of the term next thereafter.

Sec. 24. When a stay of execution upon any judgment rendered in the Justice's court is taken, the same shall not prevent the taking of a writ of certiorari; but the defendant shall have the right to take out his writ of certiorari to the Justice's court at any time within ninety days from the decision of the cause by the Justice of the Peace. Every person who shall have a cause of action against another within the jurisdiction of a Justice of the Peace, who shall make oath in writing before such Justice that he is unable to pay the costs of such action, shall be entitled to all process necessary for the trial of such action, and to have a trial thereof free of costs. No suit shall be brought before any Justice of the Peace where he may be interested, or where he may be related to either the plaintiff or defendant, within the third degree of consanguinity or affinity, but in all such cases suit shall be brought before the nearest Justice not so interested or related; and in all cases pending be-

fore any Justice where he is thus disqualified from sitting in the case, any Justice in the county may sit and try the same.

Sec. 25. Each Justice of the Peace shall hold a term of his court once in each month, and may transact such business out of said term as is authorized by law; and the Justices of the Peace shall hold their courts at such times and places as may be prescribed by the Commissioners' Courts, and such Justices may hold their courts from day to day until all business shall be disposed of. Should the office of the Justice of the Peace within any county of this State become vacant by death, resignation or otherwise, it shall be lawful for any Justice of the Peace within said county to proceed to try and dispose of all such unfinished business as may be on the docket of such Justice who may have vacated his office as aforesaid, until a successor shall have been appointed and qualified. If, from sickness or absence from the county, any Justice of the Peace shall fail to hold a regular term of his court, then, and in that case, any other Justice of the Peace within the same county shall be and is hereby authorized to preside in the place and stead of such sick or absent Justice, and to discharge, perform and transact all such business as may be necessary during such absence. If from any cause whatever the regular term of a Justice's court should not be held at the time fixed by law, the business pending on the Justice's docket shall stand continued until the next regular term thereof, and all business not disposed of at a regular term of such court shall likewise stand continued until the next regular term thereof.

Sec. 26. Justices of the Peace shall have the same power, in cases within their jurisdiction, as Clerks of the District Court, to issue writs of attachments, sequestration and garnishment, and all laws regulating such writs in the District Court shall be held applicable to Justices' courts.

Sec. 27. The plaintiff in any civil suit, before process issues, or any time before final judgment, upon motion of the defendant, or any officer of the court interested in the costs accruing in such suit, may be ruled to give security for the costs; and if such rule be entered against the plaintiff, and he fail to comply therewith on or before the first day of the next term of the court, the suit shall be dismissed, unless the party ruled shall make and file an affidavit that he is unable to give such security. All bonds given as security for costs shall have the force and effect of judgments against all the obligors for the said cost. Executors and administrators of deceased persons' estates, and guardians, shall not be ruled to give security for costs in any suit to recover money due or property belonging to the estate; and no security shall be exacted of executors or administrators of deceased persons' estates in appeals taken in suing for such money or property, or in defending suits brought against such estates for money or property. Justices of the Peace shall keep a fee book in which shall be taxed all costs accruing in any suit, whether civil or criminal.

Sec. 28. Justices of the Peace shall be commissioned by the Governor to act as Justices of the Peace in their respective precincts, and also to act as Notaries Public. They shall also discharge all the duties of Coroner, except such as devolve upon Constables by Section 21 of the Constitution. They shall be authorized to solemnize the rites of matrimony.

Sec. 29. Upon complaint being made before any Justice of the Peace, or any other officer authorized by law to administer oaths, that an of-

fense has been committed in the county which a Justice of the Peace has jurisdiction finally to try, the Justice or other officer shall reduce the same to writing, and cause the same to be signed and sworn to by the complainant, and it shall be duly attested by such Justice or other officer before whom it shall be made; and when made before such Justice, or when returned to him made before any other officer, the same shall be filed by him. Said complaint shall state the name of the accused, if his name is known, and the offense with which he is charged shall be stated in plain and intelligible words, and it must appear that the offense was committed in the county, and the complainant must show, from the date of the offense stated therein, that the offense is not barred by limitation.

Sec. 30. Whenever the requirements of the preceding article have been complied with, the Justice of the Peace shall issue a warrant for the arrest of the accused; said warrant shall be deemed sufficient if it contains the following requisites: First—It shall issue in the name of the State of Texas, and shall be deemed sufficient without regard to form. Second—It shall be directed to the Sheriff or any Constable, or some other person specially named, commanding him to take the body of the accused of an offense, to be dealt with according to law. Third—It must specify the name of the person whose arrest is ordered, if it be known; if not known, then some reasonable, definite description must be given of him. Fourth—It must state that the person is accused of some offense against the laws of the State, naming the offense. Fifth—It must be signed by the Justice, and his office be named in the body of the warrant or in connection with his signature.

Sec. 31. The Justice, when he has good cause to believe that an offense has been, or is about to be, committed against the laws of this State, may summon and examine any witness or witnesses in relation thereto; and if it shall appear, from the statement of such witness or witnesses, that an offense has been committed, the Justice shall reduce said statements to writing, and cause the same to be sworn to by such witnesses; and thereupon said Justice shall issue his warrant of arrest against such offenders; which warrant shall be returnable before said Justice at such time as he may direct, and if said Justice has final jurisdiction of the same, he shall proceed to try; otherwise he shall discharge the accused, if the law and the facts of the case warrant it; or if the offense charged is bailable, cause him to give bond for his appearance at the next term of the District or County Court; which bond, together with all the papers in the case, shall be returned to the Clerk of said court by said Justice.

Sec. 32. Witnesses summoned under the preceding article, who shall refuse to appear and make such statement of facts under oath, shall be guilty of a contempt of court and may be fined in any sum not exceeding one hundred dollars, and attachment may issue for such witnesses.

Sec. 33. A warrant of arrest may be executed by any Sheriff or Constable in any county in this State, or other person specially authorized by the Justice to execute the same, wherever the defendant may be found. Every peace officer is bound to execute all process and orders directed to him from a Justice of the Peace, and if he shall fail or refuse to do the same, he may be fined by said Justice for contempt of court in any sum not exceeding one hundred dollars. Bail is the security given by a person accused of an offense that he will appear and

answer before the proper court the accusation brought against him. This security is given by means of a bail bond. A bail bond shall be sufficient if it contain the following requisites: First—That it is made payable to the State of Texas. Second—That the obligors thereto bind themselves that the defendant will appear before the proper court to answer the accusation against him. Third—That the offense of which the defendant is accused be distinctly named in the bond, and that it appear therefrom that he is accused of some offense against the laws of the State. Fourth—That the bond be signed by the principal and sureties, or in case all or either of them cannot write, then that they affix thereto their marks. Fifth—That the bond state the time and place, when and where the accused binds himself to appear and the court before which he is to appear. Sixth—That it shall show the amount of money for which the principal and his sureties are bound for. In stating the time, it is sufficient to specify the term of the court, and in stating the place, it is sufficient to specify the name of the court and of the county.

Sec. 34. Bail bonds may be taken by the Justice, or the officer having the defendant in custody, in all cases where the Justice has final jurisdiction over the case, but if the Justice has not jurisdiction finally to try the same, he shall take the bail bond in conformity with the code of criminal procedure.

Sec. 35. When the defendant is brought before the Justice, it shall be the duty of such Justice, unless a jury be waived, to issue a venire facias to the Sheriff or any Constable of his county, commanding him to summon a jury of six men for the trial of the case before him, who shall assess the fine; and when such jury shall be summoned they shall remain in attendance upon the court and sit as jurors in all cases that may come up for hearing, until discharged by said court, for which they shall be allowed one dollar each per day, to be paid out of the County Treasury, upon a certificate of such Justice of the number of days so served by them; provided, that if the defendant appear before such Justice and plead guilty to the charge or complaint against him, or a jury be waived, the Justice shall, if desired by the defendant, proceed to assess the fine without the intervention of a jury.

Sec. 36. Upon the conviction of a defendant, tried before any Justice of the Peace, a jury fee of three dollars shall be taxed against him and collected as other costs.

Sec. 37. In all cases where the defendant may be convicted before a Justice of the Peace of a misdemeanor, he shall be entitled to an appeal from the judgment of said Justice, to the County Court of the county where such judgment was rendered, and notice of such appeal shall be given in open court, upon the overruling of a motion for a new trial by such Justice.

Sec. 38. Whenever a defendant is desirous of appealing as provided in the preceding section, he shall file with the Justice a bond in double the amount of the fine and costs imposed upon him, conditioned that he shall prosecute his appeal with effect, and shall pay such fine and costs as shall be awarded against him by the County Court as well as other costs that may have been adjudged against him in the court below.

Sec. 39. Whenever complaint be made before any Justice of the Peace that an offense has been committed in any county other than the county in which the complaint shall be made, it shall be the duty

of such Justice to issue his warrant for the arrest of the person named in such complaint, directed to the Sheriff or any Constable of his county, commanding such officer to bring the person named in said warrant before such Justice, whose duty it shall be to take bail of such person, if the offense charged be a misdemeanor, and send the bond so taken, to the Clerk of the County Court of the county where such offense is alleged to have been committed; but if the offense charged in said complaint be a felony, such Justice shall make his warrant returnable to any Justice of the Peace in the county where such offense was committed.

Sec. 40. Justices of the Peace shall be governed by the laws now in force in regard to proceedings in Justices' Courts in criminal and civil cases, where the same do not conflict with the provisions of this act.

Sec. 41. It shall be the duty of the Justice of the Peace to proceed with the trial of civil cases in regular order as they appear upon the docket; provided, that by consent of both parties any civil case may be set for trial for a day certain. The Justice of the Peace shall fix a time for the trial of criminal cases, either before or after the trial of civil cases, and give notice to the County Attorney, of the time fixed.

Sec. 42. That all laws and parts of laws in conflict with this act or any of its provisions be and the same are hereby repealed.

Sec. 43. Whereas, an immediate public necessity exists for conforming the jurisdiction and powers of Justices of the Peace to the new Constitution, and an emergency for the immediate passage of this law, therefore this act shall take effect and be in force from and after its passage.

"Sec. 9. Within thirty days of the next term, and not before, the Clerk shall open the envelopes and make out a fair copy of the jury list for each week, and give the same to the Sheriff or his deputy, who shall, at least three days prior to the first day of the next term, summon the persons to attend on Monday of the week for which said persons were drawn as petit jurors, by giving personal notice to each juror, or by leaving written notice at the juror's place of residence with a member of his family, over sixteen years old, and in either event the Sheriff shall name the day and week said juror is required to appear. The lists shall be returned by the Sheriff on the first day of the term, with a certificate thereon, of the date and manner in which each juror was summoned, from each of which lists thirty persons, more or less, as the Judge may direct, shall be selected for the week named in the list, from those summoned and in attendance, and not excused by the Judge, in open court, in the order in which their names appear thereon, who shall compose the regular panel of that week.

Sec. 11. That section seventeen of an act, entitled, "An Act to regulate grand juries and juries in civil and criminal cases, in the courts of the State," approved August 1, 1876, be so amended as hereafter to read as follows:

"Sec. 17. No jury shall be required in any civil case in the District or County Court, unless the party demanding a jury shall have deposited by nine o'clock a. m., on the day of the court set by the Judge for the trial of jury causes, a jury fee of five dollars if in the District Court, and three dollars if in the County Court; and all causes in which jury fees have been deposited, shall be at once entered by the Clerk in their regular order on a "jury case trial docket." Said causes, except appearance, shall be tried, or disposed of for the term, in their regular order, before those cases in which no jury has been demanded and jury fee deposited; provided, that in civil cases filed before the passage of this act, parties desiring a jury shall not be required to pay the jury fee until the case be called for trial."

Sec. 12. Whereas, there is an imperative public necessity existing for the immediate operation of the provisions of this act, "as well as an act entitled, 'An Act to regulate grand juries and juries, in civil and criminal cases, in the courts of the State,' " approved August 1, 1876, thus creating an emergency, therefore, that this act, "as well as the act to which this is supplementary," take effect, and be in force, from and after its passage.

Approved August 18, 1876.

Takes effect from its passage.

CHAPTER CX.—An Act to amend an act entitled "An Act to organize the County Courts, and define their powers and jurisdiction," approved June 16, 1876.

Section 1. Be it enacted by the Legislature of the State of Texas, That Sections three and seven of the above entitled act be so amended as hereafter to read as follows:

"Sec. 3. The County Court shall have exclusive original jurisdiction of all misdemeanors, except misdemeanors involving official misconduct, and except such misdemeanors as are punishable by fine only, and in the punishment of which the highest fine to be imposed may not exceed two hundred dollars; that in cases where the offense charged is within the jurisdiction of the County Court, the court shall hear and determine the case, notwithstanding the proof may show an offense not within but below the jurisdiction as herein conferred; provided, however, that nothing contained in this section shall be so construed as to prohibit the District Court from hearing and finally determining all charges of felony, whether the proofs develop a felony or misdemeanor, and said courts shall have exclusive original jurisdiction in all civil cases where the matter in controversy shall exceed two hundred dollars in value, and not exceeding five hundred dollars, exclusive of interest; and jurisdiction in the forfeiture and final judgment of all bonds taken in criminal cases of which the County Court has jurisdiction and concurrent jurisdiction with the District Court when the matter in controversy shall exceed five hundred dollars and not exceed one thousand dollars, exclusive of interest; but shall not have jurisdiction of suits to recover damages for slander or defamation of character, nor of suits for the recovery of lands, nor of suits for the enforcement of liens upon land, nor of suits in behalf of the State, for escheats, nor of suits for the forfeiture of charter of corporations and incorporated companies. They shall have appellate jurisdiction in cases civil and criminal, of which Justice's Court have original jurisdiction, but of such civil cases only where the judgment of the court appealed from, or the amount in controversy, shall exceed twenty dollars, exclusive of costs, and in criminal cases of which Mayors' and Recorders' Courts have jurisdiction, and after motion for new trial in the court below has been overruled and notice of appeal given in open court. In all appeals from Justices', Mayors' or Recorders' Courts, there shall be a trial de novo in the County Court, and when the judgment rendered or fine imposed, or the amount in controversy, shall not exceed one hundred dollars, exclusive of interest and costs, such trial shall be final; but if the judgment rendered, or fine imposed, or the amount in controversy, shall exceed one hundred dollars, an appeal therefrom may be taken to the Court of Appeals. In all

cases, civil and criminal, of which the County Court has exclusive or concurrent original jurisdiction, and in all cases appealed from Justices' Courts, if in said last named cases the judgment rendered or fine imposed, or the amount in controversy in the County Court, shall exceed one hundred dollars, an appeal shall lie to the Court of Appeals, under the same rules and regulations as are prescribed by law or the regulation of appeals from the District to the Supreme Court of the State of Texas. In all proceedings of administration and guardianship, an appeal shall lie to the District Court, under such rules and regulations as are prescribed by the law regulating administrations of estates of decedents and wards. In all counties where there is a Criminal District Court, appeals in criminal cases from Justices', Mayors' and Recorders' Courts, and all other inferior courts and tribunals, shall lie directly to such Criminal District Courts.

Sec. 2. That Section 7 of said act shall hereafter read as follows:

"Sec. 7. All causes, both civil and criminal, and proceedings of administration and guardianship, now pending in the several District Courts of this State, and all cases, civil and criminal, remaining on the dockets of the several criminal courts which have been abolished by the adoption of the present Constitution of which the County Courts have original or appellate jurisdiction, are hereby transferred to the County Courts for trial, and it shall be the duty of the Clerks of the District Courts, upon the order of the District Judge, made either in term time or vacation, to certify the original papers and copies of all orders, a statement of the costs incurred in such cases, to the Clerk of the County Court, who shall immediately docket said causes, and they shall stand for trial the same as if they were originally instituted in, or appealed to, said Court, provided, that in all such causes and proceedings of administration and guardianship, where the Judge of the County Court may be disqualified to try the same, they shall remain in the District Court for trial and settlement; provided, further, that all papers and records of the estates of deceased persons and minors shall be turned over to the custody of the Clerk of the County Court."

Sec. 3. That Section 22 of said act shall hereafter read as follows:

"Sec. 22. That the County Courts of each county in this State shall have a seal, with a star of five points in the centre, and the words, "County Court (insert the name of the county) County, Texas," engraved thereon, an impression of which seal shall be attached to all writs and other process, except subpoenas issuing from said court, and shall be used in the authentication of all official acts of the Clerk; said seal shall be procured by the County Commissioners' Court of the county.

Sec. 4. The necessity for more definitely fixing the jurisdiction and powers of the County Courts, and giving the Clerks of said Courts the power to issue the writ of attachment, sequestration and garnishment, makes it an emergency that this act go into immediate effect; it is therefore declared that the same shall go into immediate force.

Approved August 18, 1876.

Takes effect from its passage.

CHAPTER CXI.—An Act to provide for the levying, assessing and collecting of taxes to pay the interest and the principal of bonds heretofore issued by cities to aid in the construction of railroads and other works of internal improvement.

Section 1. Be it enacted by the Legislature of the State of Texas, That all taxes collected under this act, or under an act entitled: "An Act to authorize counties, cities and towns to aid in the construction of railroads and other works of internal improvements," approved April 12, 1871, shall be applied solely to the objects for which they were levied, under the direction of the State Comptroller, as follows: First—To the payment of the expenses of assessing and collecting the same. Second—To the payment of the annual interest of such bonds, and not less than two per cent. of the principal; and if there be any excess on hand after making the above payments for the current year, it shall be used in the purchase and cancellation of said bonds.

Sec. 2. All taxes levied under this act, or the act of 1871, above referred to, shall be assessed and collected by the same officers whose duty it is to assess and collect the other municipal taxes, who shall receive the same rates of commission allowed for assessing and collecting the ad valorem tax of such city. The same remedies shall be used to enforce the assessment, collection and paying over of such taxes as are, or may hereafter, be provided by law to enforce the assessment, collection and paying over of other municipal taxes.

Sec. 3. The officer whose duty it is to collect the aforesaid taxes shall give bond, with two or more sufficient sureties, to be approved by the Mayor and Board of Aldermen of such city, in a sum fifty per cent. greater than the estimated annual amount of said taxes, which bond shall be payable to the State, and shall be conditioned for the faithful assessing, collecting and paying over of said tax into the State Treasury as provided by law; and the said Collector shall be amenable and subject to all laws enacted to secure the honest and faithful performance of the duties of Collectors of Taxes.

Sec. 4. It shall be lawful for the Collector to receive in payment of the taxes herein specified current money or the matured coupons of the bonds, for the payment of which such tax may have been levied.

Sec. 5. The Collector of Taxes levied under the provisions of the act above recited shall pay over to the State Treasurer, at the beginning of each and every month, all moneys or coupons he may have collected during the preceding month; deducting his legal commissions on the amount so paid, and shall make a report of his collections to the Mayor and City Council at its first regular meeting in each month.

Sec. 6. If it shall be ascertained at any time that the tax which has been levied for the payment of the city bonds issued under the provisions of the above recited act, is insufficient to pay the annual interest and two per cent. annually of the principal of such bonds, besides the expenses of assessing, collecting and paying over such tax, it shall be the duty of the Comptroller to inform the Mayor of said city of the fact, and it shall be the duty of the City Council, and they shall, upon such information, levy such additional tax and cause the same to be collected, as will be sufficient to make such payments; which levy shall be continued in force until the whole amount of principal and interest of said bonds shall have been fully paid.

Sec. 7. That all laws or parts of laws in conflict with the provisions of this act are hereby repealed.

Sec. 8. As the credit of the several cities in this State, and through them, the credit of the State, has been and is now suffering on account of the failure of such cities to collect the taxes levied to pay the interest upon the bonds issued under the provisions of the aforesaid act, and the consequent default in the payment of said interest, creates an imperative public necessity, and an emergency for the early enforcement of this act; therefore, this act shall be in force and take effect from and after its passage.

Approved August 18, 1876.

Takes effect ninety days after adjournment.

CHAPTER CXII.—An Act to provide for the guardianship of persons and estates of minors, persons of unsound mind and habitual drunkards.

Section 1. Be it enacted by the Legislature of the State of Texas, That the County Courts shall have power either in term time or vacation to appoint guardians of the persons and estates of minors, persons of unsound mind and habitual drunkards; transact business appertaining to such estates, and settle accounts of such guardians.

Sec. 2. Male persons under twenty-one years of age, and females under twenty-one years of age, and unmarried, are minors.

Sec. 3. The term, "persons of unsound mind," when used in this act, includes idiots, lunatics and insane persons. A habitual drunkard is one whose mind has become so impaired by the use of intoxicating liquors, or drugs, that he is incapable of taking care of himself or his property.

Sec. 4. The parents, or the survivors of them, except in certain cases, have a natural right and duty to take care of the persons of their minor children.

Sec. 5. The mode which the law provides for taking care of the persons and estates of minors, persons of unsound mind and habitual drunkards, is by the aid of a guardian, appointed by the County Court.

Sec. 6. The minor is called the ward of the guardian; and the latter is said to have the guardianship of the ward; or of his person, or of his estate, as the case may be.

Sec. 7. Incidental to the right and duty of the parent or guardian to take care of the person of a minor, it is their duty to see that he is educated in a manner suitable to his condition, and if necessary for his support, that he learn a trade or adopt some useful profession.

Sec. 8. Where the parents live together, the father is the natural guardian of the person of the minor children by the marriage, and is entitled to be appointed guardian of their estates.

Sec. 9. Where the parents do not live together, their rights are equal, and the guardianship of their minor children shall be assigned to one or the other, according to the circumstances of each case, taking into consideration the interest of the child alone.

Sec. 10. Where one of the parents is dead, the survivor is the natural guardian of the persons of the minor children, and entitled to be appointed guardian of their estates.

Sec. 11. When the surviving father or mother dies, he or she may appoint, by will or by written declaration, any person not disqualified, to be the guardian of the persons of his or her minor child or children;

and such person shall be entitled to be appointed guardian of their estates.

Sec. 12. Where the minor is an orphan, and no one has been appointed by the surviving parent to be the guardian, the nearest ascendant in the direct line, if not disqualified, is entitled to the guardianship of the person of the orphan, and to be appointed guardian of his estate.

Sec. 13. When there is more than one ascendant in the same degree, in the direct line, they are equally entitled, and the guardianship shall be given to one or the other, according to circumstances, taking into consideration the interest of the orphan alone.

Sec. 14. In case the orphan has no ascendant in the direct line, the guardianship shall be given to the nearest of kin in the collateral line, who comes immediately after the presumptive heir or heirs of the orphan; and if there be two or more in the same degree, the guardianship shall be given to one or the other, according to circumstances, taking into consideration the interest of the orphan alone.

Sec. 15. When an orphan arrives at the age of fourteen years, he becomes entitled to choose his own guardian, to be approved by the court, except where a guardian has been appointed by the lawful will of the parent; but if, after being personally cited, he fails to appear and choose a guardian, the appointment shall be made by the court.

Sec. 16. The following persons cannot be appointed guardians: First—Minors, except the father and mother. Second—Persons whose conduct is notoriously bad. Third—Persons of unsound mind. Fourth—Habitual drunkards. Fifth—Those who are themselves, or whose father or mother are parties to a lawsuit, on the result of which the condition of the minor or part of his fortune may depend. Sixth—Those who are debtors to the minor, unless they discharge the debt prior to the appointment. The sixth subdivision does not apply to the father or mother.

Sec. 17. All persons are parties to a proceeding for the appointment of a guardian for a minor.

Sec. 18. It follows from the preceding section that any person has a right to appear and contest the appointment of a particular person, or to contest any proceeding which he deems to be injurious to the ward, or to commence any proceeding which he considers beneficial to him, being liable for the costs occasioned by him, in case of his failure.

Sec. 19. A proceeding for the appointment of a guardian of the estate of a minor shall be commenced in the county where the parents reside.

Sec. 20. If the parents do not reside in the same county, it shall be commenced in the county where the parent who has the custody of the child resides.

Sec. 21. A proceeding for the appointment of a guardian of the person and estate of an orphan, or of either, shall be commenced in the county where the surviving parent resided at the time of his death, or where the orphan is found, or where his principal estate may be.

Sec. 22. Where a minor or person of unsound mind resides out of the State, and owns property in this State, guardianship of the estate of such minor or person of unsound mind may be granted when it is made to appear that a necessity exists for such guardianship, in like manner as if said minor or person of unsound mind were a resident of this State; and the court making such grant of guardianship shall take all such action, and make all such orders in reference to the estate of

said ward, for the maintenance and support, or education and care of said ward, out of the proceeds of said ward's estate, in like manner as if the ward had resided in this State, and guardianship of the person of said ward had been granted by the court, and the ward had been sent abroad by order of the court, for education or treatment.

Sec. 23. A proceeding for the appointment of a guardian is commenced by written application.

Sec. 24. Such application may be made by any person who is interested in the welfare of the minor.

Sec. 25. At the term after notice shall have been given by citation duly posted, to all persons interested in the welfare of such minor, the application is ready for trial.

Sec. 26. If application be not made by any person entitled to claim the guardianship, a proper person, who is not so entitled, may be appointed.

Sec. 27. Before the appointment of a guardian of either the person or estate of a minor, over fourteen years of age, he shall be cited.

Sec. 28. When it shall come to the knowledge of the County Judge that there is, within his county, any minor without a guardian of his person or estate, he shall cause a citation to be posted to all persons interested in the welfare of such minor, to show cause why a guardian for such minor should not be appointed.

Sec. 29. On the return of such citation duly posted, and if the minor be fourteen years of age, of a citation duly served on him, the court shall appoint a guardian for such minor.

Sec. 30. All citations which are not to be served on particular persons named shall be for all persons interested in the welfare of the minor, naming him.

Sec. 31. The bond of the guardian of the person of a minor shall be in an amount to be fixed by the court, not to exceed one thousand dollars, to the effect that he will faithfully discharge the duties of guardian of the person of the minor.

Sec. 32. The bond of the guardian of the estate of a minor shall be in an amount equal to double the estimated value of the property belonging to the estate, to the effect that he will faithfully discharge the duties of guardian of the estate of such minor according to law.

Sec. 33. The surviving parent may provide, by will regularly probated, that a guardian appointed by the will shall not be required to give bond for the management of the estate devised by said will, and the direction shall be observed, unless it be made to appear at any time that such guardian is mismanaging the property, or about to betray his trust.

Sec. 34. Where the same person is appointed guardian of the person and estate, only one bond shall be given, containing the substance required in Sections 31 and 32.

Sec. 35. The guardian shall take an oath faithfully to discharge the duties of guardian of the person (or of the estate, or of the person and estate, as the case may be,) of the minor, according to law, which oath shall be endorsed on the bond.

Sec. 36. Letters of guardianship shall consist of copies of the orders appointing the guardian and approving the bond, with the additional statement that they are given to prove the capacity of ———, to act as the guardian of the person (or of the estate, or of the person and estate, as the case may be). Only one guardian can be appointed of the

person and estate of a minor; but one person may be appointed guardian of the person and another of the estate, where the applicants are equally entitled; provided, nothing in this section shall be held to prohibit the joint appointment of husband and wife.

Sec. 37. The order for the appointment of a guardian for a minor shall specify whether it be of the person or estate, or of both person and estate.

Sec. 38. The guardian of a minor continues in office, unless sooner discharged, according to law, until the minor arrives at the age of twenty-one years, or, being a female, marries.

Sec. 39. Where a married woman may be appointed guardian, she may jointly with her husband, or without her husband, if he be absent from the State, execute such bond as the law requires and acknowledge the same before the Clerk; and such bond shall bind her estate in the same manner as if she were unmarried, but shall not bind her husband as surety unless he sign and be approved as such.

Sec. 40. A bond executed by a person appointed by a will, or surviving husband or wife, under twenty-one years of age, as guardian, shall be as valid as if he or she were of full age.

Sec. 41. All bonds and official oaths shall be immediately recorded and filed.

Sec. 42. Where it is not otherwise provided, a bond shall be required to be given and an oath to be taken at a time specified in the order within ten days, and at least one day before the adjournment of the court.

Sec. 43. A surety may apply to be relieved from his bond, and upon notice to the guardian, he shall be required to give a new bond within ten days, and at least one day before the adjournment of the court, and in the meantime to refrain from acting as guardian, except to preserve the property committed to his charge.

Sec. 44. If a new bond be given and approved, the former surety or sureties so applying shall be discharged from any liability for the misconduct of the principal after the approval of such new bond.

Sec. 45. The remedy upon every bond filed in the County Court may be by petition and citation to the sureties, to show cause why judgment should not be rendered against them in that court; where the liability of the principal has not already been established, he shall be included in the suit.

Sec. 46. Such remedy may be commenced within four years next after the death, resignation, removal or discharge of the guardian, and not after; provided, that infants, persons of unsound mind, married women, persons imprisoned under a sentence of a court for a term less than for life, and their representatives, shall have at least seven years within which to prosecute such remedy, after the removal of their respective disabilities, or after the death of one dying under disability.

Sec. 47. The sureties on a bond are discharged when the whole penalty has been recovered, but not before.

Sec. 48. It is the duty of the guardian, immediately after receiving letters, to collect and take into possession the personal property, books, title papers, and other papers belonging to the estate.

Sec. 49. If the ward held or owned any property in common, or as part owner with another person, the guardian shall be entitled to possession thereof in common with the surviving part owner or part owners, in the same manner as the deceased was entitled thereto in his lifetime.

Sec. 50. It is the duty of every guardian, as soon as he shall have collected the estate, and within thirty days after taking the oath and giving bond, to return a true and perfect inventory of all the real and personal property, books, title papers, other papers and evidences of debt due, or to become due, belonging to the estate.

Sec. 51. The inventory shall describe the property, books and papers, and shall contain a list of the debts due, or to become due, to the ward, stating the names of the debtors, the date of the contract, the amount of interest due thereon, and the rates of interest.

Sec. 52. If any property, books, title papers, or other papers or evidences of debt, were held or owned by the ward in common with another or others, it shall be distinctly stated in the inventory what items thereof were so held, and the names and relationship of the surviving part owners, if any.

Sec. 53. Annexed to such inventory shall be the affidavit of the guardian that it is a full inventory and description of all the real and personal property, books, papers, evidences of debt, and of all debts due, or to become due, belonging to the estate, as far as he has been able to ascertain; and that he was not bound or indebted to the ward in any contract, except as stated in the inventory (if at all).

Sec. 54. Where the guardian dies, the court, on application, shall appoint another.

Sec. 55. Where a guardian wishes to resign, he shall, with such application, present to the court a full and complete account of the condition of the estate, and of his guardianship, verified by his affidavit.

Sec. 56. When such application is filed with the Clerk, a citation shall be issued as follows: First—It shall run in the name of "The State of Texas." Second—It shall be addressed to all persons interested in the guardianship of the estate of ———. Third—It shall state that ———, guardian of said estate, has filed an exhibit of the condition of the estate, an account of his guardianship, and an application for leave to resign. Fourth—It shall notify the persons to whom it is addressed to appear at a certain term of the court, commencing on such a day and month, and contest the account, if they see proper to do so. Fifth—It shall be dated and attested by the Clerk, with the seal of the court attached.

Sec. 57. Such citation shall be published at least once a week, for three successive weeks, in some newspaper in the county, if there be one regularly printed therein; if not, then by posting copies thereof, twenty days before the term, at three of the most public places in the county, no two of which shall be within the same town or city.

Sec. 58. If it appear at the trial that such guardian has accounted for all the estate, according to law, the court shall make an order that he deliver the estate, if there be any remaining in his possession, to some person who shall have been, or may be, appointed in his place, and given bond and taken the oath of guardian. Upon compliance with such order and surrender of his letters of guardianship, the guardian shall be permitted to resign his trust and be discharged.

Sec. 59. Guardians shall be removed in the following cases, without notice, at a regular term of the court: First—When they neglect to return, within thirty days after qualification, an inventory of the estate, as far as the same (has come) to their knowledge. Second—When they have been required to give a new bond, and neglect to do so within the time prescribed. Third—When they have removed from the State.

Sec. 60. A guardian may be removed by the court, of its own motion, or on the motion of any person interested in the ward, after being cited to answer: First—When he fails to return any account which he is required to return by the provisions of this act. Second—When he fails to obey any order of the court or Judge, consistent with this act. Third—When there is good cause to believe that he has misapplied, embezzled or removed, or is about to misapply, embezzle or remove from the State the property committed to his charge, or any part thereof. Fourth—When he is proved to have been guilty of gross neglect or mismanagement in the performance of any of its duties. Fifth—Where he is proved to be disqualified under Section 16.

Sec. 61. When a guardian is removed, the order shall require the estate to be delivered up to some person who has been appointed in his stead, and who shall have previously given bond and taken the oath.

Sec. 62. The order of removal shall state the cause therefor, and shall require the guardian to surrender his letters of guardianship.

Sec. 63. When any person shall have been removed from the guardianship of an estate he shall not be afterwards re-appointed.

Sec. 64. If any guardian die or resign, or his letters be revoked, he or his legal representatives shall account for, pay and deliver to his successor, all property of every kind belonging to the estate of the ward, at such time and in such manner as the court shall order, and in case of a refusal to comply with an order of the court to that effect, the same may be enforced by attachment and punishment, as for contempt.

Sec. 65. Where a guardian succeeds a former guardian, he shall be required to account for all the estate which came into the hands of his predecessor, and shall be entitled to any order or remedy which the court has power to give, in order to enforce the delivery of the estate, and the liability of the sureties of his predecessor for so much as is not delivered. But he shall be excused if it appear that he has used due diligence and failed in whole or in part.

Sec. 66. Where a subsequent guardian proceeds against a former one and his sureties for neglect, he shall be entitled to recover the real damage only caused by such neglect.

Sec. 67. If there be more than one guardian, and letters of one or more of them be revoked, or surrendered, or one dies, the remaining guardian shall discharge all the duties required by law touching such estate, including the recovery from such other guardian and his sureties, or their representatives, of the part of the estate in his hands, or for which he is accountable.

Sec. 68. If any person appointed guardian fails to qualify within the time prescribed by the order of the court, or if a guardianship be vacant by reason of the death, resignation or removal of the guardian, the court, or the Judge thereof, in vacation, may appoint a receiver and make any order that may be necessary for the preservation of such estate, until a guardian be regularly appointed and qualified. Any such order made by a Judge in vacation shall be filed with the Clerk of the proper court and entered of record.

Sec. 69. The guardian, or his heirs, executors, administrators or assigns, shall not dispute the right of the ward to any property that shall have come to his possession as guardian, except such property as shall have been recovered from the guardian, or there be a personal action pending on account of it.

Sec. 70. Where a guardian and his ward are residents of any other

State or Territory of the United States, or of the District of Columbia, or any other country, such guardian may file a full and complete transcript from the records of a court of competent jurisdiction where he and his ward reside, certified by the Clerk of the court in which the proceedings were had, under the seal of the court, if there be one, together with a certificate from the Judge, Chief Justice or Presiding Magistrate, as the case may be, that said attestation is in due form, showing that he has been appointed guardian of the estate of such ward; such transcript may be recorded, and the guardian shall be entitled to receive letters of guardianship of the estate of such minor situated in this State, upon filing a bond with sureties, as in other cases, in double the amount of the estimated value thereof.

Sec. 71. Upon the recovery of the property of the ward, if it be personal property, such guardian may remove it to the place of residence of himself and ward, unless such removal would conflict with the tenure of such property, or the terms and limitations under which it is held; and if it be real property, he may obtain an order for the sale of it, and remove the proceeds; such sale shall be made, returned and confirmed in the same manner as other sales of real estate by guardians.

Sec. 72. Any resident guardian having any of the estate of such ward, may be ordered to deliver the same up to such non-resident guardian.

Sec. 73. There shall be no removal of any of such property, until all the debts known to exist against the estate have been paid or secured by bond payable to, and approved by, the Clerk of the County Court.

Sec. 74. The benefit of the four preceding sections shall not extend to the residents of any State, Territory, District or country, in which a similar law does not exist in favor of the residents of this State.

Sec. 75. The guardian of the person is entitled to the charge and control of the person of the ward, and the care of his support and education, and his duties correspond to his rights.

Sec. 76. The guardian of the estate is entitled to the possession and management of all property belonging to the ward; to collect all debts, rents or claims due him; to enforce all obligations in his favor; to bring and defend suits by or against him. But in the management of the estate, the guardian is governed by the provisions of this act.

Sec. 77. It is the duty of the guardian of the estate to take care of and manage such estate in such manner as a prudent man would manage his own property; and he shall account for all such rents, profits and revenues as the estate would have produced by such prudent management.

Sec. 78. The guardian of the estate shall use due diligence to collect all claims or debts owing to the ward, and to recover possession of all property to which the ward has a title or claim; provided, there is reasonable prospect of collecting such claims or debts, or of recovering such property; and if he neglect to use such diligence, he and his sureties shall be liable for all damages occasioned by such neglect.

Sec. 79. The guardian of both person and estate has all the rights and duties of the guardian of the person and the guardian of the estate.

Sec. 80. The guardian, as soon as practicable, after appraisal, shall sell at public or private sale, all the personal property belonging to the estate, except property exempt from forced sale, specific legacies, and personal property necessary to carry on a plantation or manufac-

tory, giving such credit as he may deem most advantageous to the estate, not exceeding six months, and taking notes, with one or more sufficient sureties, for the purchase money.

Sec. 81. The guardian shall keep, or cause to be kept, a true account of the sales made, making a list thereof, specifying each article sold, the price for which it was sold, and the name of the purchaser, and shall annex to such list an affidavit stating that it is a true account of the sales made by him at the time specified, and shall file it within thirty days after the sale. Such accounts shall be recorded, after allowing one term for objections to be made thereto.

Sec. 82. The laws regulating sales under execution, so far as it relates to the advertisement and sale of personal property, and is not inconsistent with the provisions of this act, shall apply to the advertisement and sale of such property by a guardian; the guardian being substituted for the Sheriff or Constable, the estate for the debtor, and persons interested in the ward only, for the creditor.

Sec. 83. The guardian may sell any of the personal property of the estate at private sale, if it appear to him to be for the interest of the estate; but he shall be responsible for its being sold for a fair price, and shall make return of such sale within thirty days.

Sec. 84. If the guardian shall represent to the court, on oath, that there is wild stock belonging to the estate, which he is unable to collect or command, the court may order that the same be sold at public auction, without taking an inventory or making an appraisement thereof, on such credit as the court may deem reasonable, not exceeding twelve months, taking notes bearing interest at the rate of ten per cent. per annum, from the day of sale, with good and sufficient security for the purchase money.

Sec. 85. Such sale shall be advertised, made, returned and confirmed, the same as sales of real property.

Sec. 86. If there be a plantation or manufactory belonging to the estate, and if the same be not required to be at once sold for the payment of debts, it shall be the duty of the guardian upon an order of the court to carry on such plantation or manufactory, or rent the same, as shall appear to the court to be for the best interest of the estate. In coming to a determination, he shall take into consideration the condition of the estate, and the necessity that may exist for the future sale of such property for the payment of claims or legacies, and shall not extend the time of renting or hiring any of the property beyond what may consist with the speedy settlement of the estate. And any one who is interested in the estate, may, upon good cause shown, after citation to the guardian, obtain an order controlling his action in this particular.

Sec. 87. When the ward owns improved real property, it shall be the duty of the guardian of the estate annually to rent such property for the best price that can be obtained, taking good security for the payment of the rent, and that the tenant will not commit, nor permit any other person to commit waste on the demised premises.

Sec. 88. If the ward own wild or unimproved real property, the guardian may let out the same on improvement leases, not to extend more than two years beyond the majority of the ward, taking security as provided in the preceding section.

Sec. 89. If at any time the guardian shall have on hand any money belonging to the ward, beyond what may be necessary for his education and maintenance, such guardian shall, under the direction of the court,

invest such money in bonds of the United States or of the State of Texas, or loan the same to such person as will give security therefor by mortgage or deed of trust on unincumbered real property in the county, for the highest rate of interest that can be obtained therefor; provided, whenever any guardian may have in his possession money belonging to his ward, he may make application to the County Court for an order to invest said money in real estate, for the benefit of his said ward; said application to be made, and notice of the same to be given in the same manner as applications to sell real estate belonging to minors; and if the court be satisfied, on the hearing of said application, that said investment will be beneficial to said ward, an order may be made and entered to that effect. At the next term of the court after the granting of said order, the investment aforesaid shall be inquired into, and if satisfied that said investment will benefit the estate of said ward, the court may approve the contract, and when titles of said real estate have been made to said guardian, he shall hold the same in trust for his said ward, and shall account for it in the same manner as other realty in his possession originally belonging to the estate of his said ward.

Sec. 90. If the money in the hands of the guardian cannot be invested as herein directed, the guardian shall be liable for the principal only.

Sec. 91. The guardian shall not be personally responsible for money loaned under the direction of the court, on security approved by the court, in case of the inability of the person to whom such money may have been loaned to pay the same, and the failure of the security, unless he has been guilty of fraud or negligence in respect to such loan.

Sec. 92. The guardian of the estate may receive property in payment of any debt due to the ward, in all cases where he shall be of opinion that the interests of the ward will be advanced thereby, being responsible for a prudent exercise of the discretion hereby conferred.

Sec. 93. Where different persons have the guardianship of the person and estate of the ward, the guardian of the estate must pay over to the guardian of the person, semi-annually, a sufficient amount of money for the education and maintenance of the ward, and on failure, shall be compelled to do so by order of the court, after being duly cited.

Sec. 94. The court may direct a guardian to expend, for the education and maintenance of his ward, a specified sum, although such sum may exceed the income of the ward's estate; but without such direction the guardian shall not be allowed, in any case, for the education and maintenance of the ward, more than the clear income of the estate.

Sec. 95. A guardian may pay any claim against the estate of his ward which he knows to be just, without the authentication thereof.

Sec. 96. When a judgment for the recovery of money is rendered in any court against a guardian, to be satisfied out of the property of the ward, the creditor, upon application to the County Court, is entitled to an order for its payment; if there be no funds in the hands of the guardian, and to await the receipt of funds from other sources would involve an unreasonable delay, an order shall be issued for the sale of property sufficient to pay the debt.

Sec. 97. If any guardian shall fail to pay any claim ordered to be paid, when demanded, upon affidavit of the demand and failure to pay being filed with the Clerk, an execution shall be issued for the amount ordered to be paid to such claimant, and costs, against the property of such guardian.

Sec. 98. If the execution be returned not satisfied, the claimant may

institute suit against the sureties of the guardian, in the court where the guardianship is pending, referring to the official bond and the order for payment, the execution and the return thereon, requiring the sureties to appear and show cause why judgment should not be rendered against them for the amount of such claim, ordered to be paid as aforesaid.

Sec. 99. Citation in such suit may be issued to any county in the State, and upon the return thereof, duly served, if good cause to the contrary be not shown, the court shall render judgment against the sureties for the amount of the claim ordered to be paid as aforesaid, and remaining unpaid, and ten per cent. damages thereon, together with interest and costs, and issue execution thereon.

Sec. 100. Any person holding a claim against the estate, secured by mortgage or other special lien, may obtain an order for the sale of the property upon which he has such mortgage or other special lien, or so much thereof as may be required to satisfy the claim, by causing citation to be posted, and the guardian to be cited to appear at the next term of the court, and show cause why such order should not be made.

Sec. 101. Where the income of the ward's estate and the proceeds of personal property sold are insufficient for his education and maintenance, or to pay debts against his estate, the guardian of the person or estate, or any person holding a valid claim, may apply for the issuance of an order for a sale of sufficient amount of the real estate to make up the deficiency.

Sec. 102. Whenever it shall appear that the personal property or proceeds of previous sales are insufficient to pay the claims of creditors and legatees, and expenses of administration, an order shall be made, on the application of the guardian, or of any person interested in the ward, for the sale of enough real property to supply the probable deficiency.

Sec. 103. Such sale shall be ordered to be made of the property which may be deemed most advantageous to the estate to be sold.

Sec. 104. No order for the sale of real property for the payment of debts shall be made, unless notice of the application therefor shall have been published at least once a week for four weeks successively, or if there be no newspaper regularly printed in the county, by citation duly posted, to all persons interested in the ward, to show cause why such sale should not be made.

Sec. 105. It is the duty of the guardian to apply for such order, whenever it appears that the proceeds of the personal property and previous sales of real property will be insufficient to pay the debts and expenses of guardianship.

Sec. 106. If it should appear to the court that the discharge of such special lien out of the general assets, would be beneficial to the estate, the payment may be ordered to be so made, instead of ordering a sale of the property.

Sec. 107. All sales of real property, for the payment of debts, shall be made on a credit of twelve months, except where such sales are ordered for the satisfaction of a mortgage or other lien on the very property, in which case such sales shall be made on such terms as the court may direct, which shall be stated in the order of sale.

Sec. 108. All sales of real property shall be made in the county where the guardianship is pending, unless the real property is situated in another county, in which case the court may order the sale to take place in such county. And in all such cases the sale shall be advertised in both counties.

Sec. 109. The order of sale shall require the sales to be made, and account of sales returned before the next term of the court.

Sec. 110. The advertisement of the time and place of the sale of real property shall be sufficient if it state: First—The time of the sale. Second—The place of the sale. Third—The property shall be so described as to distinguish it from like property. Fourth—The estate to which the property belongs. Fifth—That the same is sold under an order of the court, at what term made, for the payment of debts. Sixth—It shall be signed by the guardian officially.

Sec. 111. The law regulating sales under execution, so far as the same relate to the advertisement and sale of real property and the proceedings incidental thereto, and are not inconsistent with the provisions of this act, shall apply to the sale of such property by guardian, under an order of sale for the payment of debts, the guardian being substituted for the Sheriff, the ward for the debtor, and holder of mortgage for the creditor. The guardian shall keep or cause to be kept a true account of all sales made, making a list thereof, specifying each article sold, the price for which it was sold, and the name of the purchaser, and shall annex to such list an affidavit, stating that it is a true account of the sales made by him at the time specified, and shall file it within twenty (20) days after the sale. Such accounts shall be recorded after allowing one term for objections to be made thereto.

Sec. 112. The court may direct the sale of real property to be made at private sale, for cash or on credit, if it shall appear to be for the interest of the estate. But in all such cases, before the court shall order a confirmation of the sale, it must be shown that it was fairly made, and in conformity to law, and that the sale was made for a fair price.

Sec. 113. At the first term of the court, when such account of sale shall have been returned, the court shall inquire into the manner in which such sale was made; and if it appear to have been fairly made, and in conformity to law, the court shall make an order confirming it, and directing conveyances to be made to the purchasers upon their compliance with the terms of the sale; if it does not appear to have been so made, an order shall be entered setting it aside and ordering a new sale, unless good cause shall have been shown in the meantime why such sale should not be made.

Sec. 114. The terms of sale of real estate in all cases, when made on credit, shall be that the purchaser give his note, bearing ten per cent. (interest) per annum from date, with good personal security, payable in the county, and secured by mortgage on the property purchased; provided, that said mortgage shall be executed at the time the conveyance is made by the guardian to said purchaser.

Sec. 115. The conveyance from the guardian to the purchaser, upon compliance with the terms of the sale, shall recite the decree of confirmation, and the recitation of the order of confirmation.

Sec. 116. If from any cause, the guardian should fail to sell any real property ordered to be sold, at the time specified in the order, he shall report the facts to the court or Judge, accompanied by his affidavit of the truth thereof, and the court or Judge may appoint another day for such sale, and so on, from time to time, until the property is disposed of. When the order appointing another day is made by the Judge in vacation, the same shall be transmitted to the Clerk and be filed by him and entered of record.

Sec. 117. Where any guardian of the estate of a person or minor

shall desire to remove the transaction of the business of the guardianship from one county in this State to another, he may be permitted to do so by an order duly entered.

Sec. 118. Before such order shall be entered, the sureties of such guardian shall be cited to show cause, if any they have, why such removal should not be made; and the guardian shall file a certificate from the Clerk of the county to which the removal is proposed to be made, attested by the seal of the court, that he has filed in such court a certified transcript of all the proceedings in relation to the guardianship.

Sec. 119. The guardian of the estate of a minor shall annually return to the court an account showing: First—Any property that may come to his knowledge or possession, belonging to his ward, which has not been previously inventoried. Second—Any changes in the property belonging to the estate of the ward, which have not been previously reported. Third—A complete account of receipts and disbursements since the last account. Fourth—The money on hand. Annexed to such account shall be the affidavit of the guardian, that it contains a correct and complete statement of the matters to which it relates.

Sec. 120. The guardian of the person, where there is a separate guardian of the estate, shall annually return an account, supported by his affidavit, showing the items of expenditure since the last account, for the education and maintenance of the ward.

Sec. 121. Every account presented to the court by the guardian, shall, without being acted on, be continued until the next term of such court.

Sec. 122. Notice of the filing of such account shall be given by citation to all persons interested in the ward, duly posted; if it purport to be a final account, the citation shall so state.

Sec. 123. The account, with any objections made thereto, may be referred to an auditor, to be examined and re-stated.

Sec. 124. The guardian must produce and file the proper vouchers for every item of credit claimed by him in his account, or support the same by satisfactory evidence.

Sec. 125. If the account be found incorrect, it shall be correctly stated; and when so corrected, or if found correct, it shall be confirmed and entered of record.

Sec. 126. A docket shall be kept, in which shall be entered a list of all guardians, the date of granting letters to each, the times at which each is required to return accounts, and whether or not such returns have been made.

Sec. 127. There shall be put up in a conspicuous place in the office, twenty days before each term of the court, a list of all guardians who are required to return accounts at the next term of the court.

Sec. 128. If any guardian fail to return accounts at the time prescribed by this act, he shall be cited to return the same at the next term of the court, and show cause for not having made the return according to law.

Sec. 129. If the guardian fail to return such account after being cited, and to show good cause for not having made the return according to law, he shall be fined in any sum not exceeding five hundred dollars, for the use of the county, and he and his sureties shall be liable for all fines imposed, and damages sustained, by reason of such failure.

Sec. 130. In the settlement of the account of the guardian, all debts

due the estate which the court is satisfied could not have been collected by due diligence, and which have not been collected, shall be excluded from the computation.

Sec. 131. All necessary and reasonable expenses, incurred by the guardian in the preservation and management of the ward's estate, and all necessary and reasonable expenses incurred by him in collecting claims or debts due the ward, or in recovering property to which the ward has a title or claim, shall be allowed, on proof, to be paid out of the estate.

Sec. 132. Attorneys' fees are allowable as part of the expenses of the guardianship, for services in a controversy or controversies between the estate and other persons, and includes fees for advice or assistance in the guardianship. There may be a controversy without a suit.

Sec. 133. On the application of the ward, when he shall have become of full age, or, being a female, shall have married, it shall be the duty of the court to cite the guardian to appear and make final settlement of the guardianship.

Sec. 134. A special guardian is one who is appointed by a court to take care of the interests of a minor in a suit or special proceeding which is pending or about to be commenced, and to which such minor or person of unsound mind is a proper party.

Sec. 135. A special guardian is appointed by the court, or the Judge or Justice thereof, in which the suit or special pleading is pending or about to be commenced, without notice.

Sec. 136. The duties and powers of the special guardian are the same, in such suit or special proceeding, as those of a general guardian would be.

Sec. 137. The special guardian gives bond and takes an oath to discharge his duties faithfully as a special guardian for the minor in the suit or special proceeding, and to pay over any money or deliver over any property which may come to his possession, according to the order of the court.

Sec. 138. A special guardian is not appointed if there be a general guardian, unless the latter is a party to the same suit or special proceeding in his own right, or has an interest therein adverse to that of the ward.

Sec. 139. The guardian of the person alone is entitled to no compensation.

Sec. 140. The guardian of the estate is entitled to five per cent. upon all sums that he actually receives or pays away in cash; and if he manages a plantation or manufactory for his ward, the court may allow him a reasonable compensation for such service.

Sec. 141. If information be given to the Judge of the County Court that any person in the county is of unsound mind or a habitual drunkard, without a guardian, the court, if satisfied that there is good cause for the exercise of its jurisdiction, shall cause such person to be brought before it, and inquire into the facts by a jury, if the facts be doubtful.

Sec. 142. When any Sheriff or Constable shall discover any person who resides in the county to be of unsound mind, without a guardian, he shall give information thereof, and like proceedings shall be had as directed in the preceding section.

Sec. 143. If it be found by the jury that the person so brought be-

fore the court is of unsound mind, or incapable of managing his own affairs, the court shall appoint a guardian of his person and estate.

Sec. 144. The court may, if just cause appear at any time during the term at which an inquisition is had, set aside the same, and cause a new jury to be summoned to inquire into the facts; but when two juries concur in any case, the verdict shall not be set aside.

Sec. 145. The same person shall be appointed guardian of the person and estate of a person of unsound mind or habitual drunkard.

Sec. 146. The guardian of a person of unsound mind or habitual drunkard shall continue in office, unless sooner discharged according to law, until the ward shall be restored to sound mind or to correct sober habits, or shall die.

Sec. 147. All the provisions of this act relating to the guardianship of the persons and estate of minors, shall apply to the guardianship of persons of unsound mind and habitual drunkards.

Sec. 148. Within thirty days after filing bond and taking the oath, the guardian of a person of unsound mind or habitual drunkard, if such notice shall not have been previously given by a former guardian, shall cause to be published in some newspaper regularly printed in the county, if there be one, a notice that all claims for money not presented to him for allowance within one year from a certain day (which shall be the day on which the filing of the bond and taking the oath were complete), will be postponed until the claims presented within that time are paid; and he shall also, within said time, cause the same notice to be posted in three of the most public places in the county, not within the same city or town, one of which shall be the court-house door. Such notice shall be published at least once a week for four successive weeks.

Sec. 149. If the guardian of a person of unsound mind or habitual drunkard fail to cause notice to be given as prescribed in the preceding section, he shall be liable for any damage which any person may sustain by reason of the failure of such person to present his claim for allowance within the year, unless it appear that such person had notice of the grant of letters of guardianship.

Sec. 150. The term "within the year," and "after the year," as used in this act mean within or after a year from the original grant of letters of guardianship.

Sec. 151. The provisions of this act relative to claims apply, not only to claims for money, but they also apply to claims for uncertain damages for injury or breach of contract, as well as to claims the amounts of which are susceptible of being ascertained by calculation.

Sec. 152. The provisions of this act relative to claims do not apply to legacies or to claims acknowledged by will. But a claim acknowledged by will may be resisted by a creditor, and reduced to the class of a legacy if proved not to have been really due.

Sec. 153. A claim is said to be "allowed" or "rejected" by the guardian, and to be "approved" or "disapproved" by the court; those terms referring, when used by the court, to the claim, and not to the action of the guardian.

Sec. 154. The guardian shall not allow, and the court shall not approve, any claim, except as provided for in Section 95 of this act, unless it be accompanied by an affidavit of the claimant "that the claim is just, that nothing has been paid or delivered towards the satisfaction of such claim, except what is mentioned or credited (if any), that there

are no counter-claims known to affiant which have not been allowed (if any), and that the sum claim is justly due."

Sec. 155. Where the claim is not founded on an instrument in writing or an account, in addition to the statements required by the preceding section the affidavit must state the facts on which the claim is founded.

Sec. 156. Where a claim belongs to a corporation, the cashier, treasurer, or managing agent shall make the affidavit required to authenticate it.

Sec. 157. When an affidavit is made by an officer of a corporation, executor, administrator, trustee, assignee or attorney, it shall be sufficient to state in such affidavit "that he has made diligent inquiry and examination, and that he does verily believe that nothing has been paid and delivered towards the satisfaction of such claim, except the amount credited (if any), that there are no counter-claims which have not been allowed (if any), and that the sum claimed is justly due."

Sec. 158. A claim which the guardian held against the ward at the time of his appointment, or which has since accrued, is exhibited by being filed, verified by the affidavit of the guardian; after which it takes the same course as other claims.

Sec. 159. When a claim is presented to the guardian, properly authenticated, he shall endorse thereon or annex thereto a memorandum in writing signed by him, stating the time of its presentment, and that he allows or rejects it, or what portion thereof he allows, if any.

Sec. 160. The failure or refusal of a guardian to endorse on or annex to any claim presented to him, his allowance or rejection thereof shall be deemed to be a rejection; and in such case the costs, if the claim be established, shall be adjudged against the guardian, to be paid out of his own estate.

Sec. 161. After a claim has been presented to the guardian and allowed, the claimant shall file it with the Clerk of the County Court.

Sec. 162. When a claim, or a part thereof, has been rejected, the claimant, if he does not submit thereto, shall institute suit thereon within ninety days after its rejection by the guardian, or the same shall be barred.

Sec. 163. At each term of the court all claims which have been allowed and filed shall be examined and approved or disapproved by an order duly entered; all claims which have been presented, whether allowed or approved or not, shall be assigned to their proper class. Claims may be referred by the court to an auditor, and the action of the court may be based upon his report.

Sec. 164. At each term of the court, in like manner, all claims which the guardian shall have been sued upon, and shall be established by suit, shall be examined and classed.

Sec. 165. When a guardian is sued upon a rejected claim, the endorsement thereon or annexed thereto of its rejection, shall be taken to be true without proof, unless it be denied under oath.

Sec. 166. Any person interested in the guardianship may appear and contest any of the claims, and shall be entitled to process to compel the attendance of witnesses, as in ordinary suits.

Sec. 167. Although a claim be properly authenticated and allowed, if the court is not well satisfied that it is just, it shall send for persons and papers and may examine the claimant and the guardian under oath. If the court be not entirely convinced in such case by evidence

other than the testimony of the claimant that the claim is just, it shall be disapproved. Suit may be brought to establish a claim which has been disapproved, within ninety days after such disapproval.

Sec. 168. The order of approval of a claim has the force and effect of a judgment.

Sec. 169. A claim is said to be legally exhibited: First—When it is properly presented to the guardian, and after being allowed by him is filed; or, Second—After being rejected by him, suit is commenced thereon.

Sec. 170. A claim is said to be established when it has been allowed by the guardian, and approved by the court; or, when in such suit thereon by the claimant, it has been sustained by the court.

Sec. 171. It is the duty of the guardian to report to the court a list of all judgments and special liens presented to him for allowance; and in like manner all suits for money pending against the ward at the time of the appointment and revived against the guardian, and all claims which have been presented or rejected.

Sec. 172. Claims which have not been legally exhibited within the year, may be exhibited at any time afterwards, before the estate is closed, or suit on such claims would be barred by the general law of limitations.

Sec. 173. The general law of limitations is interrupted: First—By filing a claim which has been allowed. Second—By presenting a claim, and commencing suit thereon within ninety days after its rejection or disapproval.

Sec. 174. Where a claim is lost or cannot be produced, the claimant may make an affidavit of the facts and present it to the guardian, or cause it to be filed with the same effect as the claim itself; but, in such case, the claim must be proved by disinterested testimony produced in court or taken by deposition, before it shall be approved.

Sec. 175. Where, by reason of a claim, being a claim against another person, or other like sufficient cause, it is inconvenient for a claimant to permit the same to remain on file, the court may, after such claim shall have been approved, order a copy thereof to be retained, and certified by the Clerk, and the original to be delivered to the claimant or his attorney.

Sec. 176. A docket shall be kept which shall be known as the claim docket. It shall be ruled at proper intervals from top to bottom, with a short note of the contents at the top of each column. One or more pages shall be assigned to each estate, in proportion to the probable number of claims which will be exhibited against it. In the marginal column shall be entered the names of the claimants, in the order in which their claims are filed, and when they are filed; the second column shall contain the amount of the claim; the third, its date; the fourth, when due; the fifth, the date from which it bears interest; the sixth, the rate of interest; the seventh, when allowed, in whole or in part, by the guardian; the eighth, the amount allowed; the ninth, the date of rejection; the tenth, the date of filing; the eleventh, when approved; the twelfth, the amount approved; the thirteenth, when disapproved; the fourteenth, the class to which the claim belongs; the fifteenth, when established by suit in the court; the sixteenth, the amount of judgment. When the entry is of any act in the court, the docket and the page shall be stated. An index shall be kept, showing the names of the wards, and the page on which the abstract of claims against them will be found.

Sec. 177. The court by which any person of unsound mind or habitual drunkard is committed to guardianship, may make order for the support of his family, and the education of his children.

Sec. 178. If any person shall be furiously mad, or so far disordered in his mind as to endanger his own person, or the person or property of others, it shall be the duty of his guardian, or other person under whose care he may be, and who is bound to provide for his support, to confine him in some suitable place until the first term of the County Court of his county, which shall make such order for the restraint, support and safe keeping of such person as the circumstances shall require.

Sec. 179. If any such person of unsound mind, as in the last section specified, shall not be confined by those having charge of him, or if there be no person having such charge, any Judge of the County, District or Supreme Court, or Justice of the Peace of the county, may cause such insane persons to be apprehended, and may employ any person to confine him in some suitable place until the court shall make further order thereon, as provided in the preceding section.

Sec. 180. The father and mother of persons of unsound mind and habitual drunkards, shall maintain them at their own charge, if able to do so; and the children and grandchildren of such persons shall maintain them at their own charge, if able to do so.

Sec. 181. The expenses attending the confinement of an insane person shall be paid by the guardian out of the estate of the ward, or by the person bound to provide for and support such insane person.

Sec. 182. In all cases of appropriations out of the County Treasury, for the support or confinement of any person of unsound mind, or habitual drunkards, the amount thereof may be recovered by the county from any person, who, by law, is bound to provide for the support of such person of unsound mind or habitual drunkard, if there be any such person able to pay the same.

Sec. 183. If any person shall allege under oath that a person declared to be of unsound mind or a habitual drunkard, has been restored to his right mind, or to correct, sober habits, the court shall inquire into the fact by a jury, if the fact be doubtful.

Sec. 184. If it be found that such person has been reformed or restored to his right mind, he shall be discharged from guardianship, and the guardian shall immediately settle his accounts and deliver up all the property remaining in his hands.

Sec. 185. In case of the death of any such ward, while under guardianship, the power of the guardian shall cease, and he shall immediately settle his accounts and deliver the estate to the person or persons entitled to receive it.

Sec. 186. The following papers shall be copied at length in the record, or in dockets specially provided for the purpose: First—All notices, whether published or posted, with the return thereon. Second—All wills and the testimony on which the same are admitted to probate. Third—All bonds and official oaths. Fourth—All inventories and appraisements. Fifth—All accounts of sales. Sixth—All reports, returns and accounts. Notices shall be copied in connection with the proceedings had upon the return thereof. Proper indexes shall be kept, in the names of the deceased persons and wards, referring to every order, proceeding and recorded paper.

Sec. 187. Every order made in term time or in vacation, shall state whether any opposition was made, and by whom made, if any. Orders

made in vacation shall be filed with the Clerk and be entered of record.

Sec. 188. Certified copies taken from the record of all papers required to be recorded shall have the same effect as copies taken directly from the originals.

Sec. 189. The provisions of law regulating costs and security therefor, shall apply to costs in matters of probate, so far as the same are not controlled by the succeeding sections of this act.

Sec. 190. The costs incurred in the exhibition and establishment of claims shall be taxed as follows: First—If a claim which has been allowed be disapproved, the claimant shall pay the costs. Second—If a claim which has been rejected be established, the estate shall pay the costs.

Sec. 191. In all cases where a guardian or trustee shall neglect the performance of any duty required of him, and shall be notified to appear before the court on account thereof, he shall pay all costs of such proceedings out of his own estate.

Sec. 192. In cases where a party shall make any application or opposition, and on the trial thereof he shall be defeated, he shall be liable for all costs occasioned by such application or opposition.

Sec. 193. The costs of partition and of distribution must be paid by the respective parties in proportion to their interests.

Sec. 194. When any person shall be found to be of unsound mind, the costs of the proceedings shall be paid out of his estate, or if that be insufficient, by the county.

CHAPTER CXIII.—An Act to provide for the resumption by the State of the possession and control of the State Penitentiary, at Huntsville, and of all the property and convicts belonging thereto, and to provide for the settlement of all matters between the lessees and State, growing out of the termination of the lease of said penitentiary, and to provide for the management and control of said penitentiary and convicts after the termination of said lease, and to make the necessary appropriations therefor.

Section 1. Be it enacted by the Legislature of the State of Texas, That the Governor be and he is authorized and required at such time and in such manner as he may deem necessary or expedient to take and resume, in behalf of the State, the possession, control and management of the penitentiary, at Huntsville, and all the property and convicts belonging thereto, whether within or without the walls of said penitentiary, and upon such resumption, the lease heretofore made to A. As soon as practicable after resuming possession of said penitentiary, the Governor shall, in behalf of the State, appoint and employ such appraisers, accountants, arbitrators, and counsel to represent the interests of the State, as he may think necessary, and take any and all other steps which he may deem proper for the purpose of securing a fair, just and equitable settlement of all claims, demands, accounts and controversies of every character whatsoever between the State and said lessees, growing out of or arising under or incident to the leasing of said penitentiary to said lessees and the determination of said lease; provided, that in any settlement to be made the State shall not take any property, real or personal, or any machinery, materials or other thing belonging to the lessees, which under the lease the State is not required to take unless such property, machinery, material or other thing be necessary for or can be utilized in operating the penitentiary, or unless the taking of such property be necessary to liquidate indebtedness of said lessees to the State, in which case the same may be received at the appraised value; and in making the settlement, property, real or personal, may be exchanged, and the Governor may execute in the name of the State any deeds or other conveyances required for this purpose.

Sec. 3. If upon a settlement, as provided for in the preceding section, the State be found to be indebted to said lessees, and such settlement be certified by the appraisers and arbitrators, the Governor, if he approve such settlement, shall direct the Comptroller to draw his warrant on the Treasurer in favor of said lessees for the amount of such indebtedness; provided, that said lessees, before being entitled to receive such warrant, shall execute and file with the Comptroller a full release, discharge and acquittance in substance, form and manner as may be directed by the Governor.

Sec. 4. If no satisfactory settlement as contemplated by the preceding sections can be made, then either the State or said lessees, or both, may bring suit in the District Court of Travis County for the enforcement and adjustment of any right or claim or the recovery of any balances between the State and said lessees; and appeal, or writ of error, may be prosecuted from any final judgment or decree of said District Court, as in other cases; provided, that nothing contained in this section shall be construed to prevent the State from suing said lessees or either of them, or their or either of their sureties, on their bonds; or from adopting or pursuing any other or different legal measures for the enforcement of any claim or right in behalf of the State, of any character whatsoever; or for the recovery from said lessees of any property, sum, balances or penalties, to which the State may be entitled; and provided further, that in no suit or proceeding in any court of the State, shall the State be required to pay any costs or give any bond.

Sec. 5. office for two years, each of whom shall receive an annual salary of two thousand dollars, to be paid quarterly out of the State Treasury, who, in conjunction with the Governor, shall take such measures and adopt such rules and regulations for the control and management of the penitentiary and the convicts belonging thereto as may be deemed best, not inconsistent with the laws prescribing the treatment and management of convicts; and such rules and regulations shall be binding upon all officers of the penitentiary, guards, employes, hirers of convict labor, and all others in any way connected with the penitentiary, or the convicts within or without the walls; and one of said Commissioners shall, at least twice in each month, visit the penitentiary and each place at which convicts may be employed; and said Commissioners shall meet and confer twice each month on matters pertaining to the penitentiary and its management, and shall, once in each month, make a full report to the Governor upon all such matters as he may require connected with the penitentiary and the management of the convicts, and discharge such other duties as may be required by the Governor, or by law; and said Commissioners may be removed at the discretion of the Governor.

Sec. 7. Upon the resumption of the State Penitentiary, under the provisions of this act, the Governor is hereby authorized and required as soon as possible to lease the same by public advertisement, for such time not to exceed fifteen years, and upon such terms and conditions as may be deemed best, special regard being had, as far as practicable, to the exaction of the penalty imposed by law on each convict, and to the protection, well being and humane treatment to which each convict is entitled at the hands of the State; and any lease made shall be subject to the approval or revocation of any Legislature of the State thereafter convening, and to any and all laws touching the penitentiary or convicts, thereafter passed, and any failure on the part of the lessee or lessees, to carry out, in good faith, any of the terms of such lease or to comply with any of the conditions and stipulations of any bond which may be given by them, shall operate as a forfeiture of all authority and powers under such lease, and the Governor may at once declare the same terminated, and again resume possession and control, as though such lease had not been made; and no lease shall be made by which the control of the prisoners, except as to a reasonable amount of labor, shall pass from the State or its officers to the lessees; and the State shall, in all cases, and under all circumstances, retain the absolute control of the persons of the convicts, put them to or withdraw them from any kind of labor; station and remove them at or from any point inside or outside of the prison; make or change at pleasure, all rules for the discipline and punishment of convicts; prescribe regulations for their food, clothing, nursing, instruction and guarding; and any lease made shall be subject to the reservation of these rights and powers on the part of the State, whether so stated in the lease or not; the object of these limitations being to prevent the State, under the guise of contract, from parting with the right to direct how, at any time and under all circumstances, convicts shall be lodged, fed, clothed, worked and treated; provided, that no convict shall be hired or leased to do any labor outside of prison walls, and detached from the prison when there is sufficient room for their accommodation within the walls of the penitentiary or penitentiaries of the State, and their labor can be utilized within said prison; provided, that if the Governor shall be unable to

again lease the penitentiary as required in this section, the same shall be managed and controlled as the law may direct.

Sec. 8. The right to hire or operate convicts outside the prison walls is hereby expressly given, but this right shall be exercised only under such rules, and with respect to such class or classes of convicts as the Governor and Commissioners may prescribe.

Sec. 9. For the purpose of providing the means with which to operate said penitentiary, feed, clothe, manage, guard and utilize the labor of the convicts, in case the possession and control of said penitentiary, its property and convicts shall, as hereinbefore provided, be resumed by the State, the sum of thirty thousand dollars, or so much thereof as may be necessary, be and the same is hereby appropriated, out of the State Treasury, to be paid out of any moneys not otherwise appropriated on the warrants of the Comptroller, which warrants shall be issued only upon accounts approved by the Governor, or any two of said Commissioners, and the receipts and disbursements of all moneys shall be governed by such rules as the Governor and said Commissioners shall prescribe.

The Treasurers of the several counties in this State shall be Treasurers of the available public free school fund for their respective counties; and they shall be allowed only one per cent. commissions for disbursing the same, but shall be entitled to no commissions for receiving or collecting the same; provided, that should the Collector of Taxes of the county make default in paying over to the Treasurer on the certificate of the Board of Education, in a reasonable time, such Treasurer shall be allowed in settlement of his account such exchange for collecting the pro rata distributive portion of school fund due his county as may be allowed and certified to by the Board of Education.

Sec. 23. On receipt of notice from the Board of Education of the amount of State fund apportioned to the county, the County Treasurer shall execute bond for double the amount thus apportioned, with two or more good securities, to be approved by the County Judge, conditioned that he will safely keep and faithfully disburse the school fund according to law, and pay such warrants as may be drawn on said fund by competent authority. No certificate entitling said Treasurer to receive said pro rata of the school fund shall be issued by the Board of Education until a certificate has been received by said Board of Education from the County Judge, that the bond herein required of the Treasurer has been executed according to law, and that it has been filed and approved by the County Judge; provided, that such bond, when once executed by the County Treasurer, shall entitle him to receive the pro rata of the school fund for his county annually, until otherwise ordered by the Board of Education.

Sec. 24. The County Treasurer shall keep a record of all school funds received by him, showing the year for which the same are to be disbursed, and shall credit school communities, after numbering and otherwise designating such communities, with such amounts as may be apportioned to them by the County Judge. All balances of the general fund not appropriated for the current year shall be carried over by the Treasurer as part of the general fund for the county for the succeeding year, and balances unexpended or unappropriated for a school community shall be carried over for the benefit of such school community if it be reorganized for the following year; and if it be not reorganized, shall be added to the general fund for distribution for the general benefit of the county at large.

Sec. 25. That where there is any money or other property in the County Treasury to the credit of any school district, as constituted un-

der the law repealed by this act, upon application to the County Judge by the trustees of any school community, incorporated city or town composing a part of said district, it shall be the duty of said County Judge to notify the trustees of the school communities composing the balance of said district to appear before him on a day named in said notice; and upon said date he shall enter up his order, making an equitable partition and distribution of said money and other property to the various communities, incorporated cities and towns, composing said original district; a copy of which order shall be delivered to the County Treasurer for his guidance, and the fund so distributed shall constitute a part of the available school fund for said communities; provided, that this section shall not be construed to authorize the sale of any real estate already appropriated or purchased for public school purposes, situated in an incorporated city or town, constituting a separate school district, until the consent of the municipal authorities has been obtained; and provided further, that out of said money in the County Treasury to the credit of any school district, the amount or amounts due teachers to 31st of August, 1876, under the law repealed by this act, shall be first paid before said money or property shall be partitioned and distributed to the various communities.

Sec. 26. It shall be the duty of the Sheriffs or Tax Collectors of the several counties to pay over to the County Treasurers thereof all money collected by virtue of any school tax heretofore levied, and all persons who, while holding the office of Sheriff, have collected such money and have not accounted for the same, shall be liable on their official bonds therefor. And all moneys in the hands of the Treasurers of the School Boards, of the Tax Collectors and the County Treasurer, that have been, or may hereafter be, collected or paid into the County Treasury, are hereby placed under the control of the County Commissioners' Court, and shall be paid out on warrants drawn by their order for such purposes as are now, or may hereafter be, provided by law. And the County or District Attorney shall institute suit against any and all persons who fail or refuse to comply with the provisions of this section.

Sec. 27. Upon receipt of a certificate from the Board of Education, countersigned by the Comptroller of Public Accounts, stating the amount of the available school fund to which any county is entitled, the Treasurer of such county shall present the same to the Collector of Taxes of his county, who shall pay the amount therein specified, from time to time, as taxes payable in the State Treasury, which payment shall be receipted for on the certificate, and also a receipt shall be given to the Collector; and when the whole is collected, the County Treasurer shall deliver the said certificate to the Collector of Taxes, in whose hands it shall be a voucher for so much money in his settlement with the Comptroller of the State.

Board of School Examiners.

Sec. 28. It shall be the duty of the County Judge to appoint a Board of School Examiners for his county, for each scholastic year, consisting of three well educated citizens of the county, who shall examine, before their employment, all teachers of public free schools, for which service they shall receive from each applicant examined by them three dollars. Every teacher, before being employed to teach any of the public free schools of this State, must obtain from the County Judge, on the report of the Board of School Examiners, a certificate of qualification; and no

teacher can make a legal contract to teach a public free school without first obtaining such certificate.

School Communities.

Sec. 29. Parents and guardians, or next friend, of any minor, residents of any county of this State, on or after the first Monday of January, and up to the beginning of the next scholastic year, in order to avail themselves of the benefits of the available school fund for their county, for the scholastic year, beginning the next succeeding September, may organize themselves into school communities, embracing such population as may agree to avail themselves of the benefits of the available public free school fund, on the following terms, viz: They shall make out a list to be signed in person by such parents and guardians as desire to avail themselves of the available school fund; which list shall include the names and ages of children to be instructed, who may be within the scholastic age, on the first day of the next September, which names of children shall be made in alphabetical order, which list shall also include all minors within scholastic age in said community, who have no legal guardians; said list, together with an application to the County Judge, stating that they desire, in good faith, to organize a school at such place as they may designate, shall be filed with the County Judge; said application shall also show the capacity of the school houses, and school conveniences, if any. The Assessor, when taking the scholastic census, shall also ascertain to what community each child belongs; and if it appears that any child is not included in any community list, the County Judge shall assign such child to the most convenient and appropriate community, and set apart to said community such a child's pro rata of the fund.

Sec. 30. The application to establish a school, in case there be a school house reported, shall ask that the pro rata of the available school fund, properly due to the number of children reported, be credited to said school community.

Sec. 31. On receipt of such a petition from a school community, the County Judge shall compare the list of pupils presented in such application with the census made out by the County Assessor, and if the names of the children within scholastic age appear on said list, or if proof be made that they should have been placed on said list, and the County Judge be satisfied that the petition is in good faith, he shall enter an order, in a book kept for that purpose, sanctioning the establishing of said school community, and shall designate it by its name and number.

Sec. 32. School communities may be organized, when population will permit, for separate male and female schools, or for mixed schools, male and female, as the necessities and condition of each community may require. Three trustees shall be appointed by the County Judge for each community, who shall discharge such duties as are herein prescribed, or which may be prescribed by the Board of Education, and who shall see that the school for which they are trustees shall be conducted in accordance with the provisions and limitations of this act.

Sec. 33. After the receipt from the Board of Education of a certificate showing the amount of State school fund due the county for the next succeeding scholastic year, the County Judge shall apportion the same to the scholastic population of his county, according to the last census taken by the Assessor, as the same may have been corrected by

inserting or omitting names, and direct the County Treasurer to credit the school communities, by number and name, with the amount of said school fund to which their scholastic population may be entitled in the aggregate.

Sec. 34. The trustees of any school community, already provided with a school-house, desiring to avail themselves of the benefits of a public free school, shall employ a teacher holding a certificate of competency, issued by the Board of Examiners herein provided for, to teach school for such community at such time during the scholastic year as they may designate, having due regard for the convenience of the community: provided, however, that every school shall be taught, as nearly as practicable without intermission for the period contracted for with the teacher.

Sec. 35. The trustees of each school community shall contract with the teacher to continue the school for the longest time they may be able to agree, for the benefit of the pupils within the scholastic age, for the pro rata of the school fund to which such community may be entitled, permitting said teacher to instruct, in said school, pupils over or under the scholastic age, and to teach branches not herein prescribed as the public school course of study, at such rates as he and the patrons may agree upon; provided, that no school with one teacher shall exceed forty pupils, except by the consent of the trustees.

Sec. 36. The contract between the trustees and the teacher shall be in writing, and shall specify the number of months the school is to be taught, and the wages per month. After being signed by the trustees and teacher, it shall be filed with the Clerk of the County Court, who shall safely keep the same; provided, teachers shall not receive more than one dollar and fifty cents per month for each pupil within the scholastic age in any school community.

Sec. 37. The Board of Education shall provide teachers with a register, in which the names, age, studies, and daily attendance of pupils shall be recorded; and with the blank forms to enable them to make proper reports through the County Judge to the Board of Education about such matters as the Board of Education may instruct.

Sec. 38. The amount contracted by trustees to be paid a teacher shall be paid on a check drawn by a majority of the trustees on the County Treasurer and approved by the County Judge. The check shall, in all instances, be accompanied by the affidavit of the teacher that he is entitled to the amount specified in the check as compensation under his contract as a teacher.

Sec. 39. A child within scholastic age entered at one public school shall afterwards receive no benefit of the school fund by attending another public school during the scholastic year.

Sec. 40. A teacher's certificate shall be canceled on account of such misconduct or immorality as the Board of Trustees shall report to the County Judge disqualifying him, in their opinion, for the instruction of children.

Sec. 41. County Judges shall be paid for the services required of them under this act such amount as may be allowed by the Board of Education, not to exceed one hundred dollars for any scholastic year, to be paid out of the available school fund.

Sec. 42. When the nearest school community for children within scholastic age residing near a county line is situated in an adjoining county, such school community may receive such children, for whose

tuition the teacher shall be paid by the County Treasurer of the county in which said children reside, on presentation of the account of the teacher, certified to by the Board of Trustees of the community school, and approved by the County Judge of the county in which the children reside. Such payment shall be made according to the pro rata of the school fund for distribution in the county where such children reside; and in all such cases, notice that said children are attending school out of the county of their residence shall be given, in writing, to the County Judge of the county in which they reside during the first four weeks of the session. Such notice, after being received by him, shall be filed with the Treasurer of the county in which said children reside.

Teachers.

Sec. 43. Any one desiring to teach a public free school shall, unless known to the County Judge, present a certificate from the Justice of the Peace of the precinct in which he or she desires to teach, or in which he or she may reside; or, in case the applicant has acquired no residence in this State, then some other certificate satisfactory to the County Judge, that he or she is a person of good moral character and of correct, exemplary habits. The County Judge shall thereupon, unless satisfied that some good cause exists for refusing such certificate, convene the County School Board of Examiners, and direct an examination of the applicant on the following branches, viz: Orthography, reading, writing, English grammar, composition, geography and arithmetic.

Sec. 44. On report by the Board that the applicant is competent to teach, the County Judge shall cause the same to be filed by the Clerk, and shall issue a certificate of competency to the teacher, authorizing him to contract with trustees of any school community to teach a school as contemplated by this act; which certificate shall be valid in the county where issued for the current scholastic year, and may be renewed by the County Judge for any subsequent year without examination, if the Judge be satisfied of the propriety of such renewal.

Sec. 45. The time for teaching public free schools shall be at such seasons of the year as may be fixed by the Trustees of each community, who, in determining the same, shall be guided by the convenience or interests of the parents and guardians, so as to secure the largest attendance of scholars with the least injury to home interests.

Sec. 46. Public free schools shall be closed on every Saturday, on Christmas and New Year's Day, on national or on State Thanksgiving Day, on the twenty-first day of April (the anniversary of the battle of San Jacinto), and on every national holiday. The session shall continue seven hours each day, and may continue longer by agreement with teacher and trustees.

Sec. 47. It shall be the duty of teachers to keep an accurate record of daily attendance of each pupil, and all other statistics required by the Board of Education necessary to make a complete report at the end of the term, which shall be filed with duplicate abstracts thereof with the Clerk of the County Court, one of which shall be forwarded by the County Judge to the Board of Education.

Sec. 48. Teachers, on the organization of their schools, shall determine the books of instruction to be used, subject to the approval of their community trustees, having due regard to the convenience of the parents with regard to books already purchased.

School-houses.

Sec. 49. When a school community, organized on the application of parents and guardians as herein provided, has no school-house, and a majority of its members are willing to assist, with their private means or labor, in building one, and shall donate a school-site for neighborhood public free school purposes, and deliver a deed therefor to the County Judge, executed to him and his successors in office in trust for public free school purposes, and shall pay for the registry of the same, they shall state the amount they propose to invest of their private means, and the value of the labor and material they propose to furnish free of charge for the erection of said house, and ask that the pro rata of the school fund to which the children in such community would be entitled may be set aside to assist in building said school-house. And the trustees of school communities, upon the order of the County Court, or the municipal authorities of any city or town constituting a separate school district, are hereby authorized and empowered, when deemed advisable, to sell any property belonging to said school community to the highest bidder, for cash or on time, as they may see proper; and apply the proceeds to the purchase of necessary grounds, or to the building, repairing or renting of school-houses.

Sec. 50. Upon receiving the application described in the foregoing section, the County Judge may enter an order granting said application; and notify the County Treasurer to credit such school community with the fund that may be apportioned thereto for building a school-house; provided, that the amount of money, labor, and material subscribed, together with the pro rata of the available school funds for one year to which said community would be entitled, would be sufficient to erect a comfortable school-house, with a capacity adequate to accommodate the children that may belong to said school community; provided, also, the community shall furnish one-half the amount necessary to build the house.

Sec. 51. Every school-house erected under the provisions of this act shall be erected under a contract for building, made with the school trustees of the school community who shall have control and direction of the work; and all accounts for labor and material furnished for said school-house shall be approved by them, and paid out of the fund apportioned to the school community for building purposes, on warrant of County Judge; but no such account shall be paid until the house is completed, unless the County Judge be fully satisfied, from securities deposited with the County Clerk for the use of the public school fund of the county, that the money, work, and material subscribed will be forthcoming when required in the progress of the work; provided, that nothing contained in this act shall be so construed as to prevent any school community from using the funds indicated in this section for being used in the purchase as well as the building of a school-house when the provisions of this section are complied with in reference to the title to the same.

Sec. 52. When the trustees of any school community not having a public school-house shall determine it to be to the interests of the community they represent to rent or lease a house for school purposes instead of building one, they are authorized to rent or lease the same for the scholastic year; the rent so contracted to be paid by the County Treasurer out of the school fund to which the children in such com-

munity would be entitled, upon the warrant of said trustees, approved by the County Judge; provided, the amount of rent so contracted shall not exceed six dollars per month for a suitable house, to be adjudged of by said trustees; which house so rented, for the time, shall be, as shall also each and every other community school-house, under the control of the trustees of the school community for school purposes, and for such other uses for the convenience of the neighborhood as may not interfere with school interests, but subject to the discretion of the school trustees. All school-houses erected under the provisions of this act shall be subject to the control of the trustees of the school community for whose benefit the same was erected; and, when deemed advisable, may be disposed of as provided for in section 49 of this act.

Sec. 53. A school-house, constructed in part by voluntary subscription by colored parents and guardians and for a colored school community, shall not be used, without the consent of the colored community assisting in its erection, for the education of white children; and a like rule shall protect the use of school-houses erected in part by voluntary subscription of white parents or guardians for the benefit of white children.

Sec. 54. In no case shall any school, consisting partly of white and partly of colored children, receive any aid from the available school fund, but the two races shall always be taught in separate public free schools.

Sec. 55. Any incorporated city or town in this State may have exclusive control of the public schools within its limits; provided, they determine so to do by a majority vote of the property tax-payers of said city or town; and the Council or Board of Aldermen thereof are invested with exclusive power to maintain, regulate, control and govern all the public free schools now established or hereafter to be established within the limits of said city or town; and they are furthermore authorized to pass such ordinances, rules and regulations not inconsistent with the Constitution and laws of this State, as may be necessary to establish and maintain free schools, purchase building sites, construct school-houses, and generally to promote free public education, within the limits of their respective cities or towns.

Sec. 56. When any such city or town shall, in good faith, elect to assume control and management of the public free schools within its limits, and shall have notified the State Board of Education, and the County Judge of the county in which it is situated, it shall receive from the Collector of Taxes in the county, on the certificate of the Board of Education, such a proportion of the public revenue in his hands as its scholastic population may entitle it to, which certificate shall be a voucher in the hands of the Collector of Taxes for so much money in his settlement with the State Comptroller. Such an additional amount as a city or town having control of public free schools may desire to raise by taxation for school purposes, shall be levied upon the taxable property in the limits of said town or city, in accordance with the usual assessment of taxes for municipal purposes; but such additional tax shall not exceed one per cent. on the city assessment of taxable property within its limits, and shall not be levied unless at an election, held for that purpose, two-thirds of those paying a tax on property in said city or incorporated town, to be determined by the last assessment rolls of said city or town, shall vote therefor. Schools thus organized and provided for by incorporated cities or towns shall be subject to the

general laws of the State, so far as the same are applicable; but each city or town having control of schools within its limits shall constitute a separate school district, and may, by ordinance, provide for the organization of schools, and the appropriation of its school fund in such manner as may be best suited to a dense school population.

Sec. 57. The title to all houses, lands and other property, now owned or which may hereafter be purchased or acquired by a city or town for the benefit of public free schools, and all houses, lands or other property, purchased for the benefit of public free schools in the county, and lying within the limits of any town or city, which may have assumed control and management of the public free schools within its limits and conformity with law, shall be vested in the City or Town Council or Board of Aldermen, in trust for the sole use of public free schools established under this act; but no houses or lands so held in trust, or that may hereafter be acquired for the benefit of public education, shall be sold or otherwise diverted from the use herein indicated, without the consent of the State Board of Education.

Sec. 58. The apportionment of the available public free school fund to be made by the Board of Education for the scholastic year, beginning September first, 1876, shall be made on the basis of the apportionment for the year ending August 31, 1875.

Sec. 59. For counties organized since September 1, 1875, the Board of Education, for the first scholastic year, shall apportion the available school fund on the most reliable data, as to population, accessible.

Sec. 60. The annual apportionment for the support of public free schools for the scholastic year subsequent to August 31, 1876, and prior to the scholastic year which will begin after the next regular session of the Legislature, shall be based on estimates, to be furnished by the State Comptroller, of available school funds that may be received for said year.

Sec. 61. For the scholastic year begin(n)ing September 1, 1876, school communities may organize and apply for the benefit of the available public free school fund at any time prior to January 1, 1877.

Sec. 62. County school officers, and school officers for cities and towns, under school laws in force prior to the passage of this act, shall continue to discharge the duties of their respective offices under existing laws in the disbursement of school funds already appropriated, until August 31, 1876, and shall make settlement with the County Judge in their counties, who shall cause to be turned over any balance, unexpended of school funds, to the County Treasurer, subject to the provisions of this act.

Sec. 63. Immediately on the passage of this act, five thousand copies of the same shall be published by the Board of Education, and at once, such number as the Board may direct, shall be sent to each County Judge in the State.

Sec. 64. On account of the emergency resulting from the necessity of immediately promulgating this act, that the people may be advised of their rights under the same, and in time to prepare for the next scholastic year, this act shall take effect and be in force from and after its passage.

Approved August 19, 1876.

Takes effect from passage.

CHAPTER CXXI.—An Act to authorize the Commissioners' Court to procure buildings for the use of the County Courts in certain cases.

Section 1. Be it enacted by the Legislature of the State of Texas, That the Commissioners' Court in any of the counties in this State may provide buildings, rooms or apartments at the county seats, other than the court-house, for holding the sessions of the County Courts.

Sec. 2. There being a number of court-houses in this State too small in which to hold the terms of the District and County Courts, at the same time, a public necessity and emergency exist for the passage of this law; therefore, the same shall take effect from and after its passage.

Approved August 19, 1876.

Takes effect from its passage.

CHAPTER CXXII.—An Act to amend the act of 8th of November, 1866, amending an act entitled: "An Act to establish a Penal Code," approved August 26, 1856.

Section 1. Be it enacted by the Legislature of the State of Texas, That the act of the 8th of November, 1866, amending an act entitled: "An Act to establish a penal code for the State of Texas," approved August 26, 1856, be and is hereby amended so as to read as follows:

"Sec. 2. The owner or keeper of any horse, mare, gelding, mule, jack, jennet, colt or other animal diseased with glanders or farcy, be and is hereby required to keep the same in a safe and secure place, either in a lot or stable upon his or her own premises, at sufficient distance, and separate and away from any and all other stock, either his own or of any other person, liable to catch and communicate said disease, and shall keep the same in such close and separate confinement during the existence of said disease, and until the same is permanently cured; and any person who shall wilfully or knowingly fail or refuse to place said diseased animal in such confinement after the fact is made known to him that said animal is so diseased, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined in any sum not less than twenty-five dollars nor more than two hundred dollars, or be confined in the county jail for not less than ten days nor more than three months."

Sec. 3. Whereas, diseases are prevalent among horses in certain portions of this State, an imperative public necessity exists that this act take effect and be in force from and after its passage.

Approved August 19, 1876.

Takes effect from its passage.

CHAPTER CXXIII.—An Act to regulate fees of committing magistrates and Sheriffs, in committing courts.

Section 1. Be it enacted by the Legislature of the State of Texas, That in all cases where Justices of the Peace shall sit as committing magistrates, they shall be allowed such fees as are fixed by law, and twenty cents for each one hundred words for writing down the voluntary statement of the defendant, and for taking down the testimony in such cases; to be paid by the defendant, upon conviction for an offense less than a felony, as in cases of appeal from Justices' Courts. If convicted of a felony, such Justice of the Peace shall be entitled to and receive only ten cents for each one hundred words in such evidence and volun-

tary statement, not to exceed in any one case, for all his fees, more than five dollars, to be paid by the State upon the warrant of the Comptroller of Public Accounts, to be issued upon the bill of costs, duly sworn to by such Justice of the Peace, and attested by the Clerk of the court before which the case was finally tried, under his official hand and the seal of said court.

Sec. 2. That the Sheriff or Constable who may arrest the defendant, and attend upon the court during the investigation of any such cases shall be allowed the same fees allowed them for similar services in cases tried in the Justice's Court, to be paid by the defendant or the State, as the case may be, in like manner as prescribed in the preceding section, upon the conviction of the defendant.

Sec. 3. As there are many cases now being tried by Justices of the Peace, as examining Courts, and as there are some doubts existing as to whether said officers will be entitled to receive any fees for such services, in the event that no bill of this kind be passed by this Legislature, and as the Legislature is nearing its adjournment, therefore an imperative public necessity for the immediate passage of this act, and an emergency that the same take effect from its passage, both exist; therefore this act shall take effect and be in force from and after its passage.

Approved August 19, 1876.

Takes effect ninety days after adjournment.

CHAPTER CXXIV.—An Act making appropriations for deficiencies for the fiscal year, beginning September 1, 1875, and ending August 31, 1876, and previous years.

Section 1. Be it enacted by the Legislature of the State of Texas, That the following sums, or so much thereof as may be necessary, be and the same are hereby appropriated out of any moneys in the Treasury not otherwise appropriated, for deficiencies incurred in the support of the State government for the fiscal year beginning September 1, 1875, and ending August 31, 1876, and previous years.

CHAPTER CXXV.—An Act to provide for the speedy assessment and collection of taxes upon land and real estate in cases when such property has been subject, by law, to taxation, but the assessment thereof has been omitted.

Section 1. Be it enacted by the Legislature of the State of Texas, That in all cases where lands or real estate in this State have heretofore been subject to taxation for any year or years since the year one thousand eight hundred and seventy, but the rendition of and assessment thereof for any such year or years has been omitted, all such taxes, the rendition and assessment of which has been so omitted, shall be assessed upon such land and real estate, and collected in the manner hereinafter provided; provided, that all the lands in this State, and on which the taxes are unpaid, shall be assessed by the assessor of the county in which the land is situated, with all the taxes accrued thereon, in ratio to the taxation in the several counties of this State for the several years the taxes are unpaid, according to the average value of such lands in the several counties for the respective years said taxes are unpaid; and the same shall be a lien on the land until said taxes are paid, as required by this act.

Sec. 2. Second—To file in his office every charter or declaration of organization of a company, with the certificate of the Attorney-General, and on application of the corporators, to furnish them with a certified copy thereof. Third—He shall, as soon as practicable in each year, calculate or cause to be calculated in his office, by an officer or employee of his department, the net value, on the thirty-first of December of the previous year, of all the policies in force on that day, in each life insurance company doing business in this State, organized by authority of this State, and of every life insurance company doing business in this State, that shall fail to furnish him, as hereinafter provided, a certificate of the Insurance Commissioner of the State, by whose authority the company was organized, or by the State in which it may elect to have its policies valued, and its deposits made; in case the company is chartered by the government of the United States, giving the net value of all policies in force in the company on the thirty-first day of December of the preceding year. Fourth—Calculations of the net value of each policy shall be based upon the American experience table of mortality, and four and one-half per cent. interest per annum. And the net value of a policy at any time shall be taken to be the net single premium which will at that time effect the insurance, less the value at that time of the future net premiums called for by the table of mortality and rate of interest designated above. Fifth—In case it is found that any life insurance company doing business in this State has not on hand the net value of all its policies in force, after all other debts of the company, and claims against it, exclusive of capital stock, have been provided for, it shall be the duty of the Insurance Commissioner to publish the fact that the then existing condition of the affairs of the company is below the standard of legal safety established by this State, and he shall require the company at once to cease doing new business, and he shall immediately institute proceedings, as required in this act, to determine what further shall be done in the case. Sixth—It is hereby made the duty of the Commissioner of Insurance, after having determined as above the amount of the net value of all the policies in force, to see that the company has that amount in safe, legal securities, of the description and character hereafter provided in this act, after all its debts and claims against it, exclusive of capital stock, have been provided for. Seventh—He shall

Eighth—Every life insurance company doing business in this State during the year for which the statement is made, that fails promptly to furnish the certificate aforesaid, shall be required to make full detailed lists of policies and securities to the Insurance Commissioner of this State, and shall be liable for all charges and expenses consequent upon not having furnished said certificate. Ninth—For every company doing fire insurance business in this State, he shall calculate the re-insurance reserve for unexpired fire risks, by taking fifty per cent. of the premiums received on all unexpired risks that have less than one year to run, and a pro rata of all premiums received on risks that have more than one year to run; provided, that when the re-insurance reserve, calculated as above, is less than forty per cent. of all the premiums received during the year, the re-insurance reserve in this case shall be the whole of the premiums received on all of its unexpired risks. Tenth—In marine and inland insurance he shall charge all the premiums received on unexpired risks as a re-insurance reserve. Eleventh—Having charged against a company the re-insurance reserve, as above determined, for fire, inland and marine insurance, and adding thereto all other debts and claims against the company, he shall, in case he find the capital stock of the company impaired to the extent of twenty per cent., give notice to the company to make good its whole capital stock within sixty days; and if this is not done, he shall require the company to cease to do business within this State, and shall thereupon, in case the company is organized under authority of the State, immediately institute legal proceedings, as required in this act, to determine what further shall be done in the case. Any company having received the aforesaid notice of the Commissioner to make good its whole capital stock within sixty days, shall, forthwith, call upon its stockholders for such amounts as will make its capital equal to the amount fixed by the charter of said company; and, in case any stockholder of such company shall neglect or refuse to pay the amount so called for, after notice personally given or by advertisement in such time and manner as the said Commissioner shall approve, it shall be lawful for said company to require the return of the original certificate of stock held by such stockholder, and in lieu thereof to issue new certificates for such number of shares as the said stockholders may be entitled to in the proportion that the ascertained value of the funds of said company may be found to bear to the original capital of said company; the value of such shares, for which new certificates shall be issued, to be ascertained under the direction of said Commissioner and the company paying for the fractional parts of shares; and it shall be lawful for the Directors of such company to create new stock and dispose of the same,

and to issue new certificates therefor, to any amount sufficient to make up the original capital of the company. Whenever the capital stock of any joint stock, fire, fire and marine, or marine insurance company of the State becomes impaired, the Commissioner may, in his discretion, permit the said company to reduce its capital stock and the par value of its shares in proportion to the extent of impairment; provided, that in fixing such reduced capital, no sum exceeding twenty-five thousand dollars shall be deducted from the assets and property on hand, which shall be retained as surplus assets; and, provided, that no part of such assets and property shall be distributed to the stockholders; and, provided further, that the capital stock shall not be reduced to an amount less than that required by law for the organization of a new company; to examine, or cause to be examined every detail of the business of any company, transacting business of insurance within this State, whenever in his judgment such examination is required by the interest of the policy-holders of such company. Twelfth—It shall be the duty of the Commissioner of Insurance, after he has notified a life insurance company organized under authority of this State, to cease doing new business until the net value of its policies in force is equal to that called for by the standard of safety established by the State, at once to cause a rigid examination in regard to the affairs of such company; in case it shall appear that there is no fraud or gross incompetency or recklessness shown to exist in the management, he may, upon publishing the facts in the case, permit such company to continue in charge of its business for one year; provided, there is in his opinion, reason to believe that the company may eventually be able to re-establish the legal net value of its policies in force. At the end of the year named above, he may renew the permission in case on examination he is satisfied that the company is likely to retrieve its affairs. Thirteenth—In case the Commissioner does not permit the company to continue in the control of its old business, it is hereby made his duty to institute the necessary proceedings for the protection of its policy-holders in accordance with the laws of this State. Fourteenth—To publish the result of his examination of the affairs of any company whenever he deems it for the interest of the public to do so, in one or more papers of this State. Fifteenth—To suspend the entire business of any company of this State, and the business within this State of any other company during its non-compliance with any provisions of this or any other act relative to insurance, or whenever its assets appear to him insufficient to justify its continuance in business, by suspending or revoking the certificate granted by him, and to give notice thereof to the Insurance Commissioner or other similar officer of every State, and publish the same in such paper as he may think proper. Sixteenth—To institute or cause to be instituted the necessary proceedings under the laws of this State, to close the affairs of any insurance company of this State which shall appear to him upon examination to be insolvent or fraudulently conducted. Seventeenth—To report in detail to the Attorney-General, any violation of law relative to insurance companies, their officers or agents, or the business of insurance. Eighteenth—To furnish to the companies required by law to report to him, the necessary blank forms for the statements required. Nineteenth—To preserve in a permanent form a full record of his proceedings, and a concise statement of the condition of each company or agency visited or examined. Twentieth—At the request of any person, and on payment of fee, to give certified copies of any record or papers

in his office, when he deems it not prejudicial to public interest so to do, and to give such other certificates as the law provides for. Twenty-first—To report annually to the Governor, on or before the thirty-first day of December, the name and compensation of his clerks, the receipts and expenses of his department for the year, his official acts, the condition of companies doing business in this State, and such other information as will exhibit the affairs of said department. Twenty-second—To send a copy of his annual report to the Insurance Commissioner or any similar officer of every other State, and to each company doing business in this State. Twenty-third—On request, to communicate with the Insurance Commissioner of any other State in which the substantial provisions of this act shall be enacted, any facts which by law it is his duty to ascertain, respecting companies of this State doing business within such other State. Twenty-fourth—It shall be his duty to see that no company is permitted to insure lives in this State whose charter authorizes it to do a fire, marine or inland business.

Sec. 9. The Commissioner, for the purposes of examinations authorized by law, has power, either in person or by one or more examiners by him commissioned in writing: First—To require free access to all books and papers within this State of any insurance company or the agents thereof, doing business within this State. Second—To summon and examine any person within this State, under oath, which he or any examiner may administer, relative to the affairs and condition of any company. Third—For probable cause to visit, at its principal office, wherever it may be, any insurance company not of a State in which the substantial provisions of the laws of this State shall be enacted, and doing business in this State, for the purpose of investigating its affairs and condition, and to revoke its certificate in the State if it does not permit an examination. Fourth—To revoke or modify any certificate of authority, when any conditions prescribed by law for granting it no longer exist. Fifth—The commissioner has also power to institute suits and prosecutions, either by the Attorney-General or such other attorney as the Commissioner may designate, for any violation of this act; and the Commissioner shall be made a party to any proceedings for the closing up the affairs of any company when the same shall not be in the name of the State.

Sec. 10. Whenever, without justifiable cause, any person being within this State refuses to appear and testify before the commissioner, when so required, or obstructs him in the discharge of his duty, he shall be punished according to law.

Every such instrument so executed and authenticated by the Commissioner of this State shall be recorded in the same manner, and the same and its record shall have the like effect as if acknowledged or proved according to law. the prompt and faithful payment of the money that shall become due and payable for the services rendered or labor done by such convict or convicts, and that he or they will treat such convict or convicts humanely while in his or their employment; provided, that if any convict hired out under the provisions of this act shall escape from his employer, without any fault of such employer, before such convict shall discharge by his labor the fine and costs, the party hiring such convict shall not be liable on his, her or their bond on amount greater than the time worked by such convict before his escape; provided, that the convict is rearrested and again placed in the custody of the Sheriff or Constable; and provided further, that in case any convict shall escape from such employer, he shall be deemed guilty of an offense, and, if recaptured, he shall, upon conviction by any court of competent jurisdiction, be fined in any sum not less than double the amount of the fine assessed against him in the first case, together with all costs of suit and recapture, and compelled to discharge the same by his labor, as provided for in the provisions of this act; and should any such convict, after a second conviction, comply faithfully with the terms of the contract, he shall be entitled to a deduction of twenty-five per cent. upon his labor on the second fine so imposed.

If there be not sufficient funds to pay the same, then said warrants shall be audited and registered, and paid whenever there are sufficient funds to pay the same, in the order of their registration.

Sec. 9. In order more effectually to accomplish the purposes of Section 1 of this act, it shall be the duty of the Commissioners' Court of each county in this State, wherever the public good may demand it, to provide for the erection of such work-houses in their respective counties as may be necessary to utilize the labor of county convicts; and they may, in addition thereto, purchase land for the establishment and carrying on of county farms by the labor of such convicts.

Sec. 15. County Judges and County Commissioners' Courts shall cause a record of all their proceedings under this law to be recorded in well bound books, to be provided for that purpose; said records shall contain: First—A descriptive list of all persons known as "county convicts." Sec. 2. Whereas, the jails of the country are overburdened with parties charged with petty thefts, and the several counties in the State are daily increasing their indebtedness in consequence of the necessity of the support of such criminals, therefore there exists a public emergency and necessity for immediate relief, and that this act go into effect and be in force from and after its passage.

Approved August 21, 1876.

CHAPTER CXLIII.—An Act to regulate procedure in relation to common uses of certain inclosed lands.

Whereas, Public policy and private economy encourage the inclosing of lands of separate owners in one inclosure for pasturage, therefore,

Section 1. Be it enacted by the Legislature of the State of Texas, That whenever lands of separate owners shall be in one inclosure for pasturage, exclusive of any interior inclosure, either with or without an agreement among any or all of such separate owners in relation to common pasturage of their respective portions of such pastoral premises, the District Court for any county in which all or part of such premises may be situated shall have jurisdiction to determine and enforce the pastoral rights of such owners, according to appropriate equity.

Sec. 2. In case of an agreement among any or all of such separate owners in relation to common pasturage of their respective portions of such pastoral premises, any interested party may proceed in court, in the usual way, for redress on account of alleged injury, either enforce the agreement, or to rescind it with other relief; and in the latter alternative, to procure equitable adjustment, including provision for the subsequent use of the premises.

Sec. 3. When the interests in such pasturage shall not be affected by contract, any interested party may proceed in court, in the usual

way to have the rights of pasturage apportioned among such separate owners; and the proportions of common pasturage shall be equitable, with due appreciation not only of the values of the pasturages of the land so owned respectively, but also of the comparative values of corresponding portions of the inclosing work, and also of the actual values of contributions to such work in behalf of the separate interests in such pasturage. In making such apportionment, the court if it should consider such aid necessary, would be authorized to have such values estimated by commissioners, to be appointed by the court, and sworn to perform their duties as prescribed in an order of the court. The commissioners might have assistance by a surveyor, if the order should so provide; and the costs of such commission, for allowance and payment, would be as provided by order of the court. Any report of the commissioners would be subject to approval or rejection by the court. When approved, such report would be competent evidence in the trial of the case, without being conclusive, to be used in connection with other evidence.

Sec. 4. This act applies to separate ownerships of land, as inclosed by any means that may be sufficient to prevent ordinary passing of the larger kinds of live stock, whether such hinderance be artificial or natural, in whole or in part, including a water boundary. And this act recognizes the right of any owner of land to inclose it, not intruding on the premises of a separate owner, although his land be also inclosed, by using either artificial or natural means, or both kinds, adapted to prevent ordinary passing of such live stock, and so availing, when practicable, of the common right of a proprietor of land to use an adjacent water boundary for the purpose of inclosure.

Sec. 5. That owing to the near approach of the close of the session, an imperative public necessity exists for the suspension of the rules, to put this bill on its final passage.

Approved August 21, 1876.

Takes effect ninety days after adjournment.

Sec. 2. That this act shall take effect and be in force from and after its passage.

Sec. 3. That the near approach of the close of the session and the accumulation of important bills, create an imperative public necessity for the suspension of the rules in order that this bill may be immediately passed.

NOTE.—The above bill was not approved by the Governor, nor was the same returned to the house in which it originated with his objections thereto, but was filed by the Governor in the office of secretary of State on the 21st day of August, 1876, at 11 o'clock and 10 minutes, a. m., being before the Legislature adjourned, and becomes a law without the approval of the Governor.

A. W. DEBERRY, Secretary of State.

CHAPTER CXLVIII.—An Act to be entitled "An Act to prevent the forgery of titles to lands."

Section 1. Be it enacted by the Legislature of the State of Texas, That in any county in this State wherein the land records or records of titles to land have been or may hereafter be burned or otherwise destroyed, it shall not be lawful for the Clerk of the County Court to permit any person who files a deed for record to remove said deed from the office of said Clerk for the period of twelve months after the same is filed for record; provided, this act shall not apply to deeds executed, or purporting to be executed, subsequent to the destruction of said land records.

Sec. 2. Any clerk violating the provisions of this act shall be deemed guilty of a misdemeanor, and upon conviction therefor, before any court of competent jurisdiction, shall be punished by a fine of not less than one hundred nor more than one thousand dollars; and in addition thereto may, in the discretion of the jury, be imprisoned in the county jail for any period of time not to exceed one year.

Sec. 3. Whereas, there are many persons engaged in forging land titles in different counties in the State in which court-houses have been

burned, and thereby many citizens may lose their land through such forgeries, a public necessity and emergency exists for immediate legislation to prevent such evils; therefore, it is hereby enacted that this act take effect and be in force from and after its passage.

Approved August 21, 1876.

Takes effect from its passage.

CHAPTER CXLIX.—An Act to authorize the levy and collection of a special tax in Blanco, Smith, Tarrant, Erath, Denton, Parker, Lampasas, Camp, Sabine, Cameron, Brown, Delta, Nacogdoches, Rockwall, Limestone, Gregg, Franklin, Madison, Lee, Navarro and Angelina counties for the years 1876, 1877 and 1878, to erect a court-house and jail in each, and such other counties as may find it necessary for the construction of court-houses and jails.

Section 1. Be it enacted by the Legislature of the State of Texas, That the County Commissioners' Courts of Blanco, Smith, Tarrant, Erath, Denton, Parker, Lampasas, Camp, Sabine, Cameron, Brown, Delta, Nacogdoches, Rockwall, Limestone, Gregg, Franklin, Madison, Lee, Navarro and Angelina counties, and such other counties where it may become necessary to construct court-houses and jails, be and they are hereby authorized and empowered to levy and collect an annual ad valorem tax of fifty cents on the one hundred dollars worth of property in said counties for the years 1876, 1877 and 1878, to raise a fund to erect a court-house and jail in each of said counties.

Sec. 2. That an imperative public necessity and emergency exist for the erection of said buildings in said counties, and the immediate passage of this act; therefore, this act shall take effect and be in force from and after its passage.

Approved August 21, 1876.

Takes effect ninety days after adjournment.

CHAPTER CL.—An Act to encourage irrigation and navigation.

Section 1. Be it enacted by the Legislature of the State of Texas, That any person, firm, corporation or company who shall construct a canal or ditch for navigation or irrigation, in accordance with the provisions of this act, shall receive from the State a grant of land as herein provided.

Sec. 2. For canals or ditches of the first class, eight sections of land to the mile; for canals or ditches of the second class, six sections to the mile; for canals or ditches of the third class, four sections to the mile; for canals or ditches of the fourth class, two sections to the mile; provided, canals for navigation having a width of forty (40) feet and a permanent depth of water of four feet shall receive sixteen (16) sections of land to the mile.

Sec. 3. Canals and ditches shall be classified as follows: A canal or ditch carrying a stream of water of a uniform width of thirty feet and uniform depth of five feet shall be deemed of the first class. A canal or ditch carrying a stream of water of a uniform width of fifteen feet and of a uniform depth of four feet shall be deemed of the second class. A canal or ditch carrying a stream of water of a uniform width of nine feet and of a uniform depth of three feet shall be deemed of the third class. A canal or ditch not complying with the requirements of a third class canal or ditch, but carrying a stream of water of a uniform width of not less than six feet, and of a uniform depth of not less than

two and a half feet, shall be deemed of the fourth class. All canals or ditches of whatever class, must be at least two miles long and have a permanent and continuous stream of water flowing therein at a rate sufficiently fast for all practical purposes.

Sec. 4. It shall be the duty of the Governor to appoint an Inspector of Canals and Ditches, who shall perform the duties herein assigned to him and shall receive therefor a compensation at the rate of twenty-five dollars per mile for every canal or ditch inspected by him, to be paid in advance by the person, firm, corporation or company requiring his services; and the Inspector shall not be permitted to receive a contingent remuneration, or one in any way dependent on the issuance or sale of the certificates granted under this act.

Sec. 5. Whenever any person, firm, corporation or company shall have constructed in the manner required by this act, a section of two miles or more of any canal or ditch, and the water is actually flowing in the same and ready for use, report shall be made to the Governor, setting out the facts, verified by affidavit, and applying for examination of the work, whereupon the Governor shall direct the Inspector of Canals and Ditches to examine and classify the same, and make a report under oath, showing the class to which the canal or ditch belongs, the dimensions of the same, the amount of water flowing therein, the length of the work completed and in good order, and the location thereof; and if the Governor shall be satisfied that the work has been done in compliance with this act, and that the person, firm or corporation intend in good faith to carry out the provisions of this act, and that the said person, firm or corporation have the ability and do intend to keep said canal or ditch in good repair and efficiency for navigation or irrigation for the period of ten years after it is fully completed, he shall certify the same to the Commissioner of the General Land Office.

Sec. 6. Upon the presentation of the certificate of the Governor as provided for in the preceding section, it shall be the duty of the Commissioner of the General Land Office to issue to the person, firm or corporation or company entitled to the same, the number of land certificates for sections of six hundred and forty acres each to which the said person, firm or corporation or company may be entitled under the provisions of the second section of this act; provided, that in no case shall any certificates be issued by the Commissioner of the General Land Office until the person, firm, company or corporation whose canal or ditch shall have been certified as provided in the preceding section, shall execute and file with the Commissioner of the General Land Office a bond with two or more solvent sureties, whose solvency shall appear from the Assessor's rolls in the office of the Comptroller, in a sum equal to one hundred and twenty-five dollars for each certificate for the canal or ditch, payable to the Governor of the State of Texas and his successors in office, conditioned that the said person, firm, company or corporation shall keep and maintain said canal or ditch in good and efficient repair for navigation or irrigation, as the case may be, for the full period of ten years from the time of filing the bond, and the Commissioner of the General Land Office shall furnish the form of the bond required in this section.

Sec. 7. The certificates issued under this act shall be issued and located subject to and under the same conditions as those issued to railroads under the laws of this State.

Sec. 8. All corporations for irrigation or navigation, are hereby

granted the right of way, not to exceed one hundred feet in width, over all public, university, school and asylum lands, with use of necessary rocks, gravel and timber for construction purposes, and may obtain the right of way over private lands by contract, or the damages for any private property appropriated by such corporation shall be assessed and paid for as is provided for in cases of railroads.

Sec. 9. The Legislature shall, at such times as it may deem proper, establish the rates of freight and passage over any canal for navigation, and fix the rates of water supply for towns and cities; provided, that until such rates are established by law, said companies may charge such tolls for freights and vessels through canals, and such rates for water supply as may be reasonable and proper.

Sec. 10. Any such canal company shall have the free use of the water of the rivers and streams of this State; but in no case shall any company flow lands to the detriment of owners without their consent, or on due payment to the party aggrieved.

Sec. 11. Said companies, corporations, firms or persons, shall have the right to cross all roads and highways necessary in the construction of their work, and shall, at such crossings, construct and maintain necessary bridges for the accommodation of the public.

Sec. 12. The State shall not be liable under this act for any deficiency in the public domain.

Sec. 13. Whenever any canal or ditch for irrigation shall be constructed under the provisions of this act, all persons owning lands adjacent to and irrigable from said canal or ditch, shall have the right to use the water of said canal or ditch under such regulations as may be prescribed by law.

Sec. 14. Any canal or ditch which shall be constructed where there are already sufficient canals or ditches for the purposes of irrigation or navigation, shall not be entitled to the land grant herein provided for; and no certificate shall be issued for any canal or ditch until the same has been carried to a point at which the water can be used for irrigation or navigation.

Sec. 15. "An act to encourage the construction of canals and ditches for navigation and irrigation," approved March 10, 1875, shall be and is hereby repealed.

Sec. 16. CHAPTER CLI.—An Act to enforce the collection of delinquent taxes on lands assessed since January, 1870.

Section 1. Be it enacted by the Legislature of the State of Texas, That the Comptroller of Public Accounts be and he is hereby required to prepare and forward to the County Commissioners' Court of the several counties of this State, within six months from the passage of this act, a full and complete abstract of the yearly delinquent list of taxes upon lands in their respective counties, assessed since the first day of January (1870)

ary, 1870, showing upon what lands such taxes are due, the year the same was assessed, the amount due the State for each year, and the amount due the county for each year; and he shall describe each tract in the same manner as it is described on the tax rolls by the party assessing the same, and shall also state by and for whom rendered, and shall certify officially to the facts set forth in said list.

Sec. 2. Upon receipt of said list, the County Commissioners' Court shall carefully examine the same, and see that the taxes, both general and special, due said county, are accurately stated, and correct any inaccuracies or omissions that may have been made therein, and shall attach to the same a certificate that it is correct so far as it relates to the county taxes, and shall thereupon deliver the same to the Collector of Taxes for such county, who shall at once post a copy of said delinquent list at the court-house door and at least two other public places in the county, in different Justice's precincts, requiring the owners of said land to come forward and pay said taxes.

Sec. 3. All lands and town lots rendered in one county and situated in another county shall be made out by the Comptroller on a separate list and forward to the Commissioners' Court of the county where such lands are situated, and if any of such lands are situated in any unorganized county, then the Comptroller shall forward a list of such lands to the Commissioners' Court of the county to which such unorganized county is attached for judicial purposes.

Sec. 4. At the expiration of sixty days after posting said notices, if said taxes, or any part of them, are unpaid, or satisfactory evidence furnish(ed) the Collector of Taxes that the taxes have been paid, the Collector of Taxes shall, by virtue of his roll, seize, levy upon and sell so much property belonging to the person, firm, company or corporation, whether residents or non-residents, against whom the taxes were assessed, and due and unpaid, as may be sufficient to pay his, her or their taxes and penalties due, together with all costs accruing thereon; provided, however, that if such person, firm, company or corporation, his, her or their agent or attorney, shall point out to the Collector of Taxes sufficient property belonging to the party assessed in said county to pay said taxes before the expiration of the sixty days, as above provided, then the Collector of Taxes shall levy upon and sell the property so pointed out; and in case the property seized and levied on is personal property, the Collector shall proceed to take into his possession so much thereof as will pay the taxes assessed and due, together with all penalties due and costs accruing thereon.

Sec. 5. Every Collector of Taxes for personal property shall give notice of the time and place of the sale of the property so levied on at least ten days previous to the day of sale, by advertisement in writing, to be posted up, one at the court-house door of his county, and one in two other public places in the county; and such sale shall take place at the court-house door of the county in which the property is situated, by public auction; and if the property so levied upon prove to be insufficient to satisfy the taxes and penalties due and costs accruing thereon, the Collector shall seize and levy upon and sell so much other taxable property belonging to the person, firm, company or corporation as will be sufficient to satisfy such tax, penalties and costs, in the manner prescribed in the preceding part of this section; provided, should the property sold bring more than the taxes, penalties and costs, the remainder shall be paid to the owner by the Collector, or deposited by

him in the County Treasurer's office, subject to the order of the party or parties owning said property.

Sec. 6. If the taxes upon any land or town lots in this State are not paid before the expiration of the sixty days, provided for in section four of this act, the Collector of Taxes shall seize, levy upon and sell such land or town lots, whether belonging to residents or non-residents, for the payment of all taxes and penalties due thereon, together with all costs which have or may accrue thereon; and he shall advertise the same for sale in some newspaper published in the county for three successive weeks, if there be one, and if there be no newspaper in the county, then by posting said advertisement for thirty days at the courthouse door, and three other public places in the county where the land or lots are situated; giving in said advertisement such description as is given to the same on the certified statements furnished him by the Commissioners' Court, as furnished the court by the Comptroller of Public Accounts; giving the name of the owner, if known, and if unknown, say "unknown," together with time, place and terms of said sale; said sale to be for cash, to the highest bidder at public outcry, at the courthouse door; which sales shall be between legal hours, on the first Tuesday of the month; provided, if the sale of all the lands and town lots advertised is not made in one day, the sale shall be continued from day to day. The Collector of Taxes shall make proclamation at the close of each day, of the continuance of the sale the following day, and as far as practicable, all the lands and town lots seized shall be advertised in one notice; provided, that the owner of such lands or his agent, shall, upon the payment of all the delinquent taxes due upon said land since January 1st, A. D. 1873, prior to the day upon which said land is advertised to be sold, he shall receive a full and complete acquittance from all delinquent taxes due upon such land.

Sec. 7. The Collector of Taxes, in making sales for taxes due upon real estate, shall sell at auction at the time and place appointed so much of said real estate as may be necessary to pay the taxes and penalties due, and all costs accruing thereon; and shall offer said real estate to the bidder who will pay the taxes and penalties due, and costs of sale and execution of deed for the least amount of said real estate; which bidder shall be considered the highest bidder. Should a less amount of said real estate than the whole tract or parcel of said real estate levied upon be sold for the taxes and penalties due, and all costs of sale and execution of deed, the Collector shall, in making his deed to purchaser, begin at some corner of said tract or parcel of land, or town lot, and designate the same in a square as near as practicable.

Sec. 8. The Collector of Taxes shall execute and deliver to the purchaser, upon the payment of the amount for which the estate was sold, and costs and penalties, a deed for the real estate sold; which deed shall vest a good and absolute fee in said land or lots to the purchaser, if not redeemed in two years as herein provided for; which deed shall state the cause of sale, the amount sold, the price for which the real estate was sold, the name of the person, firm, company or corporation against whom the taxes were assessed, provided the name is known, and if unknown, say "unknown;" and when real estate has been sold, he shall convey subject to the right of redemption provided for in the following section, all the right and interest which the former owner had therein at the time when the assessment was made or when the sale was made.

Sec. 9. The owner of real estate sold for the payment of taxes, or

his heirs or assigns, or legal representative, may, within two years from the date of sale, redeem the estate sold by paying or tendering to the purchaser, his heirs or legal representative, double the amount of money paid for the land or lots, together with all the subsequent taxes that the purchaser has paid on the same from the day of purchase to the day of redemption. The Collector of Taxes shall give in said deed such description of the real estate as is given on the certified roll or list as shall be furnished him as is required by the provisions of this act, and such other description as may be necessary to the better identification of the same.

Sec. 10. The provisions of this act in reference to the seizure and sale of real and personal property, for taxes, penalties and costs due thereon, shall apply as well to Collectors of Taxes for towns and cities, as for Collectors of Taxes for counties, and they shall be governed in selling real and personal property by the same rules and regulations in all respects as to time, place, manner and terms, and making deeds, as are provided for Collectors of Taxes for counties.

Sec. 11. Should the Collector of Taxes for any city or town fail to make sale of any real estate for want of a purchaser, he shall bid the same off to the city or town for the taxes, and penalties and costs thereon, and make due return thereof to the City Council or Board of Mayor and Aldermen, and said Collector shall on final settlement of his accounts with the municipal authorities of such city or town, be entitled to a credit for the amount of the taxes due the city or town for the amount for which the land or lots were bid off to the city or town; provided, that the rolls of delinquent tax-payers in any city or town when duly certified to by the Recorder or Clerk of said city or town, and placed in the hands of said Tax Collectors, shall be authority to said Tax Collectors to seize and sell the property, as provided in this act.

Sec. 12. Sec. 13. The Collector of Taxes shall make duplicate lists of all real estate sold for taxes, and file one copy in the County Clerk's office for record, and forward a certified copy to the Comptroller of Public Accounts.

Sec. 14. All lands and town lots sold to the State, or to city or town, shall be subject to redemption in the manner and under the same regulations as land sold to individuals, and in case of Collectors of Taxes for cities or towns, said Collector shall make duplicate lists of all real estate sold by him for taxes and file one copy thereof with the Clerk or Recorder of said city or town.

Sec. 15. When lands upon which there are back taxes due were assessed at the Comptroller's office upon the basis for value of an average of the value of all lands in the county, it shall be lawful for the party paying such back taxes, to pay at the rate of the assessed value for the year 1876.

Sec. 16. No delinquent tax-payer shall have the right to plead in any court or in any manner rely upon any statute of limitation by way

of defense against the payment of any taxes due from him or her, either to the State or to any city or county.

Sec. 17. That all laws and parts of laws in conflict with the provisions of this act, are hereby repealed.

Sec. 18. That an imperative public necessity exists for the passage of this act immediately, there being no efficient law for the collection of delinquent taxes.

CHAPTER CLII.—An Act regulating the duties of Tax Collectors in reference to the seizure and sale of property of delinquent tax-payers, and to define the further duties, powers, qualifications and liabilities of Collectors of Taxes, and to regulate their compensation.

Section 1. Be it enacted by the Legislature of the State of Texas, That there shall be elected by the qualified electors of each county within this State (except such as are provided for, or excepted in the Constitution), at the same time and under the same law regulating the election of State and County officers, a Collector of Taxes, who shall hold his office for two years, and until his successor is elected and qualified; and should the office of Collector of Taxes, from any cause, become vacant before the expiration of said term, it shall be the duty of the Commissioners' Court in the county in which such vacancy shall occur, to appoint a Collector of Taxes, who shall be qualified in the same manner and subject to a like bond as the Collector of Taxes elected, and the Collector of Taxes so appointed shall hold his office for and during the unexpired term of his predecessor, and until his successor shall have been qualified; and the Collector of Taxes so appointed shall have all the rights and perform all the duties required by law of the Collector of Taxes elected.

Sec. 2. In each county in this State, where the Sheriff performs the duties of Collector of Taxes, he shall have and exercise all the rights, powers and privileges, and perform all the duties of Collectors of Taxes elected, as are granted by the provisions of this act; and shall also give a like bond as is required by this act of Collectors of Taxes elected, and shall be subject to all duties, restrictions and requirements imposed by the provisions of this act upon Collectors of Taxes elected.

Sec. 3. That every Collector of Taxes, within twenty days after he shall have received notice of his election or appointment, and before entering upon the duties of his office, shall give a bond, based upon unencumbered real estate of the sureties, subject to execution, payable to the Governor and his successors in office, in a sum which shall be equal to the whole amount of the State tax of the county, as shown by the last preceding assessment, with at least three good and sufficient sureties, to be approved by the Commissioners' Court of his county, which shall be further subject to the approval of the Comptroller, and shall take and subscribe the oath prescribed by the Constitution, which, together with said bond shall be recorded in the office of the Clerk of the County Court of said county, and be forwarded by the County Judge of the county to the Comptroller, to be deposited in his office; the condition of said bond shall be deemed to extend to the faithful performance of the duties of his office as Collector of Taxes for and during the full term for which he was elected or appointed, and shall not become void upon

the first recovery, but suit may be maintained thereon until the whole amount thereof be recovered; such Collector of Taxes may be required to furnish a new bond and additional other sureties, whenever, in the opinion of the Commissioners' Court or Comptroller of Public Accounts, it may be advisable. Should any Collector of Taxes fail to give a new bond and additional security when required, he shall be suspended and dismissed from office by the Commissioners' Court of his county; provided, that nothing herein contained shall be so construed as to require the Collectors of Taxes who were elected in February last, and who have given satisfactory bonds, to give additional bonds, unless, in the opinion of the Commissioners' Court, or of the Comptroller of Public Accounts, said bonds are insufficient.

Sec. 4. That Collectors of Taxes shall give a like bond, with like conditions to the County Judge of their respective counties, and their successors in office, in a sum not less than the whole amount of the county tax of the county, as shown by the last preceding assessment, with at least three good and sufficient sureties, to be approved by the Commissioners' Court of his county, which bond shall be recorded and deposited in the office of the Clerk of the County Court. A new bond and additional security may be required, and the Collector of Taxes may be removed from office in the manner prescribed in the third section of this act.

Sec. 5. When the Collector of Taxes of any county shall have received the assessment rolls or books showing the amount of taxes due on said rolls or books, said rolls or books shall be full and sufficient authority for the County Collector of Taxes to receive and collect the taxes therein levied.

Sec. 6. The Collector of Taxes shall be the receiver and collector of all taxes assessed upon the tax list in his county, whether assessed for the State or county, school, poor-house, or other purpose, and he shall proceed to collect the same according to law, and place the same, when collected, to the proper fund, and pay the same over to the proper authorities, as hereinafter provided.

Sec. 7. The Collector of Taxes shall begin the collection of the taxes of their respective counties annually on the first days of October, or so soon thereafter as he may be able to obtain the proper assessment rolls, books or data upon which to proceed with the business; and he shall post up notices, not less than three, at public places, in each voting or magistrate's precinct in his county, at least twenty days previous to the day said tax-payers are required to meet him for the purpose of paying their taxes, stating in said notice the times and places the same are required to be paid; and it shall be the duty of said Collector or his deputy to attend at such times and places for the purposes aforesaid, and shall remain at each place at least two days; provided, that if the Collector shall from any cause fail to meet the tax-payers at the time and place as provided for in the first notice, he shall, in like manner, give a second notice.

Sec. 8. The Collector of Taxes shall keep his office at the county seat of his county, and it shall be the duty of every person who has failed to attend and pay his taxes at the times and places in his precinct, named by the Collector, as provided in the preceding section, to call at the office of the Collector and pay the same between the first day of July, and the last day of February of each year.

Sec. 9. Each Collector of Taxes may appoint one or more deputies

to assist him in the collection of taxes, and may take such bond and security from the person so appointed as he deems necessary for his indemnity, and the Collectors, in all cases, shall be liable and accountable for his proceedings and misconduct in office.

Sec. 10. The Collector of Taxes, or his deputy, whenever any tax is paid, shall give to the person paying the same a receipt therefor, specifying the amount of State ad valorem tax, the amount of State poll tax, the amount of county ad valorem tax, the amount of county poll tax, and the year or years for which such tax was levied; said receipt shall also show the number of acres of land in each separate tract, number, abstract and name of original grantee; the said receipt shall have a duplicate stub showing the name of the person, the date, the amount of each separate tax and the date of payment. The Collector of Taxes shall provide himself with a seal, on which shall be inscribed a star with five points, surrounded by the words, "Collector of Taxes ——— County," the blank to be filled with the name of the county, and shall impress said seal to each receipt given by him for taxes collected on real estate, and said receipt having the seal attached shall be admissible to record in the county in which the property is situated, in same manner as deeds duly authenticated, and when so recorded, shall be full and complete notice to all persons of the payment of said tax.

Sec. 11. The Collector of Taxes shall make a report, under oath, to the Comptroller of all taxes collected by him for the State, every three months. The first report shall include the months of October, November, December; the second shall include the months of January, February, March; the third shall include the months of April, May and June; the fourth report shall include the months of July, August and September of each year; and he shall also make a like report to the Commissioners' Court of all taxes collected for the county.

Sec. 12. The Collector of Taxes shall file his reports, together with the tax receipt stubs, in the office of the County Clerk of his county, for examination. The Clerk shall have three days (Sundays excepted) for the examination of the same. The reports and stubs must agree in every particular, as regards dates, names and amounts. The Clerk shall, after the examination, certify to the reports as to their correctness or incorrectness, as the case may be, and, if incorrect, state where the incorrectness appears in said reports; he shall then forward the report prepared for the Comptroller to that officer, and shall file the tax receipt stubs in his office for reference and safe keeping.

Sec. 13. The Collector of Taxes shall make out, on and after the first day of June of each year, triplicate lists of delinquent or insolvent taxpayers, the caption of which shall be, the "List of Delinquent or Insolvent Tax-payers." In this list he shall give the name of the person, firm, company or corporation from whom the taxes are due, together with the amount of the State and county taxes due, in separate columns, and he shall post one copy of these delinquent or insolvent lists at the court-house door, and one copy at two other public places in his county. And the Collector of Taxes, upon the certificate of the Commissioners' Court that the persons appearing on the insolvent or delinquent list have no property out of which to make the taxes assessed against them, or that they have moved out of the county, and that no property can be found in the county belonging to such persons out of which to make the taxes due, shall be entitled to a credit on his final settlement of his accounts for the amounts due by the persons, firms,

companies or corporations, certified to by the Commissioners' Court, as above provided for; provided, he shall use all necessary diligence to collect the amounts due on the insolvent list, after it is allowed, and report and pay over to the proper officers all amounts collected on the same.

Sec. 14. If any person, firm, company or corporation shall fail or refuse to pay the taxes imposed upon him or them, or upon his, her or their property, by law, until the first day of March next succeeding the return of the assessment roll of the county to the Comptroller, the Collector of Taxes shall, by virtue of his tax roll, seize and levy upon and sell so much property belonging to such person, firm, company or corporation, whether residents or non-residents, as may be sufficient to pay his, her or their taxes, and penalties due, together with all costs accruing thereon; provided, however, that if such person, firm, company or corporation, his, her, or their agent or attorney, shall point out to the Collector of Taxes sufficient property belonging to the party assessed, in said county, to pay said taxes before the first day of March, of each year, then the Collector shall levy upon and sell the property so pointed out; and in case the property seized and levied on is personal property, the Collector shall proceed to take into his possession so much thereof as will pay the taxes assessed and due, together with all penalties due and costs accruing thereon.

Sec. 15. Every Collector of taxes for personal property shall give notice of the time and place of the sale of the property so levied on, at least ten days previous to the day of sale, by advertisement in writing, to be posted up, one at the court-house door of his county, and in two other public places in the county; and such sale shall take place at the court-house door of the county in which the assessment is made, by public auction; and if the property so levied upon prove to be insufficient to satisfy the taxes and penalties due, and costs accruing thereon, the Collector shall levy upon and sell so much other taxable property belonging to such person, firm, corporation or company, as will be sufficient to satisfy such tax, penalties and costs in the manner prescribed in the preceding part of this section; provided, should the property sold bring more than the taxes, penalties and costs, the remainder shall be paid to the former owner, by the Collector, or deposited by him in the County Treasurer's office, subject to the order of the party or parties owning said property.

Sec. 16. If the taxes upon any land or town lots in this State are not paid on or before the first day of March of each year, after the return of the tax rolls of the county to the Comptroller of Public Accounts, the Collector of Taxes shall seize such land, and sell the same, or so much thereof as may be necessary, whether belonging to residents or non-residents, for the payment of all taxes and penalties due thereon, together with all costs which have or may accrue thereon, and he shall advertise the same for sale in some newspaper published in the county, for three successive weeks, if there be one, and if there be no newspaper in the county, then by posting said advertisement for thirty days at the court-house door and three other public places in the county where the land or lots are situated; giving, in said advertisement, such description as is given to the same on the tax rolls in his hands; giving the name of the owner, if known, and if unknown, say "unknown," together with the time, place and terms of said sale; said sale to be for cash to the highest bidder, at public outcry at the court-house door; which sales shall be between legal hours, on the first Tuesday of the

month; provided, if the sale of all the lands and town lots advertised is not made in one day, the sale shall be continued from day to day. The Collector of Taxes shall make proclamation at the close of each day of the continuance of the sale the following day; and, as far as practicable, all the lands and town lots seized shall be advertised in one notice; provided further, that nothing in this act shall be so construed as to subject real estate set apart or used as a homestead to forced sale for taxes other than the taxes due on said homestead.

Sec. 17. The Collector of Taxes, in making sales for taxes due upon real estate, shall sell at auction, at the time and place appointed, so much of said real estate as may be necessary to pay the taxes and penalties due, and all costs accruing thereon; and shall offer said real estate to the bidder who will pay the taxes and penalties due, and costs of sale and execution of deed, for the least amount of said real estate, who shall be deemed the highest bidder. Should a less amount of said real estate than the whole tract or parcel of said real estate levied upon be sold for the taxes and penalties due, and all costs of sale and execution of deed, the Collector shall, in making his deed to purchaser, begin at some corner of said tract or parcel of land, or town lot, and designate the same in a square as near as practicable.

Sec. 18. The Collector of Taxes shall execute and deliver to the purchaser, upon the payment of the amount for which the estate was sold and costs and penalties, a deed for the real estate sold, which deed shall vest a good and absolute fee in said land to the purchaser, if not redeemed in two years, as herein provided, which deed shall state the cause of sale, the amount sold, the price for which the real estate was sold, the name of the person, firm, company or corporation on whom the demand for the taxes was made; provided, the name is known; and if unknown, say "unknown," and when real estate has been sold he shall convey, subject to the right of redemption provided for in the following section, all the right and interest which the former owner had therein at the time when the assessment was made; and when the Collector of Taxes shall have made sale of any real estate under this act, it shall be his duty to make return of said sale to the Commissioners' Court, stating in said return the land sold, the name of the owner, if known, and if unknown, state the fact, the time of the sale, the amount for which said sale was made, together with the name of the purchaser, which return shall be entered of record on the minute books of said court.

Sec. 19. The owner of real estate sold for the payment of taxes, or his heirs or assigns, or legal representatives, may, within two years from the date of sale, redeem the estate sold, by paying or tendering to the purchaser, his heirs or legal representatives, double the amount of money paid for the land, together with all subsequent taxes that the purchaser has paid on the same from the day of purchase to the day of redemption. The Collector of Taxes shall give in said deed such description of the land as is given on the tax rolls in his hands, and such other description as may be necessary to the better identification of the same.

Sec. 20. The provisions of this act in reference to the seizure and sale of real and personal property, for taxes, penalties and costs due thereon, shall apply as well to Collectors of Taxes for town and cities as for Collectors of Taxes for counties, and they shall be governed in selling real and personal property by the same rules and regulations in all respects as to time, place, manner and terms, and making deeds, as are provided for Collectors of Taxes for counties.

Sec. 21. Should the Collector of Taxes fail to make sale of any real estate for want of a purchaser, he shall bid the same off to the State for taxes and penalties due and costs accruing thereon, and make due return thereof, under such forms and directions as the Comptroller may furnish and direct, and he shall, on final settlement of his accounts with the Commissioners' Court and the Comptroller of Public Accounts, be entitled to a credit for the amount of taxes due the State and county for which the land or lots were bid off to the State for.

Sec. 22. The Collector of Taxes shall, whenever he may receive as much as five thousand dollars (\$5,000) or more belonging to the State, pay the same over to the State Treasurer in the manner as may be directed by the Comptroller of Public Accounts, reserving only his commissions on the same.

Sec. 23. The Collector of Taxes shall, whenever he may receive as much as five hundred dollars (\$500) or more belonging to his county, pay the same over to the County Treasurer of his county, reserving only his commissions on the same.

Sec. 24. The Collector of Taxes shall collect all occupation taxes due the State and county, and he shall make a quarterly report of the same, and one exact copy thereof, which shall state the amounts collected, from whom collected, and for what purpose, and for what time the said taxes were paid. The original shall be filed with the Clerk of the County Court, to be kept in his office for the inspection of the public. The County Clerk shall certify to the correctness of the copy, and that the original has been filed in his office; and the County Clerk shall forward without delay, to the Comptroller of Public Accounts the copy so certified to, for which the County Clerk shall be entitled to one dollar and fifty cents, to be paid by the Collector of Taxes.

Sec. 25. For every neglect, failure or refusal to comply with Section 24 of this act, the Collector of Taxes shall forfeit his commissions on the amount of occupation taxes collected by him during each quarter for which he neglects, fails or refuses to comply with Section 24 of this act; should any Collector of Taxes so neglect, refuse or fail to comply with the provisions of Section 24 of this act for two consecutive quarters, the Commissioners' Court, upon a complaint made to them by the Comptroller of Public Accounts, shall remove the said Collector of Taxes from office, unless said Collector of Taxes can render a satisfactory excuse for such neglect, refusal or failure, and he shall also be subject to prosecution on his official bond.

Sec. 26. The quarterly reports provided for in Section 24 of this act shall be as follows: The first report shall include the months of July, August and September, and shall be made out and reported as required above, on the first Monday in October of each year. The second report shall include the months of October, November and December, and shall be made out and reported on the first Monday in January of each year. The third report shall include the months of January, February and March, and shall be made out and reported on the first Monday in April of each year. The fourth report shall include the months of April, May and June of each year, and shall be made out and reported on the first Monday in July in each and every year.

Sec. 27. The Collector of Taxes shall also make out and forward to the Comptroller of Public Accounts a statement of all the occupation taxes collected by him during the year, which said annual report shall be made out and forwarded to the Comptroller of Public Accounts on

the first Monday in July of each year, and shall show from whom collected, when collected, the amount collected, and on what occupation collected, and for what time collected; and such other facts as the Comptroller may require. And for each failure, refusal or neglect to comply with the provisions of this section, the Comptroller shall deduct one hundred dollars from the commissions of the Collector of Taxes, so failing, refusing or neglecting to comply with the provisions of this section for each month he so fails, refuses or neglects to comply with the provisions of this section, and the Commissioners' Court shall upon complaint made to them, by the Comptroller, remove said Collector of Taxes from office, unless he produce satisfactory reasons for such failure.

Sec. 28. All moneys collected from occupations due the State shall be paid over to the State Treasurer by the Collector of Taxes, in the same manner and under the same restrictions and regulations as is required by section twenty-two of this act.

Sec. 29. All moneys collected from occupations due the county shall be paid over to the County Treasurer by the Collector of Taxes in the same manner and under the same restrictions and regulations as is required by section twenty-three of this act.

And in cases where property is levied on and sold for taxes, he shall receive the same compensation as allowed by law to Sheriffs or Constables for making a levy and sale in similar cases. And he shall be allowed ten cents per mile, once a year, each way for visiting the Capital and making final settlement of his accounts with the Comptroller; the distance to be computed by the Comptroller from the county seat as the mileage of the members of the Legislature is computed.

Sec. 31. There being no law now in force clearly defining the duties and powers of Collectors of Taxes, it is hereby declared that there is an existing imperative public necessity and emergency for the immediate passage of this act, that the Collectors of Taxes may at once enter upon the discharge of their official duties; therefore, this act take effect and be in force, from and after its passage.

Sec. 32. All laws and parts of laws in conflict with the provisions of this act are hereby repealed.

debtedness, approved by the Auditorial Board of the State, has been lost, be and he is hereby authorized to issue a duplicate warrant in lieu of the original warrant; or a duplicate or a copy of such certificate, or other evidence of the indebtedness, in lieu of such original; and upon the applicant filing with the Comptroller his affidavit that he is the true owner of such instrument, and that the same is in fact lost or destroyed, and shall also file with the Comptroller his bond in double the amount of the claim, with two or more good and sufficient sureties, payable to the Governor of the State, to be approved by the Comptroller, and conditioned that the applicant will hold the State harmless and return to the Comptroller, upon demand being made therefor, said duplicates or copies, or the amount of money named therein, together with all costs that may accrue against the State, on collecting the same.

Sec. 2. That if, after the issuance of said duplicates or copies, the Comptroller should ascertain that the same was improperly issued, or that the applicant or party to whom the same was issued was not the owner thereof, he shall at once demand the return of said duplicate or copy, if unpaid, or the amount paid out by the State, if so paid; and upon the failure of the party to return the same, or the amount of money called for, suit shall be instituted upon said bond in the court having jurisdiction of the amount in controversy in the city of Austin, Travis county, Texas.

Sec. 3. Whereas, there are many persons in this State who have lost original warrants issued by the Comptroller of Public Accounts upon the State Treasurer, and there is no law in force authorizing the Comptroller to issue a duplicate warrant for the same, and such persons are thereby deprived of the money due upon said warrants, thus creating an imperative public necessity and an emergency for the immediate passage of this act; therefore, it shall take effect and be in force from and after its passage.

Sec. 13. Such certificate shall be then delivered to the purchaser or purchasers, and shall protect him or them from the payment of inspection fees in any other district in the State for the animals therein described, except the county from which the same may be exported.

Sec. 14. Any person or persons driving cattle in his or their own mark and brand shall be entitled to the certificate of inspection hereinbefore provided for, on payment of the fees to the Inspector hereinafter provided for, and on presentation to the Inspector of the certificate of the Clerk of the County Court of the county where such mark and brand is recorded, to the effect that the mark and brand named therein is duly recorded in his office as the mark and brand of the person so driving such cattle.

animal so to be driven a large and plain road brand, composed of any device he may choose; which brand shall be branded on the left side of the back, behind the shoulder; and every person or persons using or causing to be used any road brand, shall place the same on record as in the case of other brands, in the county from which the animals upon which said brand is to be placed are to be driven, and before their removal from such county.

Sec. 16. Any person intending to drive or ship any animal or animals to the Republic of Mexico, may ship the same from any point on the coast of Texas, or may drive or ship them across the Rio Grande river at any point where a custom-house of the United States is located; and shall not drive or ship such animal or animals across the Rio Grande at any other point or points; and he shall cause all such animals to be inspected by the Inspector of the district in which the point of shipment or place at which they are to be driven across said river is situated; such inspection shall be made before shipment from the State or passage across said river of said animals.

Sec. 17. Every Inspector inspecting animals, as required by Section 16 of this act, shall be governed in such inspection by the provisions of this act defining the duties of Inspectors in ordinary cases, and shall be entitled to charge and collect, for the services prescribed by said Section 16, the sum of ten cents for each animal inspected by him; which sum shall be paid by the person or persons for whom the inspection be made.

Sec. 18. Whenever a drove of cattle may be passing through any county, it shall be the duty of the Inspector, if called upon so to do by any person, to stop and inspect said drove without any unnecessary detention of the same; and he shall exercise the same powers and perform the same duties in the inspection of said cattle as are prescribed in Sections 7, 9 and 10 of this act; provided, that if any cattle be found in said drove not included in the certificate of the Inspector of the county in which the drove may have been gathered, the fees of the Inspector shall be paid out of the proceeds of the sale of said cattle; but if no cattle shall be found in said drove, except those covered by the Inspector's certificate, then the Inspector's fee shall be paid by the person at whose instance and request said drove may be inspected.

Sec. 19. That the hides of all cattle, including all ages and sexes of said animals, which shall be imported into this State, from the United States of Mexico, shall be inspected by the Inspector of Hides and Animals of any county or district into which the same may be introduced or imported, for which service said Inspector shall receive the sum of five cents for each hide so inspected; and should the importer of said hides fail or refuse to pay the inspection fees, as above provided for, the inspector is hereby authorized to retain possession of said hides, and to sell a sufficient number of said hides, after public notice of three days, to the highest and best bidder, to pay said inspection fees, and all necessary expenses incurred in connection therewith. That horses and mules imported from Mexico into this State, shall be inspected in accordance with the provisions of the preceding section, and with like authority to retain and sell as therein provided, and for each horse or mule, so inspected, the Inspector shall receive ten cents. That should an Inspector of Hides and Animals find among hides imported from Mexico, any hide or hides, which from the brand or from other evidence, to-wit: Brands blurred, blotched or defaced by the use of chemicals or by other agents or means, or brands recently made, he has reasons to believe that

said hide or hides have been stolen from the lawful owner, it shall be his duty to separate said hide or hides from the others undergoing inspection, and to notify any person he believes to be interested therein to come forward and institute suit for the recovery of the same; and should no person appear to claim said hide or hides, the Inspector shall within twenty-four hours make oath before the County Judge of the county, or before a Justice of the Peace of the county, that he has reason to believe that said hides have been stolen; whereupon the said County Judge or Justice of the Peace shall take possession of said hide or hides, and shall issue a citation, directing the importer or party claiming the same to appear before him at his office within a time specified, not to exceed twenty-four hours, to show that said hide or hides have been legally acquired by him or them. And should said importer or claimant make proof that he is the lawful owner of said hide or hides, by showing a bill of sale from the owner of the same, or his legally authorized agent, and by showing a complete chain of transfer or title from the original owner of the brand to himself, or his firm, as the case may be, the County Judge or Justice of the Peace shall direct that the same be delivered to said importer or claimant, upon his paying the inspection fees. That should the said importer or claimant of said hide or hides, fail to establish his claim as the lawful owner of the same, or to any number of said hides so seized, it shall be the duty of the County Judge or the Justice of the Peace to direct that said hide or hides shall be sold at public auction by the Inspector of Hides and Animals or his deputy, after a notice of ten days, published in a newspaper, should there be one published in said county; or by notice in writing, posted at the court-house and two or more other places in said county, and the said hide or hides shall be sold to the highest and best bidder. That the Inspector of Hides and Animals shall retain twenty-five per centum of the purchase money, after having deducted and having paid all necessary expenses incurred by reason of said sale, and he shall deposit the remainder of said purchase money with the County Treasurer and take his receipt therefor; and said County Treasurer shall place one-half of said sum of money to the credit of the school fund, and the other to the credit of the jury fund of said county. That should any person appear, either by himself, his agent or attorney, and claim any hide or hides imported from Mexico, at any time before said hide or hides shall have been sold as above directed, and should said claim be established before the County Judge or a Justice of the Peace of said county, the said hide or hides shall be delivered to the said claimant, and all costs accruing therein shall be paid by the importer; provided, that at any time before proceedings shall have been commenced as above directed, the importer may be permitted to pay the lawful owner, his agent or attorney, for any hide or hides imported by him from Mexico, and presented in any county of this State for inspection.

Sec. 20. Any person or persons, having marks and brands recorded in the office of the Clerk of the County Court may file with the Inspector a list of his recorded marks and brands, certified by the said Clerk under his seal, to which certified list shall be attached the names of any person or persons whom the owner of said stock may wish to authorize to gather, drive, or otherwise handle his stock; and the filing of said list with the Inspector shall be deemed sufficient authority to the person or persons named in such list to gather, drive, or otherwise handle any animals of the marks and brands therein described.

Sec. 21. In all cases where the counter-branding of any cattle shall be deemed necessary or expedient, the person so counter-branding shall counter-brand the existing brand of the animal, by which the owner thereof is then known, or by which it is then claimed and owned, by branding below the said brand its fac-simile, that is, similar letters, characters, or numbers, as the case may be; and he shall also place on said animal the brand of the then owner thereof; but no person shall change or alter the ear marks of any animal, but in counter-branding, shall leave the ears bearing the same mark or marks as before counter-branding.

Sec. 22. No person owning and claiming stock shall, in originally marking and branding animals, make use of more than one mark and brand; provided, that any person may own and possess animals in many marks and brands, the same having been by him acquired by purchase, and bills of sale in writing, properly acknowledged from the previous owner or owners, or his or their legally constituted agent, shall be sufficient evidence of such purchase; but the increase of such animals, or of any animals counter-branded by such person from other stocks of cattle owned by him, and all animals so counter-branded, shall be branded or counter-branded by one and the same brand; and when marked by such person, shall be marked in one and the same mark.

Sec. 23. The Clerk of the County Court in each county shall transcribe the list of all recorded marks and brands in his county, and revise the same. Such revised list shall be written in a well bound book, kept for that purpose only, and shall be arranged as follows, viz: All brands of the letter class shall be placed in alphabetical order, following which shall be the numeral, character and device brands, in the order of the date of their registration. Opposite each brand shall be stated the marks corresponding to said brand, the name of the owner of the brand, his place of residence; if the same be sold, the name of the person to whom sold and his residence, the date of registration of the brands and marks, or particulars relating thereto. Before each brand shall be placed its number, commencing at one for the first brand on the revised list; and the name of the owner of each brand shall be indexed, reference being had in such index to the list number of the brand or brands of such owner; and all new marks and brands placed on record shall be immediately recorded and indexed in said book, which shall at all times be open to the inspection of all persons; provided, that the provisions of this section shall apply only to counties in which the work of transcribing the records has not already been done in accordance with law.

Sec. 24. In all cases where application for registration of any mark or brand shall be made, the Clerk of the County Court shall receive and record the same, unless an examination of the recorded list of marks and brands shows that a similar mark and brand is already upon record in such county, in which event he shall refuse to register or give any certificate for the same; provided, that if such applicant shall have previously had such mark and brand recorded in some other county, and shall have a certificate from the Clerk of the county in which said brand had been recorded, and if said certificate shall state that said brand and mark had been recorded in said county at some time anterior to the time of the registration of the similar mark and brand in the county in which the said applicant may desire to have his brand recorded, then said brand and mark shall be recorded, and the Clerk shall, on the record, make a minute setting forth said facts.

Sec. 25. Every Inspector, or Deputy Inspector, provided for in this act, shall be entitled to receive for each hide or animal inspected, ten cents; but if more than fifty hides or animals are inspected in the same lot, then ten cents apiece for the first fifty, and three cents each for all above that number.

Sec. 26. Each Clerk of the County Court shall be allowed to collect the sum of fifteen cents for each hundred words in recording and certifying to every bill of sale provided for in this act; and the sum of seventy-five cents for recording each mark and brand and certificate thereof, and such compensation for revising the list of registered marks and brands of cattle stocks in his county as the County Commissioners' Court may allow.

Sec. 27. Whenever, in this act, the word, "Inspector" is used, it shall be taken and deemed to be "the Inspector of Hides and Animals;" and the words, "Deputy Inspector of Hides and Animals," and the words, "county, district or inspection district," shall be held to include each organized county in this State, together with any unorganized county that may be attached for judicial purposes to any such county.

Sec. 28. All marks and brands of cattle shall be recorded in the county or counties in which they usually range; provided, that when cattle are gathered near the county line, the bills of sale of the same shall be recorded in both counties; and when any stock of cattle is sold, the fact shall be noted on the record opposite or near the record of its mark and brand, giving the name of the vendor and vendee, and date of sale, and this shall be done as often as there may be a sale. It is made the duty of the Inspector to procure certified copies of the marks and brands of his county for himself and his deputies, and monthly to have added thereto the marks and brands that may be recorded.

Sec. 29. It is made the duty of the Inspector and his deputies carefully and personally to inspect and examine each animal separately, so as to see and know himself the marks and brands, ages, sexes and number of cattle inspected, and shall not trust to the statement of any person, and shall also carefully examine the bills of sale and lists of brands and marks for the cattle inspected by him; and if satisfied that the person claiming the cattle inspected has correct bills of sale or chain of transfer, in writing, from the recorded owner, or is the owner himself, in whole or part, of the mark and brand of each animal in his drove or herd, which should be inspected, and that he has none other in his said inspected herd, or under his control, to be carried with it, he will then, and not until then, make out a certificate, which he shall first enter in his record, under his hand and seal, containing the number of cattle in each mark and brand, with their respective ages and sexes thus inspected, and that they appear to be the property of the person for whom they were inspected, naming him or her as appears by bills of sale from the recorded owner of the said marks and brands, on the cattle inspected by him, or the owner of the brand and mark, himself or herself, and that he has none other in his herd or under his control that should be inspected; and that he intends to drive or ship them, naming the place in the State, for sale or slaughter; or if out of the State, he shall then name the place on the border of the State; and should any owner or owners designate a point on the border of the State, where there are no settlements or organized counties, such owner or owners shall have his herd inspected in the last organized county through which he

drives. And when he reaches the said place of destination in this State, before he shall sell, or slaughter or ship any of said cattle, he shall have them inspected there; and it is made the duty of that Inspector or deputy to carefully inspect all the cattle belonging to the herd in the manner prescribed for the first inspection, and compare the certificate of the first Inspector with the cattle, and if it appear that he has none in his herd or under his control but those mentioned or described in the Inspector's certificate, he will so certify in duplicate, and under his hand and seal, giving the date of the first certificate, by whom made, in what county, and the number of cattle found by him in each mark and brand, with ages and sexes. One of these certificates the Inspector will immediately remit by mail, postage paid, to the first Inspector, and the party will deposit the other with him, in two months from the date of the original inspection, both to be kept by him in his office; and the Inspector, at the point of destination, shall carefully examine and know, if possible, whether he has cattle under his control other than those originally inspected, and if he has, then he will take charge of the same and sell them as if under execution; or if not voluntarily delivered to him, then he may sue for and sequester them without giving bond and security; and by order of the Justice of the Peace, County Judge or District Judge of the court where the suit may be instituted, on application of said Inspector or his successors, the cattle shall be sold in like manner, and the proceeds of sale, less one-fourth retained by him for compensation and costs of suit, shall be deposited with the County Treasurer for the owner of the cattle sold, for one year; if not called for at the end of that time, the proceeds shall vest in the county. He will also file with the Treasurer a statement of the number in each mark and brand sold, and the amount each sold for. If the owner of the inspected herd should desire to sell, slaughter or ship the cattle, or any of them, at any other place than the destination named in the certificate of inspection, he may do so by first having his herd inspected and certificate to be compared by the Inspector with the original certificate, made and returned in the manner prescribed at the point of destination, as far as applicable; and the duty of such Inspector shall be the same as those prescribed for Inspectors at places of destination. Any Inspector or deputy who shall wilfully fail, refuse or neglect to comply with the provisions of this section shall, on conviction, be punished by imprisonment in the penitentiary for not less than two nor more than five years, or by fine not exceeding one thousand dollars, in the discretion of the jury, and shall be removed from office by the court having jurisdiction of the offense.

Sec. 30. Every Inspector shall have authority to authenticate bills of sale of animals, and give certificates of acknowledgment of the same under his hand and seal, and shall be allowed to collect fifty cents for every acknowledgment so taken.

Sec. 31. Every Inspector who shall give any certificate of inspection, without first having made the inspection in accordance with the seventh section of this act; or shall fraudulently issue a certificate of inspection of any hides or animals, shall be deemed guilty of a misdemeanor, and, upon conviction, shall be fined in any sum not less than fifty dollars, nor more than five hundred dollars; and in addition thereto, shall be removed from his office by a decree of the court trying the same.

Sec. 34. Any person who shall drive any cattle across the Rio Grande river into Mexico, at any other point than where a United States custom-house is established, or place of inspection by United States custom-house officers, or without first having the same inspected in accordance with the sixteenth section of this act, shall be deemed guilty of a felony, and, upon conviction, shall be confined in the penitentiary not less than two nor more than five years.

Sec. 35. Sec. 36. Any person who shall sell any hides of cattle without the same having been inspected, shall be deemed guilty of a misdemeanor, and, on conviction, shall be fined in any sum not less than one dollar nor more than five dollars for each hide so sold.

Sec. 37. Sec. 39. Any person who shall purchase any animals or hides of cattle without obtaining a bill of sale from the owner or his agent, as required by sections eleven and twelve of this act, shall be deemed guilty of a misdemeanor, and on conviction shall be fined in any sum not less than twenty dollars nor more than one hundred dollars for each animal or hide so purchased.

No election precinct shall be formed out of any two or more Justices' precincts, and they shall designate one place in each of such election precincts, at which elections shall be held; and they shall at the same time, and at their first regular or called term in each year, select and appoint from among the residents of each election precinct some suitable person to be presiding officer of such precincts; but each Justice's precinct shall contain at least one election precinct; provided, that in any incorporated city of this State, each ward of said city shall constitute an election precinct, and the Commissioners' Courts of the counties in which said cities are situated shall, as above provided, select and appoint some competent person from among the residents of such precinct, a presiding officer thereof, and that such presiding officer shall have all the powers and authority, and shall discharge all the duties of other presiding officers of election; and said Commissioners' Courts shall, as above provided, designate at least one place in each of said precincts, at which elections shall be held.

Sec. 22. That the Governor shall commission all officers except members of Congress, members of the Legislature, the Governor and municipal officers.

Sec. 23. That in all city or town elections, where not otherwise provided for by the charter of said city or town, the Mayor thereof, or in the event he fails or refuses to act, then any two of the Aldermen, shall order elections, give notices, appoint presiding officers, who shall hold the election and make returns to the Mayor, under the same regulations and with like effect as in county elections, so far as applicable.

Sec. 24. That in all elections hereafter, if there should be any [an] equal number of votes given to two or more persons for the same office, and no one elected thereto, the election of such officer shall again be returned to the people, and an election be ordered, notices given, and another election [held] in the same manner as the general election.

Sec. 25. That any persons who shall vote, or attempt to vote, more than once at the same election, shall be deemed guilty of a felony, and on conviction shall be confined in the penitentiary not less than two nor

more than five years. When an election shall have been held for members of the Legislature, in a district composed of more counties than one, the County Judge or other officer to whom the returns in each county are made, who are not authorized to give certificates of election to such persons aforesaid, shall make out and send complete returns of such election, after examining and recording the same, to the returning officer of said district, which returns shall be sealed up, and the name of the officer forwarding them shall be written across the seal, and the package marked on the outside, "Election returns," which package may be sent by mail. The returning officer to whom the returns are so forwarded, or in case of his inability, absence, refusal, or failure to act, the County Clerk, or his deputy, shall, upon the thirtieth day after the election (Sunday excluded), open and count said returns in the presence of at least one of each political party; and, after recording the same, shall give a certificate of election to the person or persons receiving the highest number of votes for Senator or Representative in that district; provided, that if all the election returns from the district shall have been received by the returning officer of the district before the said thirtieth day, then the said returning officer may count said returns and issue the certificate herein provided for.

Sec. 27. That in every year in which an election shall be held for President or Vice-President of the United States, such election shall be held on the first Tuesday next after the first Monday in November, and in accordance with an act of Congress of the United States, approved January 23, 1845, entitled: "An Act to establish a uniform time for holding elections for electors of President and Vice-President in all the States of the Union;" and such elections shall be held and conducted, and returns made thereof, as in the manner and form provided by law for the general election.

Sec. 28. That the provisions of this act shall apply to the elections of all officers, or for any other purposes, where not otherwise provided by law.

Sec. 29. That those that may hereafter receive certificates of election to the Senate and House of Representatives of the Legislature of this State, and those Senators whose terms of office shall not have terminated, and none other, shall be competent to organize the said Senate and House of Representatives.

Sec. 30. That the act entitled, "An Act to provide for the mode and manner of conducting elections, making returns, and for the protection and purity of the ballot-box," approved August 15, 1870, and "an act to regulate elections," approved March 31, 1873, and all other laws and parts of laws in conflict with the provisions of this act, be, and the same are hereby repealed.

Sec. 31. No. 5.—Joint Resolution instructing our Senators and requesting our Representatives in Congress to ask protection for the frontier, and compensation for past expenditures by the State in that behalf.

Section 1. Be it resolved by the Legislature of the State of Texas, That the Federal Government owes to Texas protection of her exposed frontier, by virtue of her rights, as a member of the Union, to an equal participation in the benefits and blessings which its Constitution guarantees to all the States, among which is defense against invasion; and the Republic of Texas, upon her accession to the Union, having ceded to the United States all public edifices, fortifications, barracks, ports and harbors, navy and navy-yards, docks, magazines, arms, armaments and all other property and means pertaining to the public defense; the faith of the United States thereby became solemnly pledged to extend to the frontiers of the said Republic of Texas the most ample protection, without which, as a condition precedent, Texas would have had no sufficient inducement to surrender her independent political position.

Sec. 2. That our Senators in the Congress of the United States are hereby instructed, and our Representatives are hereby requested, to present to Congress now assembled, these resolutions of the Legislature of the State of Texas, and to urge upon that body the enactment of such laws as will secure to our frontiers ample military protection against Indians and Mexican freebooters, the military forces of the United States on our borders being too weak, under the most effective command to afford such protection, and the State of Texas being compelled in defense of the property and lives of her citizens to maintain in the field a considerable military force at her own expense.

Sec. 3. That our said Senators be instructed and our Representatives requested to present and urge before Congress the passage of a bill reimbursing the State of Texas for the large appropriations of money which from time to time have necessarily been made by her Legislature, because of the failure of the Federal Government to provide sufficient protection to our frontiers.

Sec. 4. That the Governor of the State be requested to transmit to our Senators and Representatives in Congress, a copy of these resolutions, together with an itemized statement of all expenditures made by the State in the protection of her frontiers.

Sec. 5. The fact that Congress will adjourn at an early day, and the necessity for prompt action requires that this joint resolution take effect and it is hereby declared, that it do take effect from and after its passage.

Sec. 2. That the Governor be and is hereby requested to transmit a copy of this joint resolution to his Excellency, the President of the United States, Postmaster-General, and to each of our Senators and Representatives in Congress.

Sec. 3. In view of the fact that Congress will adjourn at an early day, and the necessity for prompt action creates an emergency that this joint resolution pass at once; it is therefore enacted that it be in force from and after its passage.

Approved July 11, 1876.

Takes effect from its passage.

No. 7.—Joint Resolution.

Whereas, Immigration is rapidly filling the western portion of our State, and the present mail facilities are wholly inadequate to the want of communities; and, whereas, the important route from Fort Concho to El Paso is the only direct communication connecting the military stations protecting our frontier, and is the only route making direct connection with the more populous provinces of the Republic of Mexico; and, whereas, service on said route was formerly three times each way per week, and instead of increasing with the increasing demands was reduced to only two trips per week, when there ought to be at least three trips per week mail service from the capitol of our State to the western end of this important line; therefore,

Section 1. Be it resolved by the Senate and House of Representatives of the State of Texas, That we do hereby memorialize the Postmaster-General to immediately increase the present mail service upon the important route from Fort Concho to El Paso, and we do hereby instruct our United States Senators and request our Representatives in Congress to use all honorable means to have the mail service made not less than three times a week upon said route; be it further resolved, that the official copies hereof, properly attested, shall be forwarded to the Postmaster-General and to each of our United States Senators and Representatives.

Sec. 2. The facts set forth in the preamble hereof, and the prospect of an early adjournment of Congress causes such an emergency as requires immediate action in this matter, and it is hereby enacted that this joint resolution take effect and be in force from and after its passage.

Be it resolved by the Legislature of the State of Texas, That we tender our sincere condolence to the family of the deceased, and to the people of our suffering frontier, and that the Governor be requested to forward a copy of this joint resolution to our Senators and Members of Congress, with the request that the same be spread upon the journals of Congress; and a copy of the same be forwarded to the family of the deceased.

Approved July 28, 1876.

Takes effect ninety days after adjournment.

No. 9.—Joint Resolution.

Whereas. The Constitution inhibits this State from expending money in the interest of immigration, and whereas an impression prevails that the people of this State are indifferent or opposed to immigration from the older States of the Union, and from foreign nations, and whereas the Texas Land and Immigration Company of St. Louis, a corporation organized under the general statutes of the State of Missouri, composed of men of known integrity of character, business reputation, possessing ample means, have undertaken to carry on a free communication with the other States of the Union, and with foreign countries, furnishing information of the great resources of the State of Texas, her climate, soil, minerals, and advantages presented for the investment of capital in manufactures, and other advantages to the immigrant; therefore,

Section 1. Be it resolved by the Legislature of the State of Texas, That the people of Texas extend a cordial invitation to the good and industrious immigrant to come and make his home among us, and that we will extend to him a hearty welcome, and that the State officers are authorized and requested to furnish the agents and officers of said company such official documents at their disposal as will aid the said company in the work of securing immigration to this State; provided, the same be done without any cost to the State.

Whereas, W. T. Neale, a citizen of the town of Hearne, in Robertson county, Texas, was nominated and confirmed a Notary Public, in and for said county, on the first day of February, 1875, and duly qualified as such, but the Clerk of the District Court of said county failed to attach the oath to the bond; and whereas, great damage and loss may arise from the acts of said Notary to numerous parties, if the same be not legalized; therefore,

Section 1. Be it resolved by the Legislature of the State of Texas, That all and every act of the said W. T. Neale, as such Notary Public, be and the same are hereby declared legal, with all the force and effect, as if done under full warrant and authority.

Takes effect ninety days after adjournment.

No. 12.—Joint Resolution.

Whereas, By a joint resolution of the Congress of the United States approved July 3, 1876, the Secretary of War is authorized to issue to the Territories and the States bordering thereon, such arms as he may deem necessary for their protection, not to exceed one thousand to said States, each, etc., and, whereas, the Governor of each State receiving its quota of said arms is required to give good and sufficient bond for the return of said arms or payment for the same at such times as the Secretary of War may designate, and their being no authority vested in the Governor of the State of Texas to make such bond; therefore,

Section 1. Be it resolved by the Legislature of the State of Texas, That the Governor of this State be, and is hereby authorized and empowered to give or make such bond, in the name and behalf of the State, as is required to secure to this State the quota of arms to which it may be entitled by virtue of said joint resolution of the Congress of the United States, approved July 3, 1876.

Section 1. Be it resolved by the Legislature of the State of Texas, That the Governor, in conformity to the provisions of "An Act for ceding to the United States jurisdiction of certain lands in this State for public purposes," approved December 19, 1849, and "An Act supplemental thereto," approved February 13, 1852, be, and he is hereby authorized and empowered to sell or lease to the United States, and cede the jurisdiction over such reasonable quantity of land in the vicinity of Fort Elliott, in the northwestern portion of Texas, as may be required by the United States, for the purpose of erecting forts, arsenals, barracks military stations and camps, and for other needful military purposes, the Legislature of the State hereby giving its approval to said sale or lease.

Sec. 2. If the land so sold or leased shall belong or pertain to the public school fund, the proceeds arising therefrom shall be placed to the credit of said fund.

Sec. 3. Whereas, a necessity exists for the better protection of the frontier, which protection will be afforded by the immediate sale or lease of said lands for the purposes before mentioned, thus creating an emergency; therefore, resolved that this resolution take effect from its passage.

Approved August 21, 1876.

Takes effect from its passage.

No. 15.—Joint Resolution to authorize the Governor to make such endorsement on registered U. S. bonds as may be necessary to sell or transfer them.

Resolved by the Legislature of the State of Texas, That the Governor, or such other person as may be required by law, be and is hereby authorized to make such endorsement on all the registered United States bonds now held for the benefit of the permanent school fund, as may be necessary to sell and transfer them; and, whereas, interest to accrue to the school fund will be materially enhanced by the early conversion of

said United States bonds into the six per cent. interest bearing bonds of this State; and, whereas, as the necessities of meeting promptly the maturing liabilities of the State may render the negotiation of these bonds desirable at an earlier period than ninety days from and after the adjournment of this Legislature; therefore, be it further resolved that an emergency exists and that this joint resolution take effect and be in force from and after its passage.

Approved August 21, 1876.

Takes effect from its passage.

Section 1. Be it enacted by the Legislature of the State of Texas, That the corporation of the city of Houston is hereby authorized to exercise all the necessary power and authority, in such manner as it may think proper, to deepen, widen, and otherwise improve the navigation of Buffalo Bayou, from the mouth of Simm's Bayou to any point within the limits of said corporation, and for that purpose said corporation is authorized to cut, clear, and remove from said Buffalo Bayou and its banks, all the necessary timber, earth, and other material, and to make such cuts, excavations, cut-offs, locks, dams, and other changes in the natural course of said bayou, as may be necessary to deepen, widen, straighten said bayou, and otherwise improve the navigation thereof; and whenever it may become necessary, in making said improvements in said bayou, to use any private property, said corporation is hereby authorized to condemn and appropriate such property in the manner provided by the laws of the State for other internal improvements; and for the purpose of defraying the expense of said improvements, as contemplated in this section, said corporation is hereby authorized to raise money by the sale of its bonds or other obligations, or otherwise, not to exceed two hundred thousand dollars in any one year, and to levy and collect an annual tax, not to exceed one per cent. per annum, on all taxable property situated within the corporate limits of said corporation. (1190)

CHAPTER VIII.—An Act for the relief of the Dallas and Wichita Railroad Company.

Whereas, Railroad communication with the States has been cut off, and the transportation of freight therefrom entirely suspended for several weeks past, on account of the destruction of bridges and road-bed by floods, making it impossible for the Dallas and Wichita Railroad Company to secure the transportation of their iron from Saint Louis, Mo., to Dallas, Texas, in time to meet the requirements of their charter and the laws of the State; and,

Whereas, The construction of the Dallas and Wichita Railroad would benefit the entire State by encouraging the settlement of the Northwestern portion of the State, and by greatly increasing the value of the school lands therein located, and by greatly increasing the wealth and taxable property of the State, by insuring the development of the mineral region through which it is located; therefore,

Section 1. Be it enacted by the Legislature of the State of Texas, That the limitation of time required by the charter of the Dallas and Wichita Railroad Company and the laws of the State for the completion of any works of internal improvements or particular sections thereof, be and the same is hereby extended and enlarged for the term of twelve months in addition to the time, from, in and by said charter and laws for the completion of the same.

Sec. 2. That in consequence of the facts set forth in the preamble, and the fact that the charter of said company will become forfeited upon the adjournment of the present session of the Legislature, unless relief be granted, an imperative public necessity and an emergency exists, requiring that this act take effect immediately; therefore, this act shall take effect and be in force from and after its passage; provided, that said company shall file with the Secretary of State, a full and complete acceptance of the conditions imposed upon railroad corporations by the Constitution, within ninety days after the adjournment of this Legislature, and in case of failure to comply, this act shall be null, void

and of no effect; provided further, that said company shall not be entitled to the relief sought in this act, unless said company shall file with the Secretary of State, within ninety days from the passage of this act, their relinquishment of all over sixteen sections of land to the mile of said road.

Approved July 29, 1876.

Takes effect from its passage.

CHAPTER IX.—An Act granting an extension of time to the Texas and Mexican Pacific Railroad Company, for the construction of its road.

Whereas, The Texas and Mexican Pacific Railroad Company, whose office is at Rockport, Aransas County, Texas, have been delayed in the construction of said road by the financial crisis, which but recently swept the country; and,

Whereas, the country through which this proposed road passes is entirely destitute of the facilities for transportation necessary to its development; therefore,

Section 1. Be it enacted by the Legislature of the State of Texas, That the time in which the Texas and Mexican Pacific Railroad Company is now required by law to construct its railroad, or any section thereof, is hereby extended and enlarged for an additional period of two years.

Takes effect from its passage.

CHAPTER X.—An Act granting further time to the Corpus Christi, San Diego and Rio Grande Narrow Gauge Railroad Company.

Section 1. Be it enacted by the Legislature of the State of Texas, That the time within which said company is now required by law to construct their said railroad, or any section thereof, is hereby extended and enlarged for an additional period of two years.

Sec. 2. That this act shall take effect and be in force from and after ninety day after the adjournment of this Legislature.

Approved August 2, 1876.

Takes effect ninety days after adjournment.

TITLE II.

ARTICLE I—OFFICERS AND THEIR ELECTION.

Sec. 3. The municipal government of the city shall consist of a City Council, composed of the Mayor and one Alderman from each ward. A majority of the Aldermen elected shall constitute a quorum for the transaction of business, except at called meetings or meetings for the imposition of taxes, when three-fourths of the Aldermen elected shall be required, unless herein otherwise specified. The other officers of the corporation shall be a Recorder, a Treasurer, an Assessor, a Collector, a Clerk, a Chief of Police, a City Engineer (who shall also be a Superintendent of Streets), an Auditor, a Health Physician, and such other officers and agents as the City Council may from time to time direct; all of whom, except the Mayor and Aldermen, and except as hereinafter provided, shall be elected by ballot by the Board of Aldermen, at a meeting to be held on the third Monday in March in each year, upon the nomination of the Mayor; or in case no person

shall then be nominated by him, or if the person so nominated shall not be elected, then as soon thereafter as possible, upon the nomination of any Alderman; and shall hold their offices until the third Monday in March thereafter, and until the election and qualification of their successors; and in such election a majority of all the Aldermen elected shall be necessary to a choice.

ARTICLE II—ELECTIONS.

Sec. 4. Elections for Mayor and Aldermen shall be held on the first Monday in March, at such place and places as the City Council may direct, and of which thirty days' previous notice shall be given by publication in one or more newspapers of said city. Said elections shall be ordered by the City Council or Mayor. For the purpose of holding such elections, and others ordered, the City Council shall appoint annually in April, or earlier, in each ward, some competent and suitable person, who shall be the presiding officer at all elections held in his ward. The presiding officer of each ward shall select two judges and two clerks, who, together with the presiding officer, shall be managers of the elections. The presiding officers and judges must be qualified voters in the city. The City Council shall provide for their compensation, and by ordinance regulate and define their powers and duties, and determine the hours of opening and closing the polls. The Mayor, whenever an election is ordered, shall give the required notice, and issue to the presiding officer a writ of election; and every published notice of election shall state the officer or officers to be elected, the place where the election will be held, and the name of the presiding officer thereat. In case the officer so appointed is unable, fails, refuses or neglects to act, or the City Council have failed to appoint, the Mayor shall appoint; and in case no appointed presiding officer appears to open the polls, the attending qualified electors at the place for holding such election, may appoint such officer, who shall perform the same duties and shall have like power and authority to act, as a first appointee; but in such case, the managers, in their returns or otherwise, shall certify that the presiding officer failed to attend or neglected to act, and that the person acting as such was duly chosen by the electors present; provided, that if from any cause an election can not be or is not held on the day aforesaid, such election shall be held as soon thereafter as the order can be made and the necessary notice given; and the City Council shall have full authority to designate the day for such election; and provided, further, that the presiding officer for the first election under this act may be appointed at any time thirty days prior to such election.

ARTICLE III.

Sec. 5. At the first annual election there shall be elected by the qualified voters of said city, voting by ballot, a Mayor, who shall hold his office for two years from the date of said election, and until his successor shall be elected and qualified. At the same time there shall be elected, by the qualified voters of each ward, one Alderman from each ward of the city; of whom those elected in the odd numbered wards shall hold their offices for one year, and those elected in the even numbered wards shall hold their offices for two years from the day of their election, and until their successors shall be elected and qualified; and every year thereafter Aldermen shall be elected in the wards in which

the terms of the incumbents are about to expire, and the Aldermen so elected shall hold their offices for two years from the day of their election, and until their successors shall be elected and qualified. The person receiving the highest number of votes in the whole city for Mayor, shall be declared to be elected; and the persons receiving the highest number of votes cast for Aldermen in their respective wards shall be declared duly elected. In case the person elected Mayor shall refuse to accept the office, the City Council, Mayor, or Acting Mayor, shall order another election; and in case of vacancy in the office of Mayor by death, resignation, removal or otherwise, it shall be filled for the remainder of the term by a new election, to be ordered by the Acting Mayor or City Council. And in case of vacancy in the Board of Aldermen by a refusal to accept or qualify, or by death, resignation, removal or otherwise, the Mayor or Acting Mayor, or City Council, shall order a new election to fill the residue of the unexpired term. And all special elections shall be conducted in the same manner as herein provided for the annual election; provided, that in special elections, five days' notice thereof shall be deemed sufficient.

ARTICLE IV.

Sec. 6. The manner of conducting and voting at said elections to be held under this act, and contesting the same, the keeping of the poll lists, canvassing of the votes and certifying the returns, shall be the same as nearly as may be as is now, or may hereafter be, provided by law, at general State elections; provided, the City Council shall have full power and authority to regulate elections and pass all ordinances in relation thereto, not inconsistent with the general laws of the State, which they may deem proper and necessary, and to prescribe what action shall be had in the event of there being no annual election, or a failure to elect the officers, or any of them, for which any election was ordered; and to prescribe the manner and mode of determining contested elections. The voting shall be by ballot, and the managers shall take the same oath and shall have the same power and authority, as managers of general State elections. After closing the polls, the ballots shall be counted in the manner required by law; and the returns, including the ballots, shall be returned sealed to the City Clerk within three days after the election; and within five days from the election, the City Council shall meet and canvass the same, and declare the result of the election; or, failing to meet at the specified time, shall proceed to canvass said returns at their next subsequent meeting. It shall be the duty of the City Clerk to notify all persons elected or appointed to office, of their election or appointment, and unless such persons shall respectively qualify within five days thereafter, the offices shall become vacant, except in case of sickness or unavoidable absence. The City Council shall meet at the usual place of meeting, at 4 o'clock p. m., on the second Wednesday after the first Monday of March, or as soon thereafter as possible, and the newly elected members shall be installed under the provisions of this act.

ARTICLE V.

Sec. 7. Sec. 74. The City Council shall have power to assess and collect the ordinary municipal taxes upon city or horse railroads, and to compel said city railroad companies to keep their roads in repair, and to restrain the rate of travel so as not to exceed seven miles per hour, and to compel said city railroads to supply ample accommodation for the safe and convenient travel of the people on any street where their tracks may run. The license and occupation taxes shall be assessed by the Assessor and collected by the Collector, and shall be paid to that officer by each and every person and firm owing such license, and before engaging in any trade, profession, business, calling, avocation or occupation, subject to said tax; that if any person shall engage in any business, calling, avocation or occupation, which, by an ordinance of said city, is subject to a license tax, without first having obtained said license, he, she, or they shall be liable to imprisonment and a fine of ten dollars for each day such violation of said ordinance may continue, and this section shall apply to all persons

owing any license and failing to pay the same. Said taxes, laid as herein provided, shall not be construed to be a tax on property within the meaning of section twenty-eight of this act.

ARTICLE VIII.

Sec. 86. That the City Council may, by ordinance, provide for the exemption from taxation of such property as may be exempted under the Constitution and laws of the State.

ARTICLE IX.

Sec. 87. Nothing contained under the head of taxation shall be construed to prevent the City Council from imposing, levying and collecting special taxes and assessments for the improvement of the harbor, avenues, streets and alleys, as hereinafter provided, after having obtained the consent of the resident owners of the property to be imposed, to the extent of a majority of the frontage, as provided in Sections 125 or 126 of this act.

TITLE VI.

ARTICLE I—COLLECTION OF TAXES.

Sec. 88. That the City Council may and shall have full power to provide, by ordinance, for the prompt collection of all taxes assessed, levied and imposed by this act, or hereby authorized and due, or becoming due to the said city; and, to that end, may and shall have full power and authority to sell real as well as personal property; and may and shall make all such rules and regulations, and ordain and pass all ordinances as they may deem necessary to the levying, laying, imposing, assessing and collecting of any of the taxes herein provided.

ARTICLE II.

Sec. 89. The City Council shall have power, by ordinance, to regulate the manner and mode of making out tax lists or inventories and the appraisement of property therein, and to prescribe the oath that shall be administered to each person on such rendition of property, and to prescribe how and when property shall thus be rendered, and to prescribe the number and form of assessment rolls, and fix the duties and define the powers of the Assessor and Collector, and adopt such meas-

ures as they may deem advisable to secure the assessment of all property within the limits of said city, and collect the tax thereupon; and may by ordinance provide that any person, firm or corporation having property subject to taxation, or being liable for any tax under the provisions of this act, and neglecting and refusing when called upon by the proper officer to render a list, inventory and appraisement thereof, as required by any ordinance of said city, shall be liable to fine and imprisonment.

ARTICLE III—ASSESSMENT.

Sec. 90. Every person, partnership and corporation, owning property within the limits of the corporation, shall, within months after published notice, hand in to the Assessor of the city a full and complete inventory of the property possessed or controlled by him, her or them, within said limits, not exempt from taxation, on the first day of March of the current year, verified as required by ordinance, and any person failing or refusing to comply with the provisions of this section, shall be liable to fine and imprisonment, and the City Council shall, by ordinance, clearly define the duties of taxpayers herein, and make all necessary rules and regulations to secure the rendition of property and the collection of taxes due thereon.

ARTICLE IV—BOARD OF APPRAISEMENT.

Sec. 91. That it shall be the duty of the City Council, annually, at such times as they may determine, to appoint three Commissioners, each being a qualified voter and the owner of real estate in said city to the value of three thousand dollars, who shall be styled the Board of Appraisement, and whenever the party rendering property for assessment and the Assessor can not agree on the valuation of such property, it shall be referred to said Board, and their action in appraising the same shall be final; provided, that at the meeting of said Board the owner of the property shall be heard, and due notice of the meeting and session of said Board shall be given by publication for ten days. Said Board shall also appraise all property assessed as unknown or unrendered. The City Council shall allow said Board such compensation for their services as they may think just and reasonable. No person connected with the city government shall be appointed on said Board, and any vacancy shall be filled by the Council.

ARTICLE V.

Sec. 92. It shall be the duty of the Assessor to make out a list of all property, both real and personal, which has not been given in for assessment, according to the provisions of this act, and ordinances made in pursuance thereof, and assess the same in the name of the owner, if he be known, and if not, then it shall be assessed by description of the property and last known owner, and the value of such property shall be determined by the Board of Appraisement, and the same may be sold as in other cases, if the tax be not paid in the time prescribed by law.

ARTICLE VI.

Sec. 93. It shall be the duty of the Assessor, at the expiration of the time fixed by ordinance for the rendition of property, to ascertain what property in the city, subject to taxation, shall be by him presented to the Board of Appraisement for valuation by said officer and board,

and then shall by him be entered in a supplement to the assessment roll as unknown, specifying the year for which said tax is not paid within the time prescribed by law; said property shall be sold at the same time, and with like effect as other property.

ARTICLE VII.

Sec. 94. Whenever the Assessor shall ascertain that any taxable inhabitant, or any real or personal property has not been assessed for any former year, he shall assess the same in his next assessment roll (in a supplement thereto), at the same rate under which such inhabitant or property should have been assessed for such year, stating the year which such inhabitant or property should have been assessed, and the taxes thereon shall be collected in the same manner as other assessments. In all cases where any party has omitted to render property for taxation any former year or years, and such taxes have not been paid, such party shall give such property in for assessment for the years thus omitted, and pay such taxes, and the Assessor shall enter all such property in a supplement to his next roll, under the head of payments for former years.

ARTICLE VIII—COLLECTOR.

Sec. 95. The Collector, after the completion of the assessment roll, as required by ordinance, shall proceed to collect the taxes therein mentioned within the time, and give such notice as may be prescribed by the City Council, and for that purpose shall call upon every person taxed, or on the agent or attorney of such person, at the usual place of his or her residence, office or place of business, and demand the payment of the taxes charged upon his or her person or property, if the person is to be found; and if not, then a written demand, specifying the amount of taxes due, left at the residence with some member of the family over fourteen years of age, shall be a sufficient demand; provided, that if any person thus owing taxes has no residence, office or place of business, and no agent in the city, or known to the Collector, then the said demand shall not be necessary, and the ordinary published notice, required by ordinance, shall be sufficient.

ARTICLE IX—TAX SALES.

Sec. 96. That if any person shall fail, neglect or refuse to pay the taxes imposed upon him and his property, within the time prescribed by the ordinances of said city, the Collector shall, by virtue of his tax list and assessment roll, levy upon so much property, liable to taxation, belonging to such person, as may be sufficient to pay his, her or their taxes, and the Collector shall give notice of the time and place of sale by advertisement in writing (if not unknown property), the property and amount of taxes, costs and fees due thereupon. Five of such notices shall be posted: one at the Mayor's office, one at the office of the Collector, and three at different public places within said city limits; and at the expiration of such notice, and on the day therein specified, the Collector shall proceed to sell such property at public auction, in front of the courthouse door of the city of Galveston, or such building as may be used for such purpose; provided, that when real estate or property is offered for sale, the smallest portion of ground (to be taken from the east side of the premises) shall be sold, for which any person will take the same, and pay the taxes, costs and fees.

ARTICLE X—TAX SALES.

Sec. 97. The Collector shall, when any property has been sold for the payment of taxes, make, execute and deliver a deed for said property to the person or persons purchasing the same, and such deed shall be prima facie evidence in all controversies and suits in relation to the right of the purchaser, his, her or their heirs and assigns, to the premises thereby conveyed, of the following facts:

First—That the land or lot, or portions thereof, conveyed, was subject to taxation or assessment at the time the same was advertised for sale, and had been listed or assessed in the time or manner required by law.

Second—That the taxes or assessment were not paid at any time before the same.

Third—That the land, lot, or portion thereof, conveyed, had not been redeemed from the sale at the date of the deed, and shall be conclusive evidence of the following facts:

1. That the land, lot, or portion thereof, sold, was advertised for sale in the manner and for the length of time required by law.

2. That the property was sold for taxes or assessments, as stated in the deed.

3. That the grantee in the deed was the purchaser.

4. That the sale was conducted in the manner prescribed by law; and in all controversies and suits involving the title to land claimed and held under and by virtue of such deed, the person or persons claiming title adverse to the title conveyed by such deed shall be required to prove in order to defeat the said title, either that the land was not subject to taxation at the date of the sale; that the taxes or assessment had been paid; that the land had never been listed and assessed for taxation and assessment, as required by this act, or some ordinance of the city, of that the same had been redeemed according to the provisions of this act, and that such redemption was made for the use and benefit of the persons having the right of redemption under the law; but no person shall be permitted to question the title acquired to the said deed, without first showing that he, she or they, or the person under whom he, she or they claim title, had title to the land at the time of the sale, or that the title was obtained after the sale, and that all taxes due upon the lands have been paid by such person or the person under whom he claims title, as aforesaid; provided, however, that the owner of such property shall have the right to redeem the same at any time within two years of the day and date of the sale thereof, upon paying to the purchaser double the amount of taxes for which the same was sold, together with the costs of such sale, and double the amount of all taxes paid by the purchaser since such sale. The Collector shall have full power to levy upon any personal property to satisfy any tax imposed by this act. All taxes shall be a lien upon the property upon which they are assessed. And in case any property levied upon is about to be removed out of the city, the Collector shall proceed to take into his possession so much thereof as will pay the taxes assessed and costs of collection.

ARTICLE XI.

Sec. 98. If from any cause the sale of property levied upon or seized for taxes, shall not take place at the time first appointed, the Collector shall appoint some other time, give the like notice and proceed to sell such property in the manner prescribed in the first in-

stance, and in case said property levied upon or seized for taxes, can not be sold on the day advertised, such sale may be postponed from day to day until completed, of which postponement the Collector shall give verbal notice at the expiration of sale each day.

ARTICLE XII.

Sec. 99. If at any sale of real or personal property or estate, for taxes, no bid shall be made for any parcel of land, or any goods and chattels, the same shall be struck off to the city, and thereupon the city shall receive, in the corporate name, a deed for said property, and shall be vested with the same rights as other purchasers at such sales and shall have power to sell and convey the same.

ARTICLE XIII.

Sec. 100. If the real estate of any infant, feme covert, or lunatic, be sold under this act, the same may be redeemed at any time within one year after such disability be removed.

ARTICLE XIV.

Sec. 101. That the foregoing provisions under the head of Title V, relating to notices, assessments and collection of taxes on personal property, and all other provisions thereof, not inconsistent with this section, shall also apply to real estate.

TITLE VII.

ARTICLE I—FIRE DEPARTMENT.

Sec. 102. The City Council, for the purpose of guarding against the calamities of fire, may prohibit the erection, building, placing, moving or repairing of wooden buildings within such limits within said city, as they may designate and prescribe; and may also, within said limits, prohibit the moving or putting up of any wooden buildings from without said limits; and may also prohibit the removal of any wooden building from one place to another within said limits, and may direct, require and prescribe that all buildings within the limits so designated and prescribed as aforesaid, shall be made or constructed of fireproof materials; and to prohibit the re-building or repairing of wooden buildings within the fire limits, when the same shall have been damaged to the extent of thirty-three and one-third per cent. of the value thereof, and may prescribe the manner of ascertaining such damage, may declare all dilapidated buildings to be nuisances, and direct the same to be repaired, removed or abated in such a manner as they shall prescribe and direct; to declare all wooden buildings in the fire limits, which they deem dangerous to contiguous buildings, or in causing or promoting fires, to be nuisances, and require and cause the same to be removed in such manner as they shall prescribe.

Sec. 104. To prevent the deposit of ashes in places where they would

be liable to produce fire, or in any wooden box or barrel, or within any wooden building; and to appoint one or more officers to enter into all buildings and enclosures, to examine and discover whether the same are in a dangerous state, and to cause such as may be dangerous to be put in a safe condition.

Sec. 105. To require the inhabitants to keep and provide as many fire-buckets and ladders, or other means to reach the roof, as they shall prescribe, and to regulate the use thereof in times of fire.

Sec. 106. To regulate and prevent the carrying on of manufactories and works dangerous in promoting or causing fires; regulate the building and erection of cotton presses and sheds.

Sec. 107. To regulate, prevent and prohibit the use of fire-works and fire-arms.

Sec. 108. To direct, control and prohibit the keeping and management of houses, or any building for the storing of gun-powder and other combustible, explosive or dangerous materials, within the city; to regulate the keeping and conveying of the same, and the use of candles and other lights in stables and other like houses.

Sec. 109. To regulate and prescribe the manner, and to order the building of parapet and parti-walls, and partition fences.

Sec. 110. To compel the owners or occupants of houses or other buildings to have scuttles in the roofs, and stairs or ladders leading to the same.

Sec. 111. To authorize the Mayor, Fire Wardens, officers of fire companies, or any officer of said city, to keep away from the vicinity of any fire all idle, disorderly and suspicious persons, and arrest and imprison the same, and compel all officers of the city, and all other persons, to aid in the extinguishment of fires, and in the preservation of property exposed to danger thereat, and in preventing goods from being stolen.

Sec. 112. And generally to establish such regulations for the prevention and extinguishment of fires, as the City Council may deem expedient.

ARTICLE III.

Sec. 113. The City Council shall procure fire engines and other apparatus for the extinguishment of fires, and have control thereof, and provide engine houses for keeping and preserving the same; and shall have power to organize fire, hook and ladder, hose and axe companies, and a fire brigade; and the companies so organized, with such assistant engineers as may be provided for, and the chief engineer, shall constitute the Fire Department of the city. Each company shall have the right to elect its own members and officers, said officers to be subject to approval by the Board of Aldermen. The engineers shall be chosen in such manner as said department may determine, subject to the approval of the City Council, who shall define the duties of said officers, and pass such ordinances as they may deem proper for the interest and welfare of said department, and to contribute to the efficiency thereof. All officers so elected and approved shall be commissioned by the Mayor; and the said companies, officers and members, shall observe and be governed by the ordinances of said city relating to said Fire Department. Said companies shall have power to adopt their own constitution and by-laws, not inconsistent with the provisions of this act and the ordinances of said city, and said department shall take the care and manage-

ARTICLE IV.

Sec. 114. When any building in the city is on fire, it shall be lawful for the Chief or Acting Chief Engineer, with the concurrence of the Mayor, to direct such building, or any other buildings, which they may deem hazardous and likely to take fire, and communicate to other buildings, to be torn down, or blown up, or destroyed, and no action shall be maintained against any person or against the city therefor; but any person interested in any such building so destroyed or injured, may, within three months, and not thereafter, apply, in writing, to the City Council to assess and pay the damages he has sustained; and if the City Council and the claimant can not agree on the terms of adjustment, then the application of such claimant shall be referred to three commissioners—one to be appointed by the claimant, one by the City Council, and the third by both. They shall be sworn faithfully to execute their duty according to the best of their ability; shall have power to subpoena and swear witnesses, and shall give all parties a fair and impartial hearing, and give notice of time and place of meeting. Said commissioners shall be qualified voters and owners of real estate in the city; shall take into account the probabilities whether the said building would have been destroyed or injured by fire, if it had not been so pulled down or destroyed, and shall report the amount of damage to be allowed, or may report that no damages should equitably be allowed to such claimant. Whenever a report shall be made, and finally confirmed for appraising said damages, a compliance with the terms thereof by the City Council shall be deemed a full satisfaction of said damages.

ARTICLE V—FIREMEN.

Sec. 115. Every person actively serving as a fireman, or who shall have so served as a fireman in the city for a continuous term of seven years, shall be exempt from all militia duty, except in cases of insurrection or invasion. The Board of Health shall have power to determine, regulate and order, as to the materials, plans and mode of construction, alteration, repair, location, removal or filling of all sinks, dry earth closets, and other descriptions of privies within the fire limits, as at present or as hereafter fixed, and within such other quarters of the city as may hereafter be determined by ordinance; and to determine, regulate and order, in all quarters of the city, the plan and manner of filling, cleansing and disinfecting the same; to declare and abate nuisances prejudicial to the public health, in such manner as may be provided by ordinance; and to adopt such measures and issue such orders for the cleansing or purifying of any place or places, or abatement or removal of any nuisance as they may deem proper or necessary; to provide for and enforce the registration of all marriages, births and deaths occurring within the city; to have charge of all city hospitals, and to make all necessary rules for the government of the same. The Board of Health shall have power to take such measures as they may deem effectual to prevent the entrance of any pestilential, contagious or infectious diseases into the city; to stop, detain and examine, for that purpose, any person or persons coming from any place infected or believed to be infected with such disease; to establish, maintain and regulate pest-houses or hospitals for such diseases, at some place within the city, or not exceeding five miles beyond its bounds; at their discretion to cause any person infected with any such disease to be sent to such pest-house or hospital; to remove from the city, or cause to be destroyed, any furniture, wearing apparel, or property of any kind, which shall be sus-

Sec. 117. No demand of taxes shall be necessary; but it is hereby made the duty of every person, or corporation, subject to taxation to attend at the office of the City Assessor and Collector, at some time between April 15 and September 1, in each year, and pay his or her taxes; and if any one fails to pay them before the first day of September following the levy of the tax, the same shall be delinquent and bear interest at the rate of ten per cent. per annum thereafter.

Sec. 118. The Assessor and Collector shall, at least ten days before the first day of September of each year, give notice by circulars posted throughout the city, and by advertisements in some newspaper, that he will, on and after September first, proceed to seize upon and sell property for satisfaction of taxes not paid.

He shall sell the same to the highest cash bidder, and shall make an entry in a book to be kept for that purpose, denominated the book of sales, of the amount for which said property was sold.

Sec. 121. It is hereby made the duty of the Assessor and Collector, and his deputies, as soon as the tax on personal property becomes delinquent, to proceed to collect the same by distress and sale, in the manner prescribed in the preceding section. The Assessor and Collector shall, as additional compensation for his services and expenses, receive an amount equal to five per cent. of the amount of delinquent taxes, which percentage he shall collect from each delinquent as costs, together with the whole amount of delinquent taxes, interest and costs. which such property was sold, and all taxes paid after purchase by the holder of the tax deed, together with interest on the same at the rate of ten per cent. per annum.

Sec. 137. If any real property sold for taxes under the provisions of this act, shall not be redeemed within two years from the day of sale, the holder of the tax deed shall have a right to bring a suit in the District Court of the county of Dallas to have the absolute title to such real estate, without any equity of redemption, vested in him; provided, that all minors, lunatics and married women may have one year after the removal of their disabilities to redeem the same in, if their property.

First—That the real estate therein conveyed was advertised for sale in the manner and for the length of time required by law.

Second—That the property was sold for taxes, as stated in the deed.

Sec. 165. The City Council shall determine how much each of the surrounding property-holders are benefited by such improvement, and shall levy a special tax on each, in proportion to the amount of benefit received, which tax shall be used in paying for the property condemned for public use; provided, that when the right of way for any of the above contemplated improvements is granted to the city without costs, no special tax shall be levied on those benefitted, but the city shall open or otherwise establish the same at the general expense.

Sec. 166. A majority of the Board of Appraisement shall determine all questions brought before it, and by their Secretary, who shall be the City Secretary, make a written report to the Council, signed by each member of the Board, upon which report the City Council must take action within sixty days thereafter. If the City Council confirms the report of the Board, an appropriation shall be made to pay the owners of such property.

Sec. 167. An assessment shall be made on all property which will be directly benefited by such improvements, and the City Council shall make a levy on such property, a special tax; such tax shall be a lien, and the property shall be advertised and sold, as is hereinbefore provided in cases of delinquent taxes, and the Assessor and Collector shall execute a deed as in other cases for lands sold for taxes; provided, the owners of property so taxed shall have three months in which to pay one-half of such tax, and six months in which to pay the balance, and shall have a deduction of ten per cent. on the whole amount if paid within three months. If the said special tax be not paid in full at the expiration of six months, the Assessor and Collector shall at once proceed to advertise and sell, and the deed shall be as valid as any other tax deed, and subject to the same conditions, and executed in the same manner.

Sec. 168. It shall not be lawful for any person or persons to make or file any plat or map of land as an addition to the city of Dallas, without first submitting the said plat to the City Council for approval, and a certificate of such approval shall be endorsed thereon by the City Secretary. Any person who shall record or cause to be recorded any such plat before approved by the City Council, shall upon conviction be fined in any sum not exceeding one hundred dollars.

Sec. 169. Whenever the property owners, and a committee appointed by the Council, can agree upon the compensation, it shall not be necessary to refer the matter to a Board of Appraisers, but such agreement shall be submitted to the Council for its approval.

Sec. 170. Whenever the City Council shall pass an ordinance for any of the above contemplated improvements to be made, they shall state in such ordinance whether the private property condemned for public use shall be paid for out of the general fund or by special assessment as hereinbefore provided for; provided, that the City Council shall have the power to say how much, if any, the city shall pay toward such improvements and how much property owners benefited shall pay therefor.

Sec. 171. The city shall not be entitled to the possession of any lot or parcel of property taken until compensation be paid therefor, or tendered in the amount as determined by the Board of Appraisement, but if the title to such property be in controversy, nothing shall be paid until the controversy is settled by some court of competent jurisdiction or satisfactorily by agreement with all claimants; provided, that money may be paid into court to abide the result of the suit, and the city, in the meantime, take possession of and condemn said property, as hereinbefore provided for.

CHAPTER X—WATERWORKS, GASWORKS AND LOCATION OF STREETS.

Sec. 172. The City Council of the city of Dallas shall have power to establish a general plan for the location and gradation of streets, alleys and public highways in the city of Dallas; and in all sub-divisions of property hereafter to be made by the respective owners, they shall be required to conform their streets, alleys and public highways to said general plan; and it shall be the express duty of the Mayor to see that all ordinances to enforce this power be duly executed.

Sec. 173. The Common Council shall have the exclusive right to erect, maintain and operate waterworks and gasworks in the limits of the city, and to regulate the same; to prescribe the rates at which the water and gas shall be charged to the inhabitants of said city, when taken from said works, and acquire by purchase, donation or condemnation, suitable grounds on which to erect such works, and all necessary rights of way; provided, the City Council may, in their discretion, grant such rights to individuals, subject to such conditions as may be provided by ordinance.

CHAPTER XI—OF GRADING, MACADAMIZING, PAVING STREETS, SIDEWALKS AND ALLEYS.

Sec. 174. The City Council shall have power to cause to be graded, constructed, reconstructed, paved or otherwise improved and repaired, all streets, sidewalks, alleys and public highways, or parts thereof, in the city limits, at such time, and to such extent, and of such dimensions, and with such materials and under such regulations as may be provided by ordinance; provided, that the owners of property bordering thereon shall pay the entire cost of all sidewalks constructed or repaired; and provided, that the city shall pay one-third of all the expense of grading and macadamizing any street or alley, and the property holders owning property on either side of said street or alley, the other two-thirds of the expense; provided, however, that no street, alley, avenue or highway shall be graded and macadamized at the expense of the property-holders unless with the consent of a majority of the owners of property fronting on either side of such street or avenue.

Sec. 175. The cost of all work on any sidewalk, including curbing and guttering along side thereof, shall be entirely at the expense of the

lot or lots fronting thereon, in proportion to the number of feet frontage, and shall be charged as a special tax thereon, in the manner hereinafter provided for. Whenever the City Council shall, by their own motion or on petition of a majority of the owners of the property fronting on such purposed sidewalk, resolve to construct one, they shall cause the City Engineer to make an estimate of the cost of such sidewalk, per square foot, and to give the amount, pro rata, which each property owner should pay, giving his or her name. The City Council shall provide by ordinance for the construction of such sidewalk, determining its width, dimensions and the material out of which it shall be constructed. The City Council shall notify the property owners through the City Secretary, that such a sidewalk has been determined upon, and give such owners the right of having such work done themselves, under the superintendence of the City Engineer. If a majority of the property-holders have such work done, the others shall be liable for their proportion of the expense, and a special tax shall be levied for that amount. If the city has to have such work done, the entire cost of it shall be levied as a special tax on the property, in proportion to its frontage on such sidewalk, and such tax shall be a lien on such property, and in case the same is not paid at the time provided by ordinance for its collection, the Assessor and Collector shall advertise and sell as in other cases for taxes on real estate.

Sec. 176. In all cases where the City Council may deem it necessary, and in all cases where the majority of the owners along any street, avenue or alley, shall petition to have the same graded or macadamized, the City Council shall have the work done as soon as practicable. The city is to pay one-third of all the expense of such grading or macadamizing, and the owners of property on either side two-thirds, and when it shall be determined by the City Council to have such work done, the Engineer shall make an immediate report of the probable cost of such work, and at the same time give the names of those owning property on either side of the street, and the number of front feet of each party. The City Council shall levy a special tax on all such property to pay the two-thirds of cost for which it shall be liable, and such tax, when levied, shall be a lien; and if such special assessment be not paid within the time prescribed by the ordinance, directing such improvements, then the Assessor and Collector shall proceed to advertise and sell, as in other cases; provided, the cost of repairing and keeping in repair the paving and macadamizing of all streets shall be paid out of the general revenue of the city.

Sec. 177. It shall be the duty of every one owning property to keep in repair the sidewalks running along such property, and whenever any one, when directed by the City Engineer, fails or refuses to repair that portion of the sidewalk fronting on his or her property, the same shall be done by the city, at the expense of such property-holder, and assessed specially. Any one failing to repair or keep in repair, the sidewalk, curbing or guttering in front of his premises, shall also be deemed guilty of a misdemeanor and fined in any sum not over fifty dollars and costs.

There shall be, if necessary, levied a special tax for the construction of public sewers, and there shall, whenever necessary, be a condemnation of private property as hereinbefore provided for. No public sewer shall be constructed through private property when public property can be conveniently used, nor shall it, when avoidable, be run diagonally through any one's land.

Sec. 181. Private sewers, connecting with public sewers, may be constructed under such restrictions and regulations as may be provided by ordinance; but the city shall be at no expense in the construction of the same, and may, by ordinance, force the keeping of the same clean and in proper repair by parties occupying the premises on which they were situated. If the owners of such property shall not proceed within five days after notice given by the City Secretary, to construct such sewer under the superintendence of the City Engineer and in strict compliance with the ordinance, then the city shall have such work done by the City Engineer, and the City Council shall levy a special tax on such property owners to pay for such improvements, and in case such tax shall not be paid punctually, as provided for in the ordinance, the City Assessor and Collector shall proceed to sell and execute a deed to such property, just as in the case of other delinquent taxes.

Sec. 182. Any special taxes levied for the construction of any sewers shall be a lien on the property, and each piece of property shall be sold to pay the taxes on that piece; provided, they are not paid at the time provided by the ordinance for such payment.

GENERAL LAWS OF TEXAS.

CHAPTER I.—An act to amend section three of an act entitled “An Act to provide for the holding of district courts when the judge thereof is absent, or is from any cause disabled or disqualified from presiding,” approved August 15, 1876.

Section 1. Be it enacted by the Legislature of the State of Texas, That section three of the above recited act shall hereafter read as follows, viz: “That whenever any case or cases are called or pending, in which the district judge or the special judge chosen, as hereinbefore provided, shall be a party, or have an interest, or have been attorney, or of counsel, or otherwise disqualified from sitting in and trying the same, no change of venue shall be made necessary thereby; but the parties or their counsel shall have the right to select and agree upon an attorney of the court for the trial thereof; and if the parties or their attorneys shall fail to select or agree upon an attorney for the trial of such case, at or before the time it is called for trial, or if the trial of the case is pending and the district judge should become unable to act, or is absent and a special judge is selected who is disqualified to proceed with the trial, and the parties fail to select or agree upon a special judge who is qualified, at once, it shall be the duty of the district judge, or special judge presiding, to certify the fact to the governor immediately, by telegram, mail, or otherwise, whereupon the governor shall appoint a special judge, not so disqualified, to try the same. The evidence of such appointment by the governor may be transmitted by telegram or otherwise. The special judge so appointed shall qualify as provided in section first of this act, and such special judge shall proceed to the trial or disposition of such case immediately, if the trial is pending, otherwise when called or reached, as in other cases.”

Sec. 2. That an imperative public necessity requires the suspension of the constitutional rule requiring the reading of this bill on three several days, and that the rules be so suspended.

Sec. 3. The delay which occurs in the trial and disposition of civil and criminal cases in the courts in which the judges are or may be disqualified, and the parties fail to agree upon a special judge, creates an emergency for the immediate passage and taking effect of this act, and it is therefore enacted that this act shall take effect from and after its passage.

Approved January 17, A. D. 1879.

Takes effect from and after its passage.

CHAPTER II.—An act to amend an act entitled “An act fixing the times of holding the district courts of the seventh judicial district of the State of Texas,” approved August 16, 1876.

Whereas, The district court of Gregg county will be holden on the third Monday after the second Monday in January, 1879, thereby creating an imperative public necessity for the immediate enactment of a law changing the time of holding the district courts of the seventh judicial district of the State of Texas, therefore,

Section 1. Be it enacted by the Legislature of the State of Texas, that the spring terms of the district courts of the seventh judicial district of the State of Texas, shall be holden at the times hereinafter specified, to wit: In the county of Smith, on the second Monday in March, and may continue in session six weeks; in the county of Henderson, on the sixth Monday after the second Monday in March, and may continue in session two weeks; in the county of Van Zandt, on the eighth Monday after the second Monday in March, and may continue in session three weeks; in the county of Wood, on the twelfth Monday after the second Monday in March, and may continue in session three weeks; in the county of Upshur, on the sixteenth Monday after the second Monday in March, and may continue in session two weeks; in the county of Gregg, on the eighteenth Monday after the second Monday in March, and may continue in session three weeks. That the Fall terms of said courts shall be holden at the times hereinafter specified, to wit: In the county of Smith, on the second Monday in September, and may continue in session six weeks; in the county of Henderson, on the sixth Monday after the second Monday in September, and may continue in session two weeks; in the county of Van Zandt, on the eighth Monday after the second Monday in September, and may continue in session three weeks; in the county of Wood, on the twelfth Monday after the second Monday in September, and may continue in session three weeks; in the county of Upshur, on the second Monday in January, and may continue in session two weeks; in the county of Gregg, on the second Monday after the second Monday in January, and may continue in session three weeks, except the fall term of said court in Gregg county in A. D. 1879, which may be holden on the third Monday after the second Monday in January, and may continue in session four weeks.

Sec. 2. That by reason of the accumulation of business on the dockets of the district court of Gregg county, and by reason of the near approach of the fall term of said court in Gregg county, an imperative public necessity and emergency exists, therefore this act shall take effect and be in force from and after its passage.

Approved January 24, A. D. 1879.

Takes effect from and after its passage.

CHAPTER III.—An act making an appropriation for the mileage and per diem pay of the members and per diem pay of the officers and employes of the Sixteenth Legislature.

Section 1. Be it enacted by the Legislature of the State of Texas, That the sum of eighty thousand dollars, or so much thereof as may be necessary, be and the same is hereby appropriated out of any moneys in the

treasury, not otherwise appropriated, for the payment of mileage and per diem of the members and the payment of the per diem of the officers and employes of the Sixteenth Legislature of the State of Texas.

Sec. 2. That the certificate of the secretary of the Senate, approved by the president thereof, or the certificate of the chief clerk of the House, approved by the speaker thereof, shall be sufficient evidence to the comptroller upon which he shall audit the claims and issue his warrants upon the treasurer for the respective amounts.

Sec. 3. And whereas, the Sixteenth Legislature, for the payment of the officers and members of which this law is enacted, is now in session, and public policy requires their immediate payment, therefore an emergency existing that this law take effect and be in force from and after its passage, and it is so enacted.

Approved January 24, A. D. 1879.

Takes effect from and after its passage.

CHAPTER IV.—An act prescribing the times of holding the district courts in the third judicial district.

Section 1. Be it enacted by the Legislature of the State of Texas, That the district courts of the third judicial district shall be held at the times hereinafter specified, in each year, to wit: in the county of San Augustine, on the first Mondays in September and February, and may continue in session two weeks; in the county of Nacogdoches, on the second Mondays after the first Mondays in February and September, and may continue in session three weeks; in the county of Cherokee on the fifth Mondays after the first Mondays in February and September, and may continue in session four weeks; in the county of Houston, on the ninth Mondays after the first Mondays in September, and may continue in session five weeks, and on the ninth Mondays after the first Mondays in February, and may continue in session six weeks; in the county of Anderson, on the fourteenth Mondays after the first Mondays in September, and on the fifteenth Mondays after the first Mondays in February, and may continue in session until the business is disposed of; provided, that the session of the district court now being holden in the county of Anderson may be continued until the twenty-fourth day of February, A. D. 1879; and the next term of the district court of San Augustine county shall begin on the twenty-fourth day of February, A. D. 1879, and may continue until the tenth day of March, A. D. 1879; and the next term of the district court of Nacogdoches county shall begin on the tenth day of March, A. D. 1879, and may continue until the twenty-fourth day of March, A. D. 1879; and the next term of the district court of Cherokee county shall begin on the twenty-fourth day of March, A. D. 1879, and may continue until the seventh day of April, A. D. 1879.

Sec. 2. An imperative public necessity requires that the constitutional rule that this bill be read three several days in each House be suspended, and it is so suspended.

Sec. 3. The fact that there are now in jail in Anderson county, awaiting trial, a large number of persons whose cases cannot be called, and who will have no opportunity for a speedy public trial, unless the time of holding the district courts in the third judicial district is

changed, prolonging the present term, now being held in Anderson county, creates an emergency which requires that this act should take effect from and after its passage, and it is so enacted.

Approved January 25, A. D. 1879.

Takes effect from and after its passage.

CHAPTER V.—An Act prescribing the times of holding the district courts in the fourteenth judicial district.

Section 1. Be it enacted by the Legislature of the State of Texas, That the district courts of the fourteenth judicial district shall be held at the times hereinafter specified in each year, to wit: In the county of Falls, on the third Mondays in February and August, and may continue in session six weeks; in the county of Bell, on the first Mondays in April and October, and may continue in session four weeks; in the county of McLennan, on the first Mondays in May and November, and may continue in session ten weeks.

Sec. 2. All writs and process returnable to the said district courts heretofore fixed shall be returnable to the first terms of said courts held under the provisions of this act, and shall be as valid as if no change in the time of holding said courts had been made.

Sec. 3. All laws and parts of laws in conflict with the provisions of this act are hereby repealed.

Sec. 4. And whereas, by reason of the accumulation of civil business in the district court of Falls county, an imperative public necessity exists which justifies the suspension of the rule requiring bills to be read on three several days, the rule requiring said reading is hereby suspended.

Sec. 5. And whereas, by changes herein made of the times of holding the district courts of said district, a conflict would arise between the present law and this act, if this act did not go into effect until ninety days after the adjournment of this Legislature, and whereas, this creates such an emergency as is contemplated by the constitution, therefore it is further enacted that this act shall take effect and be in force from and after its passage.

Approved January 30, A. D. 1879.

Takes effect from and after its passage.

CHAPTER VI.—An Act making an appropriation to defray the contingent expenses of the Sixteenth Legislature.

Whereas, It is of sufficient public importance that the contingent expenses of this Legislature be promptly paid in order that the material furnished and labor performed may be procured at cash prices.

Section 1. Therefore be it enacted by the Legislature of the State of Texas, That the sum of thirty thousand dollars, or so much thereof as may be necessary, be and the same is hereby appropriated out of any moneys in the treasury not otherwise appropriated to pay the contingent expenses of the Sixteenth Legislature; that the certificate of the chairman of the committee on contingent expenses of either House that an account

has been examined and approved by said committee and countersigned and approved by the president of the Senate or speaker of the House, as the case may be, shall be sufficient authority to authorize and require the comptroller to draw his warrant on the state treasurer for the payment of any claim against said fund.

Sec. 2. That this act take effect and be in force from and after its passage.

Sec. 3. That the want of an appropriation to pay the contingent expenses of the Sixteenth Legislature creates an imperative public necessity that the rule requiring this bill to be read on three several days in each House should be suspended, and it is so suspended.

Approved February 1, A. D. 1879.

Takes effect from and after its passage.

CHAPTER VII.—An act to make an appropriation to pay the postage and expressage of the Comptroller's office for six months, commencing January 1, 1879, and ending June 30, 1879.

Section 1. Be it enacted by the Legislature of the State of Texas, That the sum of two thousand dollars, or so much thereof as may be necessary, be and the same is hereby appropriated out of any moneys in the treasury not otherwise appropriated, to be used in the payment of the expressage and postage necessary in the office of the comptroller of public accounts for six months, commencing January 1, 1879, and ending June 30, 1879.

Sec. 2. Whereas, There has been for the period named no appropriation made to pay for either the postage or expressage of said office; and, whereas, there is in said office a large accumulation of official correspondence awaiting postage; and, whereas, there is an imperative public necessity existing that an appropriation be immediately made to enable the comptroller to forward the necessary blanks to the assessors of taxes, it is declared that an emergency and an imperative public necessity exist requiring the passage of this act, and that it take effect and be in force from and after its passage, and it is so enacted.

Takes effect from and after its passage.

persons non compos mentis and common drunkards, including the settlement, partition and distribution of estates of deceased persons, and to apprentice minors as provided by law, and to issue all writs necessary to the enforcement of their said jurisdiction; to punish contempts under such provisions as are or may be provided by general law governing county courts throughout the state, but said county court of Leon county shall have no other jurisdiction, civil or criminal.

Sec. 2. That the district court of said Leon county shall have and exercise jurisdiction in all matters and causes, civil and criminal, over which, by the general laws of the state, the county court of said county would have jurisdiction, except as provided in section one (1) of this act, and that all cases other than probate matters and such as are provided in section one (1) of this act, be and the same are hereby transferred to the district court of said Leon county, and all writs and process, civil and criminal, heretofore issued by or out of said county court of Leon county, other than those pertaining to matters over which by section one (1) of this act jurisdiction is given to said county court of said county, be and the same are hereby made returnable to the next term of the said district court of Leon county.

Sec. 2. The fact that a large number of prosecutions are now pending against citizens of the state under the above recited act, and that assessors of taxes are proceeding to assess said tax for the year 1879, creates an imperative public necessity and emergency, that this act pass immediately and that it go into effect at once. It is, therefore, enacted that the rules requiring this act to be read on three several days be and

[the same] are hereby suspended, and that this act take effect and be in force from and after its passage.

Be it enacted by the Legislature of the State of Texas, That all mechanics, laborers and operatives who may have performed labor in the construction or repair of any railroad, locomotive, car or other equipment to a railroad, or who may have performed labor in the operating of a railroad, and to whom wages are due or owing, shall hereafter have a lien prior to all others upon such railroad and its equipments for such wages as are unpaid.

Sec. 2. In all suits for wages due by a railroad company for such labor as heretofore mentioned, upon proof being satisfactorily made that such labor had been performed, either at the instance of said company, a contractor or sub-contractor, or agent of said company, and that such wages are due, and the lien given by this act is sought to be enforced, it shall be the duty of the court having jurisdiction to try the same, to render judgment for the amount of wages found to be due, and to adjudge and order said railroad and equipments, or so much thereof as may be necessary, to be sold to satisfy said judgment. In all suits of this kind it shall not be necessary for the plaintiff to make other lien holders defendants thereto, but such lien holders may intervene and become parties thereto and have their respective rights adjusted and determined by the court.

Sec. 2. The contract shall be let to the lowest and best responsible bidder, after advertisement in one newspaper published in each of the cities of Galveston, Dallas, San Antonio and Jefferson, for four successive weeks, for sealed proposals. All bids shall be filed in the office of the comptroller of the state, and shall be by him safely kept until the time designated in the advertisement for opening sealed bids and awarding said contract.

Sec. 3. The advertisement for bids shall require the bids to specify at what price the work of surveying will be done, if all expenses in performing the work are at the exclusive charge of the contractor; and it shall also require the bidder to specify at what rate per mile for actual surveying he will furnish two surveyors, to be approved by the board, to perform the work within a time to be specified in the advertisement, the state to furnish all assistants and chain-carriers, and defray all expenses if the contract be awarded to pay for the surveying by the mile.

Sec. 4. Said board shall have power to reject any and all bids without assigning cause, if they shall be satisfied that the work can be done as well at less expense by reliable surveyors, surveying at a specific sum

per mile, on private contract, or from any other cause deemed sufficient, in which event the board shall proceed to make said contract in disregard of bids.

Sec. 5. Such an amount of force in service for frontier protection, if any, as can consistently with the interest of the service be spared, may be detailed, by order of the governor, to protect the surveyors and assist in the work of surveying, if the contract be awarded to a surveyor or surveyors, on a contract to survey for a specified sum per mile.

Sec. 10. It shall be the duty of the board to advertise said lands from time to time for sale and sell the same for cash, or one-fourth cash, and the rest in equal payments of not exceeding one, two and three years, in such size tracts as will enable them to realize for the whole reservation the best price possible, said sales to be made for not less than fifty cents per acre. The comptroller shall, on payment of purchase money, give to the purchaser his receipt, under the seal of his office, describing the land sold, and upon the presentation of the same to the commissioner of the general land office, it shall be his duty to issue to the purchaser, his heirs or assigns, a patent thereto; provided, however, that nothing in this act contained shall be so construed as to authorize the sale of any lands under the provisions of this act until after the expiration of six months after the passage of this act, except so much thereof, not exceeding fifty thousand acres, as may be necessary to pay the appropriations herein made.

Sec. 11. Should any unsurveyed lands remain in the bounds of said reservation, after surveying three million and fifty thousand acres, the

said unsurveyed lands shall cease to be subject to any of the provisions of this act.

Sec. 12. Said board shall direct the time and manner in which all maps and abstracts of surveys made by contractors under this act shall be made, one copy of which shall be deposited in the general land office and another at the comptroller's office.

Sec. 14. Should said commissioner and surveyors be unable to find within the bounds of the reservation made by this act, the requisite quantity of land suitable for grazing or agriculture, the same may be selected elsewhere from the unappropriated public domain.

Sec. 15. No money shall be drawn out of the state treasury to carry out the provisions of this act until it is placed there from the sale of the land, and all contracts shall so specify. Out of proceeds of first sales the sum of twelve thousand dollars is hereby appropriated, or so much thereof as may be needed to carry out the provisions of this act.

Sec. 16. All moneys resulting from the sale of said lands, over and above the amount necessary to defray the expenses of executing this act, shall be paid into the state treasury and there kept as a special fund to carry out the provisions of the constitution to erect a new state capitol, and other necessary public buildings, at the seat of government.

Sec. 17. One-half of the amount realized from the sale of the first fifty thousand acres of land sold under this act, shall be deposited in the treasury of the state to the credit of the common school fund.

CHAPTER XXIX.—An act to release certain inhabitants in the county of Lamar, in this State, from the payment of taxes assessed and now due for the year 1878, in consequence of a great public calamity.

Whereas, On the twenty-first day of May, A. D. 1878, there occurred a great public calamity in a portion of Lamar county, in this state, on and near what is known as Shockey's prairie, the same being a rain and hail storm of such destructive severity as has not been known to have occurred within the recollection of the oldest inhabitant of this state; and

Whereas, The inhabitants in that portion of said county, by the ravages of the said storm, lost all of their then growing crops and fences, and many of them lost their houses, stock and poultry, and all of them were so injured as to be unable to produce enough during said year to meet their necessary family expenses and pay the taxes assessed against them; and

Whereas, Their property had been listed for taxes before said storm, and was, by the same, so materially injured as to justify a release of said inhabitants from the payment of their taxes for the year 1878; therefore,

Section 1. Be it enacted by the Legislature of the State of Texas, (two-thirds of the members of each House by a vote concurring therein), That the following named inhabitants of said portion of said county be and they are hereby released from the payment of the several sums named, the same being the amount of state and county taxes assessed against them and now due for the year 1878, to wit:

and that the several sums of taxes against said persons respectively be and the same are hereby remitted.

Sec. 2. That the comptroller of public accounts of this state and the county treasurer and commissioners' court of Lamar county, be and they are hereby authorized and required to credit the tax collector of Lamar county with the several sums herein and hereby released, the said comptroller to credit him with the several amounts of state tax, and said treasurer and commissioners' court to credit him with the several sums of county tax in his settlement with them for taxes collected by him for the year 1878, by deducting the same from the aggregate of the tax lists now in his hands for collection for the said year; and said tax collector be and is hereby relieved from collecting said several sums, or any part thereof, from the said several persons hereby relieved.

Sec. 3. CHAPTER XXX.—An act amendatory of and supplemental to an act entitled "An act establishing the tenth, twelfth, thirteenth, twenty-eighth, twenty-ninth and thirtieth judicial districts, providing the times of holding the courts therein, and providing for the appointment of district judges for the twenty-eighth, twenty-ninth and thirtieth judicial districts," approved, 1879.

Section 1. Be it enacted by the Legislature of the State of Texas, that section eight of the above recited act be amended as follows: After the clause in said section prescribing the times of holding the courts in Young county; in the county of Stephens, on the fifteenth Mondays after the first Mondays in April, August and December, and may continue in session two weeks; in the county of Eastland, on the seventeenth Mondays after the first Mondays in April, August and December, and may continue in session two weeks; in the county of Comanche, on the nineteenth Mondays after the first Mondays in April, August and December, and may continue in session until the business is disposed of.

Sec. 2. That the above recited act, having taken effect from and after its passage, creates such an emergency as requires that this supplemental act, in order to be consistent and in harmony therewith, should also take effect and be in force from and after its passage, and it is so enacted, and the time at which said courts shall be held being near at hand creates such an imperative necessity as justifies the suspension of the constitutional rule requiring this bill to be read on three several days, and said rule is hereby suspended.

Approved March 8, A. D. 1879.

Takes effect from and after its passage.

CHAPTER XXXI.—An act to authorize the levy and collection of a special tax in counties where it may be necessary to construct, or to complete, or to complete payment for court houses and jails.

Whereas, In many counties in this state it is necessary to build, or to finish paying for, court houses and jails, and the present law not furnishing authority to raise means therefor, and, consequently, a public imperative necessity exists that the rules be suspended for the passage of this bill; therefore—

Section 1. Whereas, At least ten times as many names have been presented as was contemplated at the passage of this act, as pensioners; from the fact that twenty thousand dollars, or so much thereof as might be necessary, was appropriated to pay off said claims; and

CHAPTER XXXVII.—An act to provide for the building, making and completion of such works and improvements at the East Texas Penitentiary at Rusk, as may be necessary and proper to put the same into operation, and to make an appropriation to carry out the provisions of this act.

Whereas, The true policy and interests of the state, as well as growing public sentiment on the subject, imperatively demands that as far as practicable convicts shall be employed inside of prison walls; and, whereas, the present financial condition of the state does not justify the necessary appropriation out of the general revenue to finally complete and put into operation the East Texas penitentiary, at Rusk, therefore,

Section 1. Be it enacted by the Legislature of the State of Texas, That the governor, comptroller of public accounts and attorney general of this state, be and they are hereby constituted a board, to be styled the "East Texas penitentiary board," whose powers and duties shall be hereinafter specified.

Sec. 2. It shall be the duty of the said board to appoint one competent civil engineer and one competent architect, whose duty it shall be, under the direction of said board, to examine said East Texas penitentiary and draw plans and specifications of all improvements deemed proper and necessary by said board to fit and prepare the said penitentiary for the reception, safe-keeping and management of convicts. Said engineer and architect shall also make careful and itemized estimates of the probable maximum cost of each class of improvements, and shall in a report, sworn to by them as correct and just, submit such plans and specifications and itemized estimates to the said board within forty days from the date of their appointment. Said engineer and architect shall each be entitled to receive out of the funds paid into the state treasury by the lessees of the Huntsville penitentiary, the sum of five dollars per day for each day actually employed, for which the comptroller shall draw his warrant upon the certificate of the said board that the services were satisfactorily performed.

Sec. 3. After the sworn report of the engineer and architect has been submitted to the board, said board is hereby authorized and fully empowered, for and in behalf of the State of Texas, to contract with the lessees of the state penitentiary at Huntsville upon such terms and conditions as they may deem best for the interest of the state, for the building, making and completing of walls, work shops and such other improvements and fixtures, with convict labor, at the East Texas penitentiary at Rusk, as may be necessary and proper to put such penitentiary into operation; provided, that said board may contract with any other person or persons who will contract and obligate themselves to comply with the terms of the agreement for the completion of the work to be done on said penitentiary for a less cost to the state than that charged

by the lessees, said lessees to be paid by deducting and withholding from the amount that may be due from time to time to the state the amount which they may be entitled to, under contract made with them by said board, if they become the contractors; but if any other person or persons become the contractor or contractors, they shall be paid with the money paid into the state treasury by the lessees of the penitentiary or penitentiaries, and the amount of money to be paid by them, to the amount of sixty thousand dollars per annum, or so much thereof as may be necessary, is hereby appropriated. Said lessees or contractors shall give bond to the State of Texas in such amount as may be required by said board, to be approved by said board, for the faithful performance of their contract. The governor shall appoint a supervisory architect to protect the interest of the state in the construction of the work contemplated by this act, whose duty it shall be to observe the progress of the work and see that it is in compliance with the contract and specifications. He shall stop the work when it is being done in violation of the contract, and shall report once in each month to the governor concerning the progress and character of the work. He shall be allowed during its progress a salary of five dollars per day.

Sec. 4. The sum of four hundred dollars, or so much thereof as may be necessary, of the moneys paid or to be paid into the state treasury by the lessees of the state penitentiary, be and the same is hereby appropriated to carry out the provisions of this act.

Sec. 5. Whereas, an imperative public necessity exists that the East Texas penitentiary be completed at as early a day as practicable, to the end that the convicts of the state may be confined within the walls of the penitentiary, and an emergency existing that this law take effect from and after its passage, it is so enacted.

Approved March 19, A. D. 1879.

Takes effect from and after its passage.

Sec. 7. The fact that, in the district courts of many counties in this state there is such an accumulation of business as cannot be disposed of at the regular terms, and which the public interest demands should be done as speedily as possible, creates an imperative public necessity for the immediate passage of this act, and an emergency that it shall take effect and be enforced from and after its passage, and it is, therefore, so enacted.

CHAPTER LII.—An act to provide for the organization of the state penitentiaries, and to regulate the management of the convicts therein.

Section 1. Be it enacted by the Legislature of the State of Texas, That the governor shall appoint, by and with the advice and consent of the Senate, three resident directors to be styled "directors of penitentiaries," who shall hold their offices for the term of two years. If a vacancy occur in either of said offices during a recess of the Senate, such vacancy may be filled by executive appointment for the unexpired term; provided, no one shall be appointed or retained as director who is, or becomes directly or indirectly interested in the hiring or working of any convict force.

Sec. 2. Each of said directors, before entering upon the duties of their office, shall take and subscribe the oath prescribed by the constitution for all officers of the government, which oath shall be filed in the office of the secretary of state.

Sec. 3. The directors of penitentiaries shall, in conjunction with and by the approval of the governor, take such measures, and adopt such rules and regulations not inconsistent with the laws of the state, for the control and management of the several penitentiaries and the convicts thereto belong, as they may deem proper and necessary; and such rules and regulations shall be binding upon all officers of penitentiaries, guards, employes, hirers of convict labor, and upon all others in any way connected with penitentiaries and their management, or with the convicts either within or without the walls thereof.

Sec. 4. The authority given the directors in the preceding article to establish rules and by-laws is intended to supply any defect in this act with regard to prison discipline, and to provide for such details as are not embraced therein, and for such contingencies as may at any time arise concerning the management of the penitentiaries and their proper and successful operation. They shall be made with a view to carry out the general principles on which the penal laws are founded, and the designs for which the penitentiary system is established.

Sec. 5. All rules and regulations and by-laws established by the directors shall be printed in pamphlet form, for the information and guidance of those connected with the management of penitentiaries or convict labor; and such parts of said rules as refer to the duties of subordinate officers, and government of convicts, shall also be printed in suitable form and posted in the cells and conspicuous places about the prison, for the information of all concerned.

Sec. 6. The directors of penitentiaries shall meet at least three times per month, at such place as they may agree upon, for conference upon matters pertaining to the penitentiaries; and at the close of each regular monthly meeting they shall report in writing to the governor the general condition and management of the convicts, with such other information concerning penitentiary matters and operations as they may deem important. They shall have a suitable book in which they shall keep a full and complete record of all their proceedings, and all orders made by them.

Sec. 7. The directors shall also make such special reports to the governor as he may at any time require, upon any matters connected with the penitentiaries; and they shall report once in each month to the governor of this state, especially in regard to the food and clothing furnished the con-

victs, and whether the food is proper and healthy, and sufficient in quantity; also, whether the clothing is of the proper kind for comfort and health, and suited to the season. They shall also report in regard to attention by physicians.

Sec. 8. The directors shall at all times have access to the penitentiaries, and shall make an inspection of the penitentiary at least three times per month.

Sec. 9. It shall be the duties of the directors, or either of them, to examine into all complaints preferred by a convict, and if found substantial to take immediate measures for the correction of the abuse. For this purpose they are authorized to administer oaths, summon and examine witnesses, and to take such other steps as they may deem necessary to ascertain the truth with respect to any matter about which they have a right to inquire. They are also authorized to administer oaths in all other matters pertaining to the administration and management of penitentiaries and convicts.

Sec. 10. The directors shall also examine into any improper conduct alleged against the superintendent or other officer or employe of either of the penitentiaries, or the lessee of either penitentiary, or any hirer of convicts, and report the same to the governor; and they may at discretion remove any officer or employe of either penitentiary who may have been appointed by them or under their authority.

Sec. 11. The directors shall report to the governor biennially on or before the first Monday in November, a comprehensive review of the government, discipline, condition and transactions of the several penitentiaries for the preceding two years, or since the date of their last similar report; and shall make such suggestions as they may deem advisable, relative to any improvements or changes in the plans of the penitentiaries or their management, by reason of which they may be better adapted to carry out the objects for which they were designed. And they shall transmit therewith the reports of the superintendent and physicians of each penitentiary, and all of said reports shall be printed and laid before the Legislature.

Sec. 12. Whenever the term "directors" is used in this act without qualifications, it means the three directors, or any two of them.

The Superintendent and His Duties.

Sec. 13. The governor shall appoint, by and with the advice and consent of the Senate, a superintendent and an assistant superintendent for each penitentiary, who shall hold his office for the term of two years, and until the appointment and qualification of his successor. In case of a vacancy in said offices the same may be filled by executive appointment for the unexpired term.

Sec. 14. The superintendent shall have general supervision and control over all convicts imprisoned in the penitentiary for which he is appointed, and over all overseers and guards connected therewith; but in case of a lease of the penitentiary such control shall not extend to the labor of the convicts except as may be hereinafter specially prescribed. He shall see that all officers under his supervision discharge their several duties, and may discharge any subordinate officer or employe for official misconduct or failure to perform his duty.

Sec. 15. As the executive officer of the penitentiary he shall have all powers necessary to a discharge of his duties, subject only to the instructions of the directors or governor, and he shall be responsible for the discipline of the prison proper and the manner in which it is enforced.

Sec. 16. The superintendent shall reside within the penitentiary, provided there be a suitable house or room for such residence; and shall not absent himself therefrom unless upon business connected with the duties of his office, or with the permission of the directors or governor.

Sec. 17. He shall visit frequently the cells of the convicts and other places within the walls of the penitentiary where they may be engaged at labor, and shall see that they are humanely and properly treated, and shall give attention to all complaints made by a convict against any officer, employe or lessee of the penitentiary. He shall at all suitable times converse in a kindly manner with the convicts, and use his best endeavors to produce in them a spirit of reformation.

Sec. 18. The superintendent shall keep the records of the penitentiary. He shall keep as far as practicable a record of the general conduct of each prisoner, noting all punishments, changes and incidents of importance that may occur during his confinement. He shall receive and receipt for all criminals that may be brought to the penitentiary in accordance with law; and shall keep a register of all such criminals received, showing the name and registered number of each criminal (giving his classes if any), the sex, age, height, color of the eyes and hair, place of nativity, previous occupation, time of conviction, for what period of confinement, county from where sent, date of reception and previous habits, if known.

Sec. 19. The superintendent shall make a written report to the directors biennially on or before the first day of November, in which he shall distinctly set forth the number of convicts committed to the penitentiary since his last report, the month in which received, the name, age, sex and place of nativity, crimes for which sent, habits, education, marital relations, time of imprisonment, from what counties sent, the number of deaths, escapes, pardons and discharges, the whole number therein confined, the various occupations in which they are employed, and the number employed in each, amount of vouchers issued and accounts approved or passed upon. He shall also make a monthly report to the governor, showing the management of the penitentiary and the character of the treatment and discipline of the convicts. Said report shall show: 1st—the number of convicts received since last report. 2d—The number and name of convicts discharged, pardoned, escaped, died and recaptured. 3d—How the convicts have been fed and clothed. 4th—The number who have been sick during the month. 5th—The number of convicts within the walls and the names of places outside the walls where convicts are employed, and number at each place.

Sec. 20. In cases of escape the superintendent may, with the approval of the governor, offer a reward not exceeding one hundred dollars for the apprehension and return of a convict, which shall be paid to the person entitled thereto on the certificate of the superintendent, approved by the governor, out of the appropriation for the arrest of fugitives from justice.

Sec. 21. During the absence of the superintendent and the assistant superintendent, or the inability of each to act, the directors may designate some proper person to act in his stead.

Sec. 22. The superintendent shall make out and furnish monthly to the governor, to the comptroller and to the lessees, an account showing the amount due the state on account of the leasing of the penitentiary or hire of convict labor. He shall examine and pass upon all accounts connected with the penitentiary of which he is superintendent, and in which

the state is sought to be charged, including accounts for repairs and improvements, reception and transportation of convicts; he shall not approve any account until it is first sworn to, nor shall he approve any account for transportation of prisoners, unless the proper commitment papers are presented, nor shall he allow for any guard used in the transportation of prisoners, unless the same be authorized by the district judge, which authority must accompany the commitment papers.

Sec. 23. The superintendent is authorized to administer oaths in all matters connected with the penitentiary and its management, and to all parties presenting claims such as mentioned in the preceding article, and for this purpose he shall be provided with a seal of office, whereon shall be engraved in the centre a star of five points and the words "State Penitentiary, Texas," around the margin, the blank to be filled with the name of the place where the penitentiary is located, with which seal he shall authenticate all his official acts.

Sec. 24. The superintendent shall receive and examine all communications to and from convicts.

Sec. 25. The assistant superintendent shall visit, at least once in each month, all prison camps or other places where convicts are employed, and examine into all complaints preferred by a convict or by citizens, and if found substantial, to take immediate measures for the correction of the abuse. For this purpose he is authorized to administer oaths, summon and examine witnesses, and take such other steps as he may deem necessary to ascertain the truth with respect to any matter about which he had a right to inquire; but the authority thus given to the assistant superintendent shall be exercised in conformity with the law, and such regulations as may be so established by the directors of the penitentiary, and then only in correcting abuses and removing complaints in outlying camps, or other places where convicts are employed outside of the prison walls.

Sec. 26. The assistant superintendent shall make written reports to the superintendent once at least each month, showing the management, condition and discipline of all convicts outside the prison walls; the number and names of convicts in each of the camps or other places where they may be employed, how they have been fed and clothed during the month, the names and the number of those who have escaped, died or been recaptured, and the number who have been sick during the month.

Sec. 27. The assistant superintendent shall receive an annual salary of twelve hundred dollars and his actual traveling expenses while engaged in the duties of his office, not to exceed the sum of six hundred dollars in any one year.

The Physician and His Duties.

Sec. 28. The directors for penitentiaries shall appoint for each penitentiary a physician who shall hold his office for the term of two years, unless sooner removed by the directors for cause.

Sec. 29. The physician shall visit the penitentiary daily, and as much oftener as may be necessary for the purpose of ascertaining the health of the criminals and giving proper medical attention to such as are sick.

Sec. 30. He shall attend immediately upon any case of sickness among the criminals when notified thereof. He shall, when required, examine any convict for the purpose of ascertaining whether he is physically able to perform the work at which it is proposed to place him, and make report of the result of such examination to the superintendent.

Sec. 31. He shall notify the superintendent of each case in which, on

account of ill health, it may be deemed advisable to remove a convict from the penitentiary to some healthy locality, where he shall be made as comfortable as practicable; and he shall cause any convict suffering under a contagious or infectious disease to be removed, so that other criminals may not suffer by such contagion or infection.

Sec. 32. If directions be given by the physician for the removal from the penitentiary of any person suffering under a contagious or infectious disease, such person shall be immediately removed to some place and be there retained until he recover or die.

Sec. 33. The physician shall inquire into the mental as well as the bodily condition of each convict, and give such advice to the superintendent as he may deem proper respecting the mode of treatment of any convict who may appear to be materially affected either in body or mind, and such advice shall be followed by the superintendent unless the directors shall otherwise direct.

Sec. 34. Convicts, when sick, shall be kept in the hospital, except when the physician may otherwise direct; and the hospital and all persons employed therein shall be under the management and control of the physician. Nurses may be employed by the physician, with the approval of the directors, when required in case of sickness.

Sec. 35. The treatment prescribed by the physician for convicts suffering with disease shall in all cases be serietly followed, and only such diet shall be given a sick convict as the physician may direct.

Sec. 36. A convict afflicted with serious illness or dangerous disease shall not, while in that condition, be discharged from the penitentiary, except upon his own request, although his time of imprisonment may have expired.

Sec. 37. The physician shall keep a journal in which he shall enter the name of each convict treated by him or under his direction in or about the penitentiary, noting when he was taken sick, with what disease afflicted, general treatment, date of his discharge from [the] hospital, or from further treatment, with such other remarks as he may deem important.

Sec. 38. The physician shall make a written report to the directors biennially, on or before the first day of November, in which he shall state: 1st—The number of cases of sickness among the convicts for the two years past. 2d—With what disease they were afflicted. 3d—The number of deaths among the convicts, and with what disease they died. 4th—The number and character of all surgical operations performed. 5th—The general sanitary condition of the penitentiary. 6th—Such suggestions as he may deem important to the improvement of the sanitary condition of the institution, or conducing to the physical welfare of the convicts. 7th—Any facts or incidents coming under his observation that he may deem of general interest to the public or of benefit to science. He shall also report quarterly to the directors, or oftener if required, the sanitary condition of the penitentiary.

The Chaplain and His Duties.

Sec. 39. The directors shall appoint a chaplain for each penitentiary, who shall hold his office for the term of two years, unless sooner removed by the directors.

Sec. 40. He shall preach at least once every Sunday to the convicts, and shall visit them at convenient times during their hours of leisure each week, and use all the influence he may possess to inculcate in them sound principles of religion and morality.

Sec. 41. The chaplain shall be ex officio librarian of the penitentiary, and under such regulations as the directors may prescribe shall furnish the convicts with such books, periodicals and publications as it may contain.

Sec. 42. The chaplain shall not in his conversations or discourses with the convicts discuss doctrines merely sectarian, but he shall teach such principles of religion and morality as are common to all christian churches.

Sec. 43. By permission of the physician he may visit convicts in case of sickness, and he shall in all cases be admitted to the bedside of any convict who has been pronounced by any physician as beyond reasonable hope of recovery.

Sec. 44. Preachers, ministers and priests of all religious denominations shall by the consent of the superintendent have access to the penitentiary, and may, at any reasonable time, be allowed to preach to the convicts; and a convict shall, at all proper time[s], be permitted to receive visits from and hold converse with any preacher, minister or priest he may desire to see.

The Under Officers, Overseers and Guards.

Sec. 45. The directors shall appoint, upon the nomination of the superintendent, such number of under officers, overseers and guards for each penitentiary as may be necessary to preserve discipline and prevent escapes. The superintendent may nominate several persons for the same from whom the directors may select; but in case the directors do not approve of nominations made by the superintendent, they may appoint independently of such nomination[s]; provided, that when the penitentiary is leased the lessees shall appoint all under officers and guards, subject to removal at any time by the superintendent on account of inefficiency or misconduct.

Sec. 46. When penitentiaries are being directly operated by the state the directors may also employ such number of skilled workmen, or other employes, as they may deem essential to the successful operation of the institution and to the pecuniary interest of the state.

Sec. 47. All under officers, overseers, guards and employes shall receive such compensation for their services as the directors may prescribe, to be paid by the state on certificate of superintendent, and they shall be subject to removal by the directors, or in their absence by the superintendent, who shall report his action to the directors. This manner of compensation is not applicable when any other mode is provided for at any time by the terms of any lease.

Sec. 48. All under officers, overseers, guards and employes shall be subject to the orders of the superintendent, and shall in all things comply with his directions. Any complaint of ill treatment toward them on his part may be made to the directors, who shall inquire into the same and take such action as the facts may seem to demand; provided, no person shall be employed as a guard who is not a qualified voter of this state.

The Treatment of Convicts and Prison Discipline.

Sec. 49. The various provisions of this act are designed to secure to the convicts moral instruction, to provide for their health and extend to them such comforts as are consistent with their situation, and at the same time to require of them a due attention to their various occupations and a strict observance of the discipline, rules and regulations of the prison.

Sec. 50. If the convict be a female with an infant child, the latter shall be received into the penitentiary with its mother, and there kept until it arrives at the age of four years, when the superintendent shall deliver it, or cause it to be delivered to its relatives, if there be any; if not, to the county judge of the county from which the convict was sent, to be dealt with according to law; and if any child shall be born in the penitentiary, the same course shall be pursued in reference to it as is herein indicated for children brought there.

Sec. 51. Every convict when received into the penitentiary shall be carefully searched and deprived of every article by which an escape might be effected. If money be found upon the person of a convict, it shall be delivered or safely forwarded by the superintendent to the wife or children of the convict, save and except an amount of one dollar per month, which may be retained by the superintendent and spent by him for the benefit of the convict on his written order. If he have no wife or children, it shall be safely kept and delivered to the convict upon his final discharge, save and except the allowance of one dollar per month, to be spent as herein provided.

Sec. 52. The convicts shall be treated with humanity, and a distinction may be made in their treatment, so as to extend to such as are orderly, industrious and obedient, comforts and privileges according to their deserts. Suitable clothing of substantial material and uniform make, and sufficient food of wholesome quality shall be furnished to all; but they are to be allowed no spirituous, vinous or malt liquors, except upon the prescription of the physician.

Sec. 53. Convicts of different sexes shall at all times be kept separate and apart, and no communication shall be allowed between them.

Sec. 54. Convicts sentenced to hard labor shall be kept at work under such rules and regulations as may be adopted by the directors; provided that no labor shall be required of any convict on Sunday, except such as is absolutely necessary.

Sec. 55. No greater amount of labor shall be required of a convict than a due regard for his physical health and strength may render proper, and no convict shall be placed at such labor as the penitentiary physician may pronounce him physically unable to perform.

Sec. 56. Convicts who have been reported by the physician as in a condition of health which requires their removal to some other place, shall be accordingly removed; but in such manner and under such regulations as will prevent escape.

Sec. 57. Convicts who are unable to read or write when admitted to the penitentiary, may receive instruction during lesson hours, under such regulations as the directors may prescribe; and the directors are authorized to employ a competent teacher for that purpose, at such compensation as they may designate, to be paid by the state upon the certificate of the superintendent.

Sec. 58. The rewards to be bestowed upon convicts who evince a purpose of reformation and a disposition to obey the rules of discipline, shall consist of an extension of social privileges, permission to read and write, and such other mitigations of punishment as may not be inconsistent with proper discipline. No written communication from a convict shall in any case be sent out without the permission of the superintendent, nor until it has been read by him. Commutation of time for good conduct shall be granted by the superintendent, with the approval of the directors, as follows: for each month in which no charge of misconduct is sustained,

1st year, two days per month, twenty-four days per year; 2d year, three days per month, thirty-six days per year; 3d year, four days per month, forty-eight days per year; 4th year, five days per month, sixty days per year; 5th year, six days per month, seventy-two days per year; 6th year, seven days per month, eighty-four days per year; 7th year, eight days per month, ninety-six days per year; 8th year, nine days per month, one hundred and eight days per year; 9th year, ten days per month, one hundred and twenty days per year; 10th year, fifteen days per month, one hundred and eighty days per year; all succeeding years there shall be allowed fifteen days per month. For each sustained charge of misconduct the commutation for one month in that year to be forfeited, and for any mutinous conduct, conspiracy or escape, all good time up to that date shall be forfeited.

Sec. 59. The punishments that may be prescribed by the directors shall consist of closer imprisonment, confinement in irons, deprivation of privileges, and other punishments of like character; provided, he shall not be deprived of his food at regular hours. Whipping shall not be resorted to, except upon the special order of the directors in particular cases, nor shall a convict's head be shaved in any instance.

Sec. 60. When a convict is entitled to his discharge by reason of the expiration of his term of imprisonment the superintendent shall furnish him with a written discharge, giving name, when sentenced, from what county, and such other description as may be practicable, affixing thereto his name and seal of office. He shall see that he is furnished with a plain suit of citizen's clothing; and, also, that he is given five dollars in money, and transportation on railroads to nearest depot to county seat from whence sentenced; provided, that such transportation shall not be more than fifteen dollars; and, provided further, that if said convict prefers he may receive transportation ticket for same distance in some other direction than his county from whence sentenced; and, provided further, that this allowance is not intended to apply to any convict who may be pardoned out of said penitentiaries.

Salaries of Officers.

Sec. 61. The directors of the penitentiaries shall each receive an annual salary of two hundred and fifty dollars and no more.

Sec. 62. The superintendents of the penitentiaries shall each receive an annual salary of fifteen hundred dollars and no more.

Sec. 63. The physicians of the penitentiaries shall each receive an annual salary of five hundred dollars and no more.

Sec. 64. The chaplains of the penitentiaries shall each receive an annual salary of two hundred and fifty dollars and no more.

Visits to the Penitentiaries.

Sec. 65. The governor and all other of the executive and judicial departments of the government, and members of the Legislature, shall be admitted into the penitentiary at all proper hours, for the purpose of observing the conduct and operations of the institution.

Sec. 66. Any other person may visit the penitentiary, with the permission of the superintendent or some one of the directors, but no conversation shall be held with a convict by any visitor other than the governor, except by permission of the superintendent.

Sec. 67. The governor and all other officers named in section sixty-five may hold conversations with the convicts apart from the superintendent or any other officer, and so may directors or either one of them.

Lessees of the Penitentiaries.

Sec. 68. Whenever practicable penitentiaries may be operated under a lease, in accordance with the regulations prescribed in this act.

Sec. 69. Each lease of the penitentiary shall be for some definite term, not to exceed fifteen years, after public notice by advertisement in at least three newspapers of the state, and shall be executed by the governor, upon such terms and conditions as he may deem best for the public interest, special regard being had as far as practicable to the exaction of the penalty imposed by law on each convict, and to the protection, well being and humane treatment to which a convict is entitled at the hands of the state.

Sec. 70. No lease shall be made by which the control of the convict, except as to a reasonable amount of labor, shall pass from the state or its officers, and the management of criminals shall, in all cases and under all circumstances, remain under the control of the state and its officers.

Sec. 71. For the purpose of enforcing any regulation touching the physical capacity of convicts to perform certain kinds of labor, or regulation requiring certain convicts to be kept within the prison walls, the directors may require the lessees of the penitentiary to change convicts from one kind of labor to another, and to remove convicts from any point outside to within the prison walls.

Sec. 72. The directors may also make and change at pleasure, with the approval of the governor, all rules for the discipline and punishment of convicts, and how they shall be fed, clothed, worked, instructed or guarded.

Sec. 73. Every lease shall be subject to the approval or revocation of any Legislature of the state thereafter convened, and to any and all existing laws touching the penitentiaries and convicts, or any others thereafter passed, and any failure on the part of a lessee to carry out, in good faith, any of the terms of his lease, or to comply with any of the conditions of any bond he may have executed, shall ipso facto operate as a forfeiture of such lease, and the governor may so declare, and at once resume control of the penitentiary; and the provisions of this act shall apply to the present lease of the penitentiary at Huntsville, but should not be construed to increase or add to the pecuniary responsibilities or obligations of the present lessees and their sureties as they stood when they executed their bond to the state.

Sec. 74. Any lease made by the governor shall be subject to the reservations to the state in the four preceding articles contained, whether specified in the lease or not, and the state shall not, under the guise of contract, or in any other manner, part with the right to direct how, at any time and under all circumstances, its convicts shall be lodged, fed, clothed, worked and treated.

Sec. 75. The right to hire out convicts and to operate them outside the penitentiary walls is expressly given, but no convict shall be hired or put to labor outside the walls when his labor can be utilized within the walls; and the governor and directors may prescribe what class or classes of convicts may be hired out or put to labor outside the prison walls, and such other regulations pertaining to the same as they may deem proper; provided, that on the first day of January, 1880, or as soon thereafter as practicable, the governor and directors shall require all convicts to be confined at labor inside the walls of one of the penitentiaries.

Sec. 76. In case of a lease of any penitentiary, the lessee shall execute and deliver to the governor a bond in an amount to be designated by

him, with two or more good and sufficient sureties to be approved by him, payable to the State of Texas, and conditioned that said lessee shall faithfully comply with the terms of his lease, which bond shall be deposited in the office of the secretary of state.

Sec. 77. Whenever a penitentiary is leased, an inventory and valuation of all the materials, machinery and property of every description belonging to the penitentiary, except the land, shall be made by appraisers, one of whom shall be appointed by the governor, and the other by the lessee, and in case of disagreement between the appraisers, they shall select an umpire. Upon completion of the appraisalment and its return to the governor, under oath, the property shall be receipted for to the governor at its appraised value.

Sec. 78. Upon the termination of any lease by the expiration of its term or otherwise, the lessee shall quietly and peacefully surrender and return to the state all the property belonging to the penitentiary; a like inventory and valuation shall then be made of all the property belonging to the state, or to the possession of which it may be entitled under the terms of the lease. For all property returned in good order and repair the lessee shall be credited with the value thereof, as fixed by appraisalment when he received it; for all property returned not in good order and repair, the lessee and his sureties shall be charged with such amount, to be estimated by appraisers, as will be necessary to put the same in good order and repair; for all property received from the state and not returned, the lessee and his sureties shall pay the value thereof, as fixed by appraisalment when he received it, except that the lessee shall not pay for property destroyed by fire not occasioned by the fault of himself or his employees.

Sec. 79. The lessee shall have the use of all land, buildings, machinery, tools and other property connected with the penitentiary, and may make improvements and additions to the penitentiary with the approval of the governor and the directors, and under such limitations as may be fixed by them; and such lessee shall be allowed a reasonable compensation for such improvements as are of a permanent nature, at the expiration of the lease, the amount of such compensation to be determined by the governor and directors; provided, if any improvements are made by a lessee with the approval and consent of the governor and directors, and said lessee, by the terms of his lease, has to pay any moneys before the termination of his lease, he shall be credited with said improvements: first, on any funds that may be due the state; or, second, out of first moneys which may become due the state on account of lease.

Sec. 80. The lessee shall have the right to introduce into the penitentiary such skilled labor as he may deem proper and necessary for the efficient operation of convict labor and to superintend and instruct the same.

Sec. 81. The lessee shall furnish everything necessary for the support and maintenance of the penitentiary leased, including the salaries of all officers, and the compensation of all employees; but the salaries of officers shall be paid by the lessees into the state treasury, and there held as a special fund for the payment of said officers.

Sec. 82. The governor, in the execution of any lease, may make such other stipulations and agreements, not inconsistent with the provisions of this act, as he may deem to the interest of the state or essential to its protection, and such stipulations and agreements shall be binding in all

respects upon the lessee; and the bond given shall be construed to extend to and include the performance of such stipulations and agreements, in the same manner as if the duties were imposed by positive law.

Sec. 83. No superintendent shall be appointed for the East Texas penitentiary, at Rusk, until convicts are confined therein.

Sec. 84. The office of commissioner of the penitentiary, now or heretofore existing, is hereby abrogated.

Sec. 85. The fact that the large number of convicts now within and without prison walls, and the changed condition of things incident to the leasing system, renders the laws heretofore passed wholly inadequate, constitutes an emergency and an imperative public necessity which justifies the suspension of the constitutional rule requiring this bill to be read on three several days; therefore, the said rule is hereby suspended, and this act shall take effect and be in force from and after its passage.

Approved March 24, A. D. 1879.

Takes effect from and after its passage.

CHAPTER LIII.—An act in relation to assignments for the benefit of creditors, and to regulate the same and the proceedings thereunder.

Section 1. Be it enacted by the Legislature of the State of Texas, That every assignment made by an insolvent debtor, or in contemplation of insolvency, for the benefit of his creditors, shall provide, except as herein otherwise provided, for a distribution of all his real and personal estate, other than that which is by law exempt from execution, among all his creditors in proportion to their respective claims, and however made or expressed, shall have the effect aforesaid, and shall be construed to pass all such estate, whether specified therein or not, and every assignment shall be proved or acknowledged and certified and recorded in the same manner as is provided by law in conveyances of real estate or other property.

Sec. 2. The debtor shall annex to such assignment an inventory containing the following statement:

1. A full and true account of all the creditors of such debtor or debtors.

2. The place of residence of each creditor if known to such debtor or debtors, and if not known, that fact to be so stated.

3. The sum owing to each creditor, and the nature of each debt or demand, whether arising on written security account or otherwise executed.

4. The true cause and consideration of such indebtedness in each case, and the place where such indebtedness arose.

5. A statement of any existing judgment, mortgage, collateral or other security for the payment of any such debt.

6. A full and true inventory of all such debtor's estate at the date of such assignment, both real and personal, in law or in equity, and the incumbrances existing thereon, and of all vouchers and securities relating thereto, and the value of such estate according to the best knowledge of such debtor or debtors.

7. An affidavit shall be made by such debtor or debtors, and annexed to and delivered with such inventory or schedule, that the same is in all respects just and true according to the best of such debtor or debtors'

knowledge and belief; nothing contained in this act shall affect the assignor's right to retain all such of his property as is by the constitution and laws of this state exempt from execution, but such list and inventory shall not be conclusive except as against the debtor making the same.

Sec. 3. Any debtor, desiring so to do, may make an assignment for the benefit of such of his creditors only as will consent to accept their proportional share of his estate, and discharge him from their respective claims, and in such case the benefits of the assignment shall be limited and restricted to the creditors consenting thereto; the debtor shall thereupon be and stand discharged from all further liability to such consenting creditors on account of their respective claims, and when paid they shall execute and deliver to the assignee for the debtor, a release therefrom.

Sec. 4. Every assignee shall, within thirty days after the execution of the assignment, give public notice of his appointment in some newspaper printed in the county where the assignor resides, or where his principal business was conducted, or, if no newspaper be printed therein, then in the newspaper published nearest to such place of residence or business, and which notice shall be published for three successive weeks, and so far as he can, the assignee shall also give personal notice, or notice by mail, to each of the creditors of the assigning debtor.

Sec. 5. The creditors of the assignor consenting to such assignment, shall make known to the assignee their consent in writing, within four months after the publication of the notice provided in the preceding section, and no creditor not assenting shall receive or take any benefit under the assignment; provided however, that any creditor who had no actual notice of such assignment, may make known his assent at any time before any distribution of assets under the assignment has been made; and provided further, that the receipt by a creditor of any portion of his claim from the assignee, shall be conclusive evidence of the assent of such creditor to the assignment.

Sec. 6. The assignee shall forthwith, after the execution and delivery of the deed of assignment, cause the same to be recorded as herein provided, and shall execute a bond with sureties, to be approved by the judge of the district or county court, conditioned that he will faithfully discharge his duties as such assignee, and that he will make proportional distribution of the net proceeds of said estate among the creditors entitled thereto, which bond shall be payable to the State of Texas, and shall be filed with the county clerk of his county, and shall inure to the benefit of the assignor and the creditor or creditors, who may maintain an action against such assignee thereon, in his or their own name, jointly or severally, for any breach thereof or violation of this law, by reason of which such assignor or creditor shall sustain damage, and upon the filing of said bond, the assignee shall take possession of the assigned property and proceed to execute the assignment.

Sec. 7. Every creditor, consenting to an assignment shall, within six months from the time of the first publication of the notice of the appointment of the assignee, file with such assignee a distinct statement of the particular nature and amount of his claim against the debtor, which shall be supported by an affidavit of the creditor, his agent or attorney, that the statement is true, that the debt is just and that there are no credits or offsets that should be allowed against the claim, except as shown by the statement, and no creditor shall take any benefit under any assignment whatever who neglects to file such statement.

Sec. 8. Any creditor not consenting to the assignment may garnishee the assignee for any excess of such estate remaining in his hands, after the payment to the consenting creditors, the amount of their debts and the costs and expenses of executing the assignment.

Sec. 9. All property conveyed or transferred by the assignor, previous to and in contemplation of the assignment, with the intent or design to defeat, delay or defraud creditors, or to give preference to one creditor over another, shall pass to the assignee by the assignment, notwithstanding such transfer; and the assignee, or in case of his neglect or refusal, any creditor or creditors may in his name, upon securing such assignee against cost or liability, sue for, recover, collect and cause the same to be applied for the benefit of creditors as other property belonging to the debtor's estate in the hands of the assignee; but if it shall appear in such action that the purchaser of any such property bought the same of the assignor in good faith and for a valuable consideration, and without any reason to believe that the debtor was conveying or transferring the same with the intent or design aforesaid, such purchaser shall be held to have acquired as against the assignee and creditors aforesaid, a good and valid title to such property.

Sec. 10. No assignment shall be declared fraudulent or void for want of any inventory or list as provided herein; but if such list and inventory be not annexed and verified as provided in this act, it shall be prima facie evidence that the assignor has secreted and concealed some portion of the property belonging to his estate from his assignee, unless upon the demand of the assignee or a creditor such verified inventory and list be furnished to the assignee; and if any assignee or creditor shall have reason to believe that any debtor has concealed any of his property or estate for the purpose of defrauding his creditors, it shall be the duty of the district or county judge, upon application of said assignee or creditor, to cause such debtor to appear before him, either in vacation or term time, and disclose under oath, any knowledge or information he or she may have relative to any such concealment.

Sec. 11. If any assignor shall secrete or conceal from his assignee any portion of the property belonging to his estate other than that which is exempt from execution, or shall, previous to and in contemplation of the assignment transfer any property with the intent or design to defraud his creditors, such assignor shall be adjudged guilty of a felony, and upon conviction thereof, shall be punished by imprisonment and labor in the penitentiary for not less than two nor more than five years.

Sec. 12. The statement of a creditor, verified and filed with the assignee as hereinbefore provided, shall be sufficient prima facie evidence to justify the assignee in allowing it as a valid claim against the estate, and it shall be so allowed, and such creditor entitled to his proportional share of the debtor's estate, unless the assignor, or other creditor disputing the same shall, within sixty days after the expiration of the time within which the creditors are required by this act to file their statements, institute an action in the district or county court of the proper county to set aside the allowance and to restrain the payment thereon, for which purpose the assignor or any disputing creditor or creditors may have a remedy, jointly or severally by injunction or other proper action to try the justness and validity of the disputed claim, and if it appears that an action could not successfully be maintained at law by the creditor against the assignor upon such claim or any disputed part thereof, the

same shall be disallowed, in whole or in part, as the case may be, and the assignee restrained from paying the same, or such portion thereof as may be disallowed; and for the information of the assignor and creditors, it is further provided, that the assignee shall allow them, or any of them, to take a copy of any creditor's statement of his claim that has been filed with such assignee as herein provided.

Sec. 13. Claims that are not due may be allowed at their present value by discounting them at the rate of interest mentioned in the contract, if any, otherwise at the legal rate, and if any creditor holds collateral security of less value than his debt, the value thereof may be estimated by the assignee, and only the difference between such sum and the debt shall be allowed.

Sec. 14. If any assignee becomes unsuitable to perform the trust, refuses or neglects so to do, or mismanages the property, the county judge or judge of the district court may, upon the application of the assignor, or one or more of the creditors, upon reasonable notice, to all parties interested, by publication or otherwise, as such judge may direct, remove such assignee and in case of vacancy by death or otherwise shall appoint another in his place, who shall have the same powers and be subject to the same liabilities as the original assignee.

Sec. 15. Whenever any assignee shall have in his hands funds sufficient to pay ten per cent. of the debts due by the assignor, he shall make a pro rata distribution of the same among said creditors, and the assignee shall be entitled to reasonable compensation for his services and his necessary costs and expenses, including also his attorneys' fees, all to be allowed, in case of difference between the parties, by the county judge or judge of the district court.

Sec. 16. Whenever any assignee shall have fully performed the duties of his trust and desires to be finally discharged therefrom, he may make a report of his proceedings under the assignment, showing the moneys and assets that have come into his hands, and how the same have been disbursed and disposed of, the truth of which shall be verified by his affidavit, and such report shall thereupon be filed and recorded in the office of the county clerk of the county in which the assignment is recorded, and no action shall be brought against such assignee by reason of anything done by him under the assignment as shown by his report, unless the same be brought within twelve months from the time of the filing thereof, as aforesaid; and any moneys or funds on hand, shall be deposited in the district court, subject to be paid out upon the decree of said court.

Sec. 17. Every mortgage, deed of trust, or other form of lien attempted to be given by the owner of any stock of goods, wares or merchandise daily exposed to sale, in parcels, in the regular course of the business of such merchandise and contemplating a continuance of possession of said goods, and control of said business, by sale of said goods by said owner, shall be deemed fraudulent and void.

Sec. 18. Any attempted preference of one creditor or creditors of such assignor, shall be deemed fraudulent and without effect.

Approved March 24, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER LIV.—An act to authorize counties, cities and towns to scale and fund their indebtedness, and for raising means to pay the same.

Section 1. Be it enacted by the Legislature of the State of Texas, That all counties, incorporated cities and towns in this state owing debts, are hereby authorized to fund the same in bonds of said counties, cities and towns, in such sums and at such rate of interest as may seem best to the authorities of said counties, cities and towns; provided, that in no case shall the rate of interest be greater than six per cent. per annum; and, provided further, that this act shall not apply to any indebtedness of any counties, cities or towns made and undertaken since the eighteenth day of April, 1876; provided further, that no city shall issue bonds to a greater amount than is authorized by its charter, where a limit is placed on the issue of bonds in its charter.

Sec. 2. All the counties, incorporated cities and towns of this state, are hereby authorized to scale their debts of every description, bonded or otherwise, by adjustment and compromise with their creditors, and may issue bonds as provided for in section one of this act, in any sums and at any rate of interest not greater than six per cent. per annum, in settlement or compromise with their said creditors, or with any one or more of them.

Sec. 3. Said counties, cities and towns, in funding and scaling their said indebtedness made and undertaken before said eighteenth day of April, 1876, as herein provided, shall provide a suitable sinking fund of two per cent. per annum, to be applied to the payment of the principal of the bonds issued under this act; and shall annually levy and collect a sufficient tax on all the taxable property of said counties, cities, and towns to pay the interest and sinking fund aforesaid; provided, that should there be annually collected more than is necessary to pay the interest already due and the two per cent. sinking fund, such excess and sinking fund may be used in the purchase and cancellation of the bonds for which said sinking fund is set aside.

Sec. 4. Whereas, many counties, cities and towns in this state are suffering under heavy indebtedness, which might be satisfactorily compromised and reduced, an imperative public necessity exists for the immediate passage of this act, and an emergency existing that it immediately take effect, it is enacted that this act take effect and be in force from and after its passage.

Approved March 25, A. D. 1879.

Takes effect from and after its passage.

CHAPTER LV.—An act to regulate the issuance and delivery of land patents, and to secure the payment of fees due thereon.

Section 1. Be it enacted by the Legislature of the State of Texas, That all persons and corporations, to whom patents for land have been granted, and who have not paid the fees thereon, are hereby required to pay the same to the proper lawful officer within sixty days after the passage of this act.

Sec. 2. That if, at the expiration of the sixty days from and after the passage of this act, any patents, upon which any fees may be due the

state, remain in the office of the commissioner of the general land office, it shall be the duty of the said commissioner to add to the amount of said fees a penalty of ten per centum per month for the whole time the fees on said patents may remain unpaid, and to collect the fees and said penalty from the persons or corporations to whom said patents have been granted; and said commissioner shall have no authority to deliver any person or corporation any patent for land, certified copy thereof, field notes or certificates relative thereto until the whole amount of the fees and penalty have been fully paid.

Sec. 3. The State of Texas has, and shall hereafter have, a lien upon all the land conveyed by or included in all patents to land granted by said state, for the amount of all fees, dues and demands due, or to become due, to the state thereon, together with all the penalties prescribed by this act, and said land shall be subject to be sold in satisfaction of said lien.

Sec. 4. That it is hereby made the duty of the attorney general to institute suits in the district court of Travis county, against the owners and grantees of all patents to land upon which fees may be past due six months at the institution of said suit. And it shall be his duty to sue for all fees owing thereon, together with all penalties incurred under the provisions of this act, and the laws of this state, and for all costs of suit, and for foreclosure of the lien of the state; provided, no penalties shall attach until the commissioner of the general land office shall have given notice sixty days to the person entitled to the patent, that the patent has issued, such notice to be given by depositing the same in the postoffice, postage paid, and directed to such person, when the address of the party is known to the commissioner.

Sec. 5. Whereas, there is now and for a long time there has been a large sum of money owing, and past due, to the State by persons and corporations to whom patents for land have been granted; and, whereas, said persons and corporations have, in many cases, wilfully failed to pay the same, therefore an emergency exists that this act take effect and be in force from and after its passage, and it is so enacted.

Approved March 25, 1879.

Takes effect from and after its passage.

CHAPTER LVII.—An act to protect the wool-growing interests of the State of Texas.

Sec. 2. Said inspector of sheep shall within twenty days after receiving notice of said appointment, and before performing any of the duties of said office, execute a bond, payable to the county judge and his successors in office, to be approved by the county commissioners' court, in a sum to be determined by said commissioners' court, not less than one nor more than two thousand dollars, with at least two good and sufficient sureties, conditioned that he will faithfully discharge and perform all the duties of the office of inspector of sheep.

Sec. 3. It shall be the duty of an inspector of sheep to carefully, minutely and personally examine and inspect, at any time during the year, any flock of sheep in his county which he has information, from two or more creditable sheep owners, is affected with scab, or any infectious or contagious disease. He shall also carefully, personally and minutely examine and inspect any flock of sheep being driven into or through his county, which he has information from two or more creditable sheep owners, or has reason to believe is affected with scab or any infectious or contagious disease.

Sec. 4. For his services in inspecting as provided in section 3 of this act, inspectors of sheep shall be entitled to receive such fees as may be fixed by the commissioners' court of their respective counties, not to exceed in any county more than one cent per head for such sheep inspected; said fees to be paid by the owners of the flock when scab or any infectious or contagious disease is found to exist in said flocks, and by the informants of the inspector when no such disease is found to exist in the flock examined.

Sec. 5. Whenever, upon the examination and inspection hereinbefore provided, of flocks herded or kept in the county, scab, or any infectious or contagious disease is ascertained to exist in any flock, the inspector shall at once notify the owner or person in charge thereof of said fact, and shall prescribe certain limits within which said flock shall be herded until cured.

Sec. 6. It shall be the duty of the owner or person in charge of any flock of sheep herded in the county in which scab, or any infectious or contagious disease is found to exist, immediately upon receiving notice of said fact to notify all owners or persons in charge of flocks of sheep in the vicinity of such fact, and he shall proceed forthwith to take such measures as may be necessary and proper to effect the speedy cure of said flock; and until he shall have obtained a certificate from the inspector of his county, that his flock is entirely cured of scab or any infectious or contagious disease, he shall not remove the same from the limits prescribed by said inspector.

Sec. 7. No sheep owner shall give information to any inspector of sheep that any flock of sheep is affected with scab or any infectious or contagious disease, until he shall have first personally and carefully examined said flock or have been refused the privilege of doing so.

CHAPTER LIX.—An act to amend sections six and nine of “an act to define a lawful fence, and to carry into effect sections twenty-two and twenty-three, article sixteen of the constitution of the State of Texas, authorizing the passage of stock and fence laws,” approved August 15, 1876.

Section 1. Be it enacted by the Legislature of the State of Texas, That section six of the above entitled act, approved August 15, 1876, be and the same is hereby amended so as to hereafter read as follows, viz:

“Sec. 6. Should any stock not permitted to run at large enter within the enclosure of any owner or lessee of land entitled to the benefit of this act without his or their consent, it shall be lawful for the owner or lessee of said enclosure to impound said stock; and it shall be the duty of the owner or lessee of said land to give notice immediately to the owner of said stock of their impounding and detention, and the owner of said stock shall be entitled to the possession of his or her stock on the payment of the expenses incurred in impounding and keeping said stock; provided, that in such county or subdivision said owners or lessees shall not be required to fence against the stock not permitted to run at large; and any fence in said county or subdivision which is sufficient to keep out ordinary stock permitted to run at large under this act shall be deemed a lawful fence. That three barbed wires or two strans of barbed wire, or pickets four and one-half feet high and not more than six inches apart, shall constitute a lawful fence. If boards or rails are used, then three boards, to be not less than five inches wide and one inch thick, or four rails, shall constitute a lawful fence; provided, that if wires only are used, the owner of the fence shall be required to fasten a board not less than four inches wide and one-half inch thick between the wires; provided further, that all fencing built under the provisions of this act shall be four and one-half feet high.”

Sec. 2. That section nine of the above entitled act, approved August 15, 1876, be so amended as to hereafter read as follows, viz: “Section 9. If any person whose fence is insufficient under this act, shall with guns, dogs or otherwise, maim, wound or kill any cattle, or any horse, mule, jack or jennet, or procure the same to be done, such person or persons so offending shall give full satisfaction to the party injured for all damages by such person or persons sustained, to be recovered as in other suits for damages; provided, that this section shall not be so construed as to authorize any person in any event to maim, kill or wound any horse, mule, jack, jennet or cattle belonging to another. When a trespass has been committed by any cattle or horses, on the cleared or cultivated lands of any person who has complied with the provisions of this act, in the erection of a lawful fence, it shall be lawful for such person to complain thereof to the justice of the peace of the precinct in which such trespass shall have been committed, and such justice is hereby authorized and required to cause two disinterested and impartial freeholders to be summoned, who shall on oath view and examine whether such complaint be sufficient or not, and what damages he has sustained by said trespass, and certify the same in writing; and if it shall so appear that said fence be sufficient, then the owner of such cattle or horses shall make just satisfaction for the trespass to the party injured, to be recovered before any tribunal having proper jurisdiction. In case of a second trespass by the same cattle or horses, the owner or lessee of the premises upon which the trespass is committed, may if he deems it necessary for

The election for such purpose to be conducted in the same manner and under the same rules and regulations as elections provided for in the act authorizing the passage of stock and fence laws, approved August 15, 1876.

Sec. 4. Provided that the counties of Refugio, Aransas, San Patricio and Bee, shall be and are exempted from the provisions of this act.

Approved March 26, 1879.

CHAPTER LXII.—An act to diminish the civil and criminal jurisdiction of the county courts of certain counties in this state, and conform the jurisdiction of the district courts of said counties to such change.

Section 1. Be it enacted by the Legislature of the State of Texas, That the county courts of the counties of Polk, Jasper, Newton, Brazoria, Brown, Camp, Chambers, Coleman, Concho, Coryell, Crockett, El Paso, Franklin, Hamilton, Hardin, Jefferson, Liberty, Llano, Marion, Matagorda, McCulloch, Morris, Nacogdoches, Pecos, Presidio, Sabine, San Augustine, San Jacinto, San Saba, Shelby, Titus, Tom Green, Trinity, Tyler and Orange shall have and exercise the general jurisdiction of probate courts, shall probate wills, appoint guardians of minors, idiots, lunatics and persons non compos mentis, and common drunkards; grant letters testamentary and of administration; settle accounts of executors, administrators and guardians; transact all business appertaining to the estates of deceased persons, minors, idiots, lunatics, persons non compos mentis, and common drunkards, including the partition settlement and distribution of estates of deceased persons, and to apprentice minors as prescribed by law, and to issue all writs necessary to the enforcement of their jurisdiction, and to punish contempts under such provisions as are or may be provided by general law governing county courts throughout the state; but said county courts shall have no other jurisdiction, civil or criminal.

Sec. 2. That the district courts of said counties shall have and exercise jurisdiction in all matters and causes, civil and criminal, over which, by the general laws of the state, the county courts of said counties would have jurisdiction, except as provided in section 1 of this act, and that all cases other than probate matters, and such as are provided in section 1 of this act, be and the same are hereby transferred to the district courts of said counties, and all writs and process, civil and criminal, heretofore issued by or out of said county courts other than those pertaining to matters over which, by section 1 of this act, jurisdiction is

Sec. 5. Whereas, the immediate operation of the provisions of this act will save the counties herein named a large and unnecessary expense, and thereby an emergency exists which justifies that this act take effect from and after its passage, and it is so enacted. And whereas, the time is short which remains to this session, and there is a large amount of legislative business pending, creates an imperative public necessity which authorizes the suspension of the rule requiring this bill to be read on three several days, and said rule is so suspended.

Approved March 27, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER LXIII.—An act amendatory of “an act establishing the tenth, twelfth, thirteenth, twenty-eighth, twenty-ninth and thirtieth judicial districts, prescribing the times of holding the district courts therein, and providing for the appointment of district judges for the twenty-eighth, twenty-ninth and thirtieth judicial districts,” approved February 22, 1879; and repealing “an act supplemental thereto,” approved March 8, 1879.

In all other cases of felony sentence shall be pronounced before the appeal is taken, and upon the affirmance of the judgment by the court of appeals, the clerk thereof shall at once transmit the mandate of the court to the clerk of the court from which the appeal was taken, there to be duly recorded in the minute book of said court, and a certified copy of this record, under the seal of the court, shall be sufficient authority to authorize and require the sheriff to execute the sentence without further delay."

Sec. 2. Whereas, the present law entails a large and unnecessary expense on the counties, creates an imperative public necessity and an emergency exists for the immediate passage of this act, it shall therefore take effect and be in force from and after its passage.

Approved March 27, A. D. 1879.

Takes effect from and after its passage.

Sec. 2. Whereas, the press of business in both Houses of the Legislature, and the fact that the Legislature is soon to adjourn, renders it doubtful whether this act can be read on three several days, and an imperative public necessity and emergency exists for the passage of this act, therefore, that the rule requiring this act to be read on three several days be and the same is hereby suspended.

Approved April 5, A. D. 1879.

Takes effect from and after its passage.

Sec. 9. Within thirty days after sales made under the provisions of this act, the collector of taxes shall make a report to the commissioners' court of his county, and also to the comptroller of public accounts, giving in said reports such description of the real estate sold as is given in the comptroller's list, and stating the amounts due the state, county and collector respectively, and the amount for which said land was sold, and the name of the party to whom each tract was sold.

Section 1. Be it enacted by the Legislature of the State of Texas, That hereafter no county seat situated within five miles of the geographical centre of any county shall be removed except by a vote of two-thirds of all the electors in said county voting on the subject; nor shall any county seat be moved from a point more than five miles from the geographical centre of any county to any other point more than five miles from such centre, nor from a point within five miles of the geographical centre to any other point within five miles of such centre, except by a two-thirds vote of all the electors in said county voting on the subject; provided, that no person shall be allowed to vote except he be a bona fide citizen of the county in which he offers to vote. Sec. 2. When it becomes desirable to remove the county seat of any county, it shall be the duty of the county judge of said county, or in case of his failure or inability to act, then any two of the county commissioners of said county upon the written application of not less than one hundred freeholders who are resident citizens of said county thereof, to make an order in writing, upon the minutes of said commissioner's court, for the holding of an election at the various voting precincts in said county on a day therein named, which shall be not less than thirty nor more than sixty days from the date of said order, for the purpose of submitting the question to the electors of said county; provided, that when a county seat has been established for a longer term than ten years, it shall require two hundred freeholders to make said application.

Sec. 4. The county judge or commissioners shall order said election in each voting precinct in said county, which shall be conducted, as near as may be, as elections for county officers; and the officers holding the election shall make return thereof to the officer ordering said election within ten days after the same was held, who shall then proceed to open said returns and count the same, and declare the result, which shall be entered upon the records of said commissioners' court, and shall also state the name of the place from which the same is removed, and the name of the place to which the same is removed; and a certified copy of such entry shall thereupon be, by the county clerk of said county, recorded in the proper record of deeds of such county.

Sec. 8. Until the county seats of new counties, now created, are established as required by this act, the courts of such new counties shall be held at such place as may be appointed by the county commissioners' court of such county.

Sec. 9. That whenever an election for the location or removal of a county seat shall have been voted on by the electors of any county, and

the question settled by said electors, it shall not be lawful for a like application to be made for the same purpose within five years thereafter.

Sec. 10. Any legal voter of the county may contest the result of said election, by filing within ten days after the result of said election for said county seat has been declared, his written protest against said declared result, with the clerk of the district court of said county, which protest shall contain the grounds on which said voter intends to contest said election; said voter shall at the time of filing his protest, also file with said clerk a bond, with approved security, conditioned for the payment of all costs, which bond shall be approved by said clerk as other cost bonds. And when the district court shall have obtained jurisdiction of a cause under this act, such contest shall have precedence on the docket of said court for trial over any and all other cases, nor shall such case of contest be continued for more than one term of the court. An appeal from the decision or judgment of the district court under this act shall be to the supreme court, under regulations required by law, so far as not inconsistent with this act; and so soon as such appeal is perfected to the supreme court, said court shall at once proceed to determine such appeal. Until final adjudication of such contest the county seat shall remain at the place antecedently fixed by law.

Sec. 4. The fact that the present session of the Legislature is near its close, and the further fact that the season for the cattle drive from Texas to the north is now upon us, creates an imperative public necessity that the rule requiring bills to be read on three several days should be suspended, and an emergency exists that it take effect and be in force from and after its passage, and it is so enacted.

Article 560. In the first application by the defendant for a continuance it shall be necessary, if the same be on account of the absence of a witness, to state under oath, first, the name of the witness and his residence if known, or that his residence is not known; second, the diligence which has been used to procure his attendance, and it shall not be considered sufficient diligence to have caused to be issued or to have applied for a subpoena, in cases where the law authorizes the issuance of an attachment; third, the facts which are expected to be proved by the witness, and it must appear to the court that they are material; fourth, that the witness is not absent by the procurement or consent of the defendant; fifth, that the application is not made for delay; sixth that there is no reasonable expectation that the attendance of the witness can be secured during the present term of the court by a postponement of the trial to some future day of said term, and the truth of the first or any subsequent application, as well as the merit of the grounds set forth therein, and its sufficiency, shall be addressed to the sound discretion of the court called to pass upon the same, and shall not be granted as a matter of right; provided, that should an application for continuance be overruled, and the defendant convicted, if it appear upon the trial that the evidence of the witness or witnesses named in the application was of a material character, and that the facts set forth in said application were probably true, a new trial should be granted and the cause continued for the term, or postponed to a future day of same term.

Article 561. Subsequent application for continuance on the part of the defendant shall, in addition to the requisites in the preceding article, state also: First, that the testimony can not be procured from any other source known to the defendant; second, that the defendant has reasonable expectations of procuring the same at the next term of the court.

Sec. 2. The close of the session is drawing so near that the great public importance of this measure requires the suspension of the rule requiring this bill to be read on three several days, so that it may become a law at this session, and the public imperative necessity and emergency for the passage of this law require that it take effect from and after its passage, and it is so enacted.

Approved April 14, A. D. 1879.

Takes effect from and after its passage.

CHAPTER LXXXV.—An act to amend “An act fixing the times of holding the district courts in the seventeenth judicial district,” which was approved February 28, 1879, so as to make no changes in the time of holding court in said district except in the county of Williamson.

Sec. 4. That as the spring courts have already begun in said district and no change has been made in any of said courts except the county of Williamson, since the time for the passage of bills is now limited, an emergency and public necessity exist for the immediate passage of this bill, and the same shall take effect and be in force from and after its passage.

Approved April 14, A. D. 1879.

Takes effect from and after its passage.

CHAPTER LXXXVI.—An act supplemental to "An act fixing the times of holding the district courts of the twenty-third judicial district," approved February 12, 1879.

Section 1. Be it enacted by the Legislature of the State of Texas, That sections one and two of "An act fixing the times of holding the district court of the twenty-third judicial district, approved February 12, 1879," be so amended as to hereafter read as follows: "Section 1. And that in order to avoid conflict and to facilitate the transaction of business in the courts of said district, an imperative public necessity and emergency exist for the passage of this act, therefore, it shall take effect and be in force from and after its passage.

Sec. 2. The fact that the present session of the Legislature is near its close creates an imperative public necessity that the rule requiring this act to be read on three several days be suspended; and the fact that under the above recited act the district court in Washington county will convene on the first Monday in July, creates an emergency, and it is enacted that this act take effect and be in force from and after its passage.

Approved April 14, A. D. 1879.

Takes effect from and after its passage.

CHAPTER LXXXIX.—An act to amend article 3649 of the Revised Civil Statutes, passed February 21, 1879.

Section 1. Be it enacted by the Legislature of the State of Texas, That article 3649 of the Revised Civil Statutes shall be so amended as hereafter to read as follows:

Article 3649. The rate of pilotage on any class of vessels shall not in any port of this state exceed four dollars for each foot of water which the vessel at the time of piloting draws, and whenever a vessel, except of the classes below excepted, shall decline the service of a pilot offered outside the bar, and shall enter the port without the aid of one, she shall be liable to the first pilot whose services she so declined for the payment of half pilotage; and any vessel which after being brought in by a pilot shall go out without employing one shall be liable to the payment of half pilotage to the pilot who brought her in, or if she has come in without the aid of a pilot, though offered outside, she shall in so going out be liable for the payment of half pilotage to the pilot who had first offered his services before she came in; but if she has come in without the aid of a pilot, or the offer of it outside, she shall in case of going out without a pilot not be liable to half pilotage. At any port where vessels shall receive or discharge their cargoes at an anchorage outside of the bar, such vessels shall be liable for pilotage at the above rate to such anchorage, but shall not be liable for or compelled to pay pilotage from such anchorage to the open sea; and if any vessel bound from the open sea to such anchorage while under way shall decline the services of a pilot, and shall afterwards receive or discharge any portion of her cargo at such anchorage on the lighters or otherwise, she shall be liable for the payment of half pilotage at the above rates to such anchorage to the first pilot whose services shall have been tendered to and declined by her, but not liable for any pilotage from such anchorage to the open sea; and when a pilot takes charge of a vessel twenty miles outside of the bar and brings her to it, he shall be entitled to one-fourth pilotage for such off-shore service, in addition to what he is entitled to recover for bringing her in; but if such off-shore service be declined, no portion of said compensation shall be recovered.

Sec. 2. Owing to the near approach of the close of the session, and in order to carry out the provisions of section twenty-two, article four of the constitution; and whereas, there is no law governing pilotage on vessels anchoring and unloading outside the bars at the different passes in the state, there exists an imperative public necessity and an emergency for the suspension of the constitutional rule requiring bills to be read on three several days, and the immediate passage of this act; it is therefore enacted that this act take effect and be in force from and after its passage.

Section 1. Be it enacted by the Legislature of the State of Texas, That it shall be the duty of all persons, firms or corporations, who have erected, or who may hereafter erect, any mill-dam, water-weirs, or other obstructions, on rivers or streams within the waters of this state, within

six months after the passage of this act, to construct and keep in repair fish-ways, or fish-ladders at such mill-dam, water-weirs, or obstructions, so that all seasons of the year fish may ascend above such dam, weirs, or obstructions, to deposit their spawn. Any person, firm or corporation, owning such mill-dam or obstructions, who shall fail or refuse to construct or keep in repair such fish-ways or fish-ladders, after having been notified and required by the fish commissioner to do so, shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punished by a fine not exceeding one hundred dollars nor less than twenty-five for every such neglect or refusal. The governor is hereby authorized to appoint a fish commissioner, who shall serve without compensation, whose duty it shall be to see that the provisions of this act are complied with.

Sec. 2. All prosecutions under this act shall be commenced within two months from the time when such offense was committed, and the same shall be upon complaint under oath before any justice of the peace, recorder or mayor of any city in the county where the offense was committed or where the defendant may reside or be found; and all fines imposed and collected under this act shall be paid one-half to the complainant.

Sec. 3. All laws and parts of law which conflict with the provisions of this act be and the same are hereby repealed.

Sec. 4. This act shall take effect and be in force on and after the first day of July, 1879.

Approved April 17, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER XCII.—An Act to require persons enclosing public free school lands to pay an annual rent therefor.

Whereas, Many persons in this state have enclosed a large portion of the public free school lands, and have thus severed them from the public common and are using them for pasturage to the exclusion of all others, thereby giving a just cause of complaint; therefore,

Section 1. Be it enacted by the Legislature of the State of Texas, That each and every person who shall have enclosed by fencing or otherwise any of the public free school land belonging to the state, and shall use the same to the exclusion of the public, shall pay an annual rental value therefor of the sum of twenty-five dollars for each section so enclosed.

Sec. 2. And it shall be the duty of the surveyor of each county to make a report to the county commissioner's court on the first Monday in June in each year of the number of sections of public school lands in his county enclosed during the past year, and the names of the person or persons controlling such enclosed lands, and the number of sections controlled by him or them respectively.

Sec. 3. And the said court at the first regular term thereafter, shall make a list of the names of the persons controlling such public free school lands, the number of sections so controlled by each person and the aggregate amount due from each person, at the rate of twenty-five dollars for each section so enclosed and controlled; which list shall be recorded by the clerk of said court and a certified copy thereof forwarded by him to the comptroller of public accounts, and a like copy delivered to the collector of taxes for said county.

Sec. 4. The collector of taxes on the receipt of such list shall proceed to collect the same under the same provisions and penalties as is imposed by law for the collection of taxes.

Sec. 5. That all moneys collected under the provisions of this act shall be paid by the collector into the state treasury and constitute a part of the available school fund; provided, that the state may resume control of said land at any time.

Sec. 6. Any person who shall control enclosed lands belonging to the public free schools and fail to pay the rental value as specified under the provisions of this act upon the demand of the collector, shall be subject to prosecution upon complaint, information or indictment, and fined in the sum of one hundred dollars for each section so enclosed.

Sec. 7. Whereas, this act is of demanding importance to the state; and, whereas, the near approach of the final adjournment of the present session of the Legislature creates an imperative public necessity for its passage; and, whereas, the constitutional rule requires this bill to be read on three several days, unless said rule is suspended; therefore be it enacted that said constitutional rule is hereby suspended, and it is so enacted.

Approved April 17, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER XCIII.—An act to attach the county of Concho to the twentieth judicial district, and to fix the time for holding the district courts therein.

Sec. 2. That all laws and parts of laws in conflict with this act be and the same are hereby repealed.

Sec. 3. That, whereas, said county is duly organized and entitled to have the courts held therein; and, whereas, this session of the Legislature is so near its close that this bill cannot be passed without a suspension of the constitutional rule requiring bills to be read on three several days, an emergency and imperative public necessity exist for the suspension of said rule and for the immediate passage of this act; it shall therefore take effect and be in force from and after its passage.

Approved April 17, A. D. 1879.

Takes effect from and after its passage.

Article 130. The governor shall appoint, by and with the advice and consent of the Senate, a superintendent of each of said asylums, who shall hold his office, unless sooner removed, for the term of two years, and in case of vacancy the appointment shall only be made for the unexpired term, and the terms of such officers shall in any event expire with the term of the governor making such appointment.

Article 132. The superintendent of either asylum may be removed from office by the governor at any time when he deems the public interest demands it, and in case of such removal the governor shall report such fact, together with his reasons therefor, to the next succeeding session of the Legislature.

Sec. 2. That all laws in conflict with the provisions of this act be and the same are hereby repealed.

Sec. 3. There being no adequate law now in force providing for the appointment and removal of these officers, and it being uncertain as to their terms of office, an imperative public necessity exists that this act take effect at once, it shall therefore take effect and be in force from and after its passage.

Approved April 17, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER XCV.—An act requiring railroad companies to stop their trains at the boundary lines of the State of Texas for a certain length of time.

Sec. 2. Whereas, the evils which it is the design of this act to remedy are of a character so serious as to create an emergency and imperative public necessity for this act to take effect and go into force from and after its passage, therefore, it is so enacted.

Approved April 18, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER XCVI.—An act to amend title twenty-nine, chapter six, article 1235 of the Revised Civil Statutes, passed at the present session of the Legislature.

Section 1. Be it enacted by the Legislature of the State of Texas, That article 1235 of the Revised Civil Statutes shall be so amended as to hereafter read as follows, to wit:

Such citation shall contain a brief statement of the cause of action, and shall command the officer to summon the defendant by making publication of the citation in some newspaper published in his county, if there be a newspaper published therein, but if not, then in any newspaper published in the judicial district where the suit is pending; but if there be no newspaper published in such judicial district, then it shall be published in the nearest district to the district where the suit is pending. Article 1289. The court shall, in all counties where the terms lasts two weeks or under, at the first term after the passage of this act, by an order entered on the minutes, designate a day of the term for taking up for trial the causes on the jury civil docket; and in all counties where the term continues three weeks or longer, the court shall, at its first term after the passage of this act, by a like order entered on the minutes, designate a day of the term, not earlier than the first day of the second week of the term, for the taking up and trial of causes on the jury civil docket; and the day so designated shall be the time for taking up for trial the causes on the jury civil docket at all subsequent terms, until changed by a like order; but in case of change, it shall not take effect until the succeeding term of said court. In all causes in which juries have been demanded by either party, all questions of law, demurrers, exceptions to pleadings shall by the court be heard and determined before the day designated for the trial of said jury causes; and all jurors shall be summoned to appear on the day of the term so designated.

Sec. 2. That the present session of the Legislature being near its close, an imperative public necessity exists for the suspension of the constitutional rule requiring this bill to be read on three several days, and it is so suspended.

Approved April 18, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER XCVIII.—An act to amend articles 75 and 79 of "An act entitled an act to adopt and establish the Revised Civil Statutes of the State of Texas," passed at the present session of the Legislature.

Section 1. Be it enacted by the Legislature of the State of Texas, That articles 75 and 79 of the Revised Civil Statutes of the State of Texas shall hereafter read as follows, viz:

Sec. 2. That all laws in conflict with the provisions of this act be and the same are hereby repealed.

Sec. 3. There being no adequate law now in force providing for the removal or appointment of a superintendent of the Lunatic Asylum an imperative public necessity exists requiring that this act take effect at once, it shall therefore take effect and be in force from and after its passage.

Approved April 18, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER XCIX.—An act to provide for transcribing county records in certain cases.

Section 1. Be it enacted by the Legislature of the State of Texas, That it shall be the duty of the county commissioners' court of any county in this state which may have been created either in whole or in part from the territory of any other county or counties in this state, or to which may have been added since its creation the territory of any other county or counties in this state, to procure a well bound book or books, as the case may be, and require the county clerk to transcribe or have transcribed from the record of said other county or counties by a sworn deputy, all the deeds, mortgages, conveyances, incumbrances and muniments of title, affecting or in any wise relating to all lands and real property which are or may be embraced in the territory so acquired from another county or counties and which deeds, mortgages, conveyances, incumbrances and muniments of title appear of record in the said county or counties from which said territory may have been taken as having been there recorded prior to the transfer of territory as aforesaid, and when the acquired territory may have been from more than one county then the clerk shall provide a separate record book for each county, which said book or books shall be indexed and arranged as is now required for record books in case of deeds and mortgages.

Sec. 2. Said records shall be transcribed in a plain legible hand, and with some standard ink of a permanent black color, and when so tran-

scribed shall be carefully compared with the original record by the said clerk or sworn deputy so transcribing the same, assisted by some other sworn deputy.

Sec. 3. Be it further enacted, That when said record or records shall have been found to be truly and correctly transcribed, the county clerk with the sworn deputies so transcribing and verifying the same shall certify under their official oath of office at the conclusion of the record with the impress of the seal of said court affixed on the same page the correctness of the same, after which said transcribed record or records shall have all the force and effect in judicial proceedings in the courts of this state as the original records.

Sec. 4. That the county clerk or person making such transcript shall be entitled to compensation therefor at the rate of fifteen cents for one hundred words, and for comparing and verifying the same, payable out of the county treasury upon warrant issued under order of the commissioners' court.

Sec. 5. That as the session is drawing to a close and there is no law now authorizing the transcribing of county records, therefore a public imperative necessity and emergency exist that the rules be suspended which require this bill to be read on three several days, that it may become a law at this session.

Approved April 18, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER C.—An act prescribing the time of holding the district courts in the twenty-second judicial district.

Section 1. Be it enacted by the Legislature of the State of Texas, That the district courts of the twenty-second judicial district shall be held as hereinafter specified in each year, to wit: In the county of Comal, on the third Mondays in January and September, and may continue in session two weeks; in the county of Atascosa, on the third Mondays in October and April, and may continue in session two weeks; in the county of Bexar, on the first Mondays in November, February and May and may continue in session from said first Mondays in November and February ten weeks, and from said first Monday in May eight weeks; provided, that the first term of the said district court held under the provisions of this act shall be held as herein directed in Comal county.

Sec. 2. All writs and process returnable to said district courts as heretofore fixed, shall be returnable to the first terms of said courts held under the provisions of this act; and all process shall be valid as if no change in the time of holding said courts had been made.

Sec. 3. All laws and parts of laws in conflict with the provisions of this act shall be and the same are hereby repealed.

Sec. 4. The fact that the present session of the Legislature is approaching conclusion creates an imperative public necessity for the immediate passage of this act, and the fact that the terms of court as herein fixed are near at hand, creates a public emergency, it is therefore enacted that this act take effect from and after its passage.

Approved April 18, A. D. 1879.

Takes effect from and after its passage.

CHAPTER CI.—An act to amend section one of an act to amend sections six and nine of “an act to define a lawful fence, and to carry into effect sections twenty-two and twenty-three, article sixteen of the constitution of the State of Texas, authorizing the passage of stock and fence laws, approved August 15, 1876,” passed at the present session of the Legislature.

Section 1. Be it enacted by the Legislature of the State of Texas, That section 1 of the above entitled act, passed at this session of the Legislature, be and the same is hereby amended so as to hereafter read as follows, viz:

Section 1. That section 6 of the above entitled act approved August 15, 1876, be and the same is hereby amended so as to hereafter read as follows: Section 6. Should any stock not permitted to run at large enter within the enclosure of any owner or lessee of land entitled to the benefit of this act, without his or their consent, it shall be lawful for the owner or lessee of said enclosure to impound said stock; and it shall be the duty of the owner or lessee of said land to give notice immediately to the owner of said stock of their impounding and detention, and the owner of said stock shall be entitled to the possession of his or her stock on the payment of the expenses incurred in impounding and keeping said stock; provided, that in such county or subdivision said owners or lessees shall not be required to fence against stock not permitted to run at large. That three strands of barbed wire, with posts not further apart than fifteen feet, with a board not less than four inches wide and one-half inch thick hung to the top wire; or two strands of barbed wire and a board not less than five inches wide and one inch thick; or two strands of barbed wire and a rail; when boards are used, three boards, to be not less than five inches wide and one inch thick; or four rails; if made of boards or rails, the posts to be not more than eight feet apart; when pickets are used, the pickets to be not more than six inches apart; all fencing built within the provisions of this act shall be not less than four and a half feet high, and shall be deemed a lawful fence; and, provided further, that the interval between the posts in barbed wire fences, as provided in this section, may be increased or diminished by order of the county commissioner's court of any county.

Sec. 2. Whereas, the defect growing out of a clerical omission in section one of the above recited act, as engrossed, permits the building of fences insufficient to prevent the passage of stock allowed to run at large and may cause great injury and loss, an emergency and imperative public necessity thereby arise for immediate legislation; therefore the rule requiring this act to be read on three several days is hereby suspended, and this act shall take effect from and after its passage.

Approved April 18, A. D. 1879.

Takes effect from and after its passage.

CHAPTER CII.—An act to amend section five of article sixteen, title four, of “An act to adopt and establish the Revised Civil Statutes of the State of Texas,” approved February, 1879.

Section 1. Be it enacted by the Legislature of the State of Texas, That section five of the above recited act shall be amended so as to read as follows: “The following counties shall compose the fifth congress-

ional district, to wit: Galveston, Brazoria, Matagorda, Wharton, Austin, Colorado, Lavaca, Fayette, Washington, Burleson, Bastrop, Travis, Williamson, Milam, Burnet, Lampasas, Brown, Coleman, Runnels, San Saba, Concho, McCulloch and Lee."

Sec. 2. Whereas, the county of Lee, by the law now in force, is not attached to any congressional district, and it being important that the voters of that county should have the right to vote for candidates for congress, creates an emergency that the rule be suspended requiring bills to be read on three several days, so that this bill be passed immediately, it is therefore enacted that the rules be and they are hereby suspended, and this act shall take effect from and after its passage.

Approved April 18, A. D. 1879.

Takes effect from and after its passage.

CHAPTER CIII.—An act to validate certain acts of notaries public who have used seals with the word "Texas" engraved between the points of the star thereon instead of around the margin thereof.

Section 1. Be it enacted by the Legislature of the State of Texas, That all acts of notaries public appointed by authority of the laws of the State of Texas, evidenced by the impress of a notarial seal having the word "Texas" engraved between the points of the star thereon, shall be and they are hereby made as valid and binding as though the word "Texas" had been engraved on the margin of the seal.

Sec. 2. The lateness of the session creates an imperative public necessity that the rule be suspended requiring this bill to be read on three several days in each house, and it is so suspended, and the uncertainty now existing as to the effect to be given to notarial acts evidenced by seals with the word "Texas" between the points of the star, creates an emergency requiring that this act should take effect and be in force from and after its passage, and it is so enacted.

Approved April 18, A. D. 1879.

Takes effect from and after its passage.

CHAPTER CIV.—An act to limit the terms of the district court of Marion county.

Section 1. Be it enacted by the Legislature of the State of Texas, That the district court of Marion county shall be holden on the eleventh Mondays after the first Mondays in February and September, and may continue in session four weeks.

Sec. 2. All laws conflicting with the provisions of this act be and the same are hereby repealed.

Sec. 3. That the near approach of the adjournment of the present session of the Legislature and the importance of the passage of this act in the interest of Marion county renders it an imperative necessity that the constitutional rule requiring bills to be read on three several days be suspended and the bill take effect from its passage, and it is so enacted.

Approved April 18, A. D. 1879.

Takes effect from and after its passage.

CHAPTER CV.—An act to authorize any county, city or town in this state to compromise existing bonded indebtedness, and to issue new bonds to be sold or exchanged for this purpose, and to provide for the efficient collection of taxes to pay the principal and interest of such new bonds.

Whereas, In some of the counties, cities and towns in this state there is an existing bonded indebtedness against the same, necessitating the collection of an overdue tax upon the people to pay the interest and provide a sinking fund, as required by law for the ultimate extinguishment of said indebtedness;

And whereas, It is believed a satisfactory adjustment, settlement and compromise of much of said indebtedness could be effected between said counties, cities and towns, and the holders of such indebtedness, if duly authorized by law, by which such indebtedness would be greatly reduced, and the taxation necessary to meet the same greatly lessened in amount;

And whereas, The accomplishment of this adjustment, settlement and compromise is a great public necessity, which requires the rules to be suspended that this act may become a law at the present session of the Legislature, and that it take effect and be in force from and after its passage, therefore,

Section 1. Be it enacted by the Legislature of the State of Texas, That the county commissioners' court of any county, or the mayor and board of aldermen of any city or town in this state, are hereby authorized and empowered to compromise and fund any existing bonded indebtedness by such county, city or town issued, and the coupons due thereon, to aid in the construction of railroads or other works of internal improvement, or other bonds issued by authority of law; and for this purpose they are hereby authorized and empowered to issue new bonds in denomination of not less than fifty nor more than one hundred dollars, in their discretion, with interest coupons payable annually at the office of the state treasurer; said new bonds to become due and payable in twenty years, and to bear such rate of interest, not exceeding eight per cent. per annum, as in their discretion may best subserve the purpose intended by this act.

Sec. 2. No compromise shall be made under the provisions of this act, by which any debt now barred by the statute of limitation, or which may be barred at the time of such compromise shall be received, nor shall such new bonds, to be used in funding the principal of such old bonds be issued for any greater amount than three-fourths of the principal of the old bonds outstanding; provided, that when the rate of interest of such new bonds is not more than five per cent. per annum, then new bonds may be issued to the full amount of the old bonds outstanding; and provided further, that the amount of new bonds to be issued for the funding of the matured interest shall be left to the discretion of the county commissioners' court or the mayor and board of aldermen as the case may be, but in no case to exceed the amount of such matured interest.

Sec. 3. The new bonds then issued by any county shall be exempt from the payment of all county taxes, general and special, in the county by which they are issued; and the new bonds then issued by any city or town shall be exempt from the payment of all taxes levied by such city or town.

Sec. 4. That the county commissioners' court or mayor and board of aldermen, as the case may be, shall cause to be prepared the necessary blank bonds to give effect to the provisions of this act, the cost of which shall be paid out of the treasury of such county, city or town; said bonds, when issued by any county, shall be signed by the county judge and attested by the county clerk of such county, with the seal of the county court affixed; and when issued by any city or town, shall be signed by the mayor and attested by the recorder (or secretary if there be no recorder), with the seal of such city or town affixed; and such new bonds, whether issued by any county, city or town, shall be registered in the office of the state comptroller.

Sec. 5. Such new bonds may be exchanged for the old bonds at the rate specified in the second section of this act, or they may be sold and the proceeds applied to the purchase of such old bonds at the rate specified in said second section; provided, that no delivery of such new bonds shall take place unless a contract has already been entered into for the purchase of a corresponding amount of such old bonds; and, provided further, no bonds issued under this act shall be sold at less than par, each bond sold shall be made to bear the lowest rate of interest that will give it a par value.

Sec. 6. That all laws now in force, providing for the collection of taxes for the payment of the principal and interest of such existing bonds, shall apply and be in force for the collection of taxes for the payment of the principal and interest of such new bonds; provided, that the sinking fund may be used in the purchase and cancellation of such new bonds whenever the same can be bought at not more than their par value.

Sec. 7. The object and intention of this act being to enable the counties, cities or towns in this state which have granted subsidy bonds to railroads or other works of internal improvement, or created any bonded indebtedness whatever to compromise the same, and thereby reduce the burden of taxation, it is hereby declared as an inducement to the holders of said bonds to accept the compromise, that whenever such compromise shall be entered into and accepted in good faith, either by the holder of the present bonds or by any person purchasing said new bonds as provided in this act; that all laws now in force or which may hereafter be in force for the assessment and collection of the state taxes, shall also be in force and apply to the assessment and collection of the taxes levied to meet the interest and sinking fund of said new bonds; and in any suits which may hereafter be instituted to enforce the payment of said new bonds or coupons against any such county, city or town, no defense either in law or equity, shall be admitted in any of the courts of this state, except such as originated upon or subsequent to the issuance of such new bonds.

Sec. 8. Whenever a collector of taxes shall neglect or refuse to collect the taxes levied for the payment of the interest and sinking fund of such new bonds, he shall be liable on his official bond at the suit of any person or persons holding any of said bonds or coupons, for all such damages as said person or persons shall have sustained by reason of his neglect or refusal; nor shall such collector or his sureties be relieved of such liability by his resignation of the office, and whenever any person who may be elected collector of taxes of any county, city or town shall fail, neglect or refuse to give the bond required by law for the collection of such tax, or whenever the commissioners' court or the mayor and board of

aldermen, as the case may be, shall appoint any person who shall fail, neglect or refuse to give said bond, or whenever they shall fail, neglect or refuse to appoint some person who will give said bond and collect said tax, then it is hereby made the duty of the governor to appoint some suitable person to collect said taxes, who shall perform all the duties required by this act or any other law of this state relating to the collection of said taxes from the time of his said appointment until the next general election.

Sec. 9. No compromise which may be agreed upon between the commissioners' court or the mayor and board of aldermen, as the case may be, and the bondholders or others, shall be binding upon the taxpayers of any county, city or town until the terms of said compromise shall have been submitted to a vote of the property taxpayers at an election held by order of the commissioners' court, or mayor and board of aldermen, as the case may be, and a majority of the said taxpayers shall vote in favor of and ratify the terms of said compromise; said election shall be held in accordance with the general law regulating elections; provided, that none but property taxpayers shall vote at any such election; provided, further, that notice of such election shall be published for thirty days in some newspaper published in the county, city or town, as the case may be; and in case there shall be no paper published in such county, city or town, then by posting in ten public places in such county, city or town, as the case may be, for thirty days prior to any election under this act.

Sec. 10. That this act shall not be construed to repeal an act entitled "An act to authorize counties, cities and towns to scale and fund their indebtedness, and for raising means to pay the same," approved March 26, A. D. 1879, except in so far as said act may apply to bonds issued under an act entitled "An act to authorize counties, cities and towns to aid in the construction of railroads and other works of internal improvement," approved April 12, 1871, and to that extent it is hereby repealed.

Sec. 11. That this act take effect and be in force from and after its passage.

Approved April 18, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CVI.—An act to provide for building a new state capitol.

Section 1. Be it enacted by the Legislature of the State of Texas, That so soon as the commissioner appointed to superintend the setting aside of the public domain appropriated for the erection of a new state capitol and other public buildings shall have made his report in a well bound book showing the character of said land, the governor, comptroller and secretary of state, shall, from such report and any other information deemed reliable, estimate the real value of the lands set aside, which estimate shall be entered of record in the office of the secretary of State, and be signed by them.

Sec. 2. There shall be appointed, as soon as said estimate is made, by the governor, comptroller, state treasurer, attorney general and commissioner of the general land office, acting as a board, a superintendent, who shall be a skillful architect, and two building commissioners, who, before entering upon the duties of their offices, shall each enter into bond with two or more good securities, each in the sum of ten thousand

dollars, conditioned for the faithful performance of their duties under this act, payable to the State of Texas, to be approved by the governor and filed in the office of the state comptroller, and snall also take and subscribe the following oath to be endorsed on said bond (to be administered by any one authorized to administer oaths), to wit: "I (A. B.) do solemnly swear that I will not directly or indirectly be interested or concerned with any contractor or contractors for the erection of the state capitol or any portion thereof, or in the proceeds or profits growing out of the same, or any work or labor done thereon, or material furnished in the erection of the same, or any portion thereof, during the term for which I am appointed, so help me God." And any one of said officers offending against the true intent and meaning of this oath shall, upon indictment and conviction, suffer all the pains and penalties of perjury; and in case of a violation of the conditions of the bonds provided for, shall be liable to an action thereon in the district court of Travis county, and to judgment for such damages as may be awarded against the obligors thereto by reason of the failure of the principal.

Sec. 3. It shall be the duty of said commissioners as soon as they shall have qualified as provided for in the foregoing section, to advertise for suitable plans for said building at a cost not to exceed five hundred dollars for advertisements and the plan and specifications which may be adopted, and said amount shall be drawn by said commissioners on their certificate deposited with the comptroller. Said advertisements shall specify that building plans and specifications must be made for a building to cost the amount which the governor and said heads of departments have estimated the land set aside for a new capitol to be worth, said commissioners and superintendent shall select the plans and specifications deemed most suitable for the capitol, subject to the approval of the governor and heads of departments; provided, that the original of said plan and specifications shall be deposited with the state comptroller, and shall be by him safely kept.

Sec. 4. After a plan and specification have been adopted, said commissioners shall advertise in at least six newspapers published in Texas, and one in each of the cities of St. Louis, Chicago and New York, for bids for the construction of said capitol, which advertisement shall contain a general description of the building to be erected. No sale shall be made of the lands set aside to build the capitol, except enough to defray expenses of surveying the same until such advertisement has been printed in all said papers for at least three months, and said commissioners shall with the approval of the governor contract with such responsible bidder as will construct the new capitol in a period to be determined by the governor and heads of departments for the smallest amount of said public domain so set aside, on such bidder entering into bond with the State of Texas to faithfully carry out his contract, with securities to be approved by the governor. Said bond shall be in the sum of two hundred and fifty thousand dollars, and shall be deposited with the comptroller.

Sec. 5. Should no bids be made to construct said capitol and receive pay therefor in land, the said commissioners shall proceed to let out (after four weeks advertisement in six newspapers published in different portions of the state for sealed proposals) to the lowest bidders, the said building in several contracts, dividing the different articles to be furnished and work to be done as in their judgment (subject to the control of the governor and heads of departments) may be best; provided, however,

they shall not be required to let out the several contracts at the same time, but the same shall be let under instructions from the governor as means shall be realized at the rates of value provided for in section one, from the sales of the land appropriated; which money when realized is hereby appropriated to build said capitol.

Sec. 6. Should the commissioners be satisfied that any lowest bidder is not competent to the performance of his contract, or should he fail within twenty days to execute the bond hereinafter required, they may give such contract to the next lowest and best. They shall require the person or persons taking such contracts to enter into bond in double the amount of their respective bids payable to the State of Texas, with two or more good securities to be approved by said commissioners, conditioned for the faithful performance of the contract, and for the payment of such damages as may be sustained by reason of a failure therein, which bonds shall be deposited by said commissioners in the comptroller's office.

Sec. 7. The superintendent shall receive an annual salary of fifteen hundred dollars, and each of the commissioners a like salary of five hundred dollars each, to be paid only while the work of constructing the capitol is in progress.

Sec. 8. It shall be the duty of the superintendent to give his constant personal attention to the work as it progresses, and to see that each and every portion of the same is executed in the manner provided in the various contracts, and from time to time to report to said commissioners the progress of the various contracts and the manner in which they are being executed. It shall be his special duty to note every departure from any contract on the part of the contractor or any failure to perform in the manner stipulated, and give notice thereof in writing to said commissioners at his earliest convenience. He shall at all times, at the request of said commissioners give them such information touching the progress of the work, the manner of its execution, the performance of contractors and other things deemed important, as may be in his power, and shall also accompany said commissioners in their periodical visits of inspection, and give such explanation as may be required by them.

Sec. 9. It shall be the duty of said commissioners, on the first Monday in every month, while the work progresses, to inspect the work on said building, and to inquire into the manner in which the various contracts are being executed; and if they shall find any portion of the work done, or material furnished under any contract, of a character less valuable than stipulated for in said contract, they shall immediately give notice to the contractor that said work or material, as the case may be, will not be received; and unless such contractor immediately signifies his intention of procuring the proper material, or of reconstructing the work, as the case may be, or in case he shall so signify and shall fail to furnish such material, or perform such work within a reasonable time, said commissioners shall make known to him that his contract is at an end; and such contract shall be relet as originally provided for in this act; provided, however, if the said contractor shall have furnished any material, or done any work such as was contracted for, the said commissioners shall have the right, if in their judgment (subject to the approval of the governor), it is equitable and right, to allow the part its value, and may issue their draft on the comptroller for the amount. It shall further be the duty of said commissioners to issue their drafts upon the comptroller in favor of said contractor or contractors, on the first Monday in every month (if the contract be for money) for

the amount of the value of the work actually done, or material furnished, in estimating which, they shall be assisted by the written estimate of the superintendent; but in no case shall they allow the disbursement of money in favor of any contractor beyond what he is actually entitled to at the time.

Sec. 10. Should the contracts for construction require payment in money, the same shall be paid out of the treasury on drafts drawn by the comptroller in the manner provided for in the preceding section. The said commissioners shall keep a book, in which shall be kept an account with each contractor stating the amount of the contract and the several drafts drawn thereon, with the date and amount of each, which book shall accompany their report to the governor, to be made as hereinafter provided.

Sec. 11. No contract shall be let for building, which is not to be completed on or before a day to be fixed by the governor, and a failure to complete in time shall work a forfeiture of the bond of the contractor, unless by reason of the failure of such contractor, or other unavoidable circumstances, the said building would be left unfinished without extending a contract beyond that period.

Sec. 12. It shall be the duty of the commissioners to report to the governor of the state at the next regular meeting of the legislature the manner in which they have discharged their duties, the character and condition of the work done, the money expended, the various persons contracted with, the amounts and character of the contracts, the dates of the several bonds, together with the names of the obligors, the contracts which may have been forfeited in whole or in part, and all other information relative to the erection of said building.

Sec. 13. It shall be the duty of the commissioners to furnish the superintendent with a copy of the contract specified in the bond of each contractor, and they shall also give him such information from time to time as he may need or desire touching said contract.

Sec. 14. It shall be the duty of the superintendent to make his report to the governor at the next regular session of the Legislature of the manner in which the work has been executed, noting in said report what contractors, if any, have failed to perform their contracts, in whole or in part, and what injury or loss has resulted from such failure.

Sec. 15. Should the new capitol be constructed on a contract to build and receive payment therefor in the land set aside or to be set aside for that purpose, then the sum of six thousand dollars and all the land set aside, or to be set aside, under the provisions of the constitution, or so much thereof as may be necessary, is hereby appropriated to carry out the provisions of this act.

Sec. 16. Should a contract be made to construct said new capitol for the land hereby appropriated, titles to the same shall be made to the contractor by the commissioner of the general land office on the certificate of the building commissioners, to be countersigned and approved by the comptroller, as the work progresses, as may be provided for in the contract.

Sec. 17. The new state capitol shall be erected at such place within the capitol grounds as the governor and heads of departments shall select.

Sec. 18. The interior and exterior walls of the new capitol shall be of the most durable building rock accessible, which shall sustain a pressure at least equal to that used in constructing the Travis county court house.

Sec. 19. The contract for building shall provide for fire-proof vaults sufficiently large and numerous to contain and efficiently preserve all

the archives and papers of the different departments of the state government that may be located in said building, and which shall be surrounded and protected by masonry in the most approved manner; it shall also provide for proper pipes for supplying every department in the building with gas and water.

Sec. 20. Should the governor and heads of departments determine to construct a new state house on the grounds occupied by the present capitol, they may cause all the material in the present building to be disposed of by sale or otherwise, as will be most economical and beneficial to the state when the contract for building the new capitol is made, and they shall make necessary arrangements for storing in other public buildings the state property while the house is being built, and during its construction provide necessary offices for the present state officials occupying the capitol.

Sec. 21. The condition of the present state capitol building creates an imperative public necessity, which justifies the suspension of the rule requiring this bill to be read on three several days, and it is so suspended and that this act shall take effect and be in force from and after its passage, and it is so enacted.

Approved April 18, A. D. 1879.

Takes effect from and after its passage.

CHAPTER CVII.—An act to require the governor of the state to countersign certificates for land hereafter issued from the general land office in certain cases.

Section 1. Be it enacted by the Legislature of the State of Texas, That whenever any doubt may arise as to the propriety of the issuance of any certificate or certificates for land by the commissioner of the general land office; or whenever a suit may arise in any court whatever having for its object to compel or restrain the issuance of such certificate or certificates by said commissioner, in all such cases before any such certificate or certificates shall issue, said commissioner shall notify the governor of the existence of such doubt or suit, and said commissioner shall act in the premises as advised by the governor.

Sec. 2. When the commissioner of the general land office shall have issued any certificate or certificates under the circumstances recited in section one of this act, such certificate or certificates shall be presented to the governor for his approval and signature, and when the governor has examined the same, and the circumstances under which they were issued, if he approves the issuance thereof he shall countersign the same, and if he disapproves the issuance thereof he may refuse to countersign the same, and when the governor has failed or refused to approve and countersign said certificate or certificates, no surveyor, either public or private, in this state shall make a survey for the same, nor shall the same be recognized as a valid land certificate for any purpose whatever.

Sec. 3. The interests of the State of Texas involved in this bill are such as to create an emergency that this bill should take effect from and after its passage, and the near approach of the close of the session is such an imperative public necessity as justifies the suspension of the constitutional rule requiring this bill to be read on three several days, and said rule is hereby suspended.

Approved April 19, A. D. 1879.

Takes effect from and after its passage.

CHAPTER CVIII.—An act to amend an act entitled “an act creating the office of public weigher and regulating the appointment and defining the duties and liabilities thereof.”

Section 1. Be it enacted by the Legislature of the State of Texas, That the governor is hereby authorized and required to appoint five competent persons as public weighers in the city of Galveston, and one or more (not to exceed three in any one city) competent persons as public weighers in the cities of Houston, Sherman, Dallas, Austin and Waco, and at such other incorporated cities or towns as in the judgment of the governor may be expedient, who shall hold his office two years and until his successor is appointed and qualified, subject to removal by the governor for misconduct or incompetency in office; provided, that in cities or towns receiving for sale or shipment less than twenty-five thousand bales of cotton or sacks of wool per annum, not more than two public weighers shall be appointed; provided further, that no person shall be appointed public weigher who is in anywise interested in the purchase or sale of any cotton, wool, sugar or hides required to be weighed, either as principal, agent, factor, commission merchant or employee.

Sec. 2. Every person so appointed before entering upon the duties of his office, shall take and subscribe an oath faithfully and impartially to administer the duties of his office; he shall also execute a bond with good and sufficient sureties in the sum of ten thousand dollars, payable to the governor of the State of Texas and his successors in office, conditioned for the faithful performance of his official duties, which said bond shall be certified to be sufficient by the county judge of the county wherein the city or town for which said appointment shall be made is situated; which said bond certified as aforesaid shall be filed and recorded in the office of the clerk of the county court of the county wherein said city or town shall be situated; provided, that in cities or towns receiving for sale or shipment less than twenty-five thousand bales of cotton or sacks of wool, the bond required of public weighers shall be two thousand dollars.

Sec. 3. When the person so appointed as aforesaid shall have qualified as aforesaid, he shall enter upon the duties of his office and shall weigh, without unnecessary delay, all cotton, wool, sugar and hides, required to be weighed, and shall mark upon the same plainly in figures, the weight thereof, and make a return of such weights in detailed form to the owner or owners thereof, or their agents or factors, after first certifying the correctness thereof. And he shall also keep copies of the weights of all articles weighed by him, and shall furnish a certified copy of the same at any time to the owner or his agent, or the purchaser thereof on demand.

Sec. 4. The public weigher shall have power to appoint one or more deputies, not to exceed three, who shall subscribe and take an oath similar to the one herein provided to be taken by the public weigher. The deputation and oath shall be recorded in the office of the county clerk before he shall enter upon the discharge of his duties. The public weigher shall be responsible for the acts of his deputies; and no person shall be appointed deputy who is in anywise interested in the purchase or sale of any cotton, wool, sugar or hides required to be weighed, either as principal, agent, factor, commission merchant or employee.

Sec. 5. He shall keep accurate and well adjusted scales and balances, and accurate weights, and shall have the same tested and certified to, as provided by law.

Sec. 6. He shall be allowed a fee of ten cents for each sack or bale of wool weighed; fifty cents for each hogshead of sugar; ten cents for each barrel weighed; ten cents for each bale of hides weighed; two cents for each loose hide weighed; ten cents for each bale of cotton weighed; twenty-five cents for each bale of cotton picked. The weigher shall not be allowed to pay for picking any cotton without written instructions from the factor so to do.

Sec. 7. It shall not be lawful for any person other than a regular appointed weigher or his deputy to weigh any cotton, wool, sugar or hides required to be weighed, sold or offered for sale in any city having a public weigher duly qualified. Any person or persons so offending shall be deemed guilty of a misdemeanor, and upon conviction before any court of competent jurisdiction, shall suffer a fine of five dollars for each and every bale of cotton, bale or sack of wool, hogshead or barrel of sugar, bale or loose hide so weighed.

Sec. 8. It shall not be lawful for any factor, commission merchant or any other person or persons to employ any one other than a regularly appointed and qualified public weigher, or his deputy, to weigh any cotton, wool sugar or hides required to be weighed, sold or offered for sale in any city having a public weigher duly qualified; and any person or persons violating this provision shall be liable at the suit of the public weigher, of such city, or either of such public weighers, to damages in any sum not less than five dollars for each bale of cotton, bale or sack of wool, hogshead or barrel of sugar or bale of hides so unlawfully weighed, to be recovered in any court of such county having jurisdiction thereof; provided, any owner shipping any produce named in this act to any town or city having a public weigher may by written instructions authorize his factor, commission merchant or agent to have such produce weighed by private weighers, if he prefers so to do, and in all such cases the prohibitions and penalties embraced in this section and in the preceding section shall not apply.

Sec. 9. Any public weigher who shall violate any of the provisions of this act or fail to comply with any of such provisions, shall be liable, at the suit of any person injured, upon his bond, for all damages that may have accrued to such person by such violation or failure.

Sec. 10. Nothing in this act shall be construed to prevent any person from weighing his cotton, wool, hides or sugar in person without being compelled to call upon a public weigher to weigh the same.

Approved April 19, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CIX.—An act to amend article 4257 of the Revised Civil Statutes, passed at the present session of the Legislature.

Section 1. Be it enacted by the Legislature of the State of Texas, That article 4257 of the Revised Civil Statutes of the State of Texas, passed at the present session of the Legislature, be amended so that it shall hereafter read as follows, to wit:

“Article 4257. Railroad companies may charge and receive not exceeding the rate of fifty cents per hundred pounds per hundred miles for the transportation of freight over their roads, but the charges for transportation on each class or kind of freight shall be uniform, and no

unjust discrimination in the rates or charges for the transportation of any freight shall be made against any person or place on any railroad in this state; and it shall be prima facie evidence of an unjust discrimination for any railroad company to demand or receive from one person, firm or company a greater compensation than from another for the transportation in this state of any freight of the same kind or class, in equal or greater quantities, for the same or a less distance, which prima facie evidence may be rebutted by competent testimony on the part of such company, showing that the discrimination, if any, was not an unjust one, and the question, upon an issue as to whether any alleged discrimination is unjust or not, shall be a question of fact to be tried and determined as any other issue of fact in a case; provided, that when the distance from the place of shipment to the point of destination of any freight is fifty miles or less, a charge not exceeding thirty cents per hundred pounds may be made for the transportation thereof."

Approved April 19, A. D. 1879.

Takes effect ninety day after adjournment.

CHAPTER CX.—An act to amend section twenty-one of "an act regulating the duties of tax collectors in reference to the seizure and sale of property of delinquent tax-payers, and to define the further duties, powers, qualifications and liabilities of collectors of taxes, and to regulate their compensation," approved August 21, 1876.

Section 1. Be it enacted by the Legislature of the State of Texas, That section twenty-one of the above recited act be so amended as to read as follows:

"Section 21. Should the collector of taxes fail to make sale of any real estate for want of a purchaser, he shall give notice to the by-standers that he will, on the first Monday of the following month, offer said unsold lands for sale, and continue the sale from day to day for six successive days, after which, should there be any unsold lands, he shall report the fact to the comptroller, and shall have a credit for the amount assessed on said lands in a settlement of his accounts; and such lands as are not sold shall remain in the hands of the collector of taxes, and the owner may pay the amount due on said lands with interest at the rate of eight per centum per annum from date of sale with accrued costs; or any other person, on the failure of the owner to thus redeem said lands shall have the right to pay the amount due on said lands with interest and costs. The collector shall give said purchaser a deed for such lands, said deed shall be a good and sufficient title except as against the former owner, who shall have the right for two years from the date of purchaser's deed, to redeem said lands by paying the holder of said deed double the amount paid for the land and all subsequent taxes paid by the purchaser; and it is hereby made the duty of the collector of taxes to pay over to the comptroller every sixty days, all moneys received by him under the provisions of this section."

Sec. 2. The near approach of the close of the session makes it an imperative public necessity that the rule requiring the bill to be read on three several days be suspended, and it is so enacted.

Approved April 19, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXI.—An act to amend article 1333 of the Revised Civil Statutes of the State of Texas, passed at the present session of the Legislature.

Section 1. Be it enacted by the Legislature of the State of Texas, That article 1333 of the Revised Civil Statutes of the State of Texas, passed at the present session of the Legislature, be amended so that it shall read as follows, to wit:

Article 1333. The jury shall render a general or special verdict, as shall be directed by the court at the request of a party to the suit, and the verdict shall comprehend the whole issue or all the issues submitted to them; and upon a trial by the court, the judge shall, at the request of either of the parties, also state in writing the conclusions of fact found by him separately from the conclusions of law, which conclusions of fact and law shall be filed with the clerk and shall constitute a part of the record; and in all cases where a special verdict of the jury is rendered or the conclusions of fact found by the judge are separately stated, the court shall, unless the same be set aside and new trial granted, render judgment thereon, and it shall be sufficient for the party excepting to the conclusions of law or judgment of the court to cause it to be noted on the record in the judgment entry that he excepts thereto, and such party may thereupon take his appeal or writ of error without a statement of facts or further exceptions in the transcript, but the transcript shall in such case contain the special verdict or conclusions of fact and law aforesaid and the judgment rendered thereon.

Sec. 2. The fact that the passage of this act will facilitate the administration of justice, and the probability of an early adjournment of the Legislature rendering it doubtful whether this bill can be read on three several days, creates an imperative public necessity which justifies the suspension of the rule requiring it to be read on three several days, and said rule is therefore suspended.

Approved April 19, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXII.—An act to amend section sixteen of "an act regulating elections," approved August 23, 1876.

That immediately after the counting of the votes by the managers of election, the presiding officer shall place all the tickets or ballots voted, into a wooden or metal box of sufficient size to contain them, and securely fasten the same with nails, screws or locks; and he shall, within five days after the election, deliver said box to the county clerk, whose duty it shall be to keep the same securely, and in the event of any contest growing out of the election within one year thereafter, he shall deliver said box to any competent officer having a writ or subpoena therefor from any tribunal or authority authorized to issue such process; and in the event that no contest grows out of said election, within one year after the election, then the said clerk shall destroy the said tickets or ballots by burning the same, nor shall he examine said ballots to ascertain how any person voted, or permit any person to do the same while in his keeping. The violation of any of the provisions of this section shall be deemed a misdemeanor, and any person convicted thereof, shall be punished by fine not less than fifty nor more than five hundred dollars, and may in addition thereto be imprisoned in the county jail not to exceed six months. Any presiding officer, judge or clerk of any election who shall divulge how any person shall have voted at any election, from an inspection of the tickets, unless in a judicial investigation, shall be deemed guilty of a misdemeanor, and upon conviction, shall be fined in any sum not less than one hundred nor more than five hundred dollars.

Approved April 19, A. D. 1879.

Takes effect ninety days after adjournment.

The bonds of the third class shall be seven inches in length and three and one-half inches in width, including coupons for each installment of interest due thereon, and said coupons after maturity shall be receivable for all state taxes.

Sec. 3. That the bonds issued under this act shall be engraved on the best quality of bank note paper of convenient size and shape; said bonds shall be signed by the governor and treasurer of the state, which signatures may be engraved, and shall be entered in a book of record to be kept in the treasurer's office for the purpose, in which each bond shall be registered with its number and amount, together with the letter and series of each; and as soon as said bonds are signed and registered as herein provided for, they shall be turned over to the comptroller, who shall receipt to the treasurer therefor, and the comptroller shall at once cause to be registered in his office in a book to be kept for that purpose, the number and amount, letter and series of each bond received from the treasurer; and after said bonds or any part of them are so registered, they shall be sold under the direction of the governor, through the comptroller of the state or such other agents as he may deem necessary, but no such agent shall receive more than one-fourth of one per cent. on the amount sold by him for making any such sale; provided, that no bond sold under this act shall be sold for less than par and accrued interest.

Sec. 6. That in the event there are no matured bonds of the state outstanding and unpaid at any time during the operation of this act, then it shall become the duty of the governor to give thirty days' notice in some daily newspaper published in the city of New York, in the State of New York, and one published in the capital of this state, and three other places in the state, as the governor may select, that he will receive sealed proposals for the purchase, from the lowest bidder, of such amount of the unmatured bonds of the state as the funds arising from the sale of bonds issued under this act shall enable him to purchase; and the governor, acting in conjunction with the comptroller and treasurer, is authorized to accept such bids as they may deem advantageous to the state, and enter into a contract with any person or persons desiring or offering to sell said bonds to the state, binding such party to convey said bonds upon the state complying with the terms of the bid, and in no case shall any of the bonds, excepting those of the denomination of five and ten dollars issued under this act, be sold for the purpose of redeeming outstanding bonds not yet due or redeemable by the state at its option, until the governor shall have made a contract for the purchase of bonds as herein provided; provided, that nothing in this section shall prevent the governor from exchanging the bonds issued under this act for any outstanding bonds of the state after having made a contract as required in this section, upon such terms as he may deem advantageous to the state.

Sec. 7. The bonds to be issued under this act shall be in number and amounts as follows: For the sums of five dollars each there shall be engraved bonds to the amount of eight hundred thousand dollars; for the sums of ten dollars each there shall be engraved bonds to the amount of two hundred thousand dollars; for the sums of one hundred dollars each there shall be engraved bonds to the amount of one million dollars; for the sums of one thousand dollars each there shall be engraved bonds to the amount of one million five hundred and seventy three thousand dollars, and on the sale of said bonds it shall be optional with the purchaser thereof to select such denomination or denominations of the same as he may desire. The principal and interest of the coupon bonds of the denominations of one hundred and one thousand dollars shall be payable in the city of New York, through such agent or agents as the governor may select, or at the treasury of this state, at the option of the holder; but no agent shall receive more than one-fourth of one per cent. for paying said bonds or interest; but the registered bonds shall be payable at the office of the treasurer of the state.

Sec. 8. That the proceeds arising from the sale of bonds under the provisions of this act shall be applied first for the purpose of redeeming and paying the bonds known as the pension bonds, issued under and by the authority of the act approved August 13, A. D. 1870, and April 21, 1874, and the pension certificates and approved claims issued under said acts, upon which bonds would have been fully issued if identification and demand therefor had been made; provided, no interest shall be paid except where bonds have been demanded, issued and delivered, and no

bonds shall issue on such certificates and approved claims after the passage of this act; but the certificates and approved claims shall be paid at their face value without interest if demand is made therefor by the persons entitled thereto, by the first day of July, A. D. 1879.

Sec. 9. That the treasurer of the state is hereby required to give notice in a newspaper of general circulation published in the city of Austin, in the State of Texas, and in one published in the city of New York, in the state of New York, for at least thirty days prior to the day fixed for redemption and payment of the bonds retired by this act and named in section eight, that the same will be redeemed and retired at the treasury of the state, and the interest on all bonds not presented at the time specified in the notice shall on that day cease. The bonds so redeemed and retired shall be destroyed in the same manner as bonds redeemed with the sinking fund, as provided in section five of this act, and the governor shall have the power to pay off with bonds issued under this act any outstanding bonds of this state belonging to any special state fund that may be due or become payable at the option of the state before the first day of March, 1881, and all of said bonds exchanged for the bonds of any special fund, shall be registered and the coupons destroyed in the manner provided in this act.

Sec. 10. That should the legal holder of any of the bonds, for the payment of which this act provides, desire to take the bonds authorized to be issued by this act in payment or exchange for such bonds, he may be permitted to do so; provided, he will allow the current market value of said bonds herein issued, should the same be above par, and in no event shall the bonds be so paid out or exchanged at less than one hundred cents on the dollar. Parties holding said bonds shall pay the state the difference between the market value of the securities held by them, and the bonds herein provided for, and may pay the difference in money, so as to purchase one or more bonds in cases when the bonds redeemed are not for the same amount as the bonds issued in exchange therefor.

Sec. 11. Should it be the desire at any time of any holder of any bonds of the denominations of not less than one hundred dollars issued under this act to have said bonds registered by the treasurer of the state, he may do so by application to the treasurer, who shall, at the wish of the holder, detach from the body of the bond each and every coupon thereto attached, and the coupons so detached shall be immediately destroyed as provided in section five of this act. The treasurer shall endorse on the face of said bond the name of the holder thereof, and on its back he shall endorse the date of registration, together with its number of registration and the amount thereon due for interest on the day of registration. The treasurer shall also enter of record in a well bound book to be kept in his office for the purpose, the number and series of said bond so registered, together with the name of the holder thereof, the date of registration and the amount of interest due on said bond, and when the bond is registered and entered of record as required by this section the holder thereof may withdraw the same, giving to the treasurer a receipt therefor, and in case of a sale of said bond so registered, by the person in whose name it is entered of record, the transfer to the same shall be made by written bill of sale duly authenticated before some clerk of a court of record in the state where said sale is made, and the interest on said bond as it becomes due shall be paid only to the person legally owning the said bond, and in the payment of any

installment of interest a note of the payment of the same shall be endorsed on the back of said bond.

Sec. 12. Whenever any county shall have any of the proceeds arising from the sale of county school lands, the same may be invested by the county at par in any of the bonds herein provided for, and when any such county shall pay into the treasury of the state any money arising from the sale of such school lands, the state treasurer shall issue and deliver to such county a bond or bonds therefor, equal in amount to the sum or sums so paid into the treasury, and the treasurer shall endorse on said bond or bonds the name of the county purchasing and register the same in the name of the county in accordance with section eleven of this act, and after the endorsement is made the said bond or bonds shall not be transferable nor shall the principal or interest on said bond or bonds be paid except to said county as provided in this act.

Sec. 13. That the interest arising on bonds transferred to counties shall be paid out by the treasurer of the state upon presentation to him of a receipt or voucher properly signed by the county treasurer of the county holding any of such bonds, or any officer or person authorized by law to demand, receive and receipt for the same at any time after the said interest shall become due, and the treasurer shall keep a register of each bond issued to the county in a separate register kept for that purpose and its number and amount, and the name of the county.

Sec. 14. It shall be the duty of the treasurer of the state to open on the books of his office an account with each county in the state which shall purchase any of said bonds, entering thereon the date of purchase, amount of bonds and the number of each bond, also the interest paid to each county, and date of payment, together with any other entry he shall find necessary to a true exhibit of the dealings of the several counties touching said bonds, and he shall also make to each regular session of the Legislature a full statement of said accounts.

Sec. 15. The holder of any warrant on the treasurer shall be entitled to receive at his option payment at not less than current value, and in no case at less than one hundred cents on the dollar in bonds of the denomination of five and ten dollars issued under this act, and the amount of the warrants so satisfied with bonds, except the amounts of such warrants as are or may be drawn on the deficiency appropriation to the aggregate of two hundred thousand dollars, shall be reserved from the general revenue and used in retiring the outstanding bonded indebtedness of the state in accordance with this act; provided, that not more than fifty thousand dollars of said bonds per month shall be paid out on warrants under this section.

Sec. 16. The bonds created by and issued under this act shall be received by the comptroller and treasurer in lieu of money in payment of the principal arising from any sale of lands belonging to the public free schools, university or asylums, and said bonds when received shall be placed to the credit of said special funds.

Sec. 17. That the sum of five thousand dollars, or so much thereof as may be necessary, is hereby appropriated out of any money in the treasury not otherwise appropriated to pay the expense of engraving and printing the bonds provided for by this act, for publishing notices, paying traveling expenses, and carrying out the provisions of this act.

Sec. 18. The fact that a portion of said bonds should be sold on or before the first day of July, 1879, creates an emergency that requires this act to take effect at once, and it is therefore declared that this act

shall take effect and be in force from and after its passage. The fact that there remain but a few days of the present session of the Legislature, rendering it improbable that this bill can be read on three several days, creates an imperative public necessity for the suspension of the constitutional rule requiring the bill to be so read on three several days, it is so enacted.

Approved April 21, A. D. 1879.

Takes effect from and after its passage.

CHAPTER CXIV.—An act to provide for appeals and writs of certiorari from judgments of justices' courts in counties in which the civil and criminal jurisdiction, or either, of the county courts has been transferred to the district courts.

Section 1. Be it enacted by the Legislature of the State of Texas, That in all counties in which the civil and criminal jurisdiction, or either, of county courts has been transferred to the district courts, appeals and writs of certiorari may be prosecuted to remove a case tried before a justice of the peace to the district court in the same manner and under the same circumstances under which appeals and writs of certiorari are allowed by general law to remove causes to the county court.

Sec. 2. The late hour of the session at which this act can receive consideration and its importance creates an emergency and an imperative public necessity that the rule requiring this act to be read on three several days should be suspended, and that this act take effect and be in force from and after its passage; and it is so enacted.

Approved April 21, A. D. 1879.

Takes effect from and after its passage.

CHAPTER CXV.—An act to provide for the record of contracts relating to land, in a manner that will distinguish community from separate property.

Section 1. Be it enacted by the Legislature of the State of Texas, That no deed, mortgage, contract, bond for title, or other written instrument relating to land, executed after this act goes into effect, shall be registered or recorded, without it is shown by recitals in such instruments: first, whether the grantor or land owner was married or single at the time he acquired his or her interest in the land; second, and if he or she was then married, the name of the husband or wife; third, and whether the husband or wife is dead, and which one; fourth, and whether the land is separate or community property of the grantor; fifth, and whether the grantee is single or married, and if married the name of the husband or wife, unless the want of such recitals shall be supplied in the manner hereinafter provided.

Sec. 2. That any one or more of the grantors in any such written instrument may make a supplemental deed containing said recitals, and when it is acknowledged by any one of the grantors and attached to the original deed, both may be recorded.

Sec. 3. That if no such supplement is made, any one having an in-

terest in the record of such an instrument, may supply the recitals required by section one of this act, by filing an application before the district or county judge, in any county in this state, to hear proof of the matters required to be recited; and the judge shall set a time when he will hear proof, either in term time or vacation, and witnesses, depositions *de bene esse*, or affidavits may be heard. The judge hearing the same shall determine which of the facts, necessary to be recited in the instrument described in the application, have been proved, and cause his judgment to be entered on the minutes of the court over which he presides. The applicant may make as many several applications as he thinks necessary, but shall in every instance be liable for the costs of the proceeding.

Sec. 4. That when any such supplement as is provided for in this act is made, acknowledged or proved as other instruments for record, and is attached to the original instrument to which it relates, which is also properly acknowledged or proved for record, or when a certified copy of a judgment of any district or county court, obtained as herein provided, is procured and attached to the original instrument to which it relates, and such original instrument is properly acknowledged or proved for record, it shall be lawful for the clerk of the county in which the land contracted about is situated, to record the original and supplement, or the original and certified copy of the judgment as one instrument.

Sec. 5. That this act is not intended to require such recitals to be made in reference to a private or municipal corporation, or persons acting in an official, a trust, or fiduciary capacity, who can have no community rights.

Sec. 6. That grantees and persons contracted with may supply the recital (if omitted) showing whether he or she is married or single, and if married the name of the husband or wife, by appending to the original instrument a statement in writing showing the facts, and signing and acknowledging or having the execution proved for record.

Sec. 7. That the recitals made or proved, as herein provided, shall be *prima facie* evidence of the facts recited.

Approved April 21, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXVI.—An act to define in what civil cases depositions of witnesses may be taken.

Section 1. Be it enacted by the Legislature of the State of Texas, That depositions of witnesses may be taken in all civil suits heretofore or hereafter brought in this state, whether the witness resides within the county where the suit is brought or out of it; provided, the failure to secure the depositions of a male witness residing in the county in which the suit is pending shall not be regarded as want of diligence where diligence has been used to secure his personal attendance by the service of subpoena or attachment under the rules of law, unless by reason of age, infirmity or sickness or official duty, the witness will be unable to attend the court; or unless he is about to leave, or has left the state or county in which the suit is pending, and will not probably be present at the trial.

Sec. 2. That the great delay in the trial of civil cases on account of the absence of witnesses, the great and unnecessary expense incurred by reason of such attendance, and the great damage caused to the agricul-

tural and business population of the state by reason of the absence of a law authorizing the taking of depositions of all classes of witnesses where they reside in the county in which a suit is brought, creates an imperative public necessity that the rules should be suspended, and creates an emergency that this bill should take effect from and after its passage, and the rules are hereby suspended, and this act shall take effect from and after its passage.

Approved April 21, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXVII.—An act to amend title forty-eight, chapter five of an act entitled “An act to adopt and establish the Revised Civil Statutes of the State of Texas,” passed February 21, 1879.

Section 1. Be it enacted by the Legislature of the State of Texas, That title forty-eight, chapter five of an act entitled “An act to adopt and establish the Revised Civil Statutes of the State of Texas,” passed February 21, 1879, be so amended as to add an additional article, as follows, to wit:

“Article 2802a. He shall at least once a month inspect the accounts in the offices of the state treasurer and the comptroller of public accounts, of all officers of this state, and of individuals charged with the collection or custody of funds belonging to the state, and shall proceed immediately to institute, or cause to be instituted, against any such officer or individual who is in default or arrears for the recovery of funds in his hands; and he shall also institute immediately criminal proceedings against all officers or persons who have violated the laws by misapplying or retaining in his hands funds belonging to the state.”

Sec. 2. The late hour of the session creates an imperative public necessity that the rules requiring this bill to be read on three several days be suspended, and it is so enacted.

Approved April 21, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXVIII.—An act to amend article 1173 of the Revised Civil Statutes, passed by the Sixteenth Legislature.

Section 1. Be it enacted by the Legislature of the State of Texas, That article 1173 of the Revised Civil Statutes, passed by the present Legislature, shall hereafter read as follows:

Article 1173. There shall be begun and holden at the county seat of each county a term of the county court thereof, for civil and probate business on the third Monday in January, March, May, July, September and November in each year, which shall continue in session until the business thereof is disposed of; provided, the term for civil and probate business shall not extend beyond the commencement of the term of criminal business.

Sec. 2. It being important that this act be passed at the present ses-

sion of the Legislature, as without it many of the county courts of this state cannot dispose of the business before them, and it being improbable that the same can be passed unless the rule requiring each bill to be read on three several days be suspended, therefore an imperative public necessity exists for the suspension of said rule, and the same is hereby suspended.

Approved April 22, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXIX.—An act to amend title fifty-eight of the Revised Civil Statutes of the State of Texas, passed February 21, 1879.

Section 1. Be it enacted by the Legislature of the State of Texas, That title fifty-eight of the Revised Civil Statutes of this state, passed February 21, 1879, be amended by adding articles 3122a and 3122b, viz:

"Article 3122a. That all persons leasing or renting any residence or store-house or other building shall have a preference lien upon all the property of the tenant in said residence or store-house or other building for the payment of the rents due and that may become due, and such lien shall continue and be in force so long as the tenant shall occupy the rented premises and for one month thereafter, but this article shall not be considered as in any manner repealing or affecting any act exempting property from forced sale."

"Article 3122b. When any rent shall become due, or the tenant about to remove from such leased or rented buildings or remove his property therefrom, it shall be lawful for the person to whom the rent is payable, his agent, attorney or assignee, to apply to a justice of the peace of the precinct where the building is situated, for a distress warrant, which shall be issued on an affidavit and bond, and the same proceedings shall be had on the issuance, trial and return of such warrant as is now provided by law in this chapter, the object of this and the preceding article being to extend the operation of such law so as to include and protect liens on residences and store-houses and other buildings occupied or used by tenants, and conferring on the owners thereof the same rights and privileges as is now conferred by law on other landlords."

Sec. 2. Whereas, There is now no law in force fully conferring and protecting rent liens of owners of buildings used as residences or for carrying on business, and this session of the Legislature is near its adjournment, there is an emergency for the immediate passage of this act and an imperative public necessity for the suspension of the constitutional rule requiring bills to be read on three several days which rule is suspended, and it is enacted that this act be in force from its passage.

Approved April 22, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXX.—An act to amend chapter three of “An act to adopt and establish a Penal Code and a Code of Criminal Procedure for the State of Texas,” by adding another article, to be called article 680a, prohibiting the use of any dumb animal, the property of another, without the consent of the owner, and prescribing a penalty therefor.

Section 1. Be it enacted by the Legislature of the State of Texas, That article 680a shall hereafter read as follows:

“Article 680a. That any person who shall hereafter take up and use any horse, mare, gelding, mule, ox, cow, or any other dumb animal, the property of another, and without the consent of the owner thereof, shall be fined in any sum not less than ten nor more than one hundred dollars; provided, that nothing herein contained shall prevent a prosecution for the theft of such animals whenever the offense of which said party shall be guilty shall come within the meaning of that crime; and provided, that this act shall not be construed as in any way interfering with the laws regulating estrays.

Approved April 22, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXXI.—An act to amend articles 3955 and 3963 of the Revised Civil Statutes, passed at the present session of the Legislature.

Section 1. Be it enacted by the Legislature of the State of Texas, That article 3955 of the Revised Civil Statutes, passed at the present session of the Legislature, shall hereafter read as follows:

“Article 3955. No patent shall be issued upon any claim, unless a map of the county in which the same is situated shall be on file in the general land office.”

Sec. 2. That article 3963 of the Revised Civil Statutes, passed at the present session of the Legislature, shall hereafter read as follows:

“Article 3963. The commissioner of the general land office is hereby prohibited from issuing a patent upon any survey that shall have been made by authority of a certificate issued prior to March 16, 1840, and has not been returned as genuine and legal by the commissioners appointed by the act of January 29, 1840, or by authority of a warrant issued for military services, unless the same shall have been presented to and approved by the secretary of war, the adjutant general or the commissioner of the court of claims as heretofore prescribed by law, unless said certificate or warrant shall have been issued by authority of a special act of the Legislature; and any patent issued contrary to the provisions of this article shall be null and void, unless the person claiming such patent shall produce to the commissioner of the general land office the judgment or decree of a district court of the Republic or State of Texas from which no appeal was taken within the time prescribed by law, that he is justly entitled to the amount of land under the constitution and laws.”

Sec. 3. That in view of the near approach of the close of the session of this Legislature, and the object to be attained by the passage of this

act creates an imperative necessity, and an emergency exists for the suspension of the constitutional rule, therefore this act shall take effect and be in force from and after its passage.

Approved April 22, A. D. 1879.

Takes effect from and after its passage.

CHAPTER CXXII.—An act to amend article 4767 of the Revised Civil Statutes of the State of Texas.

Section 1. Be it enacted by the Legislature of the State of Texas, That article 4767 of the Revised Civil Statutes be so amended as hereafter to read as follows:

Article 4767. The collector of taxes shall receive as compensation for his services five per cent. on the first twenty thousand dollars of taxes collected by him for the state, and two per cent. on all such taxes collected over that sum; for collecting the county tax, three per cent. on the first ten thousand dollars of such taxes so collected by him, and two per cent. on all such taxes collected over that sum; provided, that in counties owing subsidies to railroads, the collector shall receive only one per cent. for collecting such railroad tax; and in cases where property is levied on and sold for taxes, he shall receive the same compensation as is allowed by law to sheriffs or constables for making a levy and sale in similar cases, but in no case to include commissions on such sale.

Approved April 22, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXXIII.—An act to suppress lawlessness and crime and to organize a force for that purpose.

Whereas, It is credibly reported that in several counties in the western and southwestern part of the state, the people are being depredated on in person and property by bands of criminal and lawless men too strong to be suppressed by the civil authorities unaided, and by bandits and robbers from Mexico; therefore, for the purpose of maintaining law and order and giving security to that section against foreign invasion and domestic disturbance and to aid the civil authorities,

Section 1. Be it enacted by the Legislature of the State of Texas, That the governor is hereby authorized to immediately organize a company of twenty-five men rank and file to wit: Twenty-one privates, two sergeants and two corporals, and in addition thereto there shall be one captain and one first lieutenant and in the aggregate said company shall consist of twenty-seven men, officers and non-commissioned officers and privates.

Sec. 2. That said company shall be mustered into the service of the State of Texas for the period of twelve calendar months, or longer or shorter, and may be disbanded when they are no longer needed, should the governor deem it necessary, in such manner as the adjutant general may direct. Each officer, non-commissioned and private thereof, shall furnish his own horse, saddle, bridle, rope, clothing, etc., for the entire term of service, and replace any or all of said articles, should it become necessary so to do.

Sec. 3. That the State of Texas shall furnish said company with arms, ammunition, camp and garrison equipage, and rations of subsistence for the men and forage for the horses, and with transportation necessary to move said supplies. The arms shall be issued and charged to the men, and in case any of said arms shall be lost through neglect or by disobedience of orders, the value thereof shall be charged upon the rolls as a stoppage against the party losing the same; but in no case shall arms lost in the discharge of duty be so charged.

Sec. 4. The members of said company shall be allowed the following pay, to wit: The captain, one hundred and twenty-five dollars per month; the first lieutenant, one hundred dollars per month; the sergeants, corporals and privates, thirty dollars each per month. The payments shall be made at such times and in such manner as the adjutant general of the state may prescribe.

Sec. 5. That said company shall be governed by the rules and regulations of the army of the United States, and the articles of war, so far as the same may be applicable, and by such orders, rules and regulations as may be prescribed from time to time by the governor and the adjutant general of this state.

Sec. 6. That the officers, non-commissioned officers and privates of said company shall be clothed with the powers of peace officers, and shall aid the civil authorities in the execution of the laws. They shall have authority to make arrests, and in such cases they shall be governed by the laws regulating and defining the powers and duties of sheriffs when in the discharge of similar duties. They shall, before entering upon the discharge of these duties, take an oath before some authority legally authorized to administer the same, that each of them will faithfully perform his duties in accordance with law. In order to arrest and bring to justice men who have banded together for the purpose of committing robbery or other felonies, and to prevent the execution of the laws the officers, non-commissioned officers, and privates of said company may accept the services of such citizens as shall volunteer to aid them, but while so engaged such citizens shall receive no pay from the state for their services.

Sec. 7. When said company or any member or members thereof shall arrest any person charged with the commission of a criminal offense or offenses, they shall convey such person or persons to the county or counties where he or they stand charged with the commission of an offense, and shall deliver him or them to the proper officer, taking his receipt therefor, and all necessary expenses thus incurred shall be paid by the state.

Sec. 8. That the officers and members of all military companies organized for the protection of the frontier, or for the suppression of lawlessness and crime in this state, shall receive pay for services in accordance with the rate established by section four of this act.

Sec. 9. That the fact of the existence of bands of lawless men in counties in this state, of their having prevented the execution of laws, and placed the good people in various counties in continual fear of the commission of outrages upon their persons and property, constitute a public necessity and emergency that this act take effect and be in force from and after its passage, and it is so enacted.

Approved April 22, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXXIV.—An act to amend article 4759 of the Revised Civil Statutes of the State of Texas, adopted on the . . . day of February, 1879.

Section 1. Be it enacted by the Legislature of the State of Texas, That article 4759 of the Revised Civil Statutes, adopted February . . . , 1879, be so amended as to hereafter read as follows, to wit: Article 4759. Should the collector of taxes fail to make sale of any real estate for want of a purchaser, he shall bid the same off for the state for the taxes and penalties due and all costs accruing thereon and execute a deed to the state, and one deed shall include all tracts of land bid off to the state at such tax sale, and make due return thereof under such forms and directions as the comptroller may furnish and direct, and after sale and purchase by the state of any real estate it shall not be lawful for said collector to levy upon or advertise or sell the same for any remaining or accrued taxes thereon until the same shall have been redeemed by the owner or is sold by the state. Said collector shall, on final settlement of his accounts with the commissioners' court and the comptroller of public accounts, be entitled to a credit for the amount of taxes due the state and county respectively for which the land and lots were bid off to the state.

Sec. 2. There being no law in force to enable collectors of taxes to make such settlement with the state as is contemplated by this act, an imperative public necessity and emergency exist for the passage of this act, and it is therefore enacted that this act take effect and be in force from and after its passage.

Approved April 22, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXXV.—An act to amend article 3193 of an act entitled "an act to adopt and establish the Revised Civil Statutes of the State of Texas."

Section 1. Be it enacted by the Legislature of the State of Texas, That article 3193 of an act entitled "An act to adopt and establish the Revised Civil Statutes of the State of Texas," shall hereafter read as follows:

"Article 3193. Every suit to be instituted to recover real estate as against any person having peaceable and adverse possession thereof, cultivating, using or enjoying the same and paying taxes thereon, if any, and claiming under a deed or deeds duly registered, shall be instituted within five years next after the cause of action shall have accrued and not afterwards; provided, that this article shall not apply to any one in possession of land who in the absence of this statute would deraign title through a forged deed; provided further, that no one claiming under a forged deed or deed executed under a forged power of attorney shall be allowed the benefits of this article."

Sec. 2. Since there is a public necessity and emergency that this act should at once go into effect, and the press of business in both houses renders it doubtful if time can be found for its consideration as ordinary legislation, therefore the law requiring this act to be read on three several days be suspended.

Approved April 22, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXXVI.—An act to amend chapter two of title fifteen, and chapter one of title sixteen, in the Code of Criminal Procedure, of an act entitled “an act to adopt and establish a Penal Code and a Code of Criminal Procedure for the State of Texas.”

CHAPTER CXXVII.—An act in relation to chattel mortgages and other instruments intended to operate as mortgages of, or liens upon personal property and the record thereof.

Section 1. Be it enacted by the Legislature of the State of Texas, That every chattel mortgage, deed of trust or other instrument of writing intended to operate as a mortgage of, or lien upon, personal property, which shall not be accompanied by an immediate delivery, and be followed by an actual and continued change of possession of the property mortgaged or pledged by such instrument, shall be absolutely void as against the creditors of the mortgagor or person making the same, and as against subsequent purchasers and mortgagees or lienholders in good faith, unless such instrument or a true copy thereof shall be forthwith deposited with, and filed in, the office of the county clerk of the county where the property shall then be situated, or if the mortgagor or person making the same be a resident of this state, then of the county of which he shall at the time be a resident.

Sec. 2. Upon the receipt of any such instrument the clerk shall endorse on the back thereof the time of receiving it, and shall file the same in his office, to be kept there for the inspection of all persons interested; provided, that if a copy be presented to the clerk for filing, instead of the original instrument, he shall carefully compare such copy with the original, and the same shall not be so filed unless it is a true copy thereof; and a copy can be filed only when the original has been acknowledged.

Sec. 3. A copy of any such original instrument, or of any copy thereof, so filed as aforesaid, certified to by the clerk in whose office the same shall have been filed, shall be received in evidence of the fact that such instrument or copy was received and filed according to the endorsement of the clerk thereon, but of no other fact.

Sec. 4. The county clerk shall keep a book in which shall be entered a minute of all such instruments, which shall be ruled off into separate columns, with heads as follows: Time of reception, name of mortgagor, name of mortgagee or trustee and cestui que trust, date of the instrument, amount secured, when due, property mortgaged, and remarks; and the proper entry shall be made under each of such heads. Under the head of property mortgaged it will be sufficient to enter a general description of the property pledged and the particular place where located, and index shall be kept in the manner as required for other records.

Sec. 5. When the debt secured by any such instrument shall have been fully paid or satisfied, it shall be the duty of the mortgagee, his assignee or personal representatives to enter or cause to be entered satisfaction thereof; such entry of satisfaction shall be made in the book in which the instrument is entered, which may be done under the head of "remarks," and any instrument acknowledging satisfaction need not be recorded at length, but it shall be sufficient for the mortgagee or clerk to make an appropriate entry under the head of "remarks," showing that the same has been paid; and if there is a separate instrument acknowledging satisfaction it may be filed with the original instrument or copy thereof, and preserved therewith in the office of the county clerk.

Sec. 6. The person making any such instrument shall not remove the property pledged from the county nor otherwise sell or dispose of the same without the consent of the mortgagee; and in case of any violation

of the provision of this section the mortgagee shall be entitled to the possession of the property, and to have the same then sold for the payment of his debt, whether the same has become due or not.

Sec. 7. Chattel mortgages and other instruments intended to operate as mortgages of, or liens upon, personal property, shall not hereafter be recorded at length as heretofore required, and when deposited and filed in accordance with the provisions of this act shall have the force and effect heretofore given to a full registration thereof, and all persons shall be thereby charged with notice thereof and of the rights of the mortgagee, his assignee or representative thereunder, but nothing herein contained shall be so construed as to in any manner affect the rights of any person under any instrument recorded as required by law.

Sec. 8. The county clerk shall be entitled to the sum of twenty-five cents for filing and making the entry as aforesaid, when any such instrument is deposited in his office, and twenty-five cents for entering satisfaction thereof as herein required.

Sec. 9. All laws and parts of laws inconsistent with the provisions of this act are hereby repealed.

Sec. 10. Whereas the end of the session is near, and the season of the year is at hand when a great many persons execute mortgages upon growing crops and other personal property to procure supplies for their families and hands, therefore an emergency exists, and an imperative public necessity demands, that the constitutional rule which requires a bill to be read on three several days be suspended and this act take effect and be in force from and after its passage.

Approved April 22, A. D. 1879.

Takes effect from and after its passage.

CHAPTER CXXVIII.—An act to ascertain the amount due teachers for services rendered in the public schools from September 1, 1873, to August 31, 1876, and to provide for the payment of same.

Section 1. Be it enacted by the Legislature of the State of Texas, That the late board of school directors of each county shall constitute and are hereby authorized to act as an auditorial board to audit all claims of teachers for services rendered in public schools of their respective counties under the law and within the term specified in the caption of this act. In case of the refusal of any member of said board to act, the county judge is hereby authorized to fill any vacancy, or if all the members of said board fail or refuse to act, then to appoint a new board.

Sec. 2. Each member of said board shall be required to take an oath that he will faithfully perform the duties devolving upon him under the provisions of this act.

Sec. 3. The auditorial board shall meet at the county seats of their respective counties as soon as possible after the passage of this act and organize, when the board will give thirty days' notice of the time of the meeting of the board by publishing said notice for thirty days in some newspaper published in the county; and if there is no newspaper published in the county, then by posting the same in ten public places in the county. At the expiration of the time, the board will hold its sessions from day to day until they have passed upon such claims as may have been presented to them or as may be presented to them during their

session; provided, they shall not remain in session longer than six days.

Sec. 4. The board after the notice given, mentioned in section three of this act, shall proceed to pass upon all claims submitted to them under the requirements of this act, except such claims as have been heretofore audited under an act of the Fifteenth Legislature, entitled "An act to ascertain the amount due teachers for services rendered in the public schools, from September 1, 1873, to January 1, 1876, and to provide for the payment of same," and the board shall mark upon each claim submitted, in words and figures, the amount due thereon.

Sec. 5. Having ascertained the amounts on all claims submitted, they shall aggregate the claims by school districts, indicating in the aggregate the amounts found to be due by each school district respectively.

Sec. 6. In passing upon claims the board shall be governed strictly by the law, and official instructions of the superintendent of public instruction, in force at the time the contract was entered into.

Sec. 7. Having ascertained the amounts due from each district, the board shall furnish the commissioners' court with a correct list of the several amounts due each claimant, together with a description, as far as practicable, of the bounds of each district.

Sec. 8. It shall be the duty of the commissioners' court, upon the receipt of said list, to make the necessary levy on the property of each district separately that is in arrears, to raise sufficient revenue to satisfy said claims of teachers, including such balances on claims as were audited under the act of the Fifteenth Legislature referred to in section four of this act, and to satisfy which, sufficient levy has not already been made under said act; provided, that any one who may hold receipts for payment of a part or whole of his indebtedness, under a previous act, shall have credit therefor.

Sec. 9. It shall be the duty of the county treasurer to report to the commissioners' court the amount obtained from each district, as soon as full returns have been received from any given district.

Sec. 10. It shall be the duty of the commissioners' court, upon receipt of said report from the county treasurer, to order warrants to be issued on the county treasurer in favor of claimants for the full amount shown to be due, if there be sufficient funds on hand to pay all the claims; but if it appear that there is not sufficient funds to pay all the claims against the district in full, the said court shall pro rata the amounts and draw warrants accordingly, taking receipts for the same in full or partially, as the case may be.

Sec. 11. The county treasurer shall pay said warrants whenever presented, and hold the same for his voucher.

Sec. 12. In the event the records of the late board of school directors show that there are no claims outstanding and due teachers as herein specified, or that sufficient tax has already been levied under any law heretofore existing to pay off such claims, but not yet collected, it shall not be necessary to reorganize said board, but the late county superintendent of public instruction shall certify such facts in writing to the commissioners' court.

Sec. 13. The members of the auditorial board shall be allowed each four dollars per day for every day they shall be engaged in the discharge of their duty as such board, including the time in going to and returning from the county seat, and all other officers mentioned in this act;

and the collector of taxes shall receive such compensation as is now allowed by law for similar services.

Sec. 14. The amounts necessary to defray the expenses of the execution of this law shall be included in the aggregate assessment against said district.

Sec. 15. Whereas, an imperative public necessity exists for the passage of this law, in order that teachers may be paid the amounts due them, that this act be in force from and after its passage.

Sec. 16. That all laws and parts of laws in conflict with the provisions of this act be and the same are hereby repealed.

Approved April 22, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXXIX.—An act establishing and prescribing the manner of ascertaining the boundaries of counties.

Section 1. Be it enacted by the Legislature of the State of Texas, That whenever it shall appear to the satisfaction of the county court of any county in this state, or notice shall be given such court by the commissioner of the general land office, that the boundary or any part thereof of the county is not sufficiently definite and well defined, such court shall appoint an experienced and competent practical surveyor, whose duty it shall be to ascertain, by actual survey, the boundary or any part thereof, of said county, and to make and establish the lines and corners in the manner herein prescribed; and the said court in the order making the appointment shall specify the line or lines to be run, and the corners to be established and marked; and shall in all things conform to the law defining the boundaries of said county.

Sec. 2. The initial corners of the surveys herein provided for shall be designated by posts, mounds or stone monuments; the posts shall be of hewn cedar, cypress or bois d'arc at least eight inches in diameter, five feet long and set in the ground not less than three feet; the mounds shall be of stone when practicable, otherwise of earth and not less than two feet high; that at the end of each mile in said boundary a like post, mound or stone monument shall be established; the initial corners shall be described on the post or monument established there.

Sec. 3. In the field notes of the surveys of the lines ordered to be run, the surveyor shall give an accurate description of all prominent natural objects crossed by or adjacent to said lines, as well as of the corners and lines of surveys on or near said boundaries.

Sec. 4. That it shall be the duty of the court making such order to cause a copy thereof to be sent to the county courts of the counties interested in such boundary, stating the time and place, which time shall not be later than twenty days after the meeting of the county court of the county notified, for the commencement of the survey, and such notice shall be given at least ten days before the meeting of said county court; and it shall be the duty of the court so notified to appoint an experienced and competent practical surveyor to proceed at the time and place to assist in running and establishing such line.

Sec. 5. That the surveyors herein provided for, shall take the oath of office prescribed by law for county surveyors, and shall, before entering upon the duties herein prescribed, enter into bond with two or more securities, to be approved by the county court, in the sum of one thousand

dollars, payable to the county judge or his successors in office, conditioned for the faithful performance of his duties.

Sec. 6. When the line shall have been surveyed and marked as herein provided, it shall be the duty of the surveyor to make due return of the field notes and map to the county court; which field notes and map shall be recorded by the clerk, and a certified copy thereof returned to the general land office.

Sec. 7. That if either of the surveyors appointed to run and mark such line, shall fail to attend at the time and place appointed, the one in attendance shall proceed alone to perform the duties assigned him, and make his report to the county court of the county employing him which, being approved by such court, shall be recorded as evidence of the line in question, and the line so surveyed and marked shall thereafter be regarded as the true boundary line between the counties.

Sec. 8. That should the surveyors above provided for fail to agree as to the true boundary line between their respective counties, the facts of such disagreement, with a full statement of the questions at issue between them, shall be by them reported to the commissioner of the general land office, whose duty it shall be to examine the disputed matter at once, and from such data as the maps and archives of his office furnish, shall designate to such surveyors the line to be run, stating at what specific point they shall begin and to what specific point they shall run, adhering as nearly as possible to the line designated in the act creating such county line, which instruction shall be authority for said surveyors to run such line, and the line so run as above directed shall thereafter be the true dividing line between said counties.

Sec. 9. The expense of surveying and marking such line shall be divided between the counties interested in proportion to the frontage of each county upon the line, and paid for by each county as proportioned. The surveyors appointed as herein provided shall receive for their services the sum of three dollars per mile for each mile run. The expense of establishing the posts, mounds or stone monuments shall be paid by the counties interested, and they shall be erected under the supervision and direction of the surveyor.

Sec. 10. Before any county in this state, not already organized as a separate land district under existing law, shall be reorganized as such, the county court shall cause the boundary lines of the county to be surveyed and marked and the field notes and map of such survey duly recorded, returned to the general land office as provided in this act.

Sec. 11. That in view of the fact that there is no law in force under which boundary lines between counties may be ascertained and established, an imperative public necessity exists that requires the rules to be suspended for the immediate passage of this act, and it is hereby declared that this act take effect and be in force from and after its passage.

Approved April 22, A. D. 1879.

Takes effect from and after its passage.

Section 1. Be it enacted by the Legislature of the State of Texas, That section forty-six of the above entitled act shall be amended so as to hereafter read as follows:

"Section 46. That the counties of Anderson, Angelina, Austin, Bastrop, Bowie, Brazos, Burleson, Camp, Cass, Chambers, Cherokee, Collin, Colorado, Cooke, Dallas, Delta, Denton, Ellis, Fannin, Fayette, Fort Bend, Franklin, Freestone, Galveston, Grayson, Gregg, Grimes, Hardin, Harris, Harrison, Henderson, Hill, Hopkins, Houston, Hunt, Jasper, Jefferson, Johnson, Kaufman, Lamar, Lee, Leon, Liberty, Limestone, Madison, Marion, Montgomery, Morris, Nacogdoches, Newton, Panola, Parker, Polk, Rains, Red River, Robertson, Rockwall, Rusk, Sabine, San Augustine, San Jacinto, Shelby, Smith, Tarrant, Titus, Trinity, Tyler, Upshur, Van Zandt, Walker, Waller, Washington and Wood, are hereby exempted from the operations of this act, and the provisions of the same shall in nowise relate or apply to the aforesaid counties; provided, that in those counties bordering on the lines of the state, except those bordering on Red river, whether organized or unorganized, the governor shall appoint an inspector, whose duty it shall be to inspect, under the provisions of this act, all stock about to be driven or shipped out of the state, or in any other county exempt from the operations of this act, where there is a depot or place for the shipment of cattle; provided, that such cattle shall not be subjected to inspection on board of any railroad train, unless the same have been placed on board of such train for the purpose of evading the provisions of this act."

Approved April 22, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXXXI.—An act to attach the unorganized county of Runnels to the county of Coleman for surveying purposes.

Section 1. Be it enacted by the Legislature of the State of Texas, That the unorganized county of Runnels be and the same is hereby attached to the county of Coleman for the purposes of surveying.

Sec. 2. The fact that the present Legislature is on the eve of adjournment, and said county for said purposes is not attached to any county, creates an imperative public necessity and emergency for the suspension of the constitutional rule, and the immediate passage of this act, and said rule is hereby suspended, and this act shall take effect from its passage.

Approved April 22, A. D. 1879.

Takes effect from and after its passage.

CHAPTER CXXXII.—An act to authorize the governor, attorney general and superintendent of the penitentiary to contract for conveying convicts from the places where sentenced to the penitentiary.

Whereas, The present financial condition of the state and the heavy burden of taxation resting upon the people, imperatively demands of this Legislature the inauguration of all reforms in the interest of economy which do not impair the efficacy of government; and

Whereas, The large amount now being paid for conveying convicts to the penitentiary suggests the great importance of devising some less expensive but equally safe means of transporting convicts; therefore,

Section 1. Be it enacted by the Legislature of the State of Texas,

That the governor, attorney general and superintendent of the penitentiary be and they are hereby authorized and fully empowered to contract for a term not exceeding two years with some responsible person or firm, or association of persons, upon such terms and conditions as to them may seem best, to receive and safely transport all convicts from the places where confined to the penitentiary to which they may be sentenced; provided, such a contract can be made as will reduce the expenses of transporting convicts to the penitentiary below that now allowed by law, and at the same time not increase the expenses of the counties in keeping convicts; and it shall be the duty of the district clerk to notify the contractor by letter or otherwise of any person or persons convicted in his court as soon as the court adjourns, and such contractor shall pay all expenses of feeding and keeping such convicts after ten days from the date of their conviction.

Sec. 2. That the operation of all laws concerning the transportation of convicts be and the same are hereby declared to be suspended during the existence of any such contract as that provided for in the preceding section, and the governor shall, by proclamation, give notice for the making of such contract, and a copy of such proclamation shall be forwarded by the secretary of state to each sheriff in the state; and each sheriff shall, after issuance of said proclamation upon demand, deliver to the order of the party contracting with the state all convicts, together with a copy of the decree of the court before which said defendant or defendants were tried, convicted and sentenced, taking and filing among the papers in his office a receipt therefor. When a contract is made according to the terms of this act the contractors shall enter into bond in the sum of twenty thousand dollars, payable to the governor and his successors in office, with two or more securities, to be approved by said board, conditioned that said contractor will faithfully and fully carry out and comply with said contract; provided, that should the person making such contract fail or refuse to call on the sheriff of any county for any convict within one week after the adjournment of the court in which said convicts were tried, then the sheriff shall proceed at once to convey such convicts to the penitentiary as though no such contract had been entered into.

Sec. 3. In all cases where a convict is demanded by a contractor, or by any agent appointed by him, the authority of such person under the seal of state presented to the clerk of the court in which the conviction has been obtained shall be a sufficient authority for the said clerk to issue his warrant in the name of the state, requiring said contractor or his agent to take charge of said convict and deliver him inside the walls of the penitentiary, or to the lessees.

Sec. 4. The interests of the State of Texas involved in this bill are such as creates an emergency that this bill should take effect from and after its passage, and the near approach of the session's close is such an imperative necessity as justifies the suspension of the constitutional rule requiring this bill to be read on three several days, and the said rule is hereby suspended.

Sec. 5. The heavy expense of carrying convicts to the penitentiary under the existing law creates an imperative public necessity that this act take effect immediately, and it is therefore enacted that the same take effect from and after its passage.

Approved April 22, A. D. 1879.

Takes effect from and after its passage.

CHAPTER CXXXIII.—An act to provide for the assessment and collection of taxes on lands and other property situated in the unorganized counties, and for the enforcement of the same.

Section 1. Be it enacted by the Legislature of the State of Texas, That all lands and other property situated in the unorganized counties of this state, owned by residents of such unorganized counties, shall be assessed by the assessor of the organized county to which such unorganized county is attached for judicial purposes, and the taxes collected by the collector of such organized county; and that the same remedies for the enforcement of the assessment and collection of such taxes shall apply as the law directs for the assessment and collection of the taxes on property situated in organized counties of this state.

Sec. 2. That the comptroller of the state is hereby authorized, empowered and required to assess and collect the state taxes on all lands in this state which are situated in unorganized counties thereof, and owned by non-residents thereof, in the manner hereinafter provided.

Sec. 3. The comptroller may at any time prior to the return of the assessment rolls to his office of the organized county to which such unorganized county or counties are attached for judicial purposes, receive the assessment of and collect the taxes on any lands situated in such unorganized county or counties which are owned by non-residents thereof.

Sec. 4. That as soon as the tax rolls of the organized county to which unorganized counties are attached for judicial purposes shall have been received by the comptroller, he shall, by comparing the lands rendered to the assessor of the organized county by the residents of such unorganized county or counties with those previously rendered to him by non-residents, make out a list of all unrendered lands situated in such unorganized county, and place such value upon the lands thus found to be unrendered as he, as a sworn officer, may deem just and fair; provided, nothing in this act shall be so construed as to prevent the comptroller from receiving the assessment and taxes due at any time prior to the completion of the unrendered list of such unorganized county.

Sec. 5. That after the completion of the unrendered list provided for in section 4 of this act, the owner or owners must pay according to the value and assessment made thereon by the comptroller.

Sec. 6. That assessments of lands rendered to the comptroller under the provisions of this act, shall be made by the party rendering the same under oath, as to their value; but if the comptroller think the valuation too low he shall object, and if the comptroller and the party rendering the land cannot agree, then the comptroller shall assess the same at such value as he, as a sworn officer, may think it is worth; and if the party rendering feels that the assessment is too high, he may appeal to the board of equalization, which, for such purposes, shall consist of the governor, attorney general and the secretary of state, and their decision shall be final.

Sec. 7. Three months after the completion of the unrendered list of each unorganized county respectively, the comptroller shall proceed to levy upon and advertise all lands in such counties upon which the taxes are due and unpaid,, giving notice of the amount due upon each separate tract of land, and giving such description of the land upon which taxes are due and unpaid, as he may be in possession of; such notice to be given

by publication in some weekly newspaper published in the state, for four consecutive weeks; said notice to state that on a certain day therein named the comptroller will proceed to sell the land therein described, or so much thereof as may be necessary to pay the state and county taxes due, and the cost of advertising the same.

Sec. 8. That the sale shall commence on the day named in said notice and may continue from day to day (Sundays and legal holidays excepted) until completed; such sale shall be had in front of the comptroller's office, in the city of Austin, between the hours of eight o'clock a. m. and four o'clock p. m. of each day.

Sec. 9. Should there be no purchaser of said lands, then the comptroller shall bid the same in to the state for the taxes due thereon and the costs of sale, and make a deed to the state to the same, including in one deed all lands bid in for the state or any one else.

Sec. 10. Should the lands bid in by the comptroller for the state not be redeemed by the owner thereof or his agent within two years, by the party redeeming the same paying double the amount for which the said land was sold, then the said lands thus sold and unredeemed shall become vacant and revert to and become a part of the public free school fund, to be sold and disposed of as other lands belonging to the public free school fund are to be sold and disposed of by law.

Sec. 11. The comptroller shall give to the purchaser of any lands the sale of which is provided for in this act a deed to the same, giving in such deed such description of the land as may be necessary to identify the same, or such description as he may be in possession of.

Sec. 12. The comptroller shall keep a list of the purchaser or purchasers of all such lands in his office, showing the name and postoffice of the purchaser or purchasers, together with the amount and description of the land sold, and the amount for which it was sold, and the date of sale.

Sec. 13. The deed given to the purchaser or purchasers by the comptroller under the provisions of this act shall vest a good and sufficient fee simple title in the purchaser or purchasers, subject to be impeached only for actual fraud; provided, the former owner or owners thereof do not redeem the same within two years from the date of deed, either by paying to the purchaser or purchasers double the amount for which said land was sold, or by making a tender of the same to him or his agent, or by depositing with the comptroller before the expiration of two years double the amount for which such land was sold, to be paid by the comptroller, when called upon, to the purchaser [or purchasers] thereof.

Sec. 14. All county taxes collected under the provisions of section 1 of this act shall be paid into the county treasury of the organized county to which such unorganized county is attached for judicial purposes.

Sec. 15. All county taxes due unorganized counties collected by the comptroller shall be kept by him to the credit of such unorganized county until the same shall have been organized, then he shall, upon the demand of the treasurer of the former unorganized county, pay the same over to said treasurer.

Sec. 16. All money received by the comptroller on deposit for the redemption of lands sold and bought by individuals, shall be by him deposited in the state treasury as a special deposit, subject to the order of the party to whom the conditional deed to such land was given. So also shall all county taxes collected by the comptroller under the provisions of this act, be deposited in the state treasury as a special fund

subject to the order of the comptroller, to be paid to the county treasurer as provided in section fifteen of this act.

Sec. 17. Whereas there is no law now in this state providing for the collection of taxes due from unorganized counties, and whereas the financial condition of the state and the just equalization of the burdens of taxation demand the immediate passage of such a law, therefore an imperative public necessity exists requiring the suspension of the constitutional rule requiring this bill to be read on three several days; therefore resolved, that said rule be suspended, and that this act take effect and be in force from and after its passage.

Approved April 22, A. D. 1879.

Takes effect ninety days after adjournment.

occupation under section three of this act, and within fifteen days from the time of receiving and making up the several amounts and the sums due upon such amounts as occupation tax, the collector shall forward to the comptroller of public accounts a transcript or duplicate of the return and the amount as shown by his record; this transcript and the record from which it is taken, to show the amount of such quarterly returns and the tax due thereon, from every person, firm, or association of persons liable to such tax; and any collector failing to forward such transcript or duplicate, taken from the pages of such collector's record herein provided for or who shall forward a false or pretended transcript of such account, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be fined not less than fifty nor more than five hundred dollars; provided, that nothing contained in this act is intended to affect the liability, which, in the absence of this statute, would be incurred under any penal enactment of this state.

Sec. 7. That the comptroller of public accounts shall be authorized and required to furnish tax collectors the necessary books and blanks required to be used by such collectors, under the provisions of this act.

Sec. 8. The collector whenever collecting any occupation tax shall fill the blanks in the receipt and stub, by writing thereon the time for which he collects, and the name of the licensee, and shall sign the receipt and stub officially; and no person shall pursue any occupation unless he has a receipt, signed as herein provided by the comptroller and collector; and every person, firm or corporation keeping an office or having a local place of business, shall keep posted up in a conspicuous place his or their said licenses.

Sec. 10. That all laws and parts of laws in conflict with the provisions of this act are hereby repealed.

Sec. 11. The late hour of the session creates an imperative public

necessity for the suspension of the rule requiring this bill to be read on three several days; and it is so ordered.

Approved April 22, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXXXV.—An act requiring the proceeds arising from the leasing or renting of county school lands, and from sales of timber thereon, to be applied exclusively to educational purposes.

Section 1. Be it enacted by the Legislature of the State of Texas, That the proceeds of any leasing or renting of lands heretofore granted by the State of Texas to the several counties for educational purposes, and the proceeds arising from any sale of timber on said lands or any part thereof, shall be applied exclusively to the purposes of public education in said counties respectively, and shall be invested in like manner as the constitution and laws require of proceeds of sales of said lands, and it shall be unlawful for the commissioners' court of any county to apply said proceeds or any part thereof to any other purpose, or to loan the same, or to invest the same, except as above required.

Sec. 2. Whereas, in many counties of this state county schools lands have been leased or rented and timber thereon sold and the proceeds applied to other than school purposes, there is an emergency and imperative public necessity for the immediate passage and taking effect of this act; and it is therefore enacted that the rule requiring bills to be read on three several days be suspended, and that this act be in force from its passage.

Approved April 23, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXXXVI.—An act to attach the unorganized counties of Archer, Baylor, Hardeman, Knox, Wilbarger and Wichita to the organized county of Clay for judicial and other purposes.

Whereas, The unorganized counties of this state mentioned in the caption of this bill are not by any statute now in force attached to any organized county for judicial and other purposes; therefore,

Section 1. Be it enacted by the Legislature of the State of Texas, That the unorganized counties of Archer, Baylor, Hardeman, Knox, Wilbarger and Wichita be and the same are hereby attached to the county of Clay for judicial and other purposes.

Sec. 2. That all laws and parts of laws in conflict with the provisions of this act be and the same are hereby repealed.

Sec. 3. The fact that the present session of the Legislature is on the eve of adjournment creates an imperative public necessity and emergency for the immediate passage of this act; therefore the constitutional rule requiring this bill to be read on three several days is hereby suspended, and this act shall take effect from and after its passage.

Approved April 23, A. D. 1879.

Takes effect from and after its passage.

CHAPTER CXXXVII.—An act prescribing the number of hours per day in which employees in the departments of the state government shall labor.

Section 1. Be it enacted by the Legislature of the State of Texas, That the employees in the several departments of the state government shall be and they are hereby required to labor nine hours each secular day, under such regulations as shall be prescribed by the heads of departments; and it is hereby made the duty of the chief officers of the several departments to establish rules and regulations in conformity to the requirements of this act, to go into operation as soon as this act shall take effect.

Approved April 23, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXXXVIII.—An act to change and define the times of holding the terms of the district court in the fifth judicial district of the State of Texas.

Section 1. Be it enacted by the Legislature of the State of Texas, That hereafter the terms of the district courts of the fifth judicial district of the State of Texas shall be holden at the times hereinafter specified, to wit: In the county of Cass, on the first Mondays in February and September, and may continue in session three weeks; in the county of Bowie, on the third Mondays after the first Mondays in February and September, and may continue in session two weeks; in the county of Morris, on the fifth Mondays after the first Mondays in February and September, and may continue in session one week; in the county of Titus, on the sixth Mondays after the first Mondays in February and September, and may continue in session two weeks; in the county of Franklin, on the eighth Mondays after the first Mondays in February and September, and may continue in session two weeks; in the county of Camp, on the tenth Mondays after the first Mondays in February and September, and may continue in session two weeks; in the county of Marion, on the twelfth Mondays after the first Mondays in February and September, and may continue in session four weeks.

Sec. 2. That all writs and process returnable to said courts shall be returnable to the terms of said courts as herein defined, and all such writs and process as have been issued, executed and returned shall be as valid as if no change had been made in said courts by the passage of this act.

Sec. 3. That no inconvenience may result to the people of the fifth judicial district by the change in the time of holding the courts therein, a public necessity and emergency exists that this act take effect and be in force from and after its passage, and it is therefore so enacted.

Sec. 4. The near approach of the end of the session of the Legislature^{*} creates an imperative public necessity and emergency for the suspension of the constitutional rule in order to place this bill on its immediate passage, and it is so suspended.

Approved April 23, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXXXIX.—An act to provide for the publication of notices of judicial sales in certain cases.

Section 1. Be it enacted by the Legislature of the State of Texas, That whenever real property shall be levied on by virtue of any execution, or shall be the subject of any order of sale or venditioni exponas, if the defendant shall within five days after the levy of the execution, or the issuance of the order of sale or venditioni exponas, file with the officer making the levy or having the process a written request that notice of the sale be published in a newspaper, the same shall be so published, if there be a newspaper published in the county that will publish the same for the compensation allowed herein. When said request is filed the officer shall, under the provisions of this act, publish notice of the sale in a newspaper published in the county for three consecutive weeks. Said notice shall contain a statement of the authority by virtue of which the sale is to be made, the time of levy and the time and place of sale; it shall also contain a brief description of the property to be sold, and shall give the number of acres, original survey, locality in the county, and the name by which the land is most generally known, but it shall not be necessary for it to contain the field notes. Publishers of newspapers shall receive for publishing said sales seventy-five cents per square for the first insertion and fifty cents per square for subsequent insertions, to be taxed and paid as other costs; in such publications ten lines shall constitute a square, and the body of no such advertisement shall be printed in larger type than brevier.

Sec. 2. The near approach of the close of this session of the Legislature renders it impracticable for this bill to be read on three several days; the rule requiring such reading is therefore hereby suspended.

Approved April 23, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXL.—An act making the county judge of Tom Green county returning officer for the seventy-fifth representative district.

Section 1. Be it enacted by the Legislature of the State of Texas, That the county judge of Tom Green county shall be the returning officer for the seventy-fifth representative district of Texas, composed of the counties of El Paso, Presidio, Pecos, Tom Green and Crockett, and due returns of the votes cast for representative in said district shall be made to said county judge, who shall count the same and declare and certify the result as prescribed by law.

Sec. 2. That all laws and parts of laws in conflict with this act are hereby repealed.

Sec. 3. The fact that the present session of the Legislature is on the eve of adjournment, creates an imperative public necessity and emergency for the suspension of the constitutional rule requiring this bill to be read on three several days and the immediate passage of this act, and it is so enacted.

Approved April 23, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXLI.—An act to protect lands lying on county boundaries from double assessments.

Section 1. Be it enacted by the Legislature of the State of Texas, That lands lying on county boundaries, which have not been accurately and legally surveyed, determined or fixed, shall not be assessed or taxed in more than one county.

Sec. 2. Any lands which may have been assessed in any county according to the abstract of land titles, and the taxes paid thereon according to law, shall not be afterwards subject to the payment of taxes for the same period in a different county, although a subsequent survey and determination of the county boundaries may show said lands to be in a different county from that in which they were originally assessed; and any sales of such lands for alleged delinquency shall be illegal and void.

Sec. 3. Owing to the late period of the session, and the fact that assessments are being made, creates an imperative public necessity for dispensing with the rule that requires this bill to be read on three several days, and an emergency that requires this act to be in force from and after its passage, and it is so enacted.

Approved April 23, A. D. 1879.

Takes effect from and after its passage.

CHAPTER CXLII.—An act for the better protection of the harbors and ports of the State of Texas.

Section 1. Be it enacted by the Legislature of the State of Texas, That from and after the passage of this act, it shall be unlawful to throw into the sea any part of the ballast of any vessel within six miles of any bar or harbor in this state.

Sec. 2. That if any ballast shall be thrown into the sea within the limits forbidden by this act from any vessel, the master or other officer in charge thereof at the time shall be guilty of a misdemeanor; and upon conviction thereof shall be fined not less than one hundred dollars, nor more than two hundred dollars.

Sec. 3. The near approach of the end of the session, and the want of a proper law upon this subject, creates an imperative public necessity and an emergency that the rule be suspended and that this [act] be passed at once, and take effect from and after its passage; and it is so enacted.

Approved April 23, A. D. 1879.

Takes effect ninety days after adjournment.

Sec. 2. Whereas, the numerous amendments and changes made to this bill by the House which will doubtless necessitate the appointment of a joint conference committee of the two houses to consider the differences between the two houses, together with the fact that the day of final adjournment of this session of the Sixteenth Legislature is near at hand, creates an imperative public necessity for the suspension of the constitutional rule requiring bills to be read on three several days, that this bill may be read a third time and placed upon its final passage, it is therefore hereby enacted that said constitutional rule be and the same is hereby suspended.

Approved April 23, A. D. 1879.

Takes effect from and after its passage.

CHAPTER CXLIV.—An act to amend title fifty-three, chapter two of the Revised Civil Statutes of the State of Texas, adopted at the present session of the Legislature, by adding article 2942a.

Section 1. Be it enacted by the Legislature of the State of Texas, That title fifty-three, chapter two of the Revised Civil Statutes of the State of Texas, adopted at the present session of the Legislature, be amended by adding article 2942a, to read as follows:

"Article 2942a. Should any insurance company fail or neglect to pay off and discharge any execution issued upon a valid final judgment against said company within thirty days after notice of the issuance thereof, then in that event the certificate of authority of said company to transact business of insurance shall be revoked, cancelled and annulled and said company shall be prohibited from transacting business of insurance in this state until said execution be satisfied."

Sec. 2. That whereas this session of the Legislature is so near its close that this bill cannot become a law unless the constitutional rule requiring the same to be read on three several days is suspended, and this amendment to the law being a necessity, an emergency exists for the suspension of the said rule, and it is so ordered.

Approved April 24, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXLV.—An act for the relief of actual occupants of the public lands.

Section 1. Be it enacted by the Legislature of the State of Texas, That any person who has occupied and is now occupying any portion of the public domain as a homestead subject to such occupancy under any previous or existing law, who may wish to make application for a homestead, shall have the right to make such application in accordance with the provisions of existing law, at any time within twelve months from the date of the approval of this act; provided, that such occupants shall not acquire any right to any land which has been prior to the taking effect of this act, filed upon or surveyed by virtue of a genuine and valid land certificate.

Sec. 2. The importance of the immediate passage of this act, in order that the occupants of the public domain mentioned in the first section of the act may proceed at once to secure their titles to their homes without further risk to their rights, and the lateness of the present session of the Legislature, creates an emergency and imperative public necessity, and it is therefore enacted that the rule requiring bills to be read on three several days be suspended, and that this act be in force from and after its passage.

Approved April 24, A. D. 1879.

Takes effect from and after its passage.

CHAPTER CXLVI.—An act to compel collectors of taxes in counties wherein subsidies have been granted to railroads or other works of internal improvements, to receive the state and county taxes from persons who refuse to pay the tax levied for such purpose.

Whereas, In a number of counties in this state money subsidies have been granted to railroads or other works of internal improvement; and

Whereas, The people in such counties, in many instances, are refusing to pay the tax levied for the payment of such subsidies, and are disputing the validity of the same; and

Whereas, the collectors of taxes of several of such counties are refusing to receive the tax levied for state and county purposes without the payment at the same time of such subsidy tax, and are thereby greatly delaying and obstructing the collection of state and county revenues, therefore there exists a public imperative necessity and emergency for the suspension of the rule which requires this bill to be read on three several days in each house; therefore,

Section 1. Be it enacted by the Legislature of the State of Texas, That collectors of taxes for such counties wherein taxes have been levied for the payment of subsidies granted to railroads or other works of internal improvement, and who may be vested with authority to collect such subsidy tax, are hereby authorized and required to receive the state and county taxes, where the same are tendered for payment, and receipt therefor, except the said subsidy tax, and shall not refuse to receive and receipt for such state and county taxes on account of any refusal or failure of the taxpayer to pay such subsidy tax.

Sec. 2. Any tax collector who shall violate the provisions of this act shall be liable on his official bond for such damages as may result to any one by reason of such violation.

Sec. 3. That it shall be lawful for said collectors to proceed to collect the county and state taxes in such manner as the law provides without at the same time proceeding to collect subsidy taxes; provided, this law shall not be so construed as to destroy any present remedy for the collection of subsidy taxes. That an imperative public necessity exists for authorizing collectors of taxes to proceed in accordance with this act as such collectors in several counties as are described in section one are now engaged in the collection of taxes, therefore this act shall take effect and be in force from and after its passage.

Approved April 24, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CXLVII.—An act to provide for the assessment and collection of taxes on lands that have not been rendered for assessment and taxation from the year 1871 to 1876, and repealing "An act to enforce the collection of delinquent taxes on lands assessed since January, 1870."

Section 1. Be it enacted by the Legislature of the State of Texas, That it shall be the duty of the comptroller of the state, as soon as practicable, to have compiled from the records of his office, lists showing the names of parties rendering lands in the organized counties of this state from 1871 to 1876, inclusive of both years, which lists shall also show the names of the grantees, in case they be given on the rolls or records, the number of acres rendered, and the year for which the rendition is made; separate lists will be made of all the parties rendering on grants where the renditions can be identified as belonging to particular grants, and the grants will be credited with the renditions, showing by whom rendered, number of acres rendered, and where rendered; also, lists shall be compiled showing the names of parties rendering, where there are two or more grants in the name of one grantee in a county, stating the grant, and number of acres rendered; also, lists showing renditions by parties where the grantees as given cannot be found on the abstract of lands of the county, with such description as appears on the records.

Sec. 2. The comptroller shall forward to the county commissioners' court of the counties, as soon as practicable, the lists described in the foregoing section, for the purpose of compiling therefrom accurate lists of the unrendered lands in their respective counties, from 1871 to 1876, with the aid of the tax assessor of the county and the county surveyor; and the county commissioners' court shall fix a reasonable compensation for the surveyor and assessor.

Sec. 3. Upon receipt of the lists herein described, the county judge shall give notice by posting in six public places in the county that lists of assessments on lands in the county, from 1871 to 1876, have been filed for correction and revision, and for all parties interested to examine the lists for deter[m]ining whether their respective renditions and assessments have been properly entered.

Sec. 4. It shall be the duty of the commissioners' court, at regular or called sessions, to hear the application of parties at interest, to correct the records so as to credit grants with assessments which they may claim to have made on grants; and to generally do all their discretion may

suggest to credit the grants with assessments of parties; and to rectify imperfect descriptions of parties who may have rendered lands, but whose assessments are not identified, so as to be able to compile a list of the unrendered lands, with the aid of the county assessor and surveyor, so as no parties at interest who may have rendered lands in good faith, will be embarrassed by their erroneous descriptions, said court being empowered to adjust any and all claims by parties who may have rendered their lands, or paid their taxes, so as their interests will not be disturbed. And such adjustment and settlement as the said court may make, as to the amount of unrendered lands, shall forever relieve all other lands in their respective counties from any claim for state or county taxes up to, and including 1876, except in cases where lands have been sold for taxes since 1871, and bid off to the state.

Sec. 5. At the expiration of one year from the date of receipt of the records in the county from the office of the comptroller, it shall be the duty of the commissioners' court, county surveyor and county assessor to make a complete compilation of the credits allowed on each and every grant in the county; showing the original grants in alphabetical order, and the names of the parties entitled to credits of renditions on the grants respectively, and the number of acres belonging to the credit of each party; the compilation shall also show the balance of acres on each grant for each of the years separately on which it appears that taxes are due, and the value of such unrendered lands. No lands shall be liable for taxation under this act until the next year succeeding the year in which patent was issued.

Sec. 6. The compilation required in the foregoing section shall be delivered to the assessor of taxes, who will make out a roll showing the names of the original grantees of tracts which are unrendered, the number of acres unrendered for each of the years from 1871 to 1876, and the taxes thereon, state and county; said taxes to be calculated at the rates of state and county taxation for the years named; said roll shall be in duplicate, one copy of which shall be delivered to the collector of taxes and the other forwarded to the office of the comptroller of public accounts.

Sec. 7. The assessors shall be allowed five per cent. on all taxes assessed for state and three per cent. on all county taxes assessed on the rolls of unrendered lands.

Sec. 8. Upon the receipt of the unrendered rolls by the collector of taxes of a county, he shall immediately advertise by notice in six public places in the county that he has said rolls in his hands for collection of the taxes, and that at the expiration of three months from the date of the notice, he will on the first Tuesday following proceed to sell at public outcry the several tracts or parcels on which taxes appear due, for the taxes of each and every year for which they may appear as due.

Sec. 9. At the time designated in the notice of the collector of taxes he will proceed to sell at public outcry all lands on which taxes appear as due on the rolls of unrendered lands under the same rules as are prescribed by general law for sales of lands for current taxes; and in making said sales he shall be governed by instructions from the comptroller of public accounts as to the manner of aggregating taxes of several years when taxes are due for more than one year on a grant, and for making returns of sale and settlement therefor.

Sec. 10. The collector of taxes shall be entitled to retain five per

cent. of all state taxes collected under this act, and three per cent. of all county taxes so collected.

Sec. 11. It shall be required of the collector in making deeds of lands sold to individuals under this act to set forth in said deeds the names of parties whose interests are excluded, where he sells the residue of a tract that may be partly rendered, and convey to such purchaser all the residue of a tract that may be bought at a tax sale after deducting the interests of parties who appear as rendering the lands.

Sec. 12. Lands sold to the state under this act can be redeemed by the owners by payment of double of the state and county taxes assessed thereon to the collector of taxes of the county in which the land is situated, under such rules as may be prescribed by the comptroller of public accounts, within two years from the date of sale.

Sec. 13. Where the owner of land sold to an individual purchaser for taxes makes affidavit and files the same with the comptroller of public accounts, that he has used diligence to find the purchaser of the same for the purpose of redemption, and that said purchaser cannot be found, or is a non-resident of the county in which the land is situated, or is a non-resident of the state, such owner may deposit the amount necessary to redeem the land in the state treasury to the credit of the purchaser, and the comptroller shall thereupon issue a certificate of redemption to said purchaser canceling the deed to said purchaser; which certificate shall be admissible of record in the county in which the land is situated when signed and sealed by the comptroller with the seal of his office, said payment and deposit to be made within two years from the date of the sale.

Sec. 14. Prior to date of any sale under the provisions of this act, where lands appear as unrendered from 1871 to 1876, or for any of said years, if the owner of said land will pay all taxes assessed from and inclusive of the year 1873 to and inclusive of 1876, said payment shall be held as an extinguishment of all claims of the state or county for all taxes prior to 1873; and when said lands, or any part thereof, has been sold for taxes prior to 1871, and bid off to the state, said payment of taxes from and inclusive of taxes of 1873, shall be valid as an extinguishment of all prior dues, taxes, or costs, or penalties of every description, and said sale shall be held as canceled.

Sec. 15. Where it appears that a tract or parcel of land has been assessed from and inclusive of the year 1873 to and inclusive of 1876, the commissioners' court shall make no account of taxes against said tract for years prior to 1873, but the back taxes and penalties of every description will be held as satisfied and extinguished, and any sale to the state, made prior to 1871, of said tract, will be canceled and held for naught.

Sec. 16. In making up the rolls of balances of unrendered property, the commissioners' courts are fully empowered and authorized, in cases where there is only a small portion of a grant appearing as unrendered for any year from 1871 to 1876, to strike out said balance and make no account of taxes against said unrendered portion of such grant; said court, in its discretion, being empowered to judge of the individual case and to determine as to whether the interests of the state or county will be prejudiced by striking out unrendered balance.

Sec. 17. In making up the unrendered list of lands, no taxes will be held as due on tracts or parts of tracts until the year next succeeding the year in which the patent was issued, as shown by the printed copy of abstract of titles and patented lands issued from the general land office.

Sec. 18. That "An act to enforce the collection of delinquent taxes

on lands assessed since January, 1870," approved August 18, 1876, be and the same is hereby repealed.

Sec. 19. The fact that large sums in the shape of taxes on unrendered lands are being lost to the state every year, and the near approach of the close of the present session of the Legislature making it impracticable that this bill shall be read on three several days, therefore an imperative public necessity and emergency exist, authorizing the suspension of the constitutional rule requiring bills to be read on three several days; and it is therefore enacted that this act be in force and take effect from and after its passage.

Approved April 24, A. D. 1879.

Takes effect from and after its passage.

CHAPTER CXLVIII.—An act to amend article 4761 of the Revised Civil Statutes of the State of Texas, adopted at the present session of the Legislature.

Section 1. Be it enacted by the Legislature of the State of Texas, That article 4761 of the Revised Civil Statutes be amended so as to read as follows:

Article 4761. The collector of taxes whenever he may receive as much as five hundred dollars (\$500) or more belonging to the state, shall pay the same over to the state treasurer in such manner as may be directed by the comptroller of public accounts or by law, reserving only his commission on the same and to enable him to do so, he may at his own risk, secure and send the same in postoffice orders or solvent drafts on solvent banks, at not more than the usual rates of exchange, to be paid by the state; and it shall be the duty of the comptroller to enforce a strict observance of this act; and the collector of taxes shall finally settle with the comptroller and pay into the treasury all funds in his hands arising from taxes assessed for the previous year and all occupation taxes collected to date, on or before the first day of July of each year; provided, that whenever the collector shall be authorized to pay any warrant, he shall be permitted to pay the same over to the treasurer as money.

Sec. 2. And the fact that the revenues of the state have been and are being collected, and by some collectors withheld from the treasury, creates an imperative public necessity for the immediate passage of this bill, which by reason of the nearness of the close of the present session of the Legislature cannot be read on three several days, it is enacted that the constitutional rule requiring the reading of the same on three several days, be and the same is hereby suspended, and for the above reasons an emergency exists requiring that this bill go immediately into effect, it is therefore enacted that the same take effect and be in force from and after its passage.

Approved April 24, A. D. 1879.

Takes effect from and after its passage.

CHAPTER CXLIX.—An act requiring the assessor of taxes of Dallas county to perform additional duties.

Section 1. Be it enacted by the Legislature of the State of Texas, That in addition to the duties of assessor of taxes of Dallas county, as

heretofore, it is hereby made the duty of said assessor to make a duplicate roll of the property assessed in the city of Dallas, which roll, when completed, shall be delivered to the collector of taxes of the city of Dallas, and said assessor shall receive from the city of Dallas as compensation for such copy of the city assessment, the sum of one hundred dollars. Said assessment roll shall be completed and delivered to said city collector of taxes, on or before the first day of June of each year, not including the year 1879.

Sec. 2. On or before the first day of January, 1880, and each year thereafter, the city council shall, by resolution (a copy of which shall be furnished the county assessor), instruct said county assessor in the kind and amount of taxes to be levied each year, to enable said assessor to make the necessary calculations.

Sec. 3. Whereas, the present session of the Legislature is near adjournment, and it is necessary that this bill be enacted in order to secure to the city of Dallas greater economy in the administration of her government, an emergency and imperative public necessity exists that the constitutional rule requiring bills to be read on three several days be suspended, and that this act take effect and be in force from and after its passage, and it is so enacted.

Approved April 24, A. D. 1879.

Takes effect from and after its passage.

CHAPTER CL.—An act to amend article 97, chapter three, title four Penal Code, of "An act to adopt and establish a Penal Code and a Code of Criminal Procedure for the State of Texas," passed February 21, 1879.

Section 1. Be it enacted by the Legislature of the State of Texas, That article ninety-seven (97) of chapter three, title four, Penal Code, of "An act to adopt and establish a Penal Code and a Code of Criminal Procedure for the State of Texas," passed February 21, 1879, be so amended as to hereafter read as follows:

Article 97. Within the term "misapplication of public money" are included the following acts: First—The use of any public money in the hands of any officer of the government for any purpose whatsoever, save that of transmitting or transporting the same to the seat of government and its payment into the treasury; second—the exchange by any officer of one character of public funds in his hands for those of another character—the purchase of bank check or postoffice orders in exchange for transmission to the treasury, is not included in this class; third—the deposit by any officer of the government of public money in his hands at any other place than the treasury of the state when the treasury is accessible and open for business, or permitting the same to remain on deposit at such forbidden place after the treasury is so open; fourth—the purchase of state warrants or other evidence of state indebtedness by any officer of the government with public money in his hands; fifth—the retention in his hands by any collector of taxes of any funds belonging to the state for thirty days after receiving notice from the comptroller of public accounts to pay the same over to the treasurer as prescribed in article 4761 of Revised Civil Statutes; sixth—the willful failure of any officer to pay into the state treasury at the time prescribed by law whatever funds he

may have on hand; seventh—the special enumeration of cases of misapplication above set forth, shall not be understood to exclude any case which, by fair construction of language, comes within the meaning of the preceding language; provided, that this act shall not be construed to prevent collectors of taxes from paying warrants drawn by the comptroller in favor of officers living in their district or county, as may be provided by law. The offense defined in subdivisions five and six of article 97, of this act, when committed in any county in this state may be prosecuted in the district court of Travis county, or in the county where the money was received.

Sec. 2. The late hour of the session creates an imperative public necessity that the rule requiring that this bill be read on three several days be suspended, and it is so ordered.

Approved April 24, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CLI.—An act to provide for the printing, binding and distribution of the Revised Civil Statutes, Penal Code and Code of Criminal Procedure, adopted and established at the present session of the Legislature.

Section 1. Be it enacted by the Legislature of the State of Texas, That the Revised Civil Statutes, Penal Code and Code of Criminal Procedure adopted and established at the present session of the Legislature, shall, as soon as practicable, be printed and published under the superintendence and direction of the board of public printing, and in accordance with the provisions of this act.

Sec. 2. Said Revised Statutes, Penal Code and Code of Criminal Procedure, and the amendments thereto, passed by the Sixteenth Legislature, shall, together with the constitution of this state and of the United States, be published in a volume to be entitled the "Revised Statutes of Texas," and in the publication thereof the head notes, marginal notes and reference, title, chapters and articles as contained and numbered in the acts by which the same were adopted and established shall be retained and published therein, together with a full and accurate index to each Code and the Revised Statutes in the preparation of which the index to the bills reported by the commissioners appointed to revise the laws shall be conformed to the volumes to be published and adopted as the index thereto, so far as the same shall be found to be correct, and the governor shall appoint a codifier whose duty it shall be to select from the acts passed at the present session of the Legislature all amendments to said Codes and Revised Statutes and insert the amended articles in the place of the original articles of the acts adopting the Codes and Revised Statutes, and where new articles have been added to any chapter and title he shall insert the new articles in their proper places, and shall note by marginal or foot references, the page [of] an act amending an article, or by which a new article was enacted, and where any general law passed at this session modifies an article, but the same is not amended and re-enacted in said law, he shall leave the article of the Code and Revised Statutes as it was adopted, but shall by marginal or foot note refer to the law so modifying the article. Said codifier shall have his work done by the time the publisher contracted with under this act is ready for the

copy. He shall prepare an accurate index of each Code and the Revised Statutes as amended and shall read and revise the proof of the statutes, indexes, etc., as printed, and shall receive for his services the same compensation as was allowed the commissioners who revised the Codes and Revised Statutes for the time he is actually engaged in the duties required of him, in no case to exceed four hundred dollars, the same to be paid upon the certificate of the governor out of the amount appropriated for printing the Revised Statutes; and the printing board may within their discretion cause said edition to be electrotyped or stereotyped at the discretion of the board.

Sec. 3. The Statutes and Codes aforesaid shall be printed on the best quality of book paper in size of page, style and type corresponding with the printed bills reported by the commissioners to the Legislature as aforesaid, and there shall be printed ten thousand copies thereof, or so many thereof as said printing board shall prescribe, bound in one volume, containing the whole as provided in section two of this act. The binding shall be of the best style and workmanship and in law sheep of the best quality, and the title page of each volume shall recite and show that it is published by the authority of the State of Texas, and each shall be authenticated by the certificate of the secretary of state annexed thereto as other laws when published are required to be certified.

Sec. 4. The board of public printing shall, immediately after the passage of this act, advertise for thirty days in five daily newspapers of this state for sealed proposals for printing and binding and electrotyping the laws, as aforesaid, and shall, on the day fixed in the advertisement, in the presence of such persons as desire to be present, proceed to open the proposals and award the contract to the lowest and best bidder, which proposals shall state the price per volume at which the bidder proposes to electrotype, print, bind and furnish under the superintendence and direction of the board, the laws as herein provided, and no bid or proposal shall be considered that is not accompanied by a guaranty of two or more sufficient sureties that if the contract should be awarded to the bidder he will execute the necessary bond for the performance of the work in the manner and style provided in this act, and the person or persons to whom such contract is awarded shall, within ten days after receiving notice thereof, execute a bond to the State of Texas in the sum of twenty thousand dollars, with two or more sufficient sureties, to be approved by the board, conditioned for the faithful performance of the work in the manner and style herein prescribed and according to the provisions of this act, and for the delivery of said volumes to the secretary of state on or before the first day of September, 1879, or in the discretion of the board within such time as they may determine, the work to be done within the shortest time practicable, and the volumes may be received, if necessary to an earlier distribution, in numbers of a thousand at a time, as the work progresses, and the right shall be reserved by the board to reject any and all bids or proposals, if in their judgment the terms proposed are not favorable to the state.

Sec. 5. Upon the delivery by the contractor of the volumes aforesaid, to the secretary of state, executed according to the terms of the contract and accepted by the board, the amount due therefor shall be audited, allowed and paid as provided by law in cases of other public printing and the statutes in force in relation to public printing shall be applicable to the contract under this act in all matters not herein otherwise provided, and the secretary of state shall, as soon as practicable, proceed

under the copyright laws of the United States to secure the copyright of said work in favor of the State of Texas.

Sec. 6. The Revised Statutes and Codes aforesaid shall be distributed in the same manner as the acts of each session of the Legislature are required to be distributed, and single copies may be sold by the secretary of state to attorneys and other citizens of the state wanting the same for their own use, at the cost of two dollars and fifty cents per volume, exclusive of postage; the proceeds of such sales to be paid to the state treasurer and the secretary of state to report thereon in his biennial report.

Sec. 7. The early adjournment of the Legislature and the necessity for the publication and distribution of the laws aforesaid, creates an imperative public necessity which justifies the suspension of the rule requiring this bill to be read on three several days, and it is so suspended; and the fact that the laws aforesaid take effect at so early a date as to require that immediate steps be taken to provide for their publication and distribution creates an emergency, and it is therefore enacted that this law take effect and be in force from and after its passage.

Approved April 26, A. D. 1879.

Takes effect from and after its passage.

CHAPTER CLII.—An act to amend sections fifteen and twenty of an act entitled “an act to provide for the protection of the frontier of the State of Texas against the invasion of hostile Indians, Mexicans or other marauding or thieving parties,” approved April 10, 1879.

Sec. 2. That the late period of the Legislature at which this bill is introduced, and the great expense that will be entailed upon the state if said articles remain in force, creates an emergency and a public necessity which requires the immediate passage of this act; and that the same take effect and be in force from and after its passage.

Approved April 26, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CLIV.—An act amendatory of and supplemental to chapter three, title seventy-eight of the Revised Civil Statutes of the State of Texas, adopted at the present session of the Sixteenth Legislature.

Section 1. Be it enacted by the Legislature of the State of Texas, That articles 3714, 3715, 3717, 3720, 3733, 3737, 3740, 3744, 3745, 3747, 3748, 3749, 3750, 3752, 3753, 3754, 3755, 3757, 3758, 3759, 3760, 3763, 3766, 3767, 3770 of the above recited chapter be amended so as to read as follows:

Article 3714. The state board of education may, in their discretion, appoint some competent person as secretary of the board, who shall hold his office during the pleasure of the board, and shall receive an annual salary of eighteen hundred dollars, payable out of the available school fund. The secretary shall take the oath of office prescribed by the constitution, and shall perform such official duties as may be required of him by the board.

Article 3715. The state board of education shall, first—keep a complete record of all its proceedings, which shall be signed by the president of the board and attested by the secretary; second—they shall cause to be filed all reports, documents and papers transmitted to them by county or city school officers and keep a complete index of the reports; third—they shall advise and counsel with the school officers of counties, cities and towns as to the best methods of conducting the public schools, and shall be empowered to issue instructions and regulations binding for observance on all officers and teachers in all cases where the provisions of the school law may require interpretation in order to carry out the designs expressed therein; also, in cases that may arise in which the law has made no provision, and also where necessity requires some rule in order that there may be no hardships to individuals and no delays or inconvenience in the management of school affairs; fourth—they shall, after the close of the present session of the Legislature, cause to be printed in pamphlet form, for general distribution, fifteen thousand copies of this law.

Article 3717. The state board of education shall one month prior to the meeting of each regular session of the Legislature, and ten days

prior to the meeting of any special session thereof, at which under the governor's proclamation convening the same any legislation he had respecting the public schools, make a full report of the condition of the public free schools throughout the state. Such report shall show: First—the whole number of white and colored schools which have been taught in each county and city or town during the preceding scholastic year. Second—the number of pupils, white and colored, in attendance receiving tuition free of charge. Third—the number paying tuition. Fourth—the number of white and colored children within scholastic age in the state. Fifth—the number of children within scholastic age who have not attended school. Sixth—The number within scholastic age unable to read. Seventh—the amount of public free school fund. Eighth—how the available school fund for the previous year has been distributed and expended. Ninth—the number of public school houses in each county, city or town, with a description of their kind and condition. Tenth—and such other information and suggestions as they may deem important for promoting education.

Article 3720. It shall be the duty of the board of education, on or before the first day of July in each and every year, to make an apportionment of the available school fund appropriated by the Legislature among the several counties of the state, and to the several cities and towns constituting separate school organization as herein provided, according to the scholastic population upon the latest and most reliable data. They shall deliver an abstract of such apportionment to the comptroller of public accounts, and to each county judge, and to the mayor of each of such cities or towns as may have assumed control of their public schools, a statement of the amount apportioned to his county, city or town, as the case may be; and they shall issue to the county treasurer of each county, and to the city treasurer of each city or town having control of the public schools, a certificate for the amount of the available school fund so apportioned to his county, city or town, which certificate shall be signed by the president of the board of education, countersigned by the comptroller of public accounts and attested by the secretary of the board.

Article 3733. It shall be the duty of the assessor of taxes for each and every county in the state prior to the first day of June of each and every year, to take an accurate census of all the children within their respective counties, who will be of the age of eight and under the age of fourteen years, on the first day of September next succeeding the taking of such census; and a separate census shall be taken of such children as are embraced within the corporate limits of any city or town in his county, as may have assumed control of the public schools therein.

Article 3737. Such census shall be verified by the affidavit of the assessor, and shall be by him returned to the county judge on or before the tenth day of June in each year.

Article 3740. The assessor shall receive as compensation for taking such census and making out such abstracts, and other duties required of him in connection therewith, for the first one thousand children enrolled five cents per capita, and for all children so enrolled in excess of one thousand three cents per capita, to be paid upon warrant of the comptroller, out of available school fund, by the tax collector of the county, upon the certificate of the county judge, attested by his signature and the seal of his office, that said census and abstracts have been delivered to him as required by law.

Article 3744. It shall be the duty of the county judge of each county in this state: First—to appoint a board of examiners, as hereinbefore provided for. Second—to receive applications for teachers' certificates of competency; to convene the board of examiners, and on a favorable report of said board, to issue such certificate; to renew such certificate of competency if satisfied of propriety thereof, and to cancel the same under such circumstances as are hereinafter provided. Third—to distribute such blanks and forms for use by teachers of the public free schools of his county as may be furnished to him by the state board of education. Fourth—to act upon the bond of the county treasurer as hereinbefore required, and if approved by him, to certify the execution and his approval of the same to the state board of education. Fifth—to file one copy of the assessor's abstracts of scholastic census in his office, and to forward the other copy, with a memorandum of the date of its delivery to him, to the state board of education, at the seat of government, on or before the fifteenth day of June of each year. Sixth—to receive and pass upon petitions for organization of school communities, appoint trustees, and to distribute the available school fund among the several organized school communities of his county, as hereinafter provided. Seventh—to receive and pass upon all applications for the erection and purchase of school houses. Eighth—to approve warrants lawfully drawn on the treasurer against the available school fund, and to draw warrants for appropriations made for building or purchasing public school houses. Ninth—to enter all orders made by him in the discharge of his duties under this chapter in a well bound book to be kept for that purpose. Tenth—to approve contracts made between teachers and trustees, if said contracts be executed in conformity to law and instructions from the state board of education, or if not so executed to cause the same to be amended so as to comply with the terms of the law and instructions from the board of education made in pursuance thereof. Eleventh—to discharge such other duties as may be prescribed in this chapter.

Article 3745. County judges shall be paid for their services in the administration of the public school affairs of their respective counties as follows: For disbursement of five hundred dollars or less of state school fund, twenty-five dollars shall be allowed; for disbursement of five hundred dollars and not exceeding one thousand dollars, fifty dollars shall be allowed; for disbursement of each additional thousand dollars, or fractional part thereof, ten dollars shall be allowed, and ten per cent. on the salary thus allowed shall be added thereto for postage, stationery and printing expenses connected with the administration of the school law. Said compensation herein authorized shall be paid to the county judge by the county treasurer, out of the public school fund upon the order of the commissioners' court, in such payments as said court may determine.

Article 3747. The bona fide residents of this state, desiring so to unite in the organization of a free school community, shall make an application in writing to the county judge on or before the first day of August of each year, stating that they desire, in good faith, to organize a free school under the provisions of this law, and shall ask that their just pro rata of the available school fund of the county, be set apart for the benefit of their school community. Said petition shall be signed in person by each petitioner, and should any petitioner be unable to sign his or her name, then said petitioner shall authorize the signing of his or her signature to the petition in the presence of at least two lawful witnesses.

Article 3748. Such petition shall set forth: First—that the applica-

tion is made in behalf of a white or colored community, as the case may be. Second—an alphabetical list of the names of the children within the scholastic age. Third the age and sex of each child. Fourth—a similar list of all children within the scholastic age residing in convenient distance to the school house of said community, who have no parents, guardians, or other persons lawfully controlling them; and also a list of children, not of scholastic age, who, it is proposed, shall be pupils of the community school. Fifth—the capacity of the school house, and the character of other school conveniences, if any. Sixth—the names of three or more competent persons to act as trustees for such school community. And the trustees of the community shall have the control of the public school house, and during the time in which no public school is being taught, may rent out the house for such rent as can be obtained; such rent to be used to keep in repair such school house. Seventh—that no similar petition has been signed by the petitioners for any other community for the scholastic year for which said community is then being organized. And should the seventh statement prove untrue as to any of the signers of said petition, the children under the control of such signer shall forfeit their interest in the school fund for the scholastic year for which such community is being formed.

Article 3749. On receipt of such petition the county judge shall revise and correct it by comparing the list of names with the official census returns, and shall keep the same open for such further corrections as may be shown to his satisfaction to be just and proper, until the first day of August of each year, at which time, if satisfied that the petition is in good faith, he shall enter an order in a book kept for that purpose, sanctioning the establishment of such school community, and shall designate it by its name and number.

Article 3750. Such communities may be organized for male and female schools, separate or mixed, as the population and necessities and conditions of each community may require; provided, that in towns of not more than fifteen hundred inhabitants, no more than two school communities for white children and two communities for colored children shall be organized.

Article 3752. Three trustees shall be appointed by the county judge for each community school, and the three citizens named in the petition shall in all cases be appointed trustees, unless the county judge be satisfied from personal knowledge that the parties so named are either unworthy or incompetent. Said trustees shall discharge such duties as are herein prescribed, or which may be prescribed by the board of education, and shall see that the schools for which they are trustees are conducted in accordance with the provisions and limitations of this law. Said trustees shall be removed from office by the county judge upon the written application of a majority of the patrons of the school.

Article 3753. It shall be the duty of the trustees of a school community, already provided with a school house, to contract with a teacher holding a certificate of competency from the county judge to teach school for the community for as long a period as the school fund entered to the credit of the community will warrant. The school shall open at such times as the trustees may decide, and be taught continuously until the close of the term, unless suspended by the trustees. The trustees shall, in some public way, give two weeks notice of the time of opening the school.

Article 3754. The contract entered into between the trustees and

teacher shall be written and shall specify: 1. The grade of certificate held by the teacher. 2. The salary or compensation to be paid per month. 3. The length of school term. 4. The average per cent. of daily attendance agreed upon as necessary to warrant the continuance of the school; provided, no such contract shall authorize or permit any part of a school house belonging to the state for the benefit of free schools to be used as a residence, but shall prohibit the same.

Article 3755. After the receipt from the board of education of a certificate showing the amount of state school fund due the county for the next succeeding scholastic year, the county judge shall, on the second day of August of each year, apportion the fund called for in the certificate of credit to the organized school communities in his county, and to such children of scholastic age residing in his county, but duly reported as listed in communities in adjoining counties. The apportionment shall be made upon the basis of the number of state pupils represented by the revised community list on file in the county judge's office, together with the number of like pupils, residents of the county, duly reported as registered in adjoining counties. In no event shall the apportionment to any community exceed the sum necessary for the support of the school as required by law for a longer period than ten months, estimating twenty school days to the month. The apportionment being made, the county judge shall direct the county treasurer to credit each community according to the name and number thereof, with the aggregate pro rata of the school fund ascertained to be due, and he shall give notice to the trustees of the respective communities of the sum entered to their credit.

Article 3757. Pupils not of scholastic age may attend the community school upon payment of such tuition fees as may be agreed upon between the teacher and parents of such children, but trustees shall not enter into any contract or permit any contract to be made whereby the interest of state pupils may be subordinated to the interest of private pupils.

Article 3758. Trustees shall make their contract with the teacher on the basis of the number of children of scholastic age registered in the community, but no teacher shall be entitled to full pay unless the average daily attendance of such pupils amount to at least seventy-five per cent. of the whole number registered on the community list; and if the average daily attendance be less than seventy-five per cent., but as much as fifty per cent., the teacher shall be entitled to seventy-five per cent. of the compensation set forth in the contract. If the average daily attendance should be less than fifty per cent. of all the pupils of scholastic age registered in the community, then the teacher shall only be paid for actual daily attendance, or the trustees, may at their discretion cause the school to be discontinued. In lieu of a contract based on the number of state pupils registered in the community, the trustees may, at their discretion, contract for actual daily attendance only.

Article 3759. Trustees, in making contracts with teachers, shall determine the salary to be allowed or wages to be paid upon the following rates of tuition: To teachers holding a first-class certificate, not more than two dollars; to those holding a second-class certificate, not more than one dollar and fifty cents; and to such as hold a third-class certificate, not more than one dollar per month per capita shall be allowed for pupils within scholastic age. And it shall not be lawful for trustees or teachers to demand as a condition of admittance into school the payment of extra tuition for pupils of scholastic age; provided, that in no event shall the teacher holding a first-class certificate receive from the public free school

fund more than sixty dollars per month; and those holding second-class certificates, more than forty dollars per month; and those holding third-class certificates, more than twenty-five dollars per month.

Article 3760. Trustees may employ one or more assistant teachers whenever the average daily attendance exceeds thirty-five pupils. If the necessity for employment of an assistant teacher is caused by the attendance of private pupils, then the trustees shall require the teacher to employ, at his or her expense, an assistant holding a certificate of competency as a teacher.

Article 3763. When the nearest school community for children within scholastic age residing near a county line is situated in an adjoining county such children may be registered in said community, and the county treasurer of the county in which such children reside shall pay for the tuition of the same out of the fund entered to their credit, upon presentation of a voucher therefor, approved by the county judge of the county in which said children reside.

Article 3766. Any one desiring to teach a public free school shall, unless known to the county judge, present a certificate from the justice of the peace of the precinct in which he or she desires to teach, or in which he or she may reside, or in case the applicant has acquired no residence in this state, then some other certificate satisfactory to the county judge, that the applicant is of good moral character and of correct exemplary habits; the county judge shall thereupon, unless satisfied that some good cause exists for refusing such certificate, convene the county school board of examiners, and direct an examination of the applicant on the branches hereinafter named, as follows, to wit: Applicants for third-grade certificates shall be examined in orthography, reading, writing, arithmetic and geography. Applicants for second-grade certificates shall be examined in the branches named in the third grade, and also in English grammar, composition and history of the United States. Applicants for a first-grade certificate shall be examined in the branches named in the third and second grades, and also in the elementary branches of algebra, geometry and natural philosophy, school discipline and methods of teaching. The examination must be conducted in the English language, and no applicant shall receive a certificate unless the board of examiners be satisfied that he or she is competent to teach the branches named in the grade of certificate applied for, in the English language.

Article 3767. The board of examiners shall examine such applicant as to his or her competency to teach the branches named in the preceding section, and shall make a report of such examination to the county judge, who shall, if such report be favorable, issue a certificate of competency (attaching the county seal thereto) to the applicant according to the grade recommended by the board of examiners, authorizing his or her employment by the trustees of any school community in the county in which the same is issued.

Article 3770. It shall be the duty of teachers to keep an accurate record of the daily attendance of each pupil, and all other statistical data required by the state board of education, and shall make a full report thereof to the county judge at the close of their respective schools.

Sec. 2. The following articles: 3739, 3741 and 3764, and all laws and parts of laws in conflict with the provisions of this chapter as amended are hereby repealed.

Sec. 3. In view of the fact that the present session of the Legislature

will in a few days adjourn sine die, and it being important that this chapter of the Revised Civil Codes of the State of Texas should be amended, an imperative public necessity exists for the suspension of the rule requiring bills to be read on three several days, and it is therefore enacted that said rule be suspended.

Approved April 29, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CLV.—An act to authorize and allow railroad companies to surrender their rights to reservations of the public domain.

Section 1. Be it enacted by the Legislature of the State of Texas, That any railroad company in whose favor a reservation from the public domain of the state may heretofore have been created by any law of the state, general or special, may surrender its exclusive rights to further locate lands within said reservation; and whenever any such railroad company shall file in the office of the secretary of state within ninety days from the passage of this act, an instrument in writing, to be approved as to form by the attorney general, relinquishing or surrendering its claim to any such reservation as aforesaid, said relinquishment or surrender shall, upon the payment of all the costs of suit, if any has been instituted, be accepted by the state, instead of a judicial forfeiture of such company's claim to such reservation; such relinquishment or surrender shall be deemed and held a satisfaction and settlement of said suit; and it is hereby specially provided that the lands that may be relinquished under the provisions of this act shall be subject to location only under the provisions of the act reserving from location lands forfeited to the state, approved August 17, 1876; provided, that nothing herein contained shall be so construed as to prevent any railroad company which may make any such surrender or relinquishment, as hereinbefore provided for, from thereafter proceeding with the construction of its road in accordance with the requirements of its charter; and all the laws of this state regulating such railroads, and acquiring from the state so much land per mile of constructed road, as all other railroad companies can or may acquire for constructing railroads under the general laws then in force, not to exceed sixteen sections of land per mile; and any action taken by any railroad company, under the provisions of this act, shall be considered and held to be a complete acceptance of all the provisions of the constitution applicable to railroads and of the laws of this state regulating railroads.

Sec. 2. The near approach of the close of the session creates an imperative public necessity that the rule requiring this act to be read on three several days be suspended, and it is hereby so suspended.

Approved April 29, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CLVI.—An act granting a land certificate of six hundred and forty acres to each of the indigent veterans who was engaged in the struggle for Texas independence prior to and at the battle of San Jacinto, enrolled under the act approved July 28, 1876.

Section 1. Be it enacted by the Legislature of the State of Texas, That the commissioner of the general land office is hereby authorized

and directed to issue, subject to the provisions hereinafter specified, to each and every person who was enrolled as an indigent veteran under and by virtue of an act approved July 28, 1876, entitled "An act to provide annual pensions for the surviving soldiers of the Texan revolution and the surviving signers of the declaration of Texan independence, and the surviving widows of such soldiers and signers," or who may make proof of being entitled to a pension in pursuance of said law and the provisions of this act, a land certificate in his or her name for six hundred and forty acres, which may be located as headright certificates upon any of the public domain, and patented as in other cases, and the said certificate, and the land located by virtue thereof, shall be exempt from forced sale so long as it shall remain the property of the grantee in said certificate.

Sec. 2. That the comptroller of public accounts is hereby required to furnish the commissioner of the general land office a list of the pensioners enrolled under said act, who may have furnished the required proof of existence and identity on the first day of April, A. D. 1879, and said commissioner is to be governed in the issuance of such certificates by said list as hereinafter provided.

Sec. 3. Each and every person entitled to a land certificate by the provisions of this act, shall make proof before the county judge of the county of his residence, by their affidavit, that they are not physically able to support themselves, and by showing what property, if any, and the value thereof, such person owns in his or her own right, and what property and the value thereof, such person may have sold or conveyed, within twelve months prior to the time of making such affidavit. If it shall appear that such person is the owner of property of the value of five hundred dollars, or that the value of the property sold or conveyed together with the value of the property still owned by such person, amounts in the aggregate to the sum of five hundred dollars, then such person shall not be entitled to the certificate herein provided for, which proof shall be supported by the evidence of two credible witnesses of the identity of such person, and that his or her statements are worthy of belief, and that they believe them to be true; all of which proof shall be reduced to writing and signed by said parties, and certified to by the county judge, under the seal of his office, attested by the clerk, and which shall be furnished the commissioner before the issuance and delivery of the certificate; provided, that should said commissioner have any grounds to believe, or be advised that the applicant is physically able to support himself, or that he is not truly in indigent circumstances, as defined in this act, or that the applicant was fraudulently or illegally enrolled as an indigent pensioner, under the act approved July 28, 1876, then he shall suspend the issuance of the land certificate herein provided for and require further proof, in the manner and to the extent he may designate.

Sec. 4. That in every case the commissioner of the general land office shall before issuing a certificate for six hundred and forty acres of land to any person claiming the same under the provisions of this act, require proof of the following facts: First, that the person upon whose services the claim is founded, did actually perform the services, or do the acts required by the constitution and laws made in pursuance thereof to entitle him or those claiming under or through him to receive said certificate. Second—that the proof of indigence be in strict conformity with this act. Third—that the proofs required to establish these facts shall be record

evidence, which, if necessary, shall be corroborated by parole evidence; and the evidence must be full, conclusive and complete. It shall be the duty of the comptroller of public accounts, in preparing a list for the commissioner of the general land office, as required in section two of this act, to omit from said list the names of all persons he knows, believes or suspects, has been guilty of perpetrating a fraud upon the State of Texas by false swearing, personating another, or in any other manner, and he shall tabulate the said names so omitted, and state the reasons for his action in each case, and he may support said reasons by record evidence or other proof of a credible character, and he shall be governed by the provisions of this section in furnishing a list of the persons who may apply for relief in the future, and may present proofs in support of the application for a certificate. In any and every case in which the commissioner of the general land office considers the proof insufficient, or where there is evidence of fraud committed, or attempted to be committed, upon the generosity of the state, he shall not issue a certificate for six hundred and forty acres of land to any original claimant, or to any one claiming under or through him.

Sec. 5. Before any benefit shall inure to any one under the provisions of this act, a certificate shall be produced by a board of three surviving veterans of the revolution of 1836, who shall be appointed by the governor and one of whom shall be the president of the Veteran Association, stating that they believe that the applicant is entitled under the provision of this act to its benefits; and especially that they are satisfied of the fact that the applicant is in indigent circumstances.

Sec. 6. The near approach of the close of the session makes it an imperative public necessity that the rule requiring this bill to be read on three several days be suspended, and it is therefore so enacted.

Approved April 26, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CLVII.—An act to amend section ten of final title of an act entitled “an act to adopt and establish the Revised Civil Statutes of the State of Texas,” passed at the present session of the Legislature, said section relating to county boundaries.

Section 1. Be it enacted by the Legislature of the State of Texas, That section ten of final title of an act entitled “An act to adopt and establish the Revised Civil Statutes of the State of Texas,” passed at the present session of the Legislature, shall hereafter read as follows, to wit:

“Section 10. That no statute, or part of a statute, creating, adding to or organizing any county or establishing any county seat in this state shall be affected or impaired by the repealing clause of this title or by any law relating to the establishment of county boundaries contained in this act.”

Sec. 2. That the near approach of the end of the session, and the fact that the Civil Statutes passed at this session, change the county boundaries in many instances, creates an imperative public necessity and emergency for the suspension of the rule requiring this bill to be read on three several days, and it is so enacted.

Passed April 14, A. D. 1879.

NOTE—The foregoing act was presented to the governor of Texas for

his approval on the fifteenth day of April, 1879, and was neither signed by him nor returned to the Senate in which it originated, with his objections thereto, within the time prescribed by the constitution, and thereupon became a law without his signature.

(Signed)

JOHN D. TEMPLETON, Secretary of State.

Sec. 2. The warrants drawn under this appropriation act (except those in favor of school teachers) shall bear interest at the rate of four per centum per annum from their date, and shall be made payable on or before five years from the first day of July, 1879, and the interest shall be paid annually at the treasury and the payment indorsed upon the warrant; provided, that the treasurer may pay said warrants (except those issued to teachers) in the order of their date and number out of the proceeds of bonds issued to meet deficiencies in the revenue, or out of any money on hand in excess of the amount necessary to meet current expenses of the state government.

Sec. 3. Whereas, the near approach of the day for final adjournment of the first session of the Sixteenth Legislature, together with the fact that this bill must go to the Senate to be passed upon by that body, which will necessarily create some delay, an imperative public necessity exists for the suspension of the constitutional rule requiring this bill to be read on three several days, and it is hereby enacted that said constitutional rule be and the same is hereby suspended. The fact that there is no appropriation to pay the claims herein stated, creates an emergency that requires this act to take effect at once, and it is therefore enacted that this act take effect and be in force from and after its passage.

NOTE.—The foregoing act was presented to the governor of Texas for

his approval on the twenty-third day of April, 1879, and was neither signed by him nor returned to the house in which it originated, with his objections thereto, within the time prescribed by the constitution and thereupon became a law without his signature.

CHAPTER CLIX.—An act to provide for the organization and support of a Normal School at Prairie View (formerly called Alta Vista), in Waller county, for the preparation and training of colored teachers.

Section 1. Be it enacted by the Legislature of the State of Texas, That there shall be established at Prairie View (formerly called Alta Vista), in Waller county, in this state, a normal school for the preparation and training of colored teachers.

Sec. 2. The board of directors of the Agricultural and Mechanical College of Texas are hereby authorized and required to organize said school as soon as practicable, so as to admit one student from each senatorial district in this state, and at the least three students from the state at large, to be taken from the colored population of this state, and be not less than sixteen years of age at the time of their admission. Said board shall appoint a principal teacher and such assistant teacher or teachers of said school and other officers as may be necessary for said school, and shall make such by-laws, rules and regulations for its government as they may deem proper, and shall regulate the course of study and the manner of performing labor and the kind of labor to be performed by the students, and shall provide for the board, lodging and instruction of the students without pecuniary charge to said students, and shall regulate the course of discipline necessary to enforce the faithful discharge of the duties of all officers, teachers, students and employes of said school, and shall have the same printed and circulated for the benefit of the people of the state, of the officers and students of said school.

Sec. 3. The board of directors may provide for receiving such a number of female students, and such a number of male students, as in the judgment of said board the school can best accommodate; and shall require all students admitted to said school to sign a written obligation (in a proper book kept for that purpose) binding said student to teach in the public free schools for the colored children of their respective districts at least one year next after their discharge from the normal school, and as much longer than one year as the time of their connection with said normal school shall exceed one year; for which teaching said discharged students shall receive the same rate of compensation allowed other teachers of such schools.

Sec. 4. It shall be the duty of the comptroller of public accounts annually to set apart out of the interest accruing from the university fund, appropriated for the support of public free schools, the sum of six thousand dollars for the support of said normal school, and place said sum to the credit of said normal school, and the same may be drawn by the board of directors on vouchers audited by the board or approved by the governor and attested by the secretary; and on filing such vouchers

the comptroller shall draw his warrant on the state treasury for the same from time to time as the same may be needed.

Sec. 5. The board shall make rules by which students can obtain certificates of qualification as teachers that will entitle them to teach without other or further examination.

Sec. 6. The near approach of the close of this session of the Legislature creates an imperative public necessity for the immediate passage of this act, and the urgent need of such a school creates an emergency requiring that it take effect at once, and it is therefore provided that this act shall take effect from and after its passage.

Approved April 19, A. D. 1879.

Takes effect ninety days after adjournment.

CHAPTER CLX.—An act to establish a State Normal School.

Section 1. Be it enacted by the Legislature of the State of Texas, That there shall be established in this state, a state normal school, to be known as the "Sam Houston Normal Institute," in honor of Gen. Sam Houston, the father of Texas; and said institute shall be located at the college formerly known as the "Austin College," at Huntsville, in Walker county; provided, that the citizens of Huntsville shall, within sixty days from the passage of this act, convey to the state for the purposes of said school a valid title to said Austin College, and the grounds belonging thereto; said conveyance to be approved by the governor and attorney general.

Sec. 2. The board of education shall have possession and charge of said institute on the state's receiving a conveyance of the same, and on or before the first day of September next said board shall put into operation a normal school, which shall be conducted in a first-class manner, and under such rules and regulations, as to the government and discipline thereof, as may be prescribed by said board.

Sec. 3. Not less than two students from each senatorial district, and six from the state at large, shall be received in said institute, as state students, who shall receive tuition, board and lodging free, to the extent of the appropriation that may be made, but in no case shall the current expenses of the institute exceed the sum or sums appropriated. The board of education shall make all necessary rules and regulations for the admission of students, and the manner of their appointment or selection. No student shall be received who is not a resident of this state, and at least of the age of sixteen years, and of good moral character.

Sec. 4. All students attending said institute at expense of the state, as provided in the foregoing section, shall sign a written obligation, in a book, to be kept at the institute for that purpose, binding said students to teach in the public free schools of their respective districts at least one year next after their discharge from the normal school, and as much longer than one year as the time of their attendance at said school shall exceed one year; for which teaching said student shall receive the same compensation allowed other teachers of said schools, and said board of education shall make rules by which students may receive certificates of qualification as teachers authorizing them to teach without further examination.

Sec. 5. The board of education may authorize other students to be admitted into said institute, who shall be required to pay tuition, in

whole or in part, as may be prescribed by the board. Said board shall appoint the teachers of said institute and fix their salaries, not to exceed two thousand dollars for the principal and fifteen hundred dollars for assistants.

Sec. 6. The board of education shall appoint a local board of three directors, who shall hold frequent meetings at the institute, have general supervision of the buildings and grounds, and shall perform such other duties pertaining to the institute, and make such reports to the board of education as said board may require. Said directors shall each receive an annual salary, not to exceed one hundred dollars, to be paid out of the fund hereinafter appropriated.

Sec. 7. It shall be the duty of the comptroller of public accounts, annually, to set apart, out of the available free school fund, the sum of fourteen thousand dollars for the support of said normal school, and place the same to its credit, and which may be drawn upon by the board of education, for the current expenses of said school, on vouchers audited by said board or approved by the governor and attested by the secretary; and on filing said vouchers the comptroller shall draw his warrant on the state treasurer for the same. The board of education is authorized to receive from the agent of the trustees of the Peabody education fund such sum as he may tender for the aid of said institute, and shall disburse the same in such manner as will best subserve the interests of said institute.

Sec. 8. The importance of the early establishment of a state normal school, and the near approach of the adjournment of the present session of the Legislature creates an emergency and imperative public necessity for this act to take effect at once, and for the suspension of the rule requiring bills to be read on three several days, and it is therefore enacted that said rule be suspended, and that this act take effect and be in force from and after its passage.

Approved April 21, A. D. 1879.

Takes effect ninety days after adjournment.

JOINT RESOLUTIONS.

No. 1.—Joint Resolution on yellow fever.

Whereas, Great interest has been manifested by the president of the United States and congress on the subject of yellow fever and its prevention, and to test the question of yellow fever in the United States by a system of non-intercourse during certain months with countries in which it undoubtedly originates, and as the joint committee of congress will soon close its labors and report to congress without probably having obtained sufficient data thereon, therefore,

Resolved by the Legislature of the State of Texas, That the prompt action taken by congress in appointing a joint committee, together with scientific experts, to investigate the history of yellow fever, with the view to prevent its recurrence in any portion of our country, is highly commendable.

Resolved, That as the subject is one that concerns the lives, happiness and welfare of the people, it is the opinion of the Legislature of Texas that the natural history of yellow fever should be studied by scientific experts in its original habitats, and it respectfully recommends that congress send such experts to the West Indies, Mexico and Brazil to elicit all the conditions under which it originates, to the end that yellow fever may be excluded from our country, and that commerce may be restricted only so far as may be compatible with public health.

Resolved, That the governor shall furnish copies of these resolutions to the senators and representatives of Texas, to lay before congress and the joint committee on yellow fever, and that these resolutions take effect from their passage.

Resolved, That an imperative public necessity requires that the constitutional rule that this resolution be read three several days in each house should be suspended, and it is therefore suspended.

Approved January 28, 1879.

Takes effect from and after its passage.

No. 2.—Joint Resolution in regard to Aransas Pass Bar.

Whereas, Aransas Pass has, for time immemorial, had ten (10) feet of water on its bar, thus affording easy and indispensable communication for commerce to the city of Corpus Christi and the broad extent of country lying between the Nueces and Rio Grande, dependent on this pass for its business relations; and

Whereas, By unusual currents the water on the Aransas Pass bar has been reduced to four and a half ($4\frac{1}{2}$) feet in depth within two years or

thereabouts, to the most serious injury of the city and large territory above named, practically excluding them from all commerce by water transportation; therefore,

Be it resolved, That our senators in congress be instructed and our representatives be requested to urge upon congress the imperative necessity of making an appropriation for deepening, as soon as practicable the water on the said Aransas Pass bar in conformity with the recommendation already made by the United States survey, for the purpose of restoring on the pass its former usual depth of water, which is of indispensable need for the commerce of the cities of Corpus Christi, Rockport, Fulton and all the adjacent country between San Antonio river and the Rio Grande.

As the present session of congress will terminate by law on the fourth of next month, (March), in order that this resolution may reach congress in time for their action, an imperative necessity exists that it be adopted and go into effect immediately.

The secretary of state is requested to furnish immediately a copy of this joint resolution to each one of our senators and representatives in congress.

Approved February 8, A. D. 1879.

Takes effect from and after its passage.

No. 3.—Joint Resolution granting leave of absence from the state to Hon. Allen Blacker, judge of the twentieth judicial district.

Section 1. Be it resolved by the Senate and House of Representatives of the State of Texas, That the Hon. Allen Blacker, judge of the twentieth judicial district of the State of Texas, has permission to leave the limits of the state, and to remain absent from the state until the fifteenth day of February, 1879.

Approved February 10, A. D. 1879.

Takes effect ninety days after adjournment.

No. 4.—Joint Resolution instructing the senators and requesting the representatives of Texas in congress to favor commercial relations with Mexico.

Whereas, For many years harassing troubles have existed between the people of the United States and Mexico on the Rio Grande borders, leading to estrangements and often bloodshed, interrupting peaceful and commercial relations and causing large expenditures of money on organized military forces kept on said borders, and if a moiety of the money thus expended were appropriated to aiding the extension of railroads in Texas to the Rio Grande, and a line of steamships from Texas to Mexican ports, thereby fostering, in the language of the president of the United States in his late message, "increased commercial intercourse between their people," binding the people of the two countries together by personal acquaintance and ties of mutual interest, it would result in the most effective and permanent protection that could be given to said

borders, and in making friends of enemies, strengthening Mexico and securing her lasting friendship; therefore,

Resolved, first, That the senators of Texas be instructed, and her representatives in congress be requested to use their best efforts to obtain the aforesaid aid from congress.

Resolved, second, That in consequence of the short time intervening before the adjournment of congress, there is a necessity that these resolutions be passed and take effect immediately, and the secretary of state is hereby requested to transmit, without delay, copies of these resolutions to the senators and representatives from Texas in congress.

Approved February 14, A. D. 1879.

Takes effect from and after its passage.

No. 5.—Joint Resolution authorizing and directing the attorney general to institute and prosecute such legal proceedings as may be necessary to establish the title of the state to her university lands in McLennan and Hill counties, and to remove all clouds upon said title.

Whereas, Certain persons have set up some pretended claim to certain portions of the state university lands in McLennan and Hill counties, under some sort of pretended titles, derived otherwise than through the state; and

Whereas, many persons have in good faith purchased said lands from the state, and have settled thereon upon the faith of the state's title; and

Whereas, by the act of March 6, 1875, further payments to the state on account of said purchasers were deferred until the title to said lands should be settled, and it is to the interest of the state, as well as her duty to the said vendees, to have said titles adjudicated and finally cleared and determined; therefore,

Section 1. Be it resolved by the Legislature of the State of Texas, That the attorney general of this state be and he is hereby authorized and empowered, if deemed necessary to protect the rights of the state, to institute such legal proceedings in the proper courts as he may deem proper and necessary for determining and finally settling the title of the state to all or any portion of the university lands situate in said McLennan and Hill counties.

Sec. 2. Be it further resolved, That there is hereby appropriated out of any money in the treasury belonging to the university fund, not otherwise appropriated, the sum of five hundred dollars, or so much thereof as may be necessary, for the purpose of paying the fees of court, cost of taking testimony, and other costs of court necessary in the prosecution of said suit.

Whereas, there is litigation now pending in regard to the lands named in the above resolution, therefore an imperative public necessity exists that steps should at once be taken to guard the interest of the state, therefore, that this resolution take effect and be in force from and after its passage.

Approved February 19, A. D. 1879.

Takes effect from and after its passage.

No. 6.—Joint Resolution making an appropriation to pay interest on the bonded debt of the state to the first day of March, A. D. 1879.

Section 1. Be it resolved by the Legislature of the State of Texas, That the sum of thirty thousand dollars, or so much thereof as may be necessary, be and the same is hereby appropriated out of any money in the treasury not otherwise appropriated, to pay the interest due on the bonded debt of the State of Texas up to the first day of March, A. D. 1879.

Sec. 2. That as no appropriation has been made to pay the interest on the public debt, due on the first day of March, A. D. 1879, an imperative public necessity and emergency exists for the immediate passage of this resolution, it shall therefore take effect from and after its passage.

Approved February 21, A. D. 1879.

Takes effect from and after its passage.

No. 7.—Joint Resolution instructing our senators and requesting our representatives in congress to ask of the United States government payment of all sums expended by Texas for frontier defense between February 28, 1855, and August 31, 1878; and the payment of the unexpended balance of seven million seven hundred and fifty thousand eight hundred and ten (7,750,810) left with the United States government by this state for the payment of the debt of the late Republic of Texas.

Whereas, By the joint resolution of the congress of the United States, approved December 29, 1845, admitting Texas into the union as one of the states thereof, it was declared that the State of Texas was "admitted into the union on an equal footing with the original states in all respects whatever;" and,

Whereas, section four, article four of the constitution of the United States provides, among other things, that the United States shall protect each of the states against invasion; and,

Whereas, the United States has failed to make good this guarantee to the State of Texas, in consequence of which failure the State of Texas has incurred large and heavy expenses to the amount of one million seven hundred and eighty-seven thousand six hundred and forty dollars and forty-two cents (\$1,787,640 42) in keeping state troops on the frontier to defend the border counties and the citizens thereof against the invasions and depredations of predatory bands of hostile Indians and Mexicans; and,

Whereas, by an act of congress, approved January 21, 1860, there was appropriated one hundred and twenty-three thousand five hundred and forty-four dollars and fifty-one cents (\$123,544 51) to cover expenditures by the State of Texas for frontier defense between January 28, 1855, and January 28, 1861, which has never been paid to or drawn by the State of Texas; and,

Whereas, there is remaining in the United States treasury a balance of one hundred and one thousand one hundred and thirteen dollars and twenty-seven cents (\$101,113 27) of the seven million seven hundred and fifty thousand eight hundred and ten dollars (\$7,750,810) left with the United States by this state to pay the debt of the late Republic of Texas; and,

Whereas, with certain coast improvements, the defense and protection of the frontier of Texas against Mexicans and Indians were prominent parts of the terms of annexation, and as the government and people of Texas, in adopting annexation, relied on the solemn pledges of the United States, given through her accredited agents and resident minister, that the expenditures in making these improvements and "in the military organization necessary to guard her (Texas) extensive frontier should be drawn from the treasury of the union, and not from that of Texas;" therefore,

Section 1. Be it resolved by the Legislature of the State of Texas, That our senators be instructed and our representatives in congress requested to ask and earnestly urge of the United States government immediate payment of the one hundred and one thousand one hundred and thirteen dollars and twenty-seven cents (\$101,113 27) balance remaining of the seven million seven hundred and fifty thousand eight hundred and ten dollars (\$7,750,810) left with the United States government by this state to pay the debt of the late Republic of Texas, as aforesaid; and the payment of one hundred and twenty-three thousand five hundred and forty-four dollars and fifty-one cents (\$123,544 51) appropriated by act of congress, approved January 21, 1860, to cover expenditures by Texas for frontier defense between January 28, 1855, and January 28, 1861, which has never been drawn by or paid to the State of Texas, and to further urge by bill or otherwise the prompt payment of all other amounts and sums of money due and owing by the United States to the State of Texas on account of expenditures by this state for frontier defense.

Sec. 2. That the secretary of state be and he is hereby instructed immediately after the passage of this resolution to transmit a true copy of the same to each of our senators and representatives in congress.

Sec. 3. That the near approach of the day fixed by law for the adjournment of congress creates an imperative public necessity for the immediate passage of this resolution; it is, therefore, enacted that it take effect and be in force from and after its passage.

Approved March 13, A. D. 1879.

Takes effect ninety days after adjournment.

No. 8.—Joint Resolution.

Whereas, The Indians at the Fort Stanton reservation and the Fort Sill reservation, have for years been in the habit of leaving those reservations and coming in large bodies into Texas and depredating on the stock of the citizens of this state, in all that section of country lying between the waters of the Canadian and Wichita, as well, in some instances, in other sections of the country; and

Whereas, official information has been received at the adjutant general's department that there are now fully one thousand Indians from the Fort Sill reservation depredating on the upper waters of the Wichita and Pecos rivers, and still others in Donley and Wheeler counties and in the Pan Handle, camping and subsisting by force on cattle stolen from the citizens of that section; wherefore

Resolved by the House of Representatives, the Senate concurring, That our senators in congress be instructed, and our representatives be

requested, to protest to the federal government against those ravages, and obtain such orders and action on the officers of the United States government having the Indians in charge at the Fort Stanton reservation and the Fort Sill reservation, as will prevent any portion of said Indians from penetrating the territory of Texas and depredating on our citizens.

That should it become necessary to obtain an act of congress for the accomplishment of this object, our senators be instructed and representatives requested to procure the adoption of a law restraining such trespass and depredations of property, and that more such robberies have been perpetrated on Texas citizens by the Indians in charge of the United States officers, consenting to their removal from the reservation into the territory of Texas, that provision be made by law for making compensation to the owners of property thus stolen.

Approved March 20, A. D. 1879.

Takes effect ninety days after adjournment.

No. 9.—Joint Resolution authorizing the commissioner of insurance, statistics and history to select geological specimens for exhibition by the International and Great Northern railroad company, for the purpose of displaying the rich and various products of Texas.

Whereas, It is to the interest of this state that her vast resources in minerals, stones and other products should be made known to the world; and

Whereas, there is now in the possession of and belonging to the state a large and well selected collection of rock minerals, stones and other products which are in a manner hidden from the public; and

Whereas, the International and Great Northern railroad company has hitherto greatly aided in displaying at the state fairs at St. Louis, Chicago and other places, the various and rich products of this state, and are still willing and desirous of continuing, without expense to the state, their efforts in this direction; therefore, be it

Resolved by the House of Representatives, the Senate concurring, that the commissioner of insurance, statistics and history be and is hereby authorized to select such geological specimens belonging to the state, the display of which in his judgment would be most advantageous to the state in making known her resources, and deliver same to said company, taking therefor the receipt of said company, conditioned as said commissioner may require for the safe and certain return of said specimens.

Approved March 20, A. D. 1879.

Takes effect ninety days after adjournment.

No. 10.—Joint Resolution in regard to Pelican Island.

Whereas, By an act granting Pelican Island in Galveston bay, to the corporation of Galveston, approved February 2, 1856, it was the intention of the Legislature in making said grant to prevent said Island at any time from being the property of any person or corporation other

than that of Galveston; because said island formed and forms the channel and harbor of Galveston, and was, and is essential to the preservation of said harbor; and, whereas, of late certain persons having obtained judgment against the city of Galveston and levied on said island as the property of said city; therefore, be it

Resolved by the Legislature of the State of Texas, That the State of Texas hereby re-affirms her relinquishment to the corporation of Galveston city of all her right, title and interest in the island and flats known as Pelican, situated in Galveston bay, and north of the city of Galveston, and re-affirms the intention of the Legislature in making this grant to be that the ownership of the same shall be in said corporation of Galveston city; and that said property shall not be subject to attachment, execution or other judicial process for debt or debts of said city; nor shall said corporation have the power to transfer the title to the same to any person or corporation whatever; provided, this act of the state shall not prejudice the rights of any third party, and no improvement shall be made on said island, or connected therewith, that will interfere with the navigation of Galveston bay.

Resolved, That as other claims may be set up against this island and adjuncts, giving trouble and expense to the city of Galveston, there is an emergency and necessity for the immediate passage of this act, and it shall take effect from and after its passage.

Passed March 8, A. D. 1879.

NOTE.—The foregoing act was presented to the governor of Texas for his approval on the eleventh day of March, A. D. 1879, at 4:30 p. m., and was not signed by him or returned to the house in which it originated, with his objections thereto, within the time prescribed by the constitution, and thereupon became a law without his signature.

Section 1. Be it resolved, That the governor be and is hereby empowered to issue to veteran soldiers and seamen of the provisional government and Republic of Texas, who served a tour of duty prior to the annexation of Texas to the United States, a letter of authority, authorizing said veterans to procure and have engraved and embossed, each at his own expense, a medal of the same size and in all respects similar to the medal prepared by Colonel John Forbes, commissary general of the army of independence of Texas republic, and one of the veterans under the provisions of said act of 1874, and in accordance with instructions from his excellency governor Richard Coke; the said medal to be authorized as herein proposed is described as follows, to wit: Circular in shape, one and three-fourths of an inch in diameter; two ounces in weight; having upon its face or obverse side an embossed gilt star of five points, encircled by two embossed gilt branches, and the word "Texas" so engraved as to have one letter thereof on each of the five spaces between the said five points; and on the back or reverse side of said medal the name, rank, company and regiment of the veteran entitled to the same.

Sec. 2. The fact that the end of the session is drawing near, and there is a large accumulation of business before each house, creates an imperative public necessity that the rule be suspended requiring this resolution to be read on three several days, and it is so suspended.

Approved April 17, A. D. 1879.

Takes effect ninety days after adjournment.

No. 16.—Joint Resolution granting the Hon. Gustave Cook, judge of the criminal district court of Galveston and Harris counties, thirty days leave of absence from the state.

Section 1. Be it resolved by the Legislature of the State of Texas, That a leave of absence from the state for a period of thirty days, during the year A. D. 1879, be and is hereby granted to Hon. Gustave Cook, judge of the criminal district court for Galveston and Harris counties.

Sec. 2. Whereas important matters call the Hon. Gustave Cook from our state during the year A. D. 1879, and as the end of this session of the Legislature is near at hand, therefore an emergency exists and an imperative public necessity demands that the constitutional rule requiring a bill to be read on three several days be suspended, and that this resolution take effect and be in force from and after its passage.

Approved April 21, A. D. 1879.

Takes effect ninety days after adjournment.

No. 17.—Joint Resolution granting leave of absence from the state for one month to Hon. W. H. Burkhart, judge of the eighteenth judicial district.

Whereas, the Hon. William H. Burkhart, judge of the eighteenth judicial district of this state, desires leave of absence from the state on business connected with the education of his children, for the period of one month, at such time as he may choose between this time and the

assembling of the Seventeenth Legislature; and, whereas, the near approach of the adjournment of this Legislature creates an imperative public necessity that the rules be suspended requiring the reading of bills on three several days; therefore be it

Resolved by the Legislature of the State of Texas, That the Hon. William H. Burkhart, judge of the eighteenth judicial district of Texas, be and he is hereby granted leave to be absent from the state for the period of one month at such time between this time and the assembling of the Seventeenth Legislature as he may choose.

Approved April 21, A. D. 1879.

Takes effect ninety days after adjournment.

No. 18.—Joint Resolution granting leave of absence to W. B. Wall, county judge of Houston county.

Section 1. Be it resolved by the Legislature of the State of Texas, That W. B. Wall, county judge of Houston county, be and is hereby granted leave of absence from the state for the period of sixty (60) days at any time between the first day of July, 1879, and the first day of September, 1880.

Sec. 2. The late hour of the session and the necessity for granting the leave at once causes an imperative public necessity for suspending the rules, and that this act take effect at once, and it is further enacted, that the rules be suspended and that this resolution take effect from and after its passage.

Approved April 26, A. D. 1879.

Takes effect from and after its passage.

No. 19.—Joint Resolution authorizing the appointment of a committee to sit during the vacation of the Legislature to continue the investigation of land forgeries, and prescribing their powers and duties.

Section 1. Be it resolved by the Legislature of the State of Texas, That a joint committee consisting of three members, one from the Senate and two from the House of Representatives, be appointed by the president of the senate and speaker of the house to continue the investigation of forgeries and frauds affecting land titles and claims to land and land certificates; and said committee shall be authorized to sit during the vacation of the Legislature, at the seat of government, and at such other places in this state as said committee deem proper to advance and conserve the public interests. Said committee shall have power to administer oaths, to send for persons and papers, and to compel the attendance of witnesses, and the production of papers; and shall be authorized to employ the services of a stenographic reporter to take the testimony of witnesses, who shall be the clerk of said committee, and the pay of such clerk shall be limited to five dollars per day.

Be it further resolved, That the per diem of the members of said committee, and allowances for personal expenses of every kind incurred while engaged in the performance of the duties hereby required, shall not exceed five dollars per day for each member thereof; and the state

shall supply said committee with a room or rooms necessary for the transaction of business, and also with light, stationery and other requisite articles.

Be it further resolved, That the committee shall select a chairman to preside over them while in session, who shall have authority to conduct the order of business and preserve order, and to issue process for the attendance of witnesses and the production of papers; and the chairman shall approve all accounts for per diem and other legitimate expenses to be attested by the clerk and the same shall be paid by the treasurer upon the warrant of the comptroller out of the contingent fund of this Legislature; provided, said committee shall not sit longer than three months.

Be it further resolved, That the testimony taken by said committee, together with that already taken by the present committee, shall be filed in the office of the attorney general, his assistants or any attorney representing the state in matters connected with land forgeries and frauds, and that an abstract of all land titles affected by such forgeries, be prepared by said committee in alphabetical order, with reference to the different counties in the state, and that the same be filed with the commissioner of the general land office.

Whereas, the present session of the Legislature is near its adjournment, therefore an imperative public necessity exists which authorizes a suspension of the rule requiring this to be read on three several days, and it is therefore suspended: and an emergency exists that this resolution take effect and be in force from and after its passage, and it is so enacted.

Approved April 26, A. D. 1879.

Takes effect ninety days after adjournment.

No. 20.—Joint Resolution prescribing the mode and manner of submitting constitutional amendments to the vote of the people.

Section 1. Be it resolved, That the governor shall issue his proclamation submitting all constitutional amendments passed at this session of the Legislature to a vote of the qualified voters of the state, at an election to be held throughout the state on the first Tuesday in September, 1879, and cause to be published, once a week for four weeks, at least three months prior to said election, the said proposed amendments in one weekly newspaper of each county in the state in which a newspaper may be published, and he shall direct said election to be held in accordance with the law regulating general elections. Upon receipt of the proclamation of the governor the county judge shall proceed to issue his writs of election appointing judges of election in accordance with the election law. Each amendment proposed shall be voted upon separately, and the proclamation shall prescribe the words to be written or printed upon the tickets: "For or against each amendment." Immediately after the election the officers of each precinct shall forward to the county judge of their county a duplicate return showing the number of votes cast for or against the amendment; and on the tenth day thereafter the county judge shall open and count said returns, and forthwith forward to the secretary of state in a sealed package a tabulated statement thereof, showing the total number of votes cast in the county for or against the amendment, and on the fortieth day after said election the secretary of state shall, in

the presence of the governor and attorney general, open and count said returns, and if it shall appear from the returns that a majority of the votes were cast for said amendment, it shall be the duty of the governor, on the following day, to issue his proclamation setting forth the fact that said amendments have received a majority of the votes cast at said election, and shall proclaim that said amendments have become and are a part of the state constitution.

Sec. 2. The fact that amendments to the constitution have been submitted by this Legislature to a vote of the people, and the late hour of the session, creates an imperative necessity that the rule requiring this resolution [to] be read on three several days be suspended, and it is so ordered, and an emergency requiring that this resolution go into effect at once, and it is therefore enacted that this resolution take effect and be in force from and after its passage.

Approved April 26, A. D. 1879.

Takes effect from and after its passage.
